NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The accompanying statutory financial statements of Aetna Health of Michigan Inc. (the "Company"), indirectly a wholly-owned subsidiary of CVS Health Corporation ("CVS Health"), have been prepared in conformity with accounting practices prescribed or permitted by the Michigan Department of Insurance and Financial Services ("Michigan Department") ("Michigan Accounting Practices"). The Michigan Department recognizes statutory accounting practices prescribed or permitted by the State of Michigan for determining and reporting the financial condition and results of operations of an insurance company, which include accounting practices and procedures adopted by the National Association of Insurance Commissioners' ("NAIC") *Accounting Practices and Procedures Manual* ("NAIC SAP").

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Michigan for the years ending December 31, 2023 and 2022 is as follows:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of these financial statements in conformity with Michigan Accounting Practices requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and revenue and expenses. Actual results could differ from those estimates.

C. Accounting Policies

The Company applies the following significant accounting policies:

(1) Cash, Cash Equivalents and Short-Term Investments

Cash, cash equivalents and short-term investments, consisting primarily of money market instruments and other debt issues with an original maturity of up to one year, are carried at amortized cost. Short-term investments consist primarily of investments purchased with an original maturity date of greater than three months but less than one year. Cash equivalents consist of highly liquid instruments, which mature within three months from the date of purchase. The carrying amount of cash, cash equivalents and short-term investments approximates fair value. Cash accounts with positive balances shall not be reported separately from cash accounts with negative balances. If in the aggregate, the reporting entity has a net negative cash balance, it shall be reported as a negative asset and shall not be recorded as a liability.

(2) Bonds

Bonds, which include special deposits, are carried at amortized cost except for those bonds with an NAIC designation of 3 through 6, which are carried at the lower of amortized cost or fair value. The amount carried at fair value is not material to the financial statements. Bond premiums and discounts are amortized using the scientific interest method. When quoted prices in active markets for identical assets are available, the Company uses these quoted market prices to determine the fair value of bonds. This is used primarily for U.S. government securities. In other cases where a quoted

NOTES TO FINANCIAL STATEMENTS

market price for identical assets in an active market is either not available or not observable, the Company estimates fair values using valuation methodologies based on available and observable market information or by using a matrix pricing model. If quoted market prices are not available, the Company determines fair value using broker quotes or an internal analysis of each investment's financial performance and cash flow projections. The Company had no investments where fair value was determined using broker quotes or an internal analysis of financial performance and cash flow projections at December 31, 2023 or 2022. Bonds include all investments whose maturity is greater than one year when purchased. All adjustments between amortized cost and carrying value are reflected in unrealized capital gains and losses and are reported as direct adjustments to surplus.

Bonds are recorded as purchases or sales on the trade date.

The Company analyzes all relevant facts and circumstances for each investment when performing its analysis to determine whether an OTTI exists. Among the factors considered in evaluating whether a decline is other-than-temporary, management considers whether the decline in fair value results from a change in the quality of the investment security itself, whether the decline results from a downward movement in the market as a whole, the prospects for realizing the carrying value of the bond based on the investee's current and short-term prospects for recovery and other factors. The risks inherent in assessing the impairment of an investment include the risk that market factors may differ from the Company's expectations and the risk that facts and circumstances factored into its assessment may change with the passage of time. Unexpected changes to market factors and circumstances that were not present in past reporting periods may result in a current period decision to sell securities that were not other-than-temporarily-impaired in prior reporting periods.

The Company had no Securities Valuation Office-identified investments that are being reported at a different measurement method from the prior year annual statement.

(3) Common Stocks

Common stocks are recorded as purchases or sales on the trade date. Common stocks are carried at fair value. Declines in the cost basis deemed to be OTTI are recognized as realized capital losses.

(4) Preferred Stocks

The Company did not own any preferred stock at December 31, 2023 or 2022.

(5) Mortgage Loans

The Company did not have any mortgage loans at December 31, 2023 or 2022.

(6) Loan-Backed and Structured Securities

The Company did not have any loan-backed and structured securities at December 31, 2023 or 2022.

(7) Investments in Subsidiaries, Controlled or Affiliated Companies

The Company did not have any investments in subsidiaries, controlled or affiliated companies at December 31, 2023 or 2022.

(8) Investments in Joint Ventures, Partnerships and Limited Liability Companies

The Company did not have any investments in any joint ventures, partnerships and limited liability companies at December 31, 2023 or 2022.

(9) Derivatives

The Company did not have any derivatives at December 31, 2023 or 2022.

(10) Aggregate Health Policy Reserves and Related Expenses

Premium deficiency reserves ("PDR") are recognized when it is probable that the expected future hospital and medical costs, including maintenance costs, will exceed anticipated future premiums and reinsurance recoveries on existing contracts. Anticipated investment income is not considered in the calculation of any PDR. For purposes of calculating a PDR, contracts are grouped in a manner consistent with the method of acquiring, servicing and measuring the profitability of such contracts.

