---

## **Social Equity Plan**

### **Mission**

Our mission is to provide world-class cannabis business development services to our clients with the objective of constantly working towards a sustainable, successful industry.

### **Vision**

Our vision is to create funneling success to achieve successful results.

### **Goal**

Our goal is to become the most trusted cannabis company in the industry, not by mouth by action.

Pot Luck Cannabis Consulting LLC, is in the Metro Detroit Area operating under Pot Luck Cannabis LLC. Our goal is to become the most trusted cannabis company in the industry, while funneling success in disproportionately communities.

Pot Luck Cannabis owner David L Parker, recently received a Business of Cannabis certification from Northern Michigan University to provide proper training to employees in disproportionately communities that have a interest to achieving a career in the cannabis industry.

### **Increased Employment Opportunities:**

Pot Luck will prioritize interviews for qualified applicants who have suffered a criminal conviction for cannabis activity that reside in the City of Detroit. While providing information and assistance for expungement of marijuana related convictions for interested Detroit residents.

### **Business Assistance Workshops:**

Pot Luck will partner with local business from other disproportionately impacted communities on providing individuals the assistance and knowledge of starting a business of choice.

### **Community Relations and Engagement:**

For community relations and engagement, PLC will partner with organizations or agencies that provides support for underprivileged or at-risk youth with mentorship and yearly donations. PLC will encourage that each employee should

volunteer at least 4 hours of community services for the entire year.
