Any general fund advances for which state building authority bonds have not been issued shall bear an interest cost to the state building authority at a rate not to exceed that earned by the state treasurer's common cash fund during the period in which the advances are outstanding and are repaid to the general fund of this state.

(2) Upon sale of bonds or notes for the projects identified in part 1 or for equipment as authorized by a legislative appropriation act and in this section, the state building authority shall credit the general fund of this state an amount equal to that expended from the general fund plus interest, if any, as described in this section.

(3) For state building authority projects for which bonds or notes have been issued and upon the request of the state building authority, the state treasurer shall make advances without interest from the general fund as necessary to meet cash flow requirements for the projects. The state building authority shall reimburse the state treasurer for the advances when the investments earmarked for the financing of the projects mature.

(4) In the event that a project identified in part 1 is terminated after final design is complete, advances made on behalf of the state building authority for the costs of final design shall be repaid to the general fund in a manner recommended by the director of the state building authority.

Sec. 1102. (1) State building authority funding to finance construction or renovation of a facility that collects revenue in excess of money required for the operation of that facility shall not be released to a university or community college unless the institution agrees to reimburse that excess revenue to the state building authority. The excess revenue shall be credited to the general fund to offset rent obligations associated with the retirement of bonds issued for that facility. The auditor general shall annually identify and present an audit of those facilities that are subject to this section. Costs associated with the administration of the audit shall be charged against money recovered pursuant to this section.

(2) As used in this section, "revenue" includes state appropriations, facility opening money, other state aid, indirect cost reimbursement, and other revenue generated by the activities of the facility.

Sec. 1103. The state building authority shall submit a report to the JCOS regarding the status of construction projects associated with state building authority bonds as of September 30, on or before October 15, or not more than 30 days after a refinancing or restructuring bond issue is sold. The report shall include, but is not limited to, all of the following:

(a) A list of all completed construction projects for which state building authority bonds have been sold, and which bonds are currently active.

- (b) A list of all projects under construction for which sale of state building authority bonds is pending.
- (c) A list of all projects authorized for construction or identified in an appropriations act for which approval of schematic/preliminary plans or total authorized cost is pending that have state building authority bonds identified as a source of financing.

Sec. 215. If either of the following events occurs, within 30 days after that event the department shall notify the report recipients required in section 246 of this part of that fact:

(a) A legislative objective of this part or of a bill or amendment to a bill to amend the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b, cannot be implemented because implementation would conflict with or violate federal regulations.

(b) A federal grant, for which a notice of an award has been received, cannot be used, or will not be used.

Sec. 216. (1) In addition to funds appropriated in part 1 for all programs and services, there is appropriated for write-offs of accounts receivable, deferrals, and for prior year obligations in excess of applicable prior year appropriations, an amount equal to total write-offs and prior year obligations, but not to exceed amounts available in prior year revenues.

(2) The department's ability to satisfy appropriation fund sources in part 1 is not limited to collections and accruals pertaining to services provided in the current fiscal year, but also includes reimbursements, refunds, adjustments, and settlements from prior years.

The report must itemize, rather than aggregate, specific revenue sources deposited into the generic statewide integrated governmental management application (SIGMA) fund numbers 1200, 1274, 4000, and 5000.

Sec. 218. As required under part 23 of the public health code, 1978 PA 368, MCL 333.2301 to 333.2321, the appropriations in part 1 must include the following:

The department may develop a master agreement with the Michigan Public Health Institute to carry out these purposes for up to a 1-year period.

(3) On a semiannual basis, the department shall provide to the report recipients required in section 246 of this part a copy of all reports, studies, and publications produced by the Michigan Public Health Institute, its subcontractors, or the department with the funds appropriated in the department's budget in the previous fiscal year and allocated to the Michigan Public Health Institute.

Sec. 220. The department shall ensure that faith-based organizations are able to apply and compete for services, programs, or contracts that they are qualified and suitable to fulfill. The department shall not disqualify faith-based organizations solely on the basis of the religious nature of their organization or their guiding principles or statements of faith.

Sec. 221. According to section 1b of the social welfare act, 1939 PA 280, MCL 400.1b, the department shall treat part 1 and this part as a time-limited addendum to the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b.

Sec. 222. (1) The department shall submit a report to the report recipients required in section 246 of this part of any major policy changes at least 30 days before the implementation date of those policy changes.

(4) The department shall attach each policy bulletin issued during the prior calendar year to the report issued in subsection (3).

Sec. 223. The department may establish and collect fees for publications, videos and related materials, conferences, and workshops. Collected fees are appropriated when received and shall be used to offset expenditures to pay for printing and mailing costs of the publications, videos and related materials, and costs of the workshops and conferences. The department shall not collect fees under this section that exceed the cost of the expenditures. When collected fees are appropriated under this section in an amount that exceeds the current fiscal year appropriation, within 30 days the department shall notify the report recipients required in section 246 of this part of that fact.

Sec. 224. The department may retain all of the state's share of food assistance overissuance collections as an offset to general fund/general purpose costs. Retained collections shall be applied against federal funds deductions in all appropriation units where department costs related to the investigation and recoupment of food assistance overissuances are incurred. Retained collections in excess of those costs shall be applied against the federal funds deducted in the departmental administration and support appropriation unit.

Sec. 226. If the revenue collected by the department from fees and collections exceeds the amount appropriated in part 1, the revenue may be carried forward with the approval of the state budget director into the subsequent fiscal year. Sec. 228. If the department is authorized under state or federal law to collect an overpayment owed to the department, the department may assess a penalty of 1% per month beginning 60 days after notification. If an overpayment is caused by department error, a penalty may not be assessed until 6 months after the initial notification date of the overpayment amount. The department shall not collect penalty interest in an amount that exceeds the amount of the original overpayment. The state share of any funds collected under this section shall be deposited in the state general fund.

Sec. 230. By December 31 of the current fiscal year, the department shall submit a report to the report recipients required in section 246 of this part on the status of the implementation of any noninflationary, noncaseload, programmatic funding increases in the current fiscal year from the previous fiscal year. The report shall confirm the implementation of already implemented funding increases and provide explanations for any planned implementation of funding increases that have not yet occurred. For any planned implementation of funding increases that have not yet occurred, the department shall provide an expected implementation date and the reasons for delayed implementation.

Sec. 231. (1) The department shall not expend the funds appropriated in part 1 to enter into any contract with a Medicaid managed care organization of MI Choice Waiver, MI Health Link, or behavioral health unless the Medicaid managed care organization agrees to do all of the following:

(a) Continue the direct care wage increase funded at \$2.35 per hour and provide sufficient funding to increase the wages paid to direct care workers by \$0.85 per hour more than the previous fiscal year for the services noted in DHHS Medicaid provider letter L 21-76 under the Medicaid managed care organization's relevant program.

(b) Ensure to the greatest extent possible that the full amount for funds appropriated for a direct care worker wage increase, except for costs incurred by the employer, including payroll taxes, resulting from the increase to direct care worker wages under this section, is provided to direct care workers through maintained increased wages.

(c) Permit a direct care worker to elect, in writing or electronically, to not receive the wage increase provided in this section.

(d) Require direct care worker agencies that the Medicaid managed care organization subcontracts with to track and report annually the total amount and percentage of Medicaid reimbursements paid to that direct care worker agency that are used to pay direct care worker wages.

(e) Require direct care worker agencies that the Medicaid managed care provider subcontracts with to track and report annually the hourly wages paid for each direct care worker hired by the direct care worker agency.

(f) Track annually the hourly wages paid to each direct care worker hired directly by the Medicaid managed care organization or CMHSP.

(g) Report annually to the department the information required in subdivisions (d), (e), and (f).

(2) Upon request, the department shall provide to the legislature the report required in subsection (1)(g).

Sec. 232. The department shall provide the approved spending plan for each line item receiving an appropriation in the current fiscal year to the senate and house appropriations subcommittees on the department budget and the senate and house fiscal agencies within 60 days after approval by the department but not later than January 15 of the current fiscal year. Compliance with this section is not met unless a line-item appropriation name is included in all places that a line-item appropriation number is listed. The spending plan shall include the following information regarding planned expenditures for each category: allocation in the previous period, change in the allocation, and new allocation. The spending plan shall include the following information regarding each revenue source for the line item: category of the fund source indicated by general fund/general purpose, state restricted, local, private, or federal. Figures included in the approved spending plan shall not be assumed to constitute the actual final expenditures, as line items may be updated on an as-needed basis to reflect changes in projected expenditures and projected revenue. The department shall supplement the spending plan information by providing a list of all active contracts and grants in the department's contract system. For amounts listed in the other contracts category of each spending plan, the department shall provide a list of all contracts and grants and amounts for the current fiscal year, and include the name of the line item and the name of the fund source related to each contract or grant and amount. For amounts listed in the all other costs category of each spending plan, the department shall provide a list detailing planned expenditures and amounts for the current fiscal year, and include the name of the line item and the name of the fund source related to each amount and expenditure.

