

DRIVING SKILLS REPORT CARD

Dear Parent or Guardian:

CONGRATULATIONS! It is my recommendation that, _____ after completing at least 6 hours of behind-the-wheel instruction, has acquired the knowledge, skills, and attitude at or near a proficient level to operate a motor vehicle upon a highway transportation system accompanied by a licensed parent/guardian or adult age 21 or over.

The **next step** will be for you and your teen to visit the Secretary of State branch office and apply for the Level 1 License. It is important that parents provide at least 50 hours of the required supervised driving practice with their teen. To help give you the tools and guidance necessary to teach your teen safe driving skills, you will receive ***The Parent's Supervised Driving Guide (SOS-191)*** when applying for the Level 1 License.

While many safe driving skills have been practiced during the course, there has not been sufficient time for the student to become an accomplished driver. Please continue to practice all phases of driving under your guidance to further develop their skills and judgments.

2 = Proficient – Consistently performs driving goals without error under supervision. Instructor did not need to provide verbal instructions or support.

1 = Needs Improvement – Beginning to show goal performance without errors. Starting to need less verbal reminders from instructor.

_____ Driver preparation and procedures

_____ Changing lanes in traffic

_____ Driving in adverse conditions (rain, snow, fog, etc.)

_____ Passing other vehicles

_____ Residential driving

_____ Stopping and accelerating smoothly

_____ Driving on the highway (2 or 4 lane with speeds up to 55 mph)

_____ Negotiating intersections (yielding, turning and visual checks)

_____ Responding correctly to traffic control devices (signs, signals, lane markings)

_____ Space Management – S.E.E. (Search, Evaluate, Execute)

_____ Driving in moderate, in-town (suburban) traffic

_____ Parking: Indicate type: _____

_____ Driving in a business district with heavy traffic

_____ Backing (in a straight line and while turning)

_____ Driving on the expressway with speeds up to 70mph (entering, driving on and exiting)

Comments:

Do not hesitate to contact me if you have any questions.

Sincerely,

Driver Education Instructor
