

## Updated as of January 17, 2024

This page is updated the first and third Wednesday of every month with news and report release information. For a schedule of report releases, please see our [Report Calendar](#).

## Released to the Public

### 2022-23

- The [Annual Education Report](#) displays detailed information on accountability, student assessment, educator qualifications, and other educational information for schools, districts, and the state.
- The [Early Childhood Program Participation](#) report shows the number of children enrolled in certain early childhood programs prior to kindergarten.
- The financial information reports include district and statewide [expenditure](#), [revenue](#), [fund balance](#) and [balance sheet](#) data.
- The following metrics on the [English Learner Dashboard](#) have been updated:
  - **English Learners Exited from English Learner Services** shows how many students exited from EL services during the most recent school year.
  - **Former English Learner Students** shows a cumulative count of all students at the selected location who exited from EL services since 2011-12.
  - **Length of Time Receiving English Learner Services** shows the median number of years students were enrolled in EL services before exiting. This metric is also on the [Parent Dashboard](#).

## New Functionality

- The [College Opportunities for High School Students](#) Education Focus Area shows metrics about participation and outcomes for Early Middle College and other dual enrollment programs. This report has been updated to include Career and Technical Education data.

## Coming Soon

## 2022-23

- The [District Financial Transparency Dashboard](#) provides a comprehensive view of district finances, including up to five years of trend information.
- The [School-Level Expenditure Report](#) breaks down expenditures of federal, state and local funds for public schools. Users can compare expenditures at county, city, ISD, district or school levels.
- The following data on the [Parent Dashboard](#) will be updated:
  - The **Enrolling and Passing Coursework** metric shows the percent of students who enrolled in and passed advanced courses including Advanced Placement, International Baccalaureate, Career and Technical Education, Early Middle College and Dual Enrollment classes. The **Advanced Coursework** metric on the Parent Dashboard Overview contains the same data and will also be updated.
  - **On-Track Attendance** shows the percent of students who miss fewer than 10% of possible attendance days.
  - **Similar School Averages**, also known as **Peer Data**, provide data for each metric from up to 30 schools that are geographically nearby or possess similar characteristics to the selected location. Similar characteristics include the number of enrolled students, student-teacher ratio, percentage of students eligible for free or reduced-price lunch, and funding spent per student. Because averages are based on the most recent year, data for all years and metrics will be updated.