Unearned premium reserves ("UEP") are recognized for premiums that are recorded by the Company that have not been earned as of the statement date. The Company had no UEP at December 31, 2023 and 2022.

The Company is required to make premium rebate payments to customers that are enrolled under certain health insurance policies if specific minimum annual medical loss ratios ("MLR") were not met in the prior year. The Company had no MLR rebates at December 31, 2023 and 2022.

NOTES TO FINANCIAL STATEMENTS

For Medicare plans, the Company's annual contract with Centers for Medicare & Medicaid Services ("CMS") provides a risk-sharing arrangement to limit exposure to unexpected expenses. The risk-sharing arrangement provides a risk corridor whereby the amount the Company received in premiums from members and CMS based on its annual bid is compared to actual drug costs incurred during the contract year. Based on the risk corridor provision and Part D activity-to-date, estimated risk-sharing payables of \$2,404,258 and \$2,349,202 were included in aggregate health policy reserves in the Statutory Statements of Liabilities, Capital and Surplus at December 31, 2023 and 2022, respectively.

The Company reported liabilities associated with contracts subject to redetermination as aggregate health policy reserves in accordance with SSAP No. 54 - Revised - *Individual and Group and Accident Health Contracts* ("SSAP No. 54"). Liabilities associated with estimated adjustments to premium payments to the Company's Medicare plans based on the health status of its Medicare members are included as part of the Company's contracts subject to redetermination. Amounts related to these liabilities are \$6,450,690 and \$235,463 and are included in aggregate health policy reserves at December 31, 2023 and 2022, respectively.

(11) Hospital and Medical Costs and Claims Adjustment Expenses and Related Reserves

Hospital and medical costs consist principally of fee-for-service medical claims and capitation costs. Claims unpaid and aggregate health claim reserves include the Company's estimate of payments to be made on claims reported but not yet paid and for health care services rendered to enrollees but not yet reported to the Company as of the Statutory Statements of Assets and Liabilities, Capital and Surplus date. Such estimates are developed using actuarial principles and assumptions, which consider, among other things, historical and projected claim submission and processing payment patterns, medical cost trends, historical utilization of health care services, claim inventory levels, medical inflation, contract requirement changes in membership and product mix, seasonality and other relevant factors. The Company reflects changes in estimates in hospital and medical costs in the Statutory Statements of Revenue and Expenses in the period they are determined. Capitation costs, which are recorded in hospital and medical expenses in the Statutory Statements of Revenue and Expenses, represent contractual monthly fees paid to participating physicians and other medical providers for providing medical care, regardless of the medical services provided to the enrollee.

The Company uses the triangulation method to estimate reserves for claims incurred but not reported. The method of triangulation makes estimates of completion factors that are then applied to the total paid claims (net of coordination of benefits) to date for each incurral month. This provides an estimate of the total projected incurred claims and total amount outstanding or claims incurred but not reported (claims unpaid). For the most current dates of service where there is insufficient paid claim data to rely solely on the triangulation method, the Company examines cost and utilization trends as well as environmental factors, plan changes, provider contracts, changes in membership and/or benefits, and historical seasonal patterns to estimate the reserve required for these months.

Claims adjustment expenses, which include cost containment expenses, represent the costs incurred related to the claim settlement process such as costs to record, process and adjust claims. These expenses are included in the Company's management agreement with an affiliate described in Note 10.

(12) Capitalization Policy

The Company has not modified its capitalization policy from the prior period.

(13) Pharmaceutical Rebate Receivables

The Company estimates pharmaceutical rebate receivables based upon historical payment trends, actual utilization and other variables. Pharmaceutical rebates for a quarter are billed to the vendor within one month of the completion of the quarter with any adjustment to previously recorded amounts reflected at the time of billing. The Company reports pharmaceutical rebate receivables as health care receivables. Pharmacy rebate receivables not in accordance with SSAP No. 84 – *Health Care and Government Insured Plan Receivables* or are over 90 days past due are nonadmitted. All rebates are processed and settled monthly with an affiliated entity, including adjustments to previously billed periods. The pharmaceutical rebate receivables are more fully discussed in Note 28.

(14) Premiums and Amounts Due and Unpaid

Prepaid premium revenue for health care products is recognized as income in the month in which enrollees are entitled to health care services. Premiums collected before the effective period are reported as premiums received in advance. Premiums related to unexpired contractual coverage periods are reported as unearned premiums and are included in aggregate health policy reserves in the Statutory Statements of Liabilities, Capital and Surplus.

Nonadmitted amounts consist of all premiums due and unpaid greater than 90 days past due, with the exception of amounts due under government insured plans, which may be admitted assets under certain circumstances. In addition, for any customer for which the premiums due and unpaid greater than 90 days past due is more than a de minimus portion of the entire balance of premiums due and unpaid for that customer, the entire balance of premiums due and unpaid for that customer is nonadmitted. Management also performs a specific review of accounts and based on the results of the review, additional amounts may be nonadmitted. Uncollectible amounts are generally written-off and charged to revenue in the period in which the customer reconciliations are completed and agreed to by the customer (retroactivity) or when the account is determined to be uncollectible by the Company.

