Rule 1(x) In the Marihuana Operations Rule Set - R 420.201(x)

“Marihuana sales location” refers to a provisioning center under the medical marihuana facilities licensing act or a marihuana retailer or marihuana microbusiness under the Michigan regulation and taxation of marihuana act, or both.

Marijuana sales locations should adhere to requirements listed in **Rule 7 in the Marihuana Operations Rule Set - R 420.207**. **Key highlights include but are not limited to the following:**

- Provides for marijuana sales locations with approved delivery plans to deliver marijuana to patients and/or customers 21 years of age or older to residences or designated consumption establishments
- Patient acknowledgment of release of information for home delivery services
- Customer consent for retail delivery services
- Confirmation of valid patient and/or customer’s identity, address, and age verification
- Sales documentation and daily/monthly limits
- Transportation requirements - vehicle, driver, product safety and security
- Documentation requirements - transport manifest, daily logs
- Requirements regarding number of deliveries, payments, and hours of operation
- Requirements for emergency, theft, and diversion

The Cannabis Regulatory Agency (CRA) created a combined procedure [checklist](#) that must be followed to assure all requirements are met, as well as a daily log specific to [provisioning centers](#) and [marijuana microbusinesses/retailers](#). The logs are to assist in capturing all the required information.

Marijuana sales locations that would like to provide delivery services to a residence or designated consumption establishment must use the checklist to assist in developing a delivery procedure. This procedure must be sent to CRA-Enforcement@michigan.gov for review and approval. Marijuana sales locations cannot begin delivery services until their procedure is approved by the CRA.
