Second Chances

Prisoners receive a second chance through education.

Smiles can be seen from across the gymnasium as graduates file in one by one. Family, standing, taking pictures and waving as their graduate walks to take their seat. An overwhelming sense of pride can be seen in both the graduates and their families' eyes as

the graduates prepare to walk across the stage to collect their diplomas. This is just like any other graduation, except this graduation is in a prison. The Michigan Department of Corrections is the largest provider of basic adult education in the state. And through partnerships with multiple accredited post-secondary education institutions, the MDOC is also able to provide prisoners with the opportunity to earn college degrees or certificates. Their accomplishments were celebrated at graduation ceremonies at facilities across the state over the past few months. Eligible prisoners take face-to-face college classes in the prisons. Instructors at the college institution come to the prisons to instruct the students, giving them a similar experience to a traditional college course outside of the prison.

Graduates applaud a speaker at the Calvin University Graduation at MTU on May 9.

The Department’s goal in providing prisoners with post-secondary educational opportunities is to reduce recidivism and improve the employability of people returning to communities after incarceration. Statistically, those who attend college while incarcerated are less likely to return to prison and even though serving life, they can serve as role models and mentors in their facilities.

Previously prisoners and their families would have to pay out of pocket to take college courses while in prison. However, these educational opportunities are made possible for many prisoners through Federal Second Chance Pell Grants. Of the 492 prisoners currently enrolled in post-secondary education at the MDOC, 455 are Pell awarded students and 37 are self-pay students. The MDOC is currently partnered with six post-secondary educational institutions and looks forward to partnering with more as the Pell

Grant program expands.

The MDOC also provides education to prisoners through our three Vocational Villages at Parnall Correctional Facility, Richard A. Handlon Correctional Facility and Women’s Huron Valley Correctional Facility. The Vocational Village provides prisoners with hands-on technical training in a variety of fields including, auto mechanics, carpentry, CNC machining, electrical, plumbing, welding, forklift, robotics, truck driving, masonry, line clearance/tree trimming, computer coding, food technology, and diesel mechanics. The newest Vocational Village at Women’s Huron Valley Correctional Facility provides training in carpentry, robotics, cosmetology, 3D printing, truck driving, food technology, forklift and horticulture. Prisoners receive both state and nationally recognized certificates upon completion of their training. Vocational Village students participate in facility job fairs and can be interviewed by employers prior to release.

Degrees Offered

- Applied Science (AAS & BAS)
- Arts (AA)
- Entrepreneurship (AAS)
- Business Administration (AAS & BBA)
- Faith and Community Leadership (Cert., AA & BA)
- General Studies (AGS)
- Multidisciplinary Studies (BA)
- Social Work Technician (AAS)

Education is one of the best ways to reduce recidivism and the MDOC is proud of the work being done to provide prisoners with post-secondary education. Receiving a degree is a huge accomplishment for anyone, however, residing in a prison can make getting a degree all the more difficult. With that said, many prisoners persevere and strive to get the most out of their education often receiving high honors, making this accomplishment all the more special. For many prisoners, they are the first in their families

to receive a degree. The joy, laughter and tears seen as families watch their loved ones graduate is a testimony of the impact education can have. Through education, prisoners now have a second chance to make a difference in their facilities and in their communities.

Fiscal Year 2023 Budget

The final version of the Fiscal Year 2023 budget has been passed by the Legislature and is awaiting final approval by the Governor. The Department’s executive leadership has spent the last 4 months working with our legislative partners to address the MDOC’s short and long-term investment needs, resulting in a budget that makes historic investments in staff, technology, and our facilities.

Highlights of the Fiscal Year 2023 budget include \$42 million in employee economic increases to support previously negotiated 5% staff raises that take effect on October 1, \$2.5 million in one-time investments to improve staff areas at correctional facilities, particularly staff breakrooms and bathrooms, and an additional \$2.5 million to support the expansion of Vocational Village programming. The budget also provides \$500,000 for new corrections officer polo shirts that have received positive staff feedback after being piloted at select worksites as an alternative uniform.

The MDOC’s initial budget recommendation was comprised of several transformative technology investments to support staff and increase the educational opportunities for prisoners. We are pleased that the final budget provides significant investments in technology for facilities, including \$15 million to start the installation of secure Wi-Fi networks, \$4.5 million to deploy body

scanners to all remaining facilities to detect prisoner contraband, and \$1 million to complete installation of a Page Alert System for Deaf and Hard of Hearing prisoners that will simplify staff communications with this population. To support the Department’s new technology and research efforts, the budget also provides funding to increase our research staff and capabilities.