Through the Company's Medicare Advantage Part D annual contract with CMS, the Company receives monthly premium payments from CMS and members, as determined by the Company's annual bid process. The Company recognizes the revenue related to the CMS contract ratably over the term of its annual contract.

NOTES TO FINANCIAL STATEMENTS

The CMS payment is subject to risk sharing provisions through the CMS risk corridor provision, which is accounted for as a retrospectively rated contract in accordance with SSAP No. 66 - *Retrospectively Rated Contracts*. Receivables related to the CMS risk corridor provision are included in accrued retrospective premiums and contracts subject to redetermination on the Statutory Statements of Assets.

The Company's CMS payment is also subject to the CMS risk adjustment process for each member, which is accounted for as a contract subject to redetermination in accordance with SSAP No. 54. Receivables related to the CMS risk adjustment process are included in accrued retrospective premiums and contracts subject to redetermination on the Statutory Statements of Assets.

(15) Aggregate Health Claim Reserves

The reserve for future contingent benefits includes the estimated cost of services that will continue to be incurred after the Statutory Statements of Liabilities, Capital and Surplus date if the Company is obligated to pay for such services in accordance with contract provisions or regulatory requirements. These balances are recorded in aggregate health claim reserves in the Statutory Statements of Liabilities, Capital and Surplus and are estimated using a percentage of current hospital and medical costs, which is based on the Company's historical cost experience.

(16) Investment Income Due and Accrued

Accrued investment income consists primarily of interest. Interest is recognized on an accrual basis and dividends are recorded as earned on the ex-dividend date. Due and accrued income is not recorded on: (a) bonds in default; and (b) bonds delinquent more than 90 days or where collection of interest is improbable. At December 31, 2023 and 2022, the Company did not have any nonadmitted investment income due and accrued.

(17) Covered and Uncovered Expenses and Related Liabilities

Covered expenses and related liabilities represent costs for health care expenses for which a member is not responsible in the event of the insolvency of the Company. Uncovered expenses and related liabilities represent costs to the Company for health care services that are the obligation of the Company and for which a member may also be liable in the event of the Company's insolvency.

(18) Reinsurance

In the normal course of business, the Company seeks to reduce the loss that may arise from catastrophes or other events that cause unfavorable underwriting results and to help balance its risks and capital by reinsuring certain levels of risk with other insurance enterprises. The reinsurance coverage does not relieve the Company of its primary obligations. Reinsurance premiums and reserves related to reinsured business are accounted for on a basis consistent with those used in accounting for the original policies issued and the terms of the reinsurance contracts. Premiums and claims ceded and the related unpaid reserves have been reported as reductions of these items. The reinsurance agreements are more fully discussed in Note 23.

(19) Federal and State Income Taxes

Aetna Inc. ("Aetna") and its wholly-owned subsidiaries are included in the consolidated federal income tax return of its ultimate parent company, CVS Health, pursuant to the terms of a tax sharing agreement. In accordance with the agreement, the Company's current federal and state income tax provisions are generally computed as if the Company were filing a separate federal and state income tax return; current income tax benefits, including those resulting from net operating losses, are recognized to the extent expected to be realized in the consolidated return. Pursuant to the agreement, the Company has the enforceable right to recoup federal and state income taxes paid in prior years in the event of future net losses, which it may incur, or to recoup its net losses carried forward as an offset to future net income subject to federal and state income taxes.

Income taxes are accounted for under the asset and liability method. Deferred income tax assets ("DTAs") and liabilities ("DTLs") represent the expected future tax consequences of temporary differences generated by statutory accounting as defined in SSAP No. 101 - *Income Taxes*. DTAs and DTLs are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. DTAs and DTLs are computed by means of identifying temporary differences which are measured using a balance sheet approach whereby statutory and tax basis balance sheets are compared. Current income tax recoverables include all current income taxes, including interest, reasonably expected to be recovered in a subsequent accounting period.

Pursuant to SSAP No. 101, gross DTAs are first reduced by a statutory valuation allowance adjustment to an amount that is more likely than not to be realized ("adjusted gross DTAs"). Adjusted gross DTAs are then admitted in an amount equal to the sum of paragraphs a. b. and c. below:

- a. Federal income taxes paid in prior years that can be recovered through loss carrybacks for existing temporary differences that reverse during a timeframe corresponding with Internal Revenue Code ("IRC") tax loss carryback provisions.
- b. The amount of adjusted gross DTAs, after the application of paragraph a. above, expected to be realized within the applicable period and that is no greater than the applicable percentage as determined using the applicable Realization Threshold Limitation Table. The applicable period refers to the number of years in which the DTA will reverse in the Company's tax return and the applicable percentage refers to the percentage of the

NOTES TO FINANCIAL STATEMENTS

Company's statutory capital and surplus as required to be shown on the statutory balance sheet adjusted to exclude any net DTAs, electronic data processing equipment and operating system software and any net positive goodwill ("Stat Cap ExDTA").

