

## MI School Data News and Updates

### Updated as of April 20, 2022

This page is updated the first and third Wednesday of every month with news and report release information. For a schedule of report releases, please see our [Report Calendar](#).

### Released for Secure Users

#### New Development

- The new **Special Education Dashboard** contains key metrics about students with disabilities in Michigan public schools. The report shows four topic areas:
  - Student count (including graduation/dropout data)
  - Performance on target indicators used in annual public reporting
  - Counts of students by disabilities
  - Proficiency on the M-STEP or PSAT in English (ELA/EBRW) and math

The dashboard can be found under the K-12 Grade > Special Education menu for logged-in users.

### Coming Soon

#### 2021-22

- The [Special Education Data Portraits – Disability, Age Range](#) and [Educational Setting and Demographics](#) reports show different breakouts of students who received special education services. These reports will be updated with 2021-22 data.

#### 2020-21

- The [Success Rates](#) report shows the number of degree-seeking students achieving successful outcomes at Michigan’s public universities and community colleges. Successes include earning a certificate, associate, or bachelor’s degree at a public university or community college or transferring to a 4-year institution as a degree-seeking student from a community college. These rates capture both part- and full-time enrollment, as well as mobility between institutions.