While this budget includes more new funding initiatives than recent past budgets, it also maintains all key ongoing expenditures. This includes sufficient funding to recruit and train 800 corrections officers in the upcoming fiscal year to reduce vacancies, support for prisoner programming and education, as well as field operations and community-based services and supports. These important goals were achieved while also removing the prisoner phone contract as a source of revenue to support programming, resulting in \$11 million in savings for prisoners and their families.

The negotiated budget is a clear sign of the Department’s commitment to supporting our staff and operations, while making strategic investments in technology that will support our future efforts. We are pleased with the support we have received from Governor Whitmer and the State Budget Office during this process and look forward to implementing the final budget October 1.

Lower Peninsula Employee Rec Day

On Friday, June 3, staff from across the state participated in golf, bowling, canvas painting, basketball, bingo and more at the Lower Peninsula Employee Rec Day.

Attendees had the opportunity to win door prizes and bid on donated gift baskets in the silent auction. Thank you to the Employee Engagement EPIC Team for organizing this year's event and to everyone who attended.

MDOC Designated as a MI Veteran Connector

In addition to being an MVAA Gold-Level Veteran Friendly Employer, the MDOC is happy to announce that we are now designated as a MI

Veteran Connector with the MVAA. This means we will partner with the MVAA to help Veterans self-identify as Veterans by promoting resources for benefits, suicide prevention, links to the VA and all other resources that can help our MDOC Veteran community. The Michigan Veteran Connector program recognizes health systems and community partners such as schools, churches, and employers that are committed to supporting the needs of service members, veterans, and military-connected families.

More pictures of the Lower Peninsula Employee Rec Day can be viewed here.

EMPLOYEE APPRECIATION

The week of May 2 marked the beginning of National Correctional Officers Week and National Public Service Recognition Week. Additionally, Teacher Appreciation Day was on May 3 and National Nurses Week began on May 6. Worksites across the state celebrated their staff throughout the week with lunch and gifts and many were recognized at the Employee Appreciation Banquet on May 5 which had been postponed for two years due to the pandemic. Oscoda County Agent Jessica Leski selected as MDOC's Candice L. Dunn Parole/Probation Agent of the Year

Agent Jessica Leski is known for her integrity and dependability with her co-workers as well as offenders. Leski began her career with the Department 15 years ago as a corrections officer at Straits Correctional Facility before transferring to parole and probation in 2008. Leski currently works in a single agent office and is responsible for the entire Oscoda County parole and probation caseload.

Leski is selflessly committed to the needs of others. When neighboring counties needed assistance Leski, without hesitation, began helping three different counties write presentencing investigations all while maintaining her own caseload. She is a volunteer for the Cary Guides and openly embraces new management techniques. Leski also serves as a mentor to both her colleagues and those she supervises. Both new agents and seasoned staff seek Leski's advice. Discharged offenders routinely call Leski to ask questions and for life advice. Offenders both past and present view Leski as someone who cares and wants the best for them.

"It's humbling to be named the 2022 Candice L. Dunn Agent of the Year," said Leski. "I'm someone who comes to work to do a good job, to receive this recognition is truly an honor"

CPC KRISTY CLOSSER NAMED 2022 MDOC DIRECTOR'S AWARD WINNER

Corrections Program Coordinator Kristy Closser at the Women's Huron Valley Correctional Facility was selected as the winner of the 2022 Michigan Department of Corrections Director's Award for being approachable, reliable and resourceful as well as her attention to detail with her intake duties.

The Director's Award is the highest honor that can be presented to employees of the MDOC. CPC Closser also received the Department's Professional Excellence Award for her work drafting an instruction manual for Transcase Processor Duties at WHV. The user-friendly manual includes screenshots and helpful examples for staff to follow.

CPC Closser remains focused on quality assurance. She went through the whole WHV population to ensure they all have a property risk screen and an assaultive risk screen and even went through programming waitlists to ensure offenders were receiving proper programming that would benefit them.

CPC Closser has worked for the Department since

1996, where she began as a Corrections Officer. She transitioned to a Corrections Transportation Officer from 1998 to 2000 when she returned to a Corrections Officer position at Camp Brighton and Camp Valley. She was promoted to Corrections

Program Coordinator in 2007.

CPC Closser said she's very honored to be the recipient of the 2022 Director's Award. "There are so many people along the way that have encouraged and helped me," said Closser. "I would like to thank all the award recipients and nominees, no matter what position we are in we all make a difference to the people we serve and their families."

The Arkansas Secretary of Corrections expressed appreciation to the Michigan Department of Corrections after the MDOC Honor Guard traveled to Arkansas to represent the MDOC and honor fallen Arkansas Sgt. Joshua Caudell.

Dear Director Washington,

On behalf of the Arkansas Department of Corrections and the family of Sgt. Joshua Caudell, please accept our heartfelt appreciation for your compassion, support and prayers following the tragic death of Sgt. Caudell. Your support helped us bear the weight of the heartbreaking loss of Josh – a brave public servant and precious member of our family.