The Realization Threshold Limitation Tables allow DTAs to be admitted based upon either realization within 3 years and 15% of Stat Cap ExDTA, 1 year and 10% of Stat Cap ExDTA, or no DTA admitted pursuant to this paragraph b. In general, the Realization Threshold Limitation Tables allow the Company to admit more DTAs if total DTAs as reported by the Company are a smaller percentage of statutory capital and surplus.

- c. The amount of gross DTAs, after the application of paragraphs a. and b. above that can be offset against existing gross DTLs. In applying this offset, the Company considers the character (i.e. ordinary versus capital) of the DTAs and DTLs such that offsetting would be permitted in the tax return under existing enacted federal income tax laws and regulations and the reversal patterns of temporary differences.

Changes in DTAs and DTLs are recognized as a separate component of gains and losses in surplus ("Change in net deferred income tax") except to the extent allocated to changes in unrealized gains and losses. Changes in DTAs and DTLs allocated to unrealized gains and losses are netted against the related changes in unrealized gains and losses and are reported as "Change in net unrealized capital gains (losses)", also a separate component of gains and losses in surplus.

The Company is subject to state income taxes in various states. State income tax expense is recorded in general administrative expenses in the Statutory Statements of Revenue and Expenses. For the years ended December 31, 2023 and 2022, the Company incurred state income tax expense (benefit) of \$(749,431) and \$255,573, respectively.

The Company had \$164,813 and \$57,615 of state income tax receivables at December 31, 2023 and 2022, respectively. These balances were included as aggregate write-ins for other than invested assets in the Statutory Statements of Assets.

D. Going Concern

As of February 29, 2024, management evaluated whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern and management has determined that it is not probable that the Company will be unable to meet its obligations as they become due within one year after the financial statements are available to be issued. Management will continuously evaluate the Company's ability to continue as a going concern and will take appropriate action and will make appropriate disclosures if there is any change in any condition or events that would raise substantial doubt about the Company's ability to continue as a going concern.

2. Accounting Changes and Corrections of Errors

The Company did not have any accounting changes or correction of errors in the years ended December 31, 2023 and 2022.

3. Business Combinations and Goodwill

The Company was not a part of any business combinations that involved the statutory purchase method, a statutory merger, an assumption reinsurance, or an impairment loss in the years ending December 31, 2023 and 2022.

4. Discontinued Operations

The Company did not have any operations receiving discontinued operations accounting treatment during the years ending December 31, 2023 and 2022.

5. Investments

- A. The Company did not have any mortgage loans, including Mezzanine Real Estate Loans, at December 31, 2023 or 2022.
- B. The Company did not have any debt restructuring in the years ending December 31, 2023 or 2022.
- C. The Company did not have any reverse mortgages at December 31, 2023 or 2022.

Tax Effect of Unrealized Gains/(Losses)			142,319
Change in Net Deferred Income Tax			<u>\$ 178,101</u>

NOTES TO FINANCIAL STATEMENTS

The valuation allowance adjustment to gross DTAs was \$1,728,763 and \$11,163 for December 31, 2023 and 2022, respectively.

- D. The provision for federal income taxes is different from that which would be obtained by applying the statutory federal income tax rate to income before income taxes. The items causing this difference were as follows:

	12/31/2023	Effective Tax Rate	12/31/2022	Effective Tax Rate
Provision computed at statutory rate	\$ (5,759,555)	21.0 %	\$ 709,990	21.0 %
Transfer pricing adjustment	(884,986)	3.2 %	(544,703)	(16.1)%
Change in nonadmitted assets	(401,240)	1.5 %	(62,038)	(1.8)%
Prior year true-up	(8,115)	0.0 %	(1,100)	0.0 %
Change in valuation allowance adjustment	1,717,600	(6.2)%	11,163	0.3 %
Other	(5,368)	0.0 %	—	0.0 %
Total	<u>\$ (5,341,664)</u>	<u>19.5 %</u>	<u>\$ 113,312</u>	<u>3.4 %</u>
Federal and foreign income taxes incurred	\$ (5,163,563)	18.9 %	\$ 1,610,561	47.6 %
Change in net deferred income taxes	(178,101)	0.6 %	(1,497,249)	(44.2)%
Total statutory income taxes	<u>\$ (5,341,664)</u>	<u>19.5 %</u>	<u>\$ 113,312</u>	<u>3.4 %</u>

The transfer pricing adjustment allows taxpayers to apply different methods to price current period intercompany services at arm's length prices (i.e., prices at which unrelated entities would be willing to transact), which results in a permanent deduction for tax reporting purposes.

E.

- (1) At December 31, 2023 and 2022, the Company had no net capital loss or net operating loss carryforwards for tax purposes.
- (2) The amount of federal income taxes incurred that is available for recoupment in the event of future net losses is as follows:

Year	Ordinary	Capital	Total
2023	\$ —	\$ —	\$ —
2022	1,603,535	13	1,603,548
2021	NA	—	—
Total	<u>\$ 1,603,535</u>	<u>\$ 13</u>	<u>\$ 1,603,548</u>

- (3) The Company did not report any deposits as admitted assets under Internal Revenue Code Section 6603 at December 31, 2023 and 2022.

