

REPORT TO THE LEGISLATURE
Pursuant to P.A. 119 of 2023
Article 2, Section 311
Michigan State Industries Annual Report

Sec. 311. From the funds appropriated in part 1, the department shall provide a report on the Michigan State Industries program by December 1. The report shall include, but not be limited to, the locations of the programs, the total number of participants at each location, a description of job duties and typical inmate schedules, the products that are produced, and how the program provides marketable skills that lead to employable outcomes after release from a department facility.

MICHIGAN STATE INDUSTRIES
Building Bridges to Success

Michigan State Industries (MSI) serves as the prison industries program for the Michigan Department of Corrections and the State of Michigan. It is required by statute (Act 232 of 1953 as amended and PA 15 of 1968 as amended in Michigan) to operate as a receipt funded self-supporting system, without general fund/general purpose appropriations. The revenues it raises are deposited in the Correctional Industries Revolving fund within the Department of Treasury. Currently Michigan State Industries operates 12 factories at 9 locations across the state.

MSI's current operations are guided by four criteria:

1. Operate within the state and federal laws as they pertain to prison industries; selling to legal customer, limited ability to ship across state and federal lines, as well as requirements to provide prisoners for private industry employment while not directly competing with Michigan business owners (PICEP).
2. Provide meaningful work experience and training for prisoner employees to facilitate employability upon parole/release. Both specific work skills and soft skills such as interviewing, accepting constructive criticism, respectfulness, reporting to work on time and appropriately attired and working with others.
3. Provide for ALL operational costs of the program out of existing program revenues, including factories, equipment, civilian staff, etc.
4. Comply with all state of Michigan policies and procedures including procurement set asides and purchasing limits while at the same time complying with generally accepted accounting principles for business operations.

The Shoe Factory is located at the Bellamy Creek Correctional Facility (IBC) 1727 West Bluewater Hwy. in Ionia, Michigan 48846. IBC houses Level IV, II and I prisoners, with a net operating capacity of 1,835 beds and supervised by Warden Matt Macauley. This factory operates five days per week and inmates are scheduled to work from 6:45 am to 1:35 pm. The Shoe Factory employs Level II prisoners only and manufactures leather oxford shoes and boots for both prisoners and MDOC custody staff. It also produces orthopedic shoes as directed from a prescription from MDOC Health Care staff. Officer leather belts are also manufactured at this facility.

This factory employs a total of 2.5 civil service employees, including .5 Industries Supervisor 13 and 2 Industries Production Leaders 8-E10. It also employs a total of 33 prisoner workers. Prisoner workers are as follows (including SOC Codes) as of the end of September 2023:
