#### 2021-22

- The [School Index](#) report displays school accountability measures as an index value from 0-100. Index numbers are calculated based on how well the selected school met targets in areas including assessment performance, assessment participation, student growth, graduation rates, attendance rates and postsecondary enrollment. Schools receive an overall index as well as index values for the individual components. Data will be publicly available after two weeks.

### Coming Soon

#### 2021-22

- The following items on the [Parent Dashboard](#) will be updated:
  - **English Learner Participation** shows whether at least 95% of English learner students took the WIDA test.
  - **English Learner Progress** shows the percent of EL students who, based on improvement in their WIDA test scores, are on track to being proficient in the English language within three years.
  - **Length of Time Receiving English Learner Services** shows the median number of years students were enrolled in EL services before exiting.

- **On-Track Attendance** shows the percent of students who miss fewer than 10% of possible attendance days.
  - **Percent of Graduates from High School who are Proficient on the SAT** can be used in predicting success at a college or university.
  - **Progress** shows the percent of students on track to becoming proficient on the SAT, PSAT, M-STEP and MI-Access state tests, or who are already proficient and continue to improve their scores.
  - **Test Participation** shows whether at least 95% of enrolled students took state tests in all subjects.
  - **School Services and Offerings** contains information on schools' select programs and services such as extracurricular activities, electives, support services and more. The data will be updated with information from the MSDS and the Points of Pride section of the Educational Entity Master as of July 1, 2022. This update will also feature a new user-friendly, universal display that displays the full set of available values for each metric.
- The following items on the [English Learner Dashboard](#) will be updated:
    - The **English Learners Exited from English Learner Services** metric shows how many students exited from EL services during the most recent school year.
    - The **Former English Learner Students** metric shows a cumulative count of all students at the selected location who exited from EL services since 2011-12.
    - **Length of Time Receiving English Learner Services** shows the median number of years students were enrolled in EL services before exiting.
  - The [Student Growth](#) report shows changes in scores for students who have taken two or more consecutive state assessment tests in Michigan. Student growth is represented by the Student Growth Percentile, which groups students with similar score histories and compares their most recent performance.
  - Head Start, GSRP and GSRP/Head Start Blend providers with secure accounts can use the [Third Grade Assessment Outcomes for Early Childhood Participants](#) report to see how students who were previously enrolled in their programs performed on third grade M-STEP assessments.

## 2019-20 and 2020-21

- The **Enrolling and Passing Coursework** metric on the [Parent Dashboard](#) shows the percent of students who enrolled in and passed advanced courses including Advanced Placement classes, International Baccalaureate courses, Career and Technical Education programs, Early Middle College classes, and Dual Enrollment classes. The **Advanced Coursework** metric on the Parent

Dashboard Overview contains the same data and will also be updated.