Sec. 233. If the state administrative board, acting under section 3 of 1921 PA 2, MCL 17.3, transfers funds from an amount appropriated under this article, the legislature may, by a concurrent resolution adopted by a majority of the members elected to and serving in each house, intertransfer funds within this article for the particular department, board, commission, office, or institution.

Sec. 234. The departments and agencies receiving appropriations in part 1 shall receive and retain copies of all reports funded from appropriations in part 1. Federal and state guidelines for the short-term and long-term retention of records must be followed. The department may electronically retain copies of reports unless otherwise required by federal and state guidelines.

Sec. 235. (1) No money appropriated in part 1 shall be used to restrict or impede a marginalized community's access to government resources, programs, or facilities.

(2) From the funds appropriated in part 1, local governments shall report any action or policy that attempts to restrict or interfere with the duties of the local health officer.

Sec. 236. (1) From the funds appropriated in part 1, the department shall do both of the following:

(a) Report to the house and senate appropriations committees and to the report recipients required in section 246 of this part any amount of severance pay for a department director, deputy director, or other high-ranking department official not later than 14 days after a severance agreement with the director or official is signed. The name of the director or official and the amount of severance pay must be included in the report required by this subdivision.

(b) By February 1, report to the report recipients required in section 246 of this part on the total amount of severance pay remitted to former department employees during the previous fiscal year and the total number of former department employees that were remitted severance pay during the previous fiscal year.

(2) As used in this section, "severance pay" means compensation that is both payable or paid upon the termination of employment and in addition to either wages or benefits earned during the course of employment or generally applicable retirement benefits.

Sec. 238. It is the intent of the legislature that the department maximize the efficiency of the state workforce, and, where possible, prioritize in-person work, and post its in-person, remote, or hybrid work policy on its website.

Sec. 239. For behavioral and physical health services provided through managed care or the fee-for-service program, the department shall require, for the nonfacility component of the reimbursement rate, at least the same reimbursement for that service, if that service is provided through telemedicine, as if the service involved face-to-face contact between the health care professional and the patient.

Sec. 240. Appropriations in part 1 shall, to the extent possible by the department, not be expended until all existing work project authorization available for the same purposes is exhausted.

Sec. 241. By March 1 of the current fiscal year, the department shall submit a report to the report recipients required in section 246 of this part on total actual expenditures in the previous fiscal year for advertising and media outreach, including the purpose, amount, and fund source by program or appropriation line item.

Sec. 242. By March 1 of the current fiscal year, the department shall submit a description of programs report to the report recipients required in section 246 of this part. The report must include the appropriation unit, the line item name and number, the appropriation history, the program name, the program overview, a financing summary, and, where applicable, the program's legal basis, effectiveness, and outcomes.

Sec. 244. On a monthly basis, the department shall submit a report to the report recipients required in section 246 of this part on any line-item appropriation for which the department estimates total annual expenditures would exceed the funds appropriated for that line-item appropriation by 5% or more. The department shall provide a detailed explanation for any relevant line-item appropriation exceedance and shall identify the corrective actions undertaken to mitigate line-item appropriation expenditures from exceeding the funds appropriated for that line-item appropriation by a greater amount. This section does not apply for line-item appropriations that are part of the May revenue estimating conference caseload and expenditure estimates.

Sec. 246. Except as otherwise provided in this part, all reports required under this part shall be submitted to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office.

Sec. 250. (1) For any grant program or project funded in part 1 intended for a single recipient organization or local government, the grant program or project is for a public purpose and the department shall follow procurement statutes of this state, including any bidding requirements, unless it can fully validate, through information detailed in this part or public supporting documents, both of the following:

(a) The specific organization or unit of local government that will receive or administer the funds.

(b) How the funds will be administered and expended.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the department shall perform at least all the following activities to administer the grants described in subsection (1):

(a) Develop a standard application process, grantee reporting requirements, and any other necessary documentation including sponsorship information as specified under subsection (3).

