Parole Board Decisions Report – 1st Quarter

***Section 506:** The department shall issue quarterly reports for the previous 4 quarters detailing outcomes of prisoners who have been reviewed for parole. The report shall include all of the following:*

- a) How many prisoners in each quarter were reviewed.*
- b) How many prisoners were granted parole.*
- c) How many prisoners were denied parole.*
- d) How many parole decisions were deferred.*
- e) The distribution of the total number of prisoners reviewed during that quarter grouped by whether the prisoners had been interviewed for the first, second, third, fourth, fifth, sixth, or more than sixth time.*
- f) The number of paroles granted, denied, or deferred for each of the parole guideline scores of low, average, and high.*
- g) The reason for denying or deferring parole.*

The Michigan Parole Board is the only paroling authority for felony offenders committed to the jurisdiction of the Michigan Department of Corrections. That Parole Board gains jurisdiction of a case when a prisoner serving a non-life sentence has served his or her minimum sentence, less any good time or disciplinary credits the prisoner may have earned.

The Parole Board is divided into three member panels. The decision whether to grant or deny parole is determined by majority vote of a Parole Board panel. Cases involving a life sentence must be decided by a majority vote of the full Parole Board. If an offender is denied parole, a date is selected for the next Parole Board review.

The data in this report will follow its own respective date ranges to allow for the settling of data into the system and to ensure accurate analysis of the data. Below is how we have chosen to divide each report...

- January report: September – November
- April report: December – February
- July report: March – May
- October report: June – August

Table 1 breaks down the total number of hearings that have been granted parole, denied parole and deferred. It also gives the distribution of the number of hearings grouped by whether the prisoners had been interviewed for the first, second, third, fourth, fifth, sixth or more than sixth time.

The parole guidelines score is a numerical scoring system designed to assist in applying objective criteria to any decision made by the Parole Board. Information used in the calculation of the parole guideline score includes the prisoner's current offense, the prior criminal record, institutional conduct and program performance, age, mental health status and statistical risk.

Table 2 shows the number of paroles granted, denied or deferred for each of the parole guideline scores of low, middle and high.
