

LRS3, LLC

AU-MEO-000153

This entity qualifies for the Bronze level tier of
the Social Equity All-Star Program

LRS3, LLC (“Applicant”) – Social Equity Plan

Cassopolis is located with the communities that are eligible for the Social Equity Program. Applicant remains committed to promoting and encouraging participation in the marijuana industry by people from communities that have been disproportionately impacted by marijuana prohibition and enforcement and to positively impact those communities.

At the same time, Applicant believes the most positive impact it can make to those people disproportionately impacted by marijuana prohibition is to help with their employment opportunities. Specifically, Applicant intends to share information and provide educational materials regarding expungement of criminal records related to marijuana. The reality is that many employers may choose not to hire a candidate because of low level marijuana crimes (that are no longer crimes). Helping people clean their record will help them obtain employment. As a result, Applicant intends to the following:

- Make informational material regarding the expungement process available to its customers through its website and/or through licensed retailers/provisioning centers; and
- Provide a list of qualified attorneys to assist in the expungement process.

Applicant believes that people with low level marijuana offenses do not deserve to be subject to any type of discrimination in the hiring process. And through Applicant’s efforts, Applicant believes it can make a positive change and assist individuals in obtaining employment.
