This entity qualifies for the Bronze level tier of
the Social Equity All-Star Program

North Coast Cultivators

Cannabis Farm & Dispensary

NORTH COAST CULTIVATORS LLC SOCIAL EQUITY PLAN

North Coast Cultivators LLC is proud to participate in the Social Equity Program as outlined under the Michigan Regulation and Taxation of Marihuana Act (MRTMA). North Coast Cultivators LLC is committed to promoting, encouraging and supporting participation in the marijuana industry by people from communities that have been disproportionately impacted by marijuana prohibition and enforcement. With our help we will work together to impact those communities in the most positive manner.

North Coast Cultivators LLC has the ability to directly contribute to people and communities in the Social Equity Program as made possible through a provision under the MRTMA. Section 8 required the Marijuana Regulatory Agency (MRA) to promulgate rules including “a plan to promote and encourage participation in the marihuana industry by people from communities that have been disproportionately impacted by marihuana prohibition and enforcement and to positively impact those communities” (MCL 333.27958, 2018 IL 1).

North Coast Cultivators LLC will make it a priority to seek out and locate qualified, willing Social Equity Program participants, focusing specifically on the following 184 communities that have been identified as qualifying for the Michigan Social Equity Program as of October 23, 2020,:

| | Wexford: Antioch Township, Cadillac, Colfax Township, Mesick, Slagle Township |

North Coast Cultivators LLC would like to be the best neighbors we can be as we cultivate a social impact program that will allow us to pay it forward. We will engage with local communities and establish a dialogue to determine the best way for us to have a positive impact on communities that need it most.

Our goals for the Social Equity Program are as follows:

1. Mentoring and Online Training – For individuals who want to learn more about the industry
2. Donations - Identify community from list and provide best cause donation for Social Equity Program
3. Application and Fee Support; Legal Expense Support – While we may not be in a position to provide financial assistance in our first year of operations we intend to do so as soon as possible and no later than our second year of operations.

Another way we intend to encourage participation is to hire and work with as many social equity-qualified individuals and groups as possible. As our organization evolves and we acquire industry experience we also plan to offer workshops or individual mentoring so we can share the benefit of our experience. This mentoring will include assistance with completing application forms, sharing of resources and general operational guidance.

North Coast Cultivators LLC will review our Social Equity plan at least annually and potentially increase contributions as our business grows. We look forward to our participation in this program to help level out the playing field and to ensure all qualified individuals are able to reap the rewards of the cannabis industry.
