

SERVICE DRIVEN

Electronic Liens and Titles

Michigan has gone digital!

Purchase a vehicle

Participating financial institutions will hold the title electronically.

No paper title will be printed.

Under certain circumstances, customers requiring a paper title can request one.

Transfer a title

A paper title is still required to transfer a vehicle to a different owner.

Correct a title

Corrections can be done at any Secretary of State office.

Release of title

The SOS will mail the title to the customer when the lien is satisfied and released by the lienholder.