(b) Establish a process to review, complete, and execute a grant agreement with a grant recipient. Grant agreements shall be executed by the department only if all necessary documentation has been submitted and reviewed.

(c) Verify to the extent possible that a grant recipient will utilize funds for a public purpose that serves the economic prosperity, health, safety, or general welfare of the residents of this state.

(d) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement and perform its fiduciary duty and is in compliance with all applicable state and federal statutes. The department may deduct the cost of background checks performed as part of this verification from the amount of the designated grant award.

(e) Establish a standard timeline to review all documents submitted by grant recipients and provide a response within 45 business days whether submitted documents by a grant recipient are sufficient or in need of additional information.

(3) A sponsor of a grant described in subsection (1) must be a legislator or the department. A legislative sponsor shall be identified through a letter submitted by that legislator's office to the department and state budget director listing the grant recipient, the intended amount of the grant, a certification from that legislator that the grant is for a public purpose, and specific citation of section and subsection of the public act that authorizes the grant, as applicable. If a legislative sponsor is not identified before January 15, 2024, the department must do 1 of the following:

(a) Identify the department as the sponsor.

(b) Decline to execute the grant agreement.

(4) An executed grant agreement under this section between the department and a grant recipient shall include at least the following:

(a) All necessary identifying information for the grant recipient, including any tax and financial information for the department to administer funds under this section.

(b) A description of the project for which the grant funds will be expended, including tentative timelines and the estimated budget. No expenditures outside of the project purpose, as stated in the executed grant agreement, shall be reimbursed from appropriations in part 1.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) At the discretion of the department, an initial disbursement of 50% to the grant recipient upon execution of the grant agreement consistent with part II, chapter 10, section 200 of the Financial Management Guide.

(e) A requirement that after the initial 50% disbursement, additional funds shall be disbursed only after verification that the initial payment has been fully expended, in accordance with the project purpose. The remaining funds shall be disbursed after the grantee has provided sufficient documentation, as determined by the department, to verify that all expenditures were made in accordance with the project purpose.

(f) A requirement for reporting from the recipient to the department that provides the status of the project and an accounting of all funds expended by the recipient, as determined by the department.

(g) A claw-back provision that allows the department of treasury to recoup or otherwise collect any funds that are declined, unspent, or otherwise misused.

(5) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(6) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for a period of not less than 7 years, and the grant may be subject to monitoring, site visits, and audits as determined by the department. The grant agreement required under this section shall include signed assurance by the chief executive officer or other executive officer of the grant recipient that this requirement will be met.

(7) All funds awarded shall be expended by the grant recipient, and projects completed, by September 30, 2028. If, at that time, any unexpended funds remain, those funds shall be returned by the grant recipient to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement by June 1, 2024, funds associated with that grant shall be returned to the state treasury.

(8) Any funds that are granted to a state department are appropriated in that department for the purpose of the intended grant.

(9) The state budget director may, on a case-by-case basis, extend the deadline in subsection (7) on request by a grant recipient. The state budget director shall notify the chairs of the house and senate appropriations committees not later than 5 days after an extension is granted.

(10) The department shall post a report in a publicly accessible location on its website not later than September 30, 2024. The report shall list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of funds allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable.

(11) As applicable, the legislative sponsor of a grant described in subsection (1) shall comply with all applicable laws concerning conflicts of interest in seeking a direct grant. A legislative sponsor shall not seek a grant for a recipient if a conflict of interest exists.

(12) If the department reasonably determines the funds allocated for an executed grant agreement under this section were misused or their use misrepresented by the grant recipient, the department shall not award any additional funds under that executed grant agreement and shall refer the grant for review following internal audit protocols.

Sec. 253. (1) The department shall ensure that federally recognized tribes are able to apply and compete for services, programs, grants, or contracts.

(2) For competitive grant programs described in this part, federally recognized tribes are eligible to apply for grant funds made available to organizations exempt from federal income tax under section 501(c)(3) of the internal revenue code of 1986, 26 USC 501, and to local units of government.

Sec. 263. (1) Except as otherwise provided in this subsection, before submission of a waiver, a state plan amendment, or a similar proposal to CMS or other federal agency, the department shall provide notification of the planned submission to the report recipients required in section 246 of this part. This subsection does not apply to the submission of a waiver, a state plan amendment, or similar proposal that does not propose a material change or is outside of the ordinary course of waiver, state plan amendment, or similar proposed submissions.

