ALERT: Marijuana Customer Advisory

In the interest of public health and safety, the Cannabis Regulatory Agency (CRA) is alerting marijuana customers to marijuana product which was not properly tracked in the seed to sale tracking system (Metrc) by Michigan Investments 10, Inc. (license numbers PR-000165 and AU-P-000171).

The affected marijuana products are marketed under the brand “Muha Meds” and consist of vape cartridges, infused pre-rolls, and gummies. The final products passed compliance testing but were unable to be traced back to regulated packages of flower and concentrate used for their production; therefore, their origins cannot be confirmed and their safety cannot be ensured.

The CRA issued formal complaints and summary suspension orders on the above licenses. Please refer to the CRA’s press release for more information.

Marijuana customers who have experienced adverse reactions after using these products should report their symptoms and product use to their health care providers. Marijuana customers are encouraged to also report any adverse reactions to marijuana product to the CRA via email at CRA-Enforcement@michigan.gov or by phone at 517-284-8599.

Questions about this advisory notice should be emailed to the CRA’s Operations Support Section at CRA-Compliance@michigan.gov. For more information about the CRA, please visit www.michigan.gov/CRA.