(2) As explained in Note 1, the Company participates in a tax sharing agreement with its parent and affiliates.

- G. The Company does not have any tax loss contingencies for which it is reasonably possible that the total liability will significantly increase within twelve months of the reporting date.
- H. The Company was not subject to the Repatriation Transition Tax at December 31, 2023 and 2022.
- I. The Company did not recognize any gross Alternative Minimum Tax credit at December 31, 2023 and 2022.

The CVS Health consolidated U.S. Federal income tax return filing group, of which the Company is a member, meets the average "adjusted financial statement income" threshold and is required to perform Corporate Alternative Minimum Tax ("CAMT") calculations in 2023. The amount of CAMT payable (expense) or CAMT credit DTA is recognized in accordance with a tax sharing agreement between CVS Health and the Company which is consistent with SSAP No. 101. As of December 31, 2023, the Company has determined that it does not expect to be liable for CAMT in 2023 and did not recognize any CAMT credit DTA.

10. Information Concerning Parent, Subsidiaries, Affiliates, and Other Related Parties

NOTES TO FINANCIAL STATEMENTS

The terms of settlement require that these amounts be settled within 45 days after the end of the calendar quarter.

- E. As of and for the years ended December 31, 2023 and 2022, the Company had the following significant transactions with affiliates:

The Company and Aetna Health Management, LLC (“AHM”) are parties to an administrative services agreement, under which AHM provides certain administrative services, which include but are not limited to, accounting and processing of premiums and claims. Under this agreement, the Company remits a percentage of its earned Medicare premium revenue, as applicable, to AHM as a fee, subject to an annual true up mechanism as defined in the agreement. Under the agreement, this true-up is due to be settled with the affiliate by April 15th of the following contract year (which is January 1 to December 31 annually). The terms of settlement require that these amounts be settled within 45 days after the end of the calendar quarter. For these services, the Company was charged \$66,059,958 and \$47,887,712 in 2023 and 2022, respectively.

The agreement with AHM also enables the Company to receive manufacturers' pharmacy rebates from Caremark-PCS Health, LLC, an affiliate, to deliver pharmacy benefit management services to the Company via AHM. The Company earned pharmaceutical rebates of \$62,993,326 and \$39,749,287, which were recorded as a reduction of medical costs, in 2023 and 2022, respectively.

These agreements also provide for interest on all intercompany balances. Interest earned on amounts due from affiliates was \$397,670 in 2023 and \$153,403 in 2022. Interest incurred on amounts due to affiliates was \$284,978 in 2023 and \$57,437 in 2022.

The Company has an insolvency agreement with Aetna Health Insurance Company (“AHIC”), a wholly-owned subsidiary of CVS Health. This agreement provides that in the event that the Company ceases operations or becomes insolvent, AHIC will continue to pay benefits for any members confined as inpatients on the date of insolvency until their discharge. This agreement also provides that AHIC will continue benefits for any member until the end of the contract period for which premium has been paid, but for no longer than thirty-one days. AHIC will also make available to members, for a period of thirty-one days, replacement insurance policies.

As explained in Note 1, Aetna and its wholly-owned subsidiaries, including the Company, participate in a tax sharing agreement with CVS Health. All federal income tax receivables/payables are due from/due to CVS Health.

- F. The Company does not have any guarantees or undertakings, written or otherwise, at December 31, 2023.
- G. All outstanding shares of the Company are owned by Aetna Health Holdings, LLC, whose ultimate parent is CVS Health.
- H. At December 31, 2023, the Company did not own shares of an upstream intermediate entity or CVS Health, either directly or indirectly.
- I. At December 31, 2023, the Company did not hold any investments in any subsidiary, controlled or affiliated (“SCA”) entity that exceeded 10% of the Company's admitted assets.
- J. At December 31, 2023, the Company did not hold any investments in any impaired SCA entity.
- K. At December 31, 2023, the Company did not hold any investments in any foreign insurance subsidiaries.
- L. At December 31, 2023, the Company did not hold any investments in a downstream noninsurance holding company.
- M. At December 31, 2023, the Company did not have any SCA investments.
- N. At December 31, 2023, the Company did not have any investments in an insurance SCA.
- O. The Company did not have any SCA or SSAP No. 48 entity investments where the Company's share of losses in the SCA exceeds its investment in the SCA.

11. Debt

- A. The Company did not have any items related to debt, including capital notes at December 31, 2023.
- B. The Company did not have any Federal Home Loan Bank agreements at December 31, 2023.

12. Retirement Plans, Deferred Compensation, Postemployment Benefits and Compensated Absences and Other Postretirement Benefit Plans

- A.- I. The Company did not have a retirement plan, deferred compensation plan, or other postretirement benefit plan at December 31, 2023 or 2022.