(2) The department shall provide reports on a semiannual basis to the report recipients required in section 246 of this part summarizing the status of any new or ongoing discussions with CMS, the United States Department of Health and Human Services, or other federal agency regarding potential or future waiver applications as well as the status of submitted waivers that have not yet received federal approval. If, at the time a semiannual report is due, there are no reportable items, then no report is required to be provided.

Sec. 264. The department shall not take disciplinary action against an employee of the department in the state classified civil service for communicating with a member of the legislature or the member's staff, unless the communication is prohibited by law and the department is exercising its authority as provided by law.

Sec. 270. The department shall advise the legislature of the receipt of a notification from the attorney general's office of a legal action in which expenses had been recovered according to section 106(6) of the social welfare act, 1939 PA 280, MCL 400.106. By February 1 of the current fiscal year, the department shall submit a report to the report recipients required in section 246 of this part that includes, at a minimum, all of the following:

The department, in collaboration with the state budget office, shall submit to the report recipients required in section 246 of this part 1 week after the day the governor submits to the legislature the budget for the ensuing fiscal year a report on spending and revenue projections for each of the capped federal funds listed below. The report shall contain actual spending and revenue in the previous fiscal year, spending and revenue projections for the current fiscal year as enacted, and spending and revenue projections within the executive budget proposal for the fiscal year beginning October 1, 2024 for each individual line item for the department budget. The report shall also include federal funds transferred to other departments. The capped federal funds shall include, but not be limited to, all of the following:

- (b) Title XX social services block grant.
- (c) Title IV-B part I child welfare services block grant.
- (d) Title IV-B part II promoting safe and stable families funds.
- (e) Low-income home energy assistance program.

Sec. 275. (1) On a quarterly basis, the department, with the approval of the state budget director, is authorized to realign sources between other federal, TANF, and capped federal financing authorizations in order to maximize federal revenues. This realignment of financing shall not produce a gross increase or decrease in the department's total individual line item authorizations, nor will it produce a net increase or decrease in total federal revenues, or a net increase in TANF authorization.

(2) On a quarterly basis, the department shall submit a report to the report recipients required in section 246 of this part on the realignment of federal fund sources transacted to date in the current fiscal year under the authority of subsection (1), including the dates, line items, and amounts of the transactions. If, at the time a quarterly report is due, no transactions were made under subsection (1), then no report is required to be provided.

(3) Within 30 days after the date on which year-end book closing is completed, the department shall submit to the report recipients required in section 246 of this part a report on the realignment of federal fund sources that took place as part of the year-end closing process for the previous fiscal year.

Sec. 290. Any public advertisement for public assistance shall also inform the public of the welfare fraud hotline operated by the department.

Sec. 295. By April 1 of the current fiscal year, the department shall submit a report to the report recipients required in section 246 of this part on funds appropriated for the healthy moms, healthy babies initiative. The report must include the budgeted amount, year-to-date expenditures, remaining balance of appropriations, and the percent of budget spent for each appropriation related to the initiative. The report must also include information on how the funds have assisted with meeting the goals and outcomes of the initiative.

Sec. 296. From the funds appropriated in part 1, the department to the extent permissible under section 8 of 1964 PA 170, MCL 691.1408, is responsible for the necessary and reasonable attorney fees and costs incurred by private and independent legal counsel chosen by current and former classified and unclassified department employees in the defense of the employees in any state or federal lawsuit or investigation related to the water system in a city or community in which a declaration of emergency was issued because of drinking water contamination.

Sec. 297. On a quarterly basis, the department shall submit a report to the senate and house appropriations committees and to the report recipients required in section 246 of this part that includes all of the following information:

(a) The number of FTE positions by pay status and civil service classification.

(b) A comparison by line item of the number of FTE positions authorized from funds appropriated in part 1 to the actual number of FTE positions employed by the department at the end of the reporting period.

DEPARTMENTAL ADMINISTRATION AND SUPPORT

Sec. 301. From the funds appropriated in part 1 for child welfare institute, the department shall train private child placing agency staff in the pre-service training requirements for child welfare caseworkers and supervisors. All private child placing agency staff must be provided an opportunity to complete training at their private child placing agency facilities in a virtual format. A hybrid format that includes virtual and in-person instruction must also be available to all private child placing agency staff according to the preference of a given private child placing agency.

