

House of Dank Lapeer

AU-R-000352

This entity qualifies for the Bronze level tier of
the Social Equity All-Star Program

TRC Lapeer, LLC d/b/a House of Dank (“H.O.D.”) Lapeer continues to implement a Social Equity plan, to align with Rule 4(16) of the Marijuana Licenses Rule Set (R 420.4(16)) under the Michigan Regulation and Taxation of Marijuana Act (MRTMA). We are pleased to provide our plan to promote and encourage participation in the cannabis industry by people from communities that have been disproportionately impacted by marijuana prohibition and enforcement. Additionally, we have spearheaded community-specific charitable activities that benefit employees, customers, and our neighborhood.

Cannabis legalization has created business opportunities in an industry that has long been categorized as illicit. Some cannabis business opportunities have barriers and are only accessible to well-capitalized, well-connected entrepreneurs. Social equity programs seek to promote and encourage participation in the cannabis industry by people from communities that have been disproportionately impacted by marijuana prohibition and enforcement. The Michigan social equity program endeavors to thwart the impact of historically unjust policies by providing communities with additional resources and opportunities within the cannabis industry.

H.O.D participates in social equity efforts by employing individuals from disproportionately impacted communities. Across the Mitten State, H.O.D employees about 400 people. In Lapeer, we focus hiring efforts on our neighbors around the retail locations that we operate. We believe hiring employees from the community helps us better connect with and understand the needs of our customers and neighbors.

Lapeer H.O.D employs and promotes members of the surrounding neighborhoods. Many of the communities are identified as disproportionately impacted communities by the city of Lapeer and the state of Michigan. We promote community safety by providing overnight security at our location.

H.O.D. partners with vendors and ancillary businesses with licenses who qualify for CRA’s social equity program or whom we have identified as disproportionately impacted based on internally established criteria. Some examples of the criteria used to determine disproportionate impacts includes businesses located in disproportionately impacted communities or neighborhoods, business with social equity qualifications.

The following is a summary of some of the social equity and charitable efforts we have contributed to in the last few years.

Examples of Current Social Equity Initiatives

- Working with Minority owned vendors.
- Providing mentorship assistance to newly formed minority owned companies.
- Providing marketing internship opportunities to recent graduates
-

Proposed 2024-2028 Initiatives

- In 2024 \$50,000 donation to Detroit Homegrown.
- Continue and expand on current initiatives.
- Participating in Job Fairs for all locations
- Joining Chambers of Commerce in all the cities where we operate
- Monthly spotlight on community services available for low-level cannabis charges
- Monthly spotlight on expungement clinics.
- Sponsoring expungement clinics.
- Participation in local food and clothing drives.
- Focus on hiring from within communities that have been disproportionately impacted by marijuana prohibition and enforcement.

Through these initiatives, House of Dank will continue to expand our social equity efforts in the city of Lapeer and throughout the state.