13. Capital and Surplus, Dividend Restrictions and Quasi-Reorganizations

- A. The Company had 4,000 shares of common stock and 1,000 shares of class B stock, with a par value of \$0.01 per share authorized, with 1,000 shares issued and outstanding at December 31, 2023 and 2022.

NOTES TO FINANCIAL STATEMENTS

B. The Company had 50 shares of preferred stock with a par value of \$0.01 authorized and no shares issued and outstanding at December 31, 2023 or 2022.

C. Dividend Restrictions

Shareholder dividends shall be declared or paid only from earned surplus, unless the Michigan Department approves the dividend prior to payment. Dividends not requiring prior approval are limited to the greater of 10% of the insured's surplus as regards policyholders as of December 31 of the immediately preceding year, or the net income, not including realized capital gains, for the 12 month period ending December of the immediately preceding year. Ordinary dividends are ultimately limited to earned surplus.

D. The Company did not pay any dividends in 2023 or 2022.

E. Within the limitations of (C) above, there are no other restrictions placed on the portion of the Company profits that may be paid as ordinary dividends to stockholders.

F. There were no restrictions placed on the Company's surplus, including for whom the surplus is being held.

G. The Company had no advances to surplus not repaid.

H. The Company did not hold any stock for any special purposes at December 31, 2023 or 2022.

I. There were no changes in the balances of special surplus funds from the prior year.

J. At December 31, 2023, there was \$461,586 of unassigned funds that was represented or reduced by unrealized gains and losses.

K. The Company has not issued any surplus notes or debentures or similar obligations at December 31, 2023 or 2022.

L. The Company did not participate in any quasi-reorganizations during the statement year.

M. The Company did not participate in any quasi-reorganizations in the past 10 years.

14. Liabilities, Contingencies and Assessments

A. The Company did not have any contingent commitments at December 31, 2023 or 2022.

B. Assessments

Guaranty Fund Assessments

(1) Under guaranty fund laws existing in all states, insurers doing business in those states can be assessed (in most states up to prescribed limits) for certain obligations of insolvent insurance companies to policyholders and claimants. The life and health insurance guaranty associations in which the Company participates that operate under these laws respond to insolvencies of long-term care insurers and life insurers as well as health insurers. The Company's assessments generally are based on a formula relating to the Company's health care premiums in the state compared to the premiums of other insurers. Certain states allow assessments to be recovered over time as offsets to premium taxes. Some states have similar laws relating to HMOs and/or other payers such as not-for-profit consumer-governed health plans established under the ACA.

The Company did not have any contingent assessments at December 31, 2023 or 2022.

C. The Company did not have any gain contingencies at December 31, 2023 or 2022.

D. The Company did not have any claims related extra contractual obligation and bad faith losses stemming from lawsuits at December 31, 2023 or 2022.

E. The Company did not have any joint and several liability arrangements at December 31, 2023 or 2022.

F. Various liabilities arise in the normal course of the Company's business and have been recorded. In the opinion of management, any ultimate contingent losses will not have a material adverse effect on the Company's future results of operations and financial position. The Company, to the best of its knowledge, has no assets that it considers impaired that are not already recorded in the Company's books.

The Company maintains insurance coverage for certain litigation exposures in an amount it believes is reasonable.

15. Leases

The Company did not have any material lease obligations at December 31, 2023 or 2022.

NOTES TO FINANCIAL STATEMENTS

16. Information about Financial Instruments with Off-Balance Sheet Risk and Financial Instruments with Concentrations of Credit Risk

The Company did not have any financial instruments with off-balance sheet risk or financial instruments with concentrations of credit risk at December 31, 2023 or 2022.

17. Sale, Transfer and Servicing of Financial Assets and Extinguishments of Liabilities

A. Transfers of Receivables Reported as Sales

The Company did not have any transfers of receivables reported as sales for the years ending December 31, 2023 or 2022.

B. Transfer and Servicing of Financial Assets

(1) The Company did not have any loaned securities at December 31, 2023 or 2022.

(2) and (3):

The Company did not have any servicing assets or liabilities at December 31, 2023 or 2022.

(4) The Company did not have any securitized financial assets at December 31, 2023 or 2022.

(5) The Company did not have any transfers of financial assets accounted for as secured borrowing at December 31, 2023 or 2022.

(6) The Company did not have any transfers of receivables with recourse at December 31, 2023 or 2022.

(7) The Company did not have any dollar repurchase or reverse repurchase agreements at December 31, 2023 or 2022.

C. Wash Sales

(1) In the course of the Company's asset management, securities are sold and reacquired within 30 days of the sale date to enhance the Company's yield on its investment portfolio.

(2) The Company had no securities sold during the year for the year ended December 31, 2023 and reacquired within 30 days of the sale date.

18. Gain or Loss to the Reporting Entity from Uninsured Plans and the Uninsured Portion of Partially Insured Plans

A. The Company did not serve as an Administrative Services Only ("ASO") plan administrator for uninsured accident and health plans or the uninsured portion of partially insured plans for the period ended December 31, 2023.

