This is an opportunity for anyone, professionals, parents and concerned community members, to discuss how we can work together to support children and families.

RESILIENCE is a one-hour documentary that looks at the science of Toxic Stress and how to build resiliency in children and communities.

- RESILIENCE: THE BIOLOGY OF STRESS & THE SCIENCE OF HOPE chronicles the birth of a new movement among pediatricians, therapists, educators, policy makers, and communities who are using cutting edge brain science to disrupt cycles of violence, addiction and disease. It chronicles how innovative research is being used to both prevent Adverse Childhood Experiences (ACEs) and mitigate their effects.

Hosted by Child Abuse & Neglect Prevention Council (CAN Council) and Van Buren Great Start to Collaborative.
