

## PBM Network Adequacy SERFF Requirements

The following information is required to be submitted with each PBM Network Adequacy filing.

### General Information

The following fields must be provided:

- Filing Description – Include a description of the information contained in the filing, including whether the company is requesting a Network Adequacy Request for Waiver for any network(s).
- Effective Date Requested (New) – Select “On Approval”.

### Rate/Rule Schedule

Do not make any updates or attach any documentation to this tab.

### Supporting Documentation

At a minimum, the company must submit the completed [FIS 2390 PBM Network Adequacy Template](#) and attach to the PBM Network Adequacy Report requirement.

If the PBM is applying for a network adequacy waiver, the PBM must submit both of the following:

- [FIS 2387 PBM Network Adequacy Request for Waiver Form](#)
- PBM Exhibits

### Companies and Contacts

SERFF will require PBM’s to enter contact information each time a filing is submitted.

### Filing Fees

N/A

### Filing Correspondence

N/A for new submission unless you wish to post a Note to Reviewer.

Please direct questions regarding network adequacy requirements and submissions to [DIFS-PBMNetworks@michigan.gov](mailto:DIFS-PBMNetworks@michigan.gov).
