Medical Marihuana Facilities Licensing Act Regulatory Assessments for Fiscal Year 2026

The amount of the regulatory assessment for licensed medical marijuana facilities is determined annually as required by [Section 603](#) of the Medical Marihuana Facilities Licensing Act and must be paid by those persons approved for licensure by the Cannabis Regulatory Agency prior to issuance or renewal of each state operating license.

Revenue collected from the regulatory assessments is used to fund the programs and services listed in Section 603, which requires that the regulatory assessments be set “at an amount that is estimated to be sufficient to cover the actual costs and support the expenditures” of the programs and services funded by the assessments. Following four years of reducing or maintaining the regulatory assessments, regulatory assessments were increased last year to cover rising costs. The regulatory assessments for Fiscal Year 2026—beginning October 1, 2025, and ending September 30, 2026—are unchanged from Fiscal Year 2025 as the agency assesses the long-term impact of last year’s increase and are as follows:

State Operating License Type	Regulatory Assessment (Initial and Renewal)
Grower A	\$2,500
Grower B	\$4,000
Grower C	\$15,000
Processor	\$5,500
Provisioning Center	\$3,813
Secure Transporter	\$3,813
Safety Compliance Facility	No fee

Each new license and renewal license issued will pay the regulatory assessment listed above.

To expedite the renewal process, all new licenses issued to existing licensees will be prorated so that the expiration date for all licenses held by a licensee will have the same expiration date as the licensee’s initial state operating license.

The CRA Applications Section may be contacted via phone at 517-284-8599 or via email at CRA-Applications@michigan.gov. For more information about the Cannabis Regulatory Agency, please visit www.michigan.gov/cra.
