## STATE OF MICHIGAN DEPARTMENT OF INSURANCE AND FINANCIAL SERVICES

#### Before the Director of Insurance and Financial Services

In the matter of financial statements, accounting practices and procedures and valuation of securities as of December 31, 2024

Order No. 2025-03-M

Issued and entered this 30<sup>th</sup> day of January, 2025 by Anita G. Fox Director

### ORDER PRESCRIBING FORMS, CONTENTS, AND INSTRUCTIONS

#### I BACKGROUND

Pursuant to Section 438 of the Michigan Insurance Code of 1956, as amended (the Code), MCL 500.438, and the Administrative Procedures Act of 1969, as amended, MCL 24.201 *et. seq.*, the Director prescribes the format and content of statements that are suitable and adaptable to each kind of insurer authorized or eligible to transact business in Michigan. A statement filed by the insurer shall be prepared in accordance with instruction provided by, and accounting practices and procedures designated by, the Director.

The National Association of Insurance Commissioners (NAIC) has established instructions and accounting guidance for the completion of the 2024 annual and the 2025 quarterly statements and forms. These instructions pertain to Property and Casualty companies (including surplus lines companies), Title companies, and United States Branches of Non-U.S. Insurers. The accounting guidance is located in the NAIC Accounting Practices and Procedures manual. The manual is continually updated and requires insurers to fully disclose and quantify any deviations from the practices and procedures adopted in the manual. By completing the financial statements and forms in accordance with the instructions and accounting guidance, these entities will submit useful and necessary regulatory information to the Director. These entities shall follow the 2024 NAIC Annual Statement Instructions and NAIC Accounting Practices and Procedures manual to the extent that the accounting practices, procedures, and reporting standards are not modified by the Michigan Insurance Code, or the 2024 Forms and Instructions for Required Filings in Michigan.

## II FINDINGS OF FACT AND CONCLUSIONS OF LAW

Based on the foregoing considerations, the Director FINDS and CONCLUDES that:

- 1. The 2024 NAIC annual statement blank, the 2025 quarterly statement blanks, the 2024 NAIC Annual Statement Instructions, the 2025 NAIC Quarterly Statement Instructions, the NAIC Accounting Practices and Procedures Manual, including appendices A G and excluding Actuarial Guideline XXXV in Appendix C (this exclusion applies to business not subject to principles based reserving), the ORSA Guidance Manual, and the 2024 Forms and Instructions for Required Filings in Michigan establish appropriate forms with instructions for filing statements of financial condition for all insurers that are authorized or eligible to transact business in Michigan.
- 2. The Michigan Department of Insurance and Financial Services (DIFS) waives the filing of printed quarterly statements, annual statements and supplements for foreign insurers in Michigan. DIFS

will rely on filings made with the NAIC as meeting the statutory requirement to file financial statements in Michigan. Michigan domestic companies must ensure that all filings with the NAIC are proper and timely. Failure to properly submit filings with the NAIC will subject companies to penalties as outlined below.

- 3. The Purposes and Procedures Manual of the NAIC Investment Analysis Office establishes appropriate instructions for filing, reporting and valuing securities reported in financial statements for all insurers that are authorized or eligible to transact business in Michigan, unless otherwise indicated in this order or by statute. The NAIC Financial Condition (E) Committee establishes instruction for valuing other invested assets.
- 4. Submission of this information in no way limits the Director from requesting further information regarding the financial condition of a regulated entity. The Director may address inquiries to any regulated entity concerning the conduct of its business or its financial condition; any regulated entity so addressed shall promptly reply in writing to the Director's inquiries.
- 5. Failure to comply with all filing instructions and requirements will result in rejection of the materials submitted as not constituting an annual statement filing for the purposes of the Code and will subject the filing entity to a civil penalty of not less than \$1,000 or more than \$5,000 and an additional \$50 for each day that such insurer fails to file its information in accordance with Section 438(5) of the Code, MCL 500.438(5).

#### III ORDER

#### Therefore, it is ORDERED that:

- 1. The 2024 NAIC annual statement blank, the 2025 quarterly statement blanks, the 2024 NAIC Annual Statement Instructions, the 2025 NAIC Quarterly Statement Instructions, the NAIC Accounting Practices and Procedures Manual, including appendices A - G and excluding Actuarial Guideline XXXV in Appendix C (this exclusion applies to business not subject to principles based reserving), the ORSA Guidance Manual, and the 2024 Forms and Instructions for Required Filings in Michigan are hereby adopted. All insurers shall file the NAIC annual and quarterly statements and shall follow the 2024 NAIC Annual Statement Instructions and the accounting practices. procedures, and reporting standards promulgated by the NAIC, to the extent that the accounting practices, procedures, and reporting standards are not modified by the Michigan Insurance Code, or the 2024 Forms and Instructions for Required Filings in Michigan. This shall include, but not be limited to, the Risk-Based Capital (RBC) calculations and reporting requirements as detailed in the RBC instructions adopted by the NAIC and, as applicable, the Group Capital Calculation (GCC) in accordance with the GCC instructions adopted by the NAIC. If a company has been granted a permitted practice or where the 2024 Forms and Instructions for Required Filings in Michigan (prescribed practice) deviates from the NAIC Accounting Practices and Procedures Manual, companies are required to make the appropriate disclosure in the Notes to the Financial Statements in accordance with the guidance found in the NAIC Accounting Practices and Procedures Manual. Any and all supplemental schedules, exhibits and/or miscellaneous forms which request specific information not included in the "Association Edition" are part of the annual statement filing within the meaning of Section 438 of the Code.
- A copy of the 2024 Forms and Instructions for Required Filings in Michigan shall be posted on the
  website of the Department of Insurance and Financial Services and sent to any insurer authorized
  or eligible to transact business in Michigan that specifically requests a hard copy.
- 3. For purposes of valuation of securities and other investments pursuant to Sections 841 and 842 of the Code, MCL 500.841 and 500.842, securities owned by insurers shall be valued in accordance with those standards published in the Purposes and Procedures Manual of the NAIC Investment Analysis Office (Valuation Manual) with the following exception:

**Filing Waiver:** Insurers may seek a filing waiver from submitting some securities to the NAIC Securities Valuation Office (SVO). The Valuation Manual does not require securities that are rated and monitored by NAIC Credit Rating Providers (CRP) to be submitted or valued by the SVO. Insurers are allowed to use the ratings of the NAIC CRP as permitted

by the Valuation Manual. However, there may be other securities that do not meet the Valuation Manual criteria for filing exemption that the Director may deem appropriate not to file with the SVO. Insurers may request from the Director an exemption from the requirement to submit these securities to the SVO for valuation and rating. Exemptions will be good for the calendar year in which the exemption is granted. The request for exemption should state the insurers' rationale for not submitting the securities to the SVO. how the insurer will value, monitor and rate the security for financial reporting, and why the security does not meet the Valuation Manual criteria for filing exemption. The request must also include the date the security was purchased and the rating from the NAIC CRP. Factors that will be considered for granting the exemption will include whether the security is rated by a NAIC CRP, whether the insurer's methods of valuation is reasonable and appropriate, and the nature of the security. Insurers must submit the request for exemption within 120 days of the purchase of the security or within 120 days of the filing of the first financial statement where the insurer will report the filing waiver. The determination to grant a filing waiver on a specific security is at the sole discretion of the Director. Requests for exemption from this office should NOT include securities considered filing exempt from valuation pursuant to the Valuation Manual.

Other invested assets should be valued in accordance with the procedures promulgated by the NAIC Financial Condition (E) Committee.

The Director specifically retains jurisdiction of the matters contained herein and the authority to issue such further order or orders as the Director shall deem just, necessary, and appropriate.

This Order supersedes Order 2024-01-M.

# SIGNIFICANT CHANGES AND REMINDERS FOR THE 2024 FORMS & INSTRUCTIONS

Please review the following for a summary of some of the significant changes and reminders for the 2024 *Forms and Instructions for Required Filings in Michigan*. Items that are new this year have been bolded.

- 1. All insurers should file, in a timely manner, any amendments to the financial statements with the NAIC. Companies will be subject to fines if amendments are not properly filed electronically with the NAIC. Domestic insurers are also reminded that the hard copy Signed Jurat Page must be filed for all amendments filed with DIFS and must contain original wet signatures or they will not be accepted. The amended pages must be filed electronically. Note that companies are not required to file hard copy filings with the NAIC, only electronic filings.
- 2. In addition to a letter of notification as required by Section 250 of the Michigan Insurance Code, all domestic insurers must file officer and director biographical information for all new officers and directors reported on the jurat page. DIFS has adopted the NAIC Biographical Affidavit, which can be found on the NAIC's website at <a href="http://www.naic.org/industry\_ucaa.htm">http://www.naic.org/industry\_ucaa.htm</a>, for the reporting of officer and director biographical information. Please be sure to check the NAIC website prior to filing to ensure that the most current biographical affidavit form is being used. The biographical affidavit filed with DIFS must be filed electronically and be properly executed. Additionally, an independent third party background verification report prepared by an NAIC approved vendor is also required for all new officers and directors. A list of approved vendors can be found on the above noted NAIC website.
- 3. In order to ensure that DIFS has the most current address on file, companies should notify DIFS when the home office and/or mailing address changes.
- 4. The FIS 0322, Michigan Health Insurance Enrollment, Premiums and Losses, must be submitted electronically to DIFS. The due date for submission remains April 1. The submission website address, along with an authentication code and more detailed instructions, will be sent to the Statutory Statement Contact on or before March 1 and the window for submission will be March 1-April 1. The change is as follows: The information required in Section 12 of the Model Audit Rule (MAR) required to be communicated by the accountant should be supplemented by providing both the name of the current lead audit partner and the year at which he or she began serving in that capacity. For the purpose of maintaining confidentiality, this information will not be included in the annual letter of qualifications, but instead shall be included in the internal control communication required in Section 11 of the MAR by the accountant as a footer or under the firm signature as follows: The engagement partner, [name], has served in that capacity with respect to the Company

The actuarial certification will be further detailed in future SERFF filing instructions and is anticipated to be similar to the Michigan Appendix. A SERFF state message will be posted and email sent when the new SERFF instructions have been posted.
- 14. Public Acts 258 to 264 of 2022, effective March 29, 2023, amended Michigan's statutes applicable to holding companies, including new requirements for certain insurers where DIFS is the lead state regulator to file an annual group capital calculation and the results of the NAIC liquidity stress test (life insurers). Costs incurred in the operations of the MACP are allocated among insurers and self-insurers via an annual assessment from the MACP. Insurers that write automobile business in Michigan and pass any portion of the MACP assessment cost to policyholders must report such assessment cost as premium in its financial statements, as such assessment costs must be accounted for in premium rates pursuant to MCL 500.3176. Any insurer or self-insurer that has been reporting MACP assessments or costs in another manner in its financial statements should seek professional advice to address applicable tax or legal implications, if any.

#### **Toll Free Telephone Number**

Companies may contact DIFS toll-free at (877) 999-6442. If an insurer has a toll-free telephone number please provide it on page 1 of the annual and quarterly statements.

#### **Lloyd's of London**

Lloyd's of London is recognized as a trusteed reinsurer in Michigan for reinsurance agreements having an inception date on or after August 1, 1995. For reinsurance business under agreements with an inception date on or before July 31, 1995, Lloyds of London is considered unauthorized. All insurers are to follow the NAIC Annual Statement Instructions regarding the reporting for Lloyd's of London when preparing the annual statement.

#### **Unauthorized Reinsurance Balances**

Reinsurance balances reported for each unauthorized reinsurer as reported on Schedule F, may be reduced to the extent that each balance is secured pursuant to Sections 1103 and 1105 of the Michigan Insurance Code (i.e., LOC's, funds held or trusteed assets). <u>Miscellaneous balances</u> are **not** proper offsets.

#### **Change of Control**

Section 405 of the Michigan Insurance Code (MCL 500.405) automatically revokes the certificate of authority of an authorized foreign insurer 90 days after a change of control of the insurer unless the insurer requalifies for its certificate of authority. All insurers that undergo a change of control are required to file a Request for Determination of Exemption from Requalification under Section 405(1) (Form FIS 0144) which is available on the DIFS website. Additional information regarding requalification is available by contacting DIFS.

#### Oath of Director

Public Act 291 of 2006 enacted a reporting requirement for insurers, whereby, Section 5238(3) of the Michigan Insurance Code requires each director of a domestic insurer to take and subscribe an oath when elected or appointed. DIFS has a form, FIS 0425 that must be completed and submitted to DIFS by each director upon election or appointment. The form is available on the DIFS website. (Note that this requirement does not apply to United States Branches of Non-US Insurers Using Michigan as a Port of Entry.)

#### **Credit Accident and Health Reserves**

Reserves for credit accident and health insurance shall be adequate to discharge all liabilities, but shall not be less than the minimum standards as required in accordance with Administrative Rule 550.209 (4). The minimum reserve basis for active lives on credit accident and health insurance is the amount of the premium refund available to the insured.

#### Risk-Based Capital (RBC) Report - Exemption

In accordance with Michigan Bulletin 2013-21-INS, the Director may exempt from the application of the RBC requirements any domestic property and casualty insurer that writes direct business only in Michigan, writes direct annual premiums of \$2,000,000 or less, and that assumes no reinsurance in excess of five percent of direct premium written. The company must specifically request this exemption, with the request received by December 1. The request for exemption must be submitted for each calendar year.

