

Helios-Lang LLC Social Equity Program Plan

1. Sponsor 4 qualified applicants per year by paying their \$2,500 State of Michigan MRA application fee. We will review and choose eligible applicants from the 41 qualifying regions in Michigan. The group(s) of our choice will receive the contribution directly from Canterra.
2. Contribute up to \$2,500 per year for each of the same eligible applicant(s) toward local permit fees. This contribution will begin in the second (2nd) quarter of recreational / adult uses operations for Helios-Lang LLC. We will review annually and potentially increase contributions as our business expands.
