

Hello

Hello, is the lady of the house there?

No she isn't. It's her husband. Who's calling

Just so you know this is Brent Rabi with Corporations for Character calling on behalf of the Michigan Fraternal Order of Police. And we're actually calling for either of you so you know for quality control purposes this call will be recorded.

But the reason for my call is that they just kicked off their fund drive and we are sending out the new decals to all supporting residents. And aside from fundraising expenses, this year your support will go towards many important programs including the general welfare of the lodge in support of their local charities, as well as the death benefit fund to support the families of officers who have been injured or killed in the line of duty.

So when you receive your pledge kit and decal can these member officers count on your support for something? Is that ok?

What am I, I don't know whether I can contribute at this time.

Well I was just, no problem. As you know it's not about how much you give it's that we all pitch in to help. So we have this smaller pledge goes out for just twenty-five dollars

I really can't give you, my wife really takes care of that kind of business. She does the budget and all the stuff like that. So I really couldn't say for sure. She's not here now.

Ok, no problem. Let me just mention this and if it doesn't work its fine just let me know. So why don't we put you down for a community booster of only fifteen dollars and if you want to change that one once you receive it that is fine. That way you can at least get involved in helping. Sound good?

Well, we'll see.

Right, now are you one hundred percent comfortable with the fifteen dollar donation?

Well see hum, see I don't, I don't want you to put myself in that kind of position. See I don't know whether mine could be twenty-five dollars possibly but I'm not the one to make that decision my wife's the one who makes the decision.

Wonderful.

But you can say...

Wonderful

Now just a couple of quick things in finishing, to make sure I have everything just absolutely perfect can you please spell your first and last name even if it's easy ok?

First name is, spell it? You want it spelled? Ronald, is my first name Ronald, r, o, n, a, l, d.

I'm sorry, could you spell your last name for me again just so...ok great. To make sure I mail it to the right place what's your address? And if you could spell the street name for me please.

You don't, you don't, sounds so easy what you're asking me, you think it's so easy but I had a stroke and I have very a lot of problems even details like that.

All right, is there an apartment number or lot number?

No, it's a single home.

All right, great again thank you so much for your donation. Now we give all supporters the option to secure their donation by using a Visa, MasterCard or Discover card or any bank debit card. This just makes it so we don't have to send a pledge letter and you don't have to send a stamp. Really works great cause uh, we just take the information today but can put that through any day you choose in the next 30 days.

We would really appreciate your support in this

Again, again, my wife, my wife handles all of that. I don't, I don't handle any of the bills like that anything. I let my wife handle all that.

No problem. We can get your pledge kit out to you in the next few days. Now you'll also get an official receipt and a pre-addressed envelope to send back your promised commitment.

Now just so you know the categories and percentage of contributions are available upon request. Thank you for your time and have a great day, ok.

Ok, thank you sir.

Ok thanks!