#### **Actuarial Opinion Summary/Report**

TMichigan domestic insurers must file the actuarial opinion summary with DIFS no later than March 15. Foreign insurers should have the document prepared and available, as DIFS will specifically notify foreign insurers if the document should be filed. The statement of actuarial opinion should be filed electronically and be properly executed.

#### **Audited Financial Statement**

The independent audit required by Chapter 10 of the Michigan Insurance Code shall be conducted in accordance with Generally Accepted Auditing Standards (GAAS) and must be a general use report as discussed in the Statement of Position 95-5. No limited use reports will be accepted by DIFS. The audited

financial statements shall be on a Statutory Accounting Principles (SAP) basis except where the Director specifies a different basis for a specific company.

DIFS has received some independent audit opinion letters that contain restricted use language. DIFS will not accept independent audit reports containing opinion letters with restricted use language. Audit reports containing such language will be rejected as not constituting an acceptable filing and will subject the filing entity to civil penalties as described in Section 438(5) of the Michigan Insurance Code.

DIFS has noted that certain filings of the Accountant's Letter of Qualification, as required per Section 1019 of the Michigan Insurance Code (the Code), contain language inconsistent with Section 1021(2) of the Code. Section 1021(2) requires that the independent public accountant's audit work papers be retained for a period of not less than five years after the period reported on. Certain qualification letters contain language that work papers will be retained until DIFS has filed a Report of Examination, but no longer than seven years. This statement does not meet the requirements of Section 1021(2), as it is conceivable that work papers could be destroyed prior to the five year minimum retention period. Companies should make their independent public accountant aware that audited financial statements will not be accepted with language inconsistent with Section 1021(2) of the Code.

#### **Health Statement Test**

For the 2024 Annual Statement, insurers are required to complete the General Interrogatory related to the Health Statement Test. The Health Statement Test is designed to determine whether a reporting entity reports predominantly health lines of business. Passing the Health Statement Test may require a reporting entity to complete the Health Statement beginning with the first quarter's statement for the second year following the reporting year in which the reporting entity passes the Health Statement Test, unless the domestic regulator requires the reporting entity to complete an annual statement and risk-based capital report that differs from the annual statement instructions. For property and casualty companies that pass the Health Statement Test, DIFS has required those companies to file the Health Statement (orange blank).

#### **U.S. SURPLUS LINES INSURERS**

All U.S. Surplus Lines insurers shall follow the filing requirements for foreign insurers as noted in the Property and Casualty Insurer's Checklist.

#### **ACCREDITED REINSURERS**

In order for DIFS to monitor continued compliance with accredited reinsurer requirements, such accredited reinsurers shall file annual statements, quarterly statements, and audited financial statements in accordance with the filing instructions for foreign insurers. Such filings are due in accordance with the due dates set forth in the accompanying checklist(s).

#### UNITED STATES BRANCHES OF NON-U.S. INSURERS USING MICHIGAN AS A PORT OF ENTRY

#### (Trusteed Deposits)

Please review Section 411(4) and 431(c) of the Michigan Insurance Code regarding trusteed deposits. The Trusteed Surplus Statement (TSS) must be completed by each United States Branch of a non-U.S. insurer licensed to do any insurance business in this state. In addition to the TSS, and pursuant to Section 411(4) and the NAIC Annual Statement Instructions, the U.S. Branch must submit the following information:

- 1. A certified listing of deposits held must be furnished by each trustee directly to DIFS. This listing should clearly identify the location of each asset and a complete and accurate description of each asset. It is the U.S. Branch's responsibility to ensure that each trustee properly submits this listing.
- 2. A detailed listing prepared by the manager of the U.S. Branch of all trusteed deposits held by each trustee, which clearly identifies the location of each asset, a complete and accurate description of each asset and the information required to be provided in Columns 1 through 5 of Schedules B, C and D of the TSS. This listing should reconcile to the assets reported on the U.S. Branch's annual and quarterly

statements. If not, the U.S. Branch must provide a reconciliation.

- 3. A detailed reconciliation of the listing prepared by the company (as described in 2. above) and the listing prepared by the trustees (as described in 1. above).
- 4. To ensure the U.S. Branch's surplus adequacy, according to Section 431C, the U.S. Branch must maintain total trusteed assets that are at all times equal to the sum of the following: a) U.S. Branch's reserves and other liabilities. b) The minimum capital and surplus required to be maintained under Section 410 of the Michigan Insurance Code. c) Any additional amounts considered necessary by the Director. Furthermore, trusteed assets shall be valued and limited in accordance with Section 901 of the Michigan Insurance Code.

This information along with the TSS must be submitted with the annual statement on March 1, 2025 and again on May 15, August 15 and November 15 for the first, second and third quarters, respectively.

THE DEPARTMENT OF INSURANCE AND FINANCIAL SERVICES STRIVES TO MAKE THIS DOCUMENT ACCURATE AND UNDERSTANDABLE. PLEASE LET US KNOW OF ANY ERRORS OR SUGGESTIONS FOR IMPROVEMENT.

#### Column (4) (Number of Copies)

Indicates the number of copies that each foreign or domestic company is required to file for each type of form. The Blanks (EX) Task Force modified the 1999 *Annual Statement Instructions* to waive paper filings of certain NAIC supplements and certain investment schedule detail, if such investment schedule data is available to the states via the NAIC database. The checklists reflect this action taken by the Blanks (EX) Task Force. XXX appears in the "Number of Copies" "Foreign" column for the appropriate schedules and exhibits. Some states have chosen to waive printed quarterly and annual statements from their foreign insurers and to rely upon the NAIC database for these filings. This waiver could include supplemental annual statement filings. The XXX in this column might signify that the state has waived the paper filing of the annual statement and all supplements.

#### Column (5) (Due Date)

Indicates the date on which the company must file the form.

#### Column (6) (Form Source)

This column contains one of three words: "NAIC," "State," or "Company," If this column contains "NAIC," the company must obtain the forms from the appropriate vendor. If this column contains "State," the state will provide the forms with the filing instructions (generally on its website). If this column contains "Company," the company, or its representative (e.g., its CPA firm), is expected to provide the form based upon the appropriate state instructions or the NAIC *Annual Statement Instructions*.

#### Column (7) (Applicable Notes)

This column contains references to the Notes to the Instructions that apply to each item listed on the checklist. The company should carefully read these notes <u>before</u> submitting a filing.

This hard copy Signed Jurat Page with attestation is attesting to the accuracy of information contained in the electronic filings, as all filings are now electronic.  This state waives foreign insurers from filing printed annual and quarterly statements and supplements. The Signed Jurat is not required to be filed in Michigan by foreign insurers.
L	NONE Filings:	See NAIC Annual Statement Instructions. Exceptions to these instructions are noted on the form.
М	Filings Discontinued since Last Year:	None
N	Audited Financial Statements:	The independent audit required by Chapter 10 of the Michigan Insurance Code shall be conducted in accordance with Generally Accepted Auditing Standards (GAAS). The audited financial statements shall be on a Statutory Accounting Principles (SAP) basis except where the Director specifies a different basis for a specific company.
		U.S. Branches of Canadian or British insurers using Michigan as a port of entry must file a copy of the independent public accountants' report that is filed with their domiciliary supervision authority and a copy of any notification of adverse financial condition report if required by domiciliary supervision authority.
		DIFS has received some independent audit opinion letters that contain restricted use language. DIFS will not accept independent audit reports containing opinion letters with restricted use language. Audit reports containing such language will be rejected as not constituting an acceptable filing and will subject the filing entity to civil penalties as described in Section 438(5) of the Michigan Insurance Code.
		The audited financial statements of domestic insurers and U.S. Branches of Canadian or British insurers using Michigan as a port of entry must include a copy of the independent public accountant's qualifications letter to the insurer stating the independent public accountant's understanding that the Director will be relying on the audited statements. The accountant's qualifications letter is required under Section

500.1019 of the Michigan Insurance Code (the Code). DIFS has noted that certain filings of the accountant's qualifications letter contain language inconsistent with Section 1021(2) of the Code. Section 1021(2) requires that the independent public accountant's audit work papers be retained for a period of not less than five years after the period reported on. Certain qualification letters contain language that work papers will be retained until DIFS has filed a Report of Examination, but no longer than seven years. This statement does not meet the requirements of Section 1021(2), as it is conceivable that work papers could be destroyed prior to the five year minimum retention period. Companies should make their independent public accountant aware that audited financial statements will not be accepted with language inconsistent with Section 1021(2) of the Code. **Independent CPA – Companies shall follow the provisions** of Section 500.1009 of the Michigan Insurance Code regarding the appointment or change in independent CPA. In conjunction with the appointment or change in independent CPA, companies shall file the letter of awareness as required in Section 500.1009(2). Foreign and approved surplus lines insurers are not required to file copies of the above letters unless requested. If a foreign or approved surplus lines insurer does not file the letters when requested, the filing (audited financial statement) will be rejected and the insurer will be subject to the penalties for failure to file and/or making an incomplete filing. An insurer may make written application to the Director for approval to file a consolidated or combined independent audit in lieu of separate audited financial statements. Section 1011 of the Michigan Insurance Code and the NAIC Annual Statement Instructions describe the conditions under which an insurer may request approval to file audited consolidated or combined financial statements. For foreign insurers making this application, Michigan will rely on the request and approval of the domiciliary state. Insurers will only need to file these documents upon request. Notification See Michigan Insurance Law 500.1015. Adverse Financial Condition: Р Report on Unremediated Material See Michigan Insurance Law 500.1017. Weaknesses in Internal Controls: Request for Exemption: See Michigan Insurance Law 500.1023. Holding Company Registration: INSURANCE HOLDING COMPANY ACT FORMS AND INSTRUCTIONS CAN BE FOUND ON THE DIFS WEBSITE AT www.michigan.gov/difs/ All domestic insurers who are a member of a holding company system and all other insurers subject to registration under Michigan's Holding Company Act must file holding company registration statements, including exhibits, by May 1, 2025. Only a few foreign insurers are subject to registration under Michigan's Holding Company Act. Unless DIFS has notified a foreign insurer that it must file a Form B in Michigan, no filing is required.

For insurers subject to registration under Section 1324:

- a) Annual Form B and C registration statements must be filed by May 1. Annual Enterprise Risk Reports (Form F) must be filed by May 1. Annual Group Capital Calculation and results of the NAIC Liquidity Stress Test must be filed by May 1, if applicable.
- b) The Form B, Form C, Form F, Annual Group Capital Calculation, and results of the NAIC Liquidity Stress Test statements are to be in accordance with Michigan's Holding Company Act, rules, bulletins and orders. The biographical information included in the Form B should include the home address for each director and executive officer.
- If there has been no change from the previous year, the statement must be restated rather than indicating "no change."
- d) Audited financial statements of the registrant's ultimate controlling business entity (e.g., a corporation, organization, limited liability company, or other legal entity) must be included in the filing.
- e) If a person or persons ultimately controlling the insurer is an individual or group of individuals, that person must file information disclosing the financial position of that individual or group of individuals.
- f) The ultimate controlling person, whether an individual or corporation, should include in the Form B, financial statements that contain the financial results of each intermediary company that may have affiliated transactions with the insurer. The financial statements can be in the form of consolidated financial statements for the holding company that provides a schedule that provides the financial condition of each company or individual. Financial statements for each company can be filed with the Form B.
- g) If an individual is the ultimate controlling person of an insurer, the Form B holding company registration statement is to be signed and certified by that individual.
- h) The Michigan Holding Company Act provides for substantial penalties for late or incomplete filings (see Section 1371). Late or incomplete submissions are also subject to penalties under Section 438(5).
- i) If during the year there are any material changes to information filed in the annual registration statement, an amendment is due no later than 15 days after the end of the month in which the change occurred.

#### QUALIFYING ASSETS FORM INSTRUCTIONS

FIS 0063 Valuation of Section 411 Trusteed Assets under Section 901 (Branch Operations of All Non-U.S. Property and Casualty, Life, Accident and Health Insurers Using Michigan as Port of Entry)

FIS 0076 Property & Casualty Insurers Qualifying Assets under Section 901

FIS 0082 Non-Insurance Entity Qualifying Assets under Section 901(1)

**Note:** These qualifying asset forms immediately follow these instructions.

Please review Section 901 when completing the qualifying assets form to fully understand the provisions of this section. Section 901 can be viewed by clicking on this web site link: <a href="http://legislature.mi.gov/doc.aspx?mcl-500-901">http://legislature.mi.gov/doc.aspx?mcl-500-901</a>.

Compliance with Section 901(1) of the Michigan Insurance Code is the obligation of each domestic insurer. All domestic insurers must complete a qualifying assets form to determine compliance with Section 901(1). Review the qualifying assets forms listed above to determine which form is appropriate for the type of insurer.

U.S. Branches of Non-U.S. Insurers using Michigan as a port of entry must maintain assets in accordance with Section 431c of the Michigan Insurance Code. The trusteed assets shall be valued and limited in accordance with Section 901 of the Code. The branch must complete a qualifying assets form to determine compliance with Section 431c. Review the qualifying asset forms listed above to determine which form is appropriate for the type of insurer.

These instructions provide general guidance. Insurers must complete the appropriate form in compliance with the requirements of Chapter 9 of the Michigan Insurance Code. Return completed forms with required attachments to DIFS on or before the due date of March 1, 2024. Please do not submit completed forms within bound financial statements.

Companies must staple all pages and qualifying asset forms prepared for subsidiaries where value is reported on Lines 22 and 23 of the reporting entities' qualifying assets form. If a subsidiary is also a licensed insurer in Michigan, that insurer should staple its qualifying assets form separately and paper clip the form to the parent's form.

Assets pledged as collateral by another entity in the holding company system should not be reported as qualifying assets under Section 901 of the Michigan Insurance Code.

**DO NOT USE LAST YEAR'S FORMS.** Blank forms follow these instructions. Blank forms may be photocopied as needed and are available on the DIFS website.

If you have questions about completion of qualifying asset forms, contact the Office of Insurance Evaluation at (517) 284-8762.

APPENDIX III:

INSTRUCTIONS FOR PREPARING AND SUBMITTING THE CORPORATE GOVERANCE ANNUAL DISCLOSURE FILING

MCL 500.1757(1) requires insurers to annually (no later than June 1) file a corporate governance annual disclosure (CGAD) with the Michigan Department of Insurance and Financial Services. The following provides filing procedures and guidance on the required content of the CGAD.

#### (A) Filing Procedures:

- (1) An insurer, or the insurance group of which the insurer is a member, required to file a CGAD under section 1757 of the Michigan Insurance Code, shall, no later than June first of each calendar year, submit to the director a CGAD that contains the information described in subsection (B) below.
- (2) The CGAD must include a signature of the insurer's or insurance group's chief executive officer or corporate secretary attesting to the best of that individual's belief and knowledge that the insurer or insurance group has implemented the corporate governance practices and that a copy of the CGAD has been provided to the insurer's or insurance group's board or the appropriate committee thereof.
- (3) The insurer or insurance group shall have the discretion regarding the appropriate format for providing the information required by these instructions and is permitted to customize the CGAD to provide the most relevant information necessary to permit the director to gain an understanding of the corporate governance structure, policies and practices utilized by the insurer or the insurance group.
- (4) For purposes of completing the CGAD, the insurer or insurance group may choose to provide information on governance activities that occur at the ultimate controlling parent level, an intermediate holding company level, and/or the individual legal entity level, depending upon how the insurer or insurance group has structured its system of corporate governance. The insurer or insurance group is encouraged to make the CGAD disclosures at the level at which the insurer's or insurance group's risk appetite is determined, or at which the earnings, capital, liquidity, operations, and reputation of the insurer are overseen collectively and at which the supervision of those factors are coordinated and exercised, or the level at which legal liability for failure of general corporate governance duties would be placed. If the insurer or insurance group determines the level of reporting based on these criteria, it shall indicate which of the three criteria was used to determine the level of reporting and explain any subsequent changes in level of reporting.
- (5) Notwithstanding subsection (1) above, and as outlined in section 1757 of the Michigan Insurance Code, if the CGAD is completed at the insurance group level, then it must be filed with the lead state of the group as determined by the procedures outlined in the most recent financial analysis handbook adopted by the NAIC. In these instances, a copy of the CGAD must also be provided, upon request, to the chief regulatory official of any state in which the insurance group has a domestic insurer.
- (6) An insurer or insurance group may comply with these instructions by referencing other existing documents, such as an own risk and solvency assessment (ORSA) summary report, holding company Form B or F filings, securities and exchange commission proxy statements, foreign regulatory reporting requirements, etc., if the documents provide information that is comparable to the information described in subsection (B) below. The insurer or insurance group shall clearly reference the location of the relevant information within the CGAD and attach the referenced document if it is not already filed with the department.
- (7) Each year following the initial filing of the CGAD, the insurer or insurance group shall file an amended version of the previously filed CGAD, indicating revisions made, or a copy of the prior year filing with a dated statement indicating that no changes have been made in the information or activities reported in the previous year CGAD.