CHILD SUPPORT ENFORCEMENT

Sec. 401. (1) The appropriations in part 1 assume a total federal child support incentive payment of \$26,500,000.00.

(2) From the federal money received for child support incentive payments, \$12,000,000.00 shall be retained by the state and expended for child support program expenses.

(3) From the federal money received for child support incentive payments, \$14,500,000.00 shall be paid to the counties based on each county's performance level for each of the federal performance measures as established in 45 CFR 305.2.

(4) If the child support incentive payment to the state from the federal government is greater than \$26,500,000.00, then 100% of the excess shall be retained by the state and is appropriated until the total retained by the state reaches \$15,397,400.00.

(5) If the child support incentive payment to the state from the federal government is greater than the amount needed to satisfy the provisions identified in subsections (1), (2), (3), and (4), the additional funds shall be subject to appropriation by the legislature.

(6) If the child support incentive payment to the state from the federal government is less than \$26,500,000.00, then the state and county share shall each be reduced by 50% of the shortfall.

Sec. 409. (1) If statewide retained child support collections exceed \$38,300,000.00, 75% of the amount in excess of \$38,300,000.00 is appropriated to legal support contracts. This excess appropriation may be distributed to eligible counties to supplement and not supplant county title IV-D funding.

(2) Each county whose retained child support collections in the current fiscal year exceed its fiscal year 2004-2005 retained child support collections, excluding tax offset and financial institution data match collections in both the current fiscal year and fiscal year 2004-2005, shall receive its proportional share of the 75% excess.

Sec. 410. (1) If title IV-D-related child support collections are escheated, the state budget director is authorized to adjust the sources of financing for the funds appropriated in part 1 for legal support contracts to reduce federal authorization by 66% of the escheated amount and increase general fund/general purpose authorization by the same amount. This budget adjustment is required to offset the loss of federal revenue due to the escheated amount being counted as title IV-D program income in accordance with federal regulations under 45 CFR 304.50.

(2) The department shall notify the report recipients required in section 246 of this part not later than 30 days after the authorization adjustment under subsection (1).

COMMUNITY SERVICES AND OUTREACH

Sec. 450. (1) From the funds appropriated in part 1 for school success partnership program, the department shall allocate \$1,525,000.00 of TANF revenue by December 1 of the current fiscal year to support the Northeast Michigan Community Service Agency programming. The department shall require the following performance objectives be measured and reported for the duration of the state funding for the school success partnership program:

(2) By July 15 of the current fiscal year, the Northeast Michigan Community Service Agency shall submit reports to the department on the number of children and families served and the services that were provided to families to meet the performance objectives identified in this section. The department shall distribute the reports within 1 week after receipt to the report recipients required in section 246 of this part.

Sec. 453. (1) From the funds appropriated in part 1 for homeless programs, the department shall allocate funds to the emergency shelter program to support efforts of shelter providers to move homeless individuals and households into permanent housing as quickly as possible. Funding provided shall be equal to or exceed the amount a provider would receive if paid a \$19.00 per diem rate. Expected outcomes are increased shelter discharges to stable housing destinations, decreased recidivism rates for shelter clients, and a reduction in the average length of stay in emergency shelters.

(2) By March 1 of the current fiscal year, the department shall submit to the report recipients required in section 246 of this part a report on the total amount expended for the program in the prior 2 fiscal years, the total number of shelter nights provided, and the average length of stay in an emergency shelter.

Sec. 454. The department shall allocate the full amount of funds appropriated in part 1 for homeless programs to provide services for homeless individuals and families, including, but not limited to, third-party contracts for emergency shelter services.

Sec. 455. As a condition of receipt of federal TANF revenue, homeless shelters and human services agencies shall collaborate with the department to obtain necessary TANF eligibility information on families as soon as possible after admitting a family to the homeless shelter. The purpose of the program is to ensure competent, resourced, and supervised counsel in cases involving resentencing of individuals serving a life sentence for an offense committed when they were 18 years of age or younger. Representation by the state appellate defender office will create opportunities for release and successful return to the community, saving prison costs for the state.

(2) The state appellate defender office shall submit a report by December 31 on the number of cases investigated and prepared by the state appellate defender office. The report must include a calculation of the hours spent and the incremental costs associated with investigating and conducting a robust examination of each case, with particular emphasis on those costs that may have been avoided after the cases have reached a disposition.