B. The Company did not serve as an Administrative Services Contract plan administrator for uninsured accident and health plans or the uninsured portion of partially insured plans for the period ended December 31, 2023.

C. Medicare or Similarly Structured Cost Based Reimbursement Contract:

(1) Revenue from the Company's Medicare (or similarly structured cost based reimbursement contract) contract for the year 2023 was \$491,106,207.

(2) As of December 31, 2023, the Company has recorded receivables from the following payors whose account balances are greater than 10% of the Company's amounts receivable from uninsured accident and health plans or \$10,000:

Centers for Medicare and Medicaid Services	\$13,882,163
--	--------------

(3) In connection with the Company's Medicare (or similarly structured cost based reimbursement contract) contract, the Company has recorded allowance and reserves for adjustment of recorded revenues as and if applicable.

(4) CMS periodically perform audits of Medicare revenue and may seek return of premium payments made to the Company if risk adjustment factors are not properly supported by medical record data. The Company estimates and records reserves for CMS audits based on information available at the time the estimates are made. Although the Company believes it maintains appropriate reserves for its exposure to the CMS audits, actual results could differ materially from those estimates.

19. Direct Premium Written/Produced by Managing General Agents/Third Party Administrators

The Company did not have any material direct premiums written through/produced by managing general agents or third party administrators for the years ended December 31, 2023 and 2022.

NOTES TO FINANCIAL STATEMENTS

20. Fair Value Measurements

A.

- (1) The Company had no material assets and liabilities that are measured and reported at fair value in the financial statements as of December 31, 2023 and 2022.
- (2) There were no material realized and unrealized capital gains, purchases, sales, settlements, or transfers into or out of the Company's Level 3 financial assets during 2023 or 2022.
- (3) Transfers in and out of all levels are recognized at the end of the reporting period of which the transfer occurred.
- (4) The Company's fair value measurement valuation techniques are described in B. below.
- (5) The Company did not have any derivative instruments at December 31, 2023 or 2022.

B. The fair values of the Company's financial instruments are based on valuations that include inputs that can be classified within one of three levels of a hierarchy. The following are the levels of the hierarchy and a brief description of the type of valuation information ("inputs") that qualifies a financial asset or liability for each level:

- **Level 1** - Unadjusted quoted prices for identical assets or liabilities in active markets.
- **Level 2** - Inputs other than Level 1 that are based on observable market data. These include: quoted prices for similar assets in active markets, quoted prices for identical assets in inactive markets, inputs that are observable that are not prices (such as interest rates and credit risks) and inputs that are derived from or corroborated by observable markets.
- **Level 3** - Developed from unobservable data, reflecting the Company's own assumptions.

Financial assets and liabilities are classified based upon the lowest level of input that is significant to the valuation. When quoted prices in active markets for identical assets and liabilities are available, the Company uses these quoted market prices to determine the fair value of financial assets and liabilities and classifies these assets and liabilities as Level 1. In other cases where a quoted market price for identical assets and liabilities in an active market is either not available or not observable, the Company estimates fair value using valuation methodologies based on available and observable market information or by using a matrix pricing model. These financial assets and liabilities would then be classified as Level 2. If quoted market prices are not available, the Company determines fair value using broker quotes or an internal analysis of each investment's financial performance and cash flow projections. Thus, financial assets and liabilities may be classified in Level 3 even though there may be some significant inputs that may be observable.

C. The carrying values and estimated fair values of the Company's financial instruments at December 31, 2023 and 2022 were as follows:

December 31, 2023

Type of Financial Instrument	Aggregate Fair Value	Admitted Assets	(Level 1)	(Level 2)	(Level 3)	Net Asset Value (NAV)	Not Practicable (Carrying Value)
Bonds, short-term investments and cash equivalents	\$122,802,692	\$122,718,354	\$ 1,979,946	\$120,822,746	\$ —	\$ —	\$ —
Common stocks	4,701,274	4,701,274	4,701,274	—	—	—	—

December 31, 2022

Type of Financial Instrument	Aggregate Fair Value	Admitted Assets	(Level 1)	(Level 2)	(Level 3)	Net Asset Value (NAV)	Not Practicable (Carrying Value)
Bonds, short-term investments and cash equivalents	\$112,847,747	\$114,005,557	\$ 1,913,375	\$110,934,372	\$ —	\$ —	\$ —
Common stocks	1,166,217	1,166,217	1,166,217	—	—	—	—

In evaluating the Company's management of interest rate and liquidity risk and currency exposures, the fair values of all assets and liabilities should be taken into consideration, not only those presented above.

- D. The Company did not have any financial instruments where it was not practicable to estimate the fair value.
- E. The Company has not elected to use the net asset value practical expedient to fair value to measure its investments.

21. Other Items

A. Unusual or Infrequent Items

The Company did not have any unusual or infrequent items for the years ended December 31, 2023 and 2022.

NOTES TO FINANCIAL STATEMENTS

B. Troubled Debt Restructuring

The Company did not have any troubled debt restructuring in the years ended December 31, 2023 and 2022.

