6. Respondent operated at 664 State Rd., Vassar, Michigan 48768, at all times relevant to this complaint.

7. Following an investigation, the CRA determined that Respondent violated the MMFLA and/or administrative rules promulgated thereunder as set forth below:

- a. On April 21, 2022, the CRA visited Respondent's provisioning center facility to conduct a compliance check.
- b. Respondent had the following at its facility:
  - i. Several clear totes containing expired marijuana products including distillate carts, medicated syrup, gummies, and chocolates stored in the "bathroom area" located upstairs in the northern most east backroom. This product was not under video surveillance.
  - ii. 15 separate strains of individually bagged untagged flower in a large black garbage bag located in the upstairs central storage area. This product was also not under video surveillance.
  - iii. Untagged "House wax" in individual 1-gram jars and 1-ounce sheets. The wax product was not under video surveillance Respondent identified the untagged wax as caregiver product of lower quality which is sold at a discounted price.
  - iv. Approximately 38 jars of house wax on the sales floor and several sheets of house wax on the sales floor. Both products, although in different forms, contained the same statewide monitoring system (Metrc) tag number #1A4050100000896000001331
  - v. Chemicals, specifically, Round Up pesticide, stored on the landing area leading to the upstairs where marijuana product is stored.
  - vi. Several hundred small, 1-gram jars of caregiver "house wax," a marijuana product, stored in cardboard boxes.
  - vii. Untagged, medicated syrup, called 'Chill Medicated,' a marijuana product.

- c. On April 22, 2022, the CRA requested video surveillance footage from all camera views for the past 30 days. Respondent provided the requested footage on May 10, 2022.
- d. The video footage would not play completely and did not show how the abovementioned products entered the provisioning center facility.
- e. Respondent was unable to provide a working copy of 30 days of video surveillance footage as requested by the CRA.
- f. On April 22, 2022, the CRA also emailed Respondent requesting the following:
  - i. A Point of Sales (POS) sales print out for the years 2021 and Jan 2022-current, by the close of business that same date.
  - ii. A written explanation regarding the approximately 20lbs of flower found in the black garbage bag in the attic.
  - iii. A written explanation regarding the history of the untagged / tagged flat house wax and jarred house wax. We observed a number of these items on the sales floor with METRC tags and boxes of the same items untagged in the attic. Those on the sales floor were not properly labeled.
  - iv. A written explanation regarding stored marijuana products in the attic “bathroom” without camera coverage.
  - v. A written explanation regarding no camera coverage on the landing area to the right of the stairs leading to the attic where the house wax and other marijuana products are stored.
  - vi. A written explanation regarding the storage of chemicals (i.e. Round Up) in the same area marijuana products are stored (landing to the right of the stairs leading to the attic).
  - vii. A written explanation regarding untagged bags of marijuana found in the safe(s).
  - viii. A written explanation as to why no one onsite during our visit was able to access the video system to allow us to review video.

- ix. Written confirmation you agree to voluntarily remove the noted caregiver products and untagged flower from the sales floor and not make any sales until further advised by CRA.
- g. On May 8, 2022, the CRA received the POS sales print outs.
- h. On May 10, 2022, Respondent's attorney confirmed by telephone the Standard Operating Procedure (SOP) provided on April 29, 2022, would be the only response provided. No response to the other responses to the requested information was provided by Respondent.