The Department has been dealt a tremendous loss, but it is thanks to you and the countless other individuals and agencies who stood by us that we have drawn the strength needed to forge ahead and continue to proudly serve the State of Arkansas.

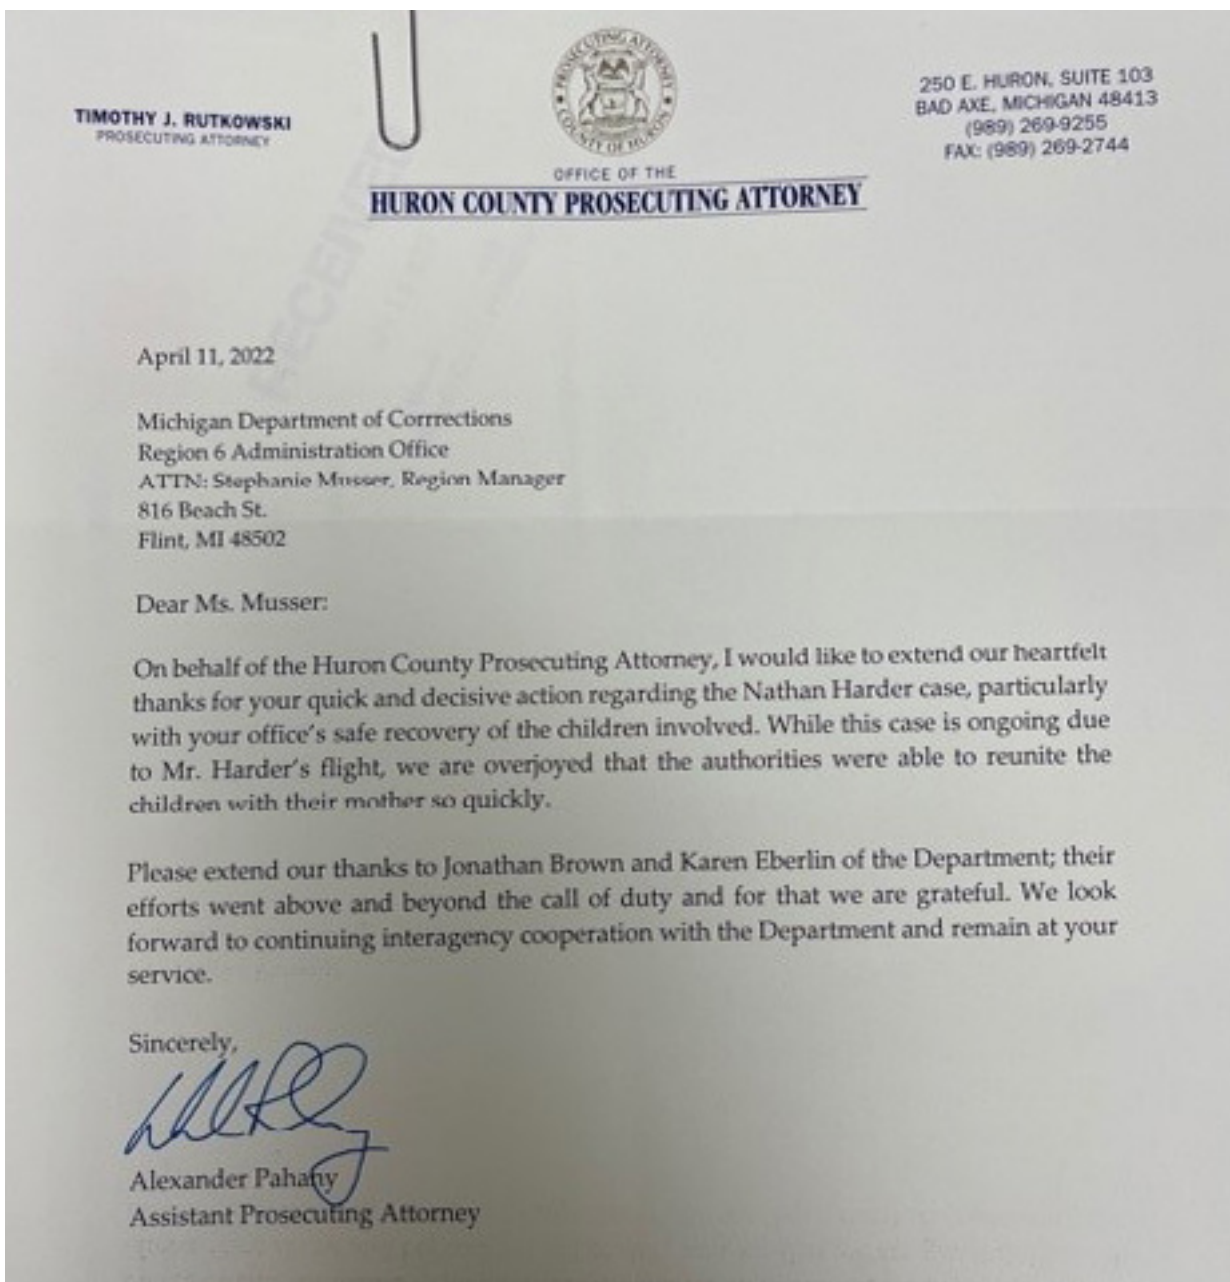

We are grateful to serve such a generous and supportive community.

With Thanks

The Huron County Assistant Prosecutor sent a letter thanking the MDOC for assistance with locating two children that were unaccounted for and believed to be with an Offender. The praise goes to Huron County Agent Karen Eberlin who provided vital information about the offender and Tuscola-Huron Supervisor Jonathan Brown who immediately put his resources from being an ICAC Agent into motion and asked for assistance from his law enforcement partners in finding the children. The children were located and returned to the safe care of their mother.

Do you have a letter of thanks sent to your facility or office that you'd like to share? Send it to BrugelB1@michigan.gov and it could be included in a future edition of the Corrections Connection.

WELLNESS CHALLENGE

Last year, the Wellness Unit developed a multi-faceted, 60-Day Wellness Challenge to facilitate making wellness a priority in the daily lives of the department and community. The Wellness Unit asked staff to make the commitment to their wellness by participating in the Wellness Challenge. MDOC staff across the state voluntarily pledged to make wellness a priority for their families, colleagues and themselves by being intentional, steady, kind and courageous. This challenge gave participants the freedom to discover what wellness is for them and execute it for 60-days. Those that completed the challenge were awarded their choice of a Wellness Coin or a Wellness Pin.

Kinross Correctional Facility Prison Counselor Mike McDowell was presented with the 2021 KCF Non-Custody Employee of the Year award by Warden Mike Brown and Deputy Warden Jeff Howard. PC McDowell started his career with the MDOC in March of 2006 at the Kinross Correctional Facility. He has served the Department in the capacities of a Corrections Officer, Resident Unit Officer and Prison Counselor. McDowell is the Backup KCF ADA Coordinator, the Parole Board Liaison, and is a member of the KCF Employee Engagement Committee. PC McDowell is very active at the facility, participating in multiple projects. He went through the recertification process and assists the facility by working shifts as a Correctional Officer to alleviate mandates. PC McDowell was selected from a strong field of candidates during a time in which the majority of KCF non-custody staff really stepped up. This truly demonstrates how much of an asset to the facility PC McDowell has become.