#### (B) Contents of corporate governance annual disclosure:

- (1) The insurer or insurance group shall be as descriptive as possible in completing the CGAD, with inclusion of attachments or example documents that are used in the governance process, since these may provide a means to demonstrate the strengths of their governance framework and practices.
- (2) The CGAD shall describe the insurer's or insurance group's corporate governance framework and structure including consideration of the following:

- (a) The board and various committees thereof ultimately responsible for overseeing the insurer or insurance group and the level(s) at which that oversight occurs, such as ultimate control level, intermediate holding company, legal entity, etc. The insurer or insurance group shall describe and discuss the rationale for the current board size and structure; and
- (b) The duties of the board and each of its significant committees and how they are governed, such as bylaws, charters, informal mandates, etc., as well as how the board's leadership is structured, including a discussion of the roles of chief executive officer and chairman of the board within the organization.
- (3) The insurer, or insurance group, shall describe the policies and practices of the most senior governing entity and significant committees thereof, including a discussion of the following factors:
  - (a) How the qualifications, expertise and experience of each board member meet the needs of the insurer or insurance group;
  - (b) How an appropriate amount of independence is maintained on the board and its significant committees:
  - (c) The number of meetings held by the board and its significant committees over the past year as well as information on director attendance;
  - (d) How the insurer or insurance group identifies, nominates and elects members to the board and its committees. The discussion should include, for example:
    - (i) Whether a nomination committee is in place to identify and select individuals for consideration;
    - (ii) Whether term limits are placed on directors;
    - (iii) How the election and re-election processes function; and
    - (iv) Whether a board diversity policy is in place and if so, how it functions.
  - (e) The processes in place for the board to evaluate its performance and the performance of its committees, as well as any recent measures taken to improve performance, including any board or committee training programs that have been put in place.
- (4) The insurer or insurance group shall describe the policies and practices for directing senior management, including a description of the following factors:
  - (a) Any process or practices, such as suitability standards, to determine whether officers and key persons in control functions have the appropriate background, experience and integrity to fulfill their prospective roles, including:
    - (i) Identification of the specific positions for which suitability standards have been developed and a description of the standards employed; and
    - (ii) Any changes in an officer's or key person's suitability as outlined by the insurer's or insurance group's standards and procedures to monitor and evaluate such change.
  - (b) The insurer's or insurance group's code of business conduct and ethic, the discussion of which considers, for example:
    - (i) Compliance with laws, rules, and regulations; and

- (ii) Proactive reporting of any illegal or unethical behavior.
- (c) The insurer's or insurance group's processes for performance evaluation, compensation and corrective action to ensure effective senior management throughout the organization, including a description of the general objectives of significant compensation programs and what the programs are designed to reward. The description shall include sufficient detail to allow the director to understand how the organization ensures that compensation programs do not encourage and/or reward excessive risk taking. Elements to be discussed may include, for example:
  - (i) The board's role in overseeing management compensation programs and practices;
  - (ii) The various elements of compensation awarded in the insurer's or insurance group's compensation programs and how the insurer or insurance group determines and calculates the amount of each element of compensation paid;
  - (iii) How compensation programs are related to both company and individual performance over time;
  - (iv) Whether compensation programs include risk adjustments and how those adjustments are incorporated into the programs for employees at different levels;
  - (v) Any claw-back provisions built into the programs to recover awards or payments if the performance measures upon which they are based are restated or otherwise adjusted; and
  - (vi) Any other factors relevant in understanding how the insurer or insurance group monitors its compensation policies to determine whether its risk management objectives are met by incentivizing its employees.
- (d) The insurer's or insurance group's plans for Chief Executive Officer and senior management succession.
- (5) The insurer or insurance group shall describe the processes by which the board, its committees and senior management ensure an appropriate amount of oversight to the critical risk areas impacting the insurer's business activities including a discussion of:
  - (a) How oversight and management responsibilities are delegated between the board, its committees, and senior management;
  - (b) How the board is kept informed of the insurer's strategic plans, the associated risks, and steps that senior management is taking to monitor and manage those risks;
  - (c) How reporting responsibilities are organized for each critical risk area.

The description should allow the director to understand the frequency at which information on each critical risk area is reported to and reviewed by senior management and the board. This description may include, for example, the following critical risk areas of the insurer:

- (i) Risk management processes. An insurer, or the insurance group of which the insurer is a member, that files an ORSA summary report with the director pursuant to section 1707 of the Michigan Insurance Code may refer to its ORSA summary report;
- (ii) Actuarial function;
- (iii) Investment decision-making processes;

- (iv) Reinsurance decision-making processes;
- (v) Business strategy/finance decision-making processes;
- (vi) Compliance function;
- (vii) Financial reporting/internal auditing; and
- (viii) Market conduct decision-making processes.

Senior management as referenced in these instructions means any corporate officer responsible for reporting information to the board of directors at regular intervals or providing this information to shareholders or regulators and shall include, for example and without limitation, the Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Chief Procurement Officer, Chief Legal Officer, Chief Information Officer, Chief Technology Officer, Chief Revenue Officer, Chief Visionary Officer, or any other "C" level executive.
