

## FREEDOM GREEN FARMS SOCIAL EQUITY PLAN

Our marijuana businesses will promote and encourage participation in the marijuana industry by people from communities that have been disproportionately impacted by marijuana prohibition and enforcement and we plan to positively impact those communities.

Our plan includes engaging in community activities to improve these communities. Activities like fundraisers and park cleanups are just a few ways we plan on working toward supporting social equity.

Our plan is to expand into these communities by building new facilities there.

Our plan is to hold safety and security of the public, our customers, and our employees, as our highest value. Our plan is to follow the rules and provide the security necessary to achieve this goal.

Our plan is to be a good corporate citizen. We will keep our property clean and in good repair. We will pay our taxes, and we will notify local officials of issues that may arise that they need to know. We will notify our community officials when called for by the rules and we will notify community officials on those matters of importance to them.

The Social Equity Program is designed to encourage participation in the marijuana industry by people who live in the 184 Michigan communities which have been disproportionately impacted by marijuana prohibition and enforcement:
