1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The financial statements of Align Senior Care MI, LLC (the Company), are presented on the basis of accounting practices prescribed or permitted by the State of Michigan Department of Insurance and Financial Services (the Department).

The Department recognizes Statutory Accounting practices prescribed or permitted by the State of Michigan for determining and reporting the financial condition and results of the operation of the insurance company, and for determining its solvency under the Michigan Law. The Department has adopted the National Association of Insurance Commissioners’ (NAIC) Accounting Practices and Procedures Manual as its statutory accounting principle (SAP) basis. Prescribed accounting practices are those practices which are incorporated directly or by reference to state laws, regulations and general administrative rules applicable to all insurance enterprises domiciled in a particular state. Permitted accounting practices include deviation from NAIC SAP and state prescribed accounting practices specifically requested by an insurer and granted by the Insurance Division.

The Company is a Michigan-based Medicare Advantage Organization operating a I-SNP and C-SNP in a limited geographic region in Michigan. The Company’s service area includes participating LTC facilities located in Michigan. The Company’s target population are institutionalized Medicare beneficiaries who reside or are expected to reside in a contracted LTC facility. This plan is offered in Allegan, Genesee, Jackson, Kalamazoo, Kent, Livingston, Macomb, Monroe, Muskegon, Newaygo, Oakland, Ottawa, Washtenaw, and Wayne Counties.

The Department has approved no permitted practices for the Company that differ from NAIC SAP or state prescribed accounting practices. A reconciliation of the Company’s net income and capital surplus between NAIC SAP and practices prescribed and permitted by the department are shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of the financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

The Company is a Medicare HMO that provides medical coverage to members who qualify under the Federal Medicare guidelines. Premiums collected are recognized as revenue during the months of coverage. Medical Loss Ratio (MLR) rebates are mandated by the Public Health Service Act. Rebates are accrued if the ratio of medical losses to premiums is below the specified minimum of 85% for Medicare Advantage plans. Premiums are reported net of reinsurance and MLR rebates.

Net investment income earned consists primarily of interest less investment related expenses. Interest is recognized on an accrual basis. Net realized capital gains (losses) are recognized on a specific identification basis when securities are sold, redeemed or otherwise disposed. Realized capital losses include write-downs for impairments considered to be other than temporary. Expenses for management and administration of the organization, including acquisition costs such as marketing, are charged to operations as incurred.

In addition, the Company uses the following accounting policies:

Notes to the Financial Statements

1. Summary of Significant Accounting Policies and Going Concern (Continued)

(11) Claim reserves are estimated based on five key service categories (i.e., inpatient, SNF, outpatient, emergency room, and therapy). Inpatient, SNF and therapy IBNR estimates are based on a review of open authorizations priced at a reasonable cost per service. Outpatient services and emergency room services IBNR estimates are established based on a run-rate historical cost per member for similar services at comparable plans. Management review is used to ensure the final incurred claims approximate a reasonable final incurred amount for each service. It is important to note that IBNR estimates are subject to favorable or unfavorable changes until sufficient claim experience is developed in the plan to minimize variations in estimation. Loss adjustment expense is typically estimated at 4% of total IBNR reserves and is generally reserved prior to year-end.

(12) Changes in capitalization policy - Not Applicable

(13) Navitus Health Solutions collects rebates pursuant to contracts with pharmaceutical manufacturers and that are directly attributable to the Formulary and Covered product utilization. 23. Reinsurance

- A. Ceded Reinsurance Report
- The plan has a reinsurance contract with PartnerRe, on an incurred claim basis. The objective of this reinsurance agreement is to mitigate the financial losses that could be incurred due to a medical expense from a catastrophic event. Reinsurance does not legally discharge us from our primary liability to the insured for the full amount of the policies, but it does make the reinsurer liable to us to the extent of the reinsured portion of any loss ultimately suffered.
- The premiums are based on a per-member-per-month rate and are paid monthly. The policy provides stop-loss coverage for individual members exceeding the reinsurance attachment point. The coverage period runs from January 2023 to December 2023. The policy covers 100% of covered expenses which exceed \$225,000 during each covered calendar year.

Section 1 – General Interrogatories

- (1) Are any of the reinsurers, listed in Schedule S as non-affiliated, owned in excess of 10% or controlled, either directly or indirectly, by the company or by any representative, officer, trustee, or director of the company?
Yes () No (X)
- (2) Have any policies issued by the company been reinsured with a company chartered in a country other than the United States (excluding U.S. Branches of such companies) that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor or any other person not primarily engaged in the insurance business?
Yes () No (X)

Section 2 – Ceded Reinsurance Report – Part A

- (1) Does the company have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than for nonpayment of premium or other similar credits?
Yes () No (X)
- (2) Does the reporting entity have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts that, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premium collected under the reinsured policies?
Yes () No (X)

Section 3 – Ceded Reinsurance Report – Part B

- (1) What is the estimated amount of the aggregate reduction in surplus, (for agreements other than those under which the reinsurer may unilaterally cancel for reasons other than for nonpayment of premium or other similar credits that are reflected in Section 2 above) of termination of ALL reinsurance agreements, by either party, as of the date of this statement? Where necessary, the company may consider the current or anticipated experience of the business reinsured in making this estimate. \$
- (2) Have any new agreements been executed or existing agreements amended, since January 1 of the year of this statement, to include policies or contracts that were in force or which had existing reserves established by the company as of the effective date of the agreement?
Yes () No (X)

- B. Uncollectible Reinsurance - Not Applicable
- C. Commutation of Reinsurance Reflected in Income and Expenses - Not Applicable
- D. Certified Reinsurer Rating Downgraded or Status Subject to Revocation - Not Applicable
- E. Reinsurance Credit - Not Applicable

- B. Method Used to Record

Notes to the Financial Statements

24. Retrospectively Rated Contracts & Contracts Subject to Redetermination (Continued)

C. Amount and Percent of Net Retrospective Premiums

All direct premiums written are relating to Medicare Advantage plans and therefore subject to retrospective adjustment based in the CMS programs. Premiums for Medicare Advantage plans are adjusted based on the risk score of the enrolled members. The plan accrues revenue for known changes to members risks scores using the model published by CMS.

D. Medical Loss Ratio Rebates Required Pursuant to the Public Health Service Act

The Company is subject to the minimum loss ratio rebate provisions of the Patient Protection and Affordable Care Act (PPACA). PPACA will require payments to customers covered under the Company’s comprehensive medical insurance if certain minimum medical loss ratios are met. Since the accrual reflects the amount of the rebate that would be payable based on year-to-date estimated medical loss ratios, the amount of the rebate will fluctuate as actual claim experience develops each calendar quarter. The Company did not accrue any MLR rebate for the current reporting period.

E. Risk-Sharing Provisions of the Affordable Care Act (ACA) - Not Applicable
