1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The accompanying financial statements of Zing Health of Michigan, Inc. (the "Company"), are presented on the basis of accounting practices prescribed or permitted by the Michigan Department of Insurance and Financial Services (the "Department").

The Department recognizes Statutory Accounting practices prescribed or permitted by the State of Michigan for determining and reporting the financial condition and results of the operation of the insurance company and for determining its solvency under the Michigan Law. The Department has adopted the National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures Manual as its statutory accounting principle (SAP) basis. Prescribed accounting practices are those practices which are incorporated directly or by reference to state laws, regulations and general administrative rules applicable to all insurance enterprises domiciled in a particular state. Permitted accounting practices include deviation from NAIC SAP and state prescribed accounting practices specifically requested by an insurer and granted by the Insurance Division.

The Department has approved no permitted practices for the Company that differ from NAIC SAP or state prescribed accounting practices. A reconciliation of the Company's net income and capital surplus between NAIC SAP and practices prescribed and permitted by the department are shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of the financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Health premiums received are recognized as income in the month of coverage. Premiums are reported net of reinsurance. Claims are reported based on the service date of services rendered. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, will be charged to operations as incurred. Expenses for management and administration of the organization are charged to operations as incurred. Net investment income is reported on an accrual basis net of investment expenses.

The Company uses the following accounting policies:

- (1) Short-term investments Not Applicable
- (2) Bonds are stated at amortized cost using the straight-line method.
- (3) Common stocks Not Applicable
- (4) Preferred stocks Not Applicable
- (5) Mortgage loans Not Applicable
- (6) Loan-backed securities Not Applicable
- (7) Investments in subsidiaries, controlled and affiliated entities Not Applicable
- (8) Investments in joint ventures, partnerships and limited liability companies Not Applicable
- (9) Derivatives Not Applicable
- (10) Premium deficiency reserve

The Company does not anticipate investment income when evaluating the need for premium deficiency reserves.

(11) Method of establishing claim and CAE reserves:

Zing uses a historical completion factor approach in conjunction with Inpatient authorization data to develop claim reserve estimates for part C. An additional explicit 5% margin is added to the actuarial best estimate of IBNR as a provision for adverse deviation.

Medicare Part D (Rx) is based on actual Pharmacy Benefits Management (PBM) invoiced amounts. Based on timing of weekly invoices from the PBM, an additional accrual is added to cover the span from the last day covered by the Part D invoices to end of month. Since pharmacy scripts are filled immediately at the point of service, no additional IBNR accruals are added to the pharmacy invoice amounts received by the PBM month.

Claim Adjustment Expense Reserves:

Claims adjustment expense booked is equal to 3% of the IBNR estimate.

1. Summary of Significant Accounting Policies and Going Concern (Continued)

(12) Capitalization Policy:

Zing Health of Michigan, Inc. does not possess any fixed assets given the services requiring the acquisition of fixed assets are covered by the Management Services Agreement filed with the Department of Insurance (Form D). These services are provided by Zing Health Holdings, Inc.

Zing Health Holdings, Inc. does have a formal capitalization and depreciation policy that guides its accounting, which can be submitted upon request to the Department of Insurance.

(13) The method used to estimate pharmaceutical rebate receivables:

Pharmacy rebates are estimated at \$256.25 per brand script based on actuarial guidance and the Company's contract with its Pharmacy Benefit Management Company, Elixir.

D. Going Concern

Based upon its evaluation of relevant conditions and events, management does not have substantial doubt about the Company's ability to continue as a going concern.

2. Accounting Changes and Corrections of Errors

In 2023, the Company discovered an error in the recording of claims unpaid as of December 31, 2022. The correction of this error was recorded as a prior period adjustment within unassigned surplus as of June 30, 2023.
