Letters Dated December 23, 2016

Legacy DMC

December 23, 2016

Mr. Joseph Mullany
Chief Executive Officer
Detroit Medical Center

Dear Mr. Mullany,

This letter serves as an update on an issue raised in Mr. Widgren's letter dated October 21, 2016 for which Legacy DMC has received no response.

As advised, Legacy DMC has taken action based on the Escrow Agreement as a result of DMC's failure to make the required escrow deposit relating to delayed expenditures on the Specified Capital Projects as defined in the Purchase and Sales Agreement as follows:

- Legacy DMC has obtained the Note from BNY Mellon.
- Legacy DMC has calculated that VHS of Michigan owes Legacy DMC interest totaling \$2,608,000 on this Note through November 30, 2016.

Please arrange for payment of this amount. Invoices for future interest payments will be provided based on the note balance as monthly capital expenditures are reported.

Yours truly,

Mr. Joseph Walsh, President

cc: Mr. Richard Widgren, Chair

Re: Initiation of Dispute Resolution Proceeding

Dear Richard:

I was very disappointed to receive your letter of December 23. The DMC Legacy Board has been kept continuously aware of the DMC's progress in satisfaction of its capital investment obligations, including the full commitments exceeding the required amount. Further, the Board has been fully briefed on the changes in reimbursement for DMC Children's Hospital of Michigan which, pursuant to Section 12.4(h)(i), extends the CapEx obligation to the seventh anniversary of the Closing Date.

As of December 22, 2016, the DMC has expended \$493,211,600 towards the CapEx Commitment. Contracts in the amount of \$508,534,625.89 have been executed, binding the DMC to make payment as the contractors progress in fulfillment of their respective roles in the project. We anticipate payment of the \$500,000,000 CapEx Commitment as of January 20, 2017 and completion of the project by December 31, 2017. Upon completion, the total capital spend is anticipated to exceed \$540,000,000.

This letter shall serve as notice by the Buyers, as defined in the Purchase Agreement, (the "Initiating Party") pursuant to Section 15.2 of the Restated Purchase and Sale Agreement ("Purchase Agreement") and Section 11 of the Escrow Agreement to initiate the dispute resolution proceeding related to the satisfaction of DMC's CapEx Commitment under Section 12(b) of the Purchase Agreement, the right of the Legacy Board to obtain release of the Promissory Note from the Escrow Agent and all claims asserted by the Legacy Board pursuant to the Purchase Agreement, the Escrow Agreement or the Promissory Note related to the CapEx obligation (the "Dispute").

The DMC respects the role of the DMC Legacy Board in assuring compliance with the obligations of the Purchase Agreement and promoting the continued vibrancy of the hospitals of the Detroit Medical Center. It must be abundantly clear that we are committed to the service of the patients and the community. The demands of the Board are uncalled for, without merit and unnecessarily divert time and resources better spent in furtherance of our mission to care for our patients, educate future professionals and promote the health of the community.

I look forward to a prompt resolution of this matter.

Sincerely,

Joseph J. Mullany