In March, Assistant Deputy Director Beverly Smith presented Macomb Parole Agent Tanis Walker with her 2021 Agent of The Year nominee award. Agent Walker supervises the Vocational Village population. She is known to implement motivational interviewing, Carey Guides, and evidence-based practices in her day-to-day case management activities. Agent Walker consistently assists offenders in employment-seeking opportunities, particularly with career vocational training programs. Agent Walker serves as a professional role model for the offender population and other staff. Her Supervisor, Lisa Badalamenti, describes Tanis as the consummate team player always willing to assist others. Agent Walker is considered an asset due to her vast experience, knowledge and relationships with various community providers and law enforcement. Agent Walker's commitment and dedication to the Michigan Department of Corrections, returning citizens and the community is exemplary.

Deputy Director Jeremy Bush was joined by Woodland Center Correctional Facility Warden Jodi DeAngelo and Human Resources Director Christine Hunnicutt in the presentation of a Professional Excellence Award to WCC Administrative Assistant Paul Schreiber. Paul received this award for his hard work in opening up the Department's first, and only, COVID-19 positive prison. Paul also assisted with the closure of the Detroit Reentry Center and is a go-to person in the Department.

CORRECTIONS OFFENDER MANAGEMENT SYSTEM

The MDOC COMS Project team is preparing training for the Field Operations and Parole Board (FO/PB) Case Management module of Corrections Offender Management System (COMS). The goal of this training is to give staff the skills they need to navigate and start using COMS with confidence. Staff training will take place between July 18 and September 2. Staff will sign-up for training through the State of Michigan Learning Center (SOMLC) and will receive training using Microsoft Teams. Prior to their training sessions, staff will receive a copy of the appropriate training manual, agenda, COMS Case Management Usability Tips Sheet, and a sample attachment which will be used during training. Staff will get hands-on experience in a training environment to prepare for the daily tasks they will complete in COMS. Once training is complete, recordings of the training session will be available on the COMS Project website.
