

## K12 GRADE SPECIAL ED DASHBOARD

The **Special Education Dashboard** shows key metrics related to students with disabilities in Michigan public schools. Secure users with appropriate permissions have access to student trends, targets, disability counts, and proficiency rates—key metrics related to students with disabilities in public schools. The reports are updated in late winter/early spring.

Data are shown for four topic areas: **student count** (including graduation/dropout data), **performance on target indicators used in annual public reporting**, **counts of students by disabilities**, and **proficiency on the M-STEP or PSAT on the subjects of English (ELA/EBRW) and math**. Statewide, ISD, and District data are available.

Navigate to MISchoolData.org. From the **K-12 Grade** menu, choose the **Special Education** submenu and click on the **Special Education Dashboard**.

Only **Secure Users** have access to the **Special Education Dashboard**. The **Special Education Dashboard** will only appear with a **secure login** where the “**View Student Performance Data**” permissions are enabled.

Data in the **Special Education Dashboard** are suppressed to protect student privacy. Secure users have access to additional student level data, access to download files, and can view unsuppressed values in certain report areas with appropriate permissions.

Visit the **PD Toolkit** under **Support** to find your ISD *Technical Contact* and find out more about how to request a secure login.
