

Michigan Department of Corrections Lifetime Electronic Monitoring Program Participant Agreement

As a result of your conviction for violating MCL 750.520c, Criminal Sexual Conduct in the Second Degree, or MCL 750.520b, Criminal Sexual Conduct in the First Degree, you were sentenced to have your movements and location electronically monitored by the Michigan Department of Corrections through the use of a satellite Global Positioning System (GPS) tracking device, or some other means, for the balance of your lifetime. The requirements for lifetime electronic monitoring are set forth in MCL 750.520n and 791.285.

Pursuant to MCL 750.520n, a person who has been sentenced to lifetime electronic monitoring who does any of the following is guilty of a felony punishable by imprisonment for not more than two (2) years or a fine of not more than \$2,000.00, or both:

- (a) Intentionally removes, defaces, alters, destroys, or fails to maintain the electronic monitoring device in working order.**
- (b) Fails to notify the Department of Corrections that the electronic monitoring device is damaged.**
- (c) Fails to reimburse the Department of Corrections or its agent for the cost of monitoring.**

Failure to comply with the requirement of MCL 750.520n may result in referral to the Michigan State Police for criminal investigation.

You are required to continue to wear and properly maintain the electronic monitoring equipment even if you leave the State of Michigan. You may be required to return to the State of Michigan to have the electronic monitoring equipment inspected as directed by Department of Corrections staff.

Lifetime Electronic Monitoring Program Rules

1. Do not remove or attempt to remove the electronic monitoring tracking device from your ankle at any time.
2. Do not do anything to try to compromise, deface, alter, or destroy the electronic monitoring ankle bracelet casing, the strap holding the electronic monitoring ankle bracelet to your ankle, or the electronic monitoring charging cord.
3. In the event that the electronic monitoring tracking device must be removed by emergency personnel (e.g., emergency responders or hospital staff), immediately notify the Department of Corrections at (866) 936-8477.
4. In the event that you contact the Department of Corrections at (866) 936-8477, identify yourself as a Lifetime Electronic Monitoring case stating your name and Department of Corrections identification number.
5. Notify the Department of Corrections if the electronic monitoring ankle bracelet or electronic monitoring charging cord are damaged.
6. Respond to any vibrations and/or LED indicator lights on the electronic monitoring equipment as directed by Department of Corrections staff. See "Attachment A" for instructions regarding the operation of the electronic monitoring equipment.

7. Upon their request, allow Department of Corrections staff and/or law enforcement personnel to visually inspect the electronic monitoring ankle bracelet and/or electronic monitoring charging cord.
8. In the event that the Department of Corrections needs to change or replace your electronic monitoring equipment, you will need to make yourself immediately available to Department of Corrections staff.
9. The electronic monitoring tracking device must be charged on a standard 110 volt electrical current outlet for two (2) continuous hours in each 24 hour period.
10. You are required to reimburse the Department of Corrections for all damages to either the electronic monitoring ankle bracelet or electronic monitoring ankle bracelet charging cord.
11. You need to monitor the Department of Corrections internet website at <http://www.michigan.gov/corrections> at least monthly for special instructions and/or financial information regarding the cost of your electronic monitoring. (See additional information on electronic monitoring costs below.)
12. Descending in excess of 60 feet below the surface of any body of water may cause the electronic monitoring tracking device to malfunction and could result in permanent damage to the electronic monitoring tracking device; you are responsible for any costs due to damage to the device.

Financial Responsibility for Lifetime GPS

MCL 791.285 requires you to reimburse the Michigan Department of Corrections for the costs of your GPS monitoring. Visit www.michigan.gov/corrections to find the current daily rate. Delinquent payments will be referred to the Michigan State Police after October 1 of each year.

Payment Methods - You must make payments in the following ways:

1. **By Mail** – send payment payable to Michigan DOC Fee Payment to the following address:

Michigan DOC Fee Payment
P.O. Box 674178
Detroit, MI 48267-4178

Money orders and cashier's checks are the only forms of payment accepted via mail. Postal office money orders are the preferred payment method because they can be easily tracked, they never expire, and they are available at any post office. Other forms of payment such as personal checks or cash will be returned. Only send one payment per envelope. If you have multiple accounts, you must send multiple payments in separate envelopes.

2. **Online** - Visit <http://michigan.feesservice.com> to pay with credit or debit card or to obtain your account balance. There is an additional \$2.50 convenience fee for each electronic payment.

Important Instructions - If you have any questions regarding the payment process please call the fee collection help line toll-free at (877) 903-7225. For any other questions, please contact the lifetime monitoring agent at (866) 936-8477. Please keep this notice for reference. If you have multiple fees incurred while under parole supervision due to the Department after you discharge, you will receive separate notices for each account. You must pay each fee separately by mail or via the electronic payment options at <http://michigan.feesservice.com>.

I have read and understand the rules and financial responsibility for Lifetime Electronic Monitoring as described above.

Responding to Vibrations/LED's Flashing

You will feel 3 consecutive vibrations to inform you of an alarm. Look to see what LED is flashing to alert you of what you need to do.

Red PWR: Charge the WMTD. Once the device is fully charged, it will vibrate once and the PWR LED will be solid green. Remove the charger.

Red GPS: Walk outside with the WMTD uncovered to an area with a clear view of the sky. Don't stand under trees, building awnings, etc. When the alarm has cleared, the GPS LED will be off.

Red PWR, GPS and ZONE: The agent has sent an alert for you to contact them at (866) 936-8477. Press the Acknowledge Button to acknowledge the alert. The GPS and ZONE LED's will stop flashing and be off. The PWR LED will be flashing green.
