

Spare Change Instructions for Multiple Winners

Spare Change is a charity game ticket played in conjunction with a random drawing of bingo numbers 1 through 75. Each box contains 1 deal of Spare Change.

Each deal of Spare Change contains 750 tickets, including 106 instant winners and 151 HOLD tickets. Each ticket sells for \$1.00. Each downline HOLD ticket contains 3 numbers that correspond with a column (downline) of numbers on a bingo flashboard.

When 3 numbers on a downline are called, there is a player with a winning ticket, however, it is the responsibility of the player to make their bingo known to a worker or caller before the next number is completely called. The player's ticket must also have the last number called on their ticket. If a winner does not stop the game, the calling of the numbers continues and there may be multiple winners.

In the case of multiple Dab Hold winners, the prize amounts should be split based on the color of the Dab HOLD ticket and the numbers of Dab Hold winners. An example of 2 Dab Hold winners: If there is 1 Gold Dab Hold winner and 1 Green Dab Hold winner, the Gold Dab Hold winner is paid half of \$300, receiving \$150, the Green Dab Hold winner is paid half of \$200, receiving \$100, the Spare Change hold winner is paid the balance of the total event prize of \$400, receiving \$150.

Below are other examples of multiple winners:
