STIPULATION

The parties stipulate to the following:

1. The facts alleged in the citation are true and constitute a violation of the rules promulgated under the MMFLA.
2. Respondent understands and intends that by signing this stipulation, Respondent is waiving the right under the MMFLA, rules promulgated thereunder, and the Administrative Procedures Act of 1969, MCL 24.201 *et seq.*, to require the MRA to prove the charges set forth in the citation by presentation of evidence and legal authority, and to present a defense to the charges.
3. The parties considered the following in reaching this agreement:
 - a. This compliance action stems from an inspection conducted in early February 2019.
 - b. Respondent represents that it had purchased multiple flower products with the same name from different suppliers; recorded all of the similarly named products in its inventory in the statewide monitoring system, METRC; and sent some of the products for testing. Respondent states that it confused the eight products referenced in the citation with other similarly named products and mistakenly omitted them from the company's testing protocol.
 - c. Respondent represents that none of the untested flower products referenced in the citation were sold to the public and that all were properly accounted for in Respondent's inventory.
 - d. Respondent was cooperative and wishes to resolve the allegations without the need for and expense of an administrative hearing.
4. The MRA's enforcement division director or her designee must approve this proposed agreement before it is forwarded to the MRA's executive director or his designee for review and issuance of the above consent order. The parties reserve

the right to proceed to an administrative hearing without prejudice to either party, should the MRA's enforcement division director, executive director, or their designees reject the proposed consent order.

By signing this stipulation, the parties confirm that they have read, understand, and agree with the terms of the consent order.