C. Other Disclosures

Minimum Capital and Surplus

Pursuant to the laws of the states in which the Company is licensed to do business, the Company is required to maintain a minimum surplus and capital stock as defined by the statutes and regulations of those states. At both December 31, 2023 and 2022, the Company was in compliance with the minimum surplus and capital stock requirements of the states in which it is licensed to do business.

The NAIC utilizes risk-based capital ("RBC") standards for health organizations, including HMOs, that are designed to identify weakly capitalized companies by comparing each company's adjusted capital and surplus to its required capital and surplus (the "RBC Ratio"). The RBC Ratio is designed to reflect the risk profile of a company. Within certain ratio ranges, regulators have increasing authority to take action as the RBC Ratio decreases. There are four levels of regulatory action, ranging from requiring insurers to submit a comprehensive plan to the state insurance commissioner to requiring the state insurance commissioner to place the insurer under regulatory control. At December 31, 2023 and 2022, the Company had capital and surplus that exceeded the level that would require regulatory action.

COVID-19

The public health emergency related to the Coronavirus Disease 2019 ("COVID-19") pandemic expired in May 2023, however COVID-19 still exists and it may, like many other respiratory viruses, wax and wane depending on geography and seasonality. The future impact COVID-19 will have on the Company and its ability to accurately forecast health care and other benefit costs is uncertain, and will depend on the geographies impacted, whether new variants emerge and their severity, the availability and costs of testing, vaccination and treatment, and legal and regulatory actions. COVID-19 may also impact provider behavior, utilization trends, membership, and overall economic conditions. Those primary drivers are beyond the Company's knowledge and control. As a result, the impact COVID-19 will have on the Company's businesses, operating results, cash flows and/or financial condition is uncertain, but the impact could be adverse and material.

Pursuant to State of Michigan statute, there are standards, either singly or a combination of two or more, that if companies do not adhere to they can be considered by Michigan Department to be hazardous to policyholders, creditors or the public in general ("hazardous condition"). At December 31, 2023, the Company did not meet all the standards necessary to not be considered in hazardous condition due to net operating loss in 2023.

Health Care Reform

The Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010's (collectively, the "ACA") made broad-based changes to the United States health care system. In June 2021, the United States Supreme Court dismissed a challenge on procedural grounds that argued the ACA is unconstitutional in its entirety and issued an opinion preserving the ACA and its consumer protections in its current form. Even though the ACA was deemed constitutional, there may nevertheless be continued efforts to invalidate, modify, repeal or replace portions of it. In addition to litigation, parts of the ACA continue to evolve through the promulgation of executive orders, legislation, regulations and guidance at the federal or state level. The Company expects the ACA, including potential changes thereto, to continue to significantly impact its business operations and operating results, including pricing, medical benefit ratios ("MBRs") and the geographies in which the Company's products are available.

Medicare

The Company's Medicare Advantage products are heavily regulated by CMS. The regulations and contractual requirements applicable to the Company and other private participants in Medicare programs are complex, expensive to comply with and subject to change. For example, in the second quarter of 2014, CMS issued a final rule implementing the ACA requirements that Medicare Advantage plans report and refund to CMS overpayments that those plans receive from CMS. The precise interpretation, impact and legality of this rule are not clear and are subject to pending litigation. Payments the Company receives from CMS for its Medicare Advantage business also are subject to risk adjustment based on the health status of the individuals enrolled. Elements of that risk adjustment mechanism continue to be challenged by the U.S. Department of Justice, the Office of Inspector General of the HHS (the "OIG") and CMS itself. Substantial changes in the risk adjustment mechanism, including changes that result from enforcement or audit actions, could materially affect the amount of the Company's Medicare reimbursement, require the Company to raise prices or reduce the benefits offered to Medicare beneficiaries, and potentially limit the Company's (and the industry's) participation in the Medicare program.

The Company has invested significant resources to comply with Medicare standards, and its Medicare compliance efforts will continue to require significant resources. CMS may seek premium and other refunds, prohibit the Company from continuing to market and/or enroll members in or refuse to passively enroll members in one or more of the Company's Medicare or Medicare-Medicaid demonstration (historically known as "dual eligible") plans, exclude the Company from participating in one or more Medicare, dual eligible or dual eligible special needs plan programs and/or institute other sanctions and/or civil monetary penalties against the Company if it fails to comply with CMS regulations or its Medicare contractual requirements.

D. The Company did not have any business interruption insurance recoveries for the years ending December 31, 2023 or 2022.

NOTES TO FINANCIAL STATEMENTS

- E. The Company did not have any state transferable and non-transferable tax credits for the years ending December 31, 2023 or 2022.
- F. The Company did not have any subprime mortgage related risk exposures at December 31, 2023 or 2022.
- G. The Company did not have any retained assets at December 31, 2023 or 2022.
- H. The Company did not have any insurance-linked securities contracts at December 31, 2023 or 2022.
- I. The Company did not have amounts that could be realized on life insurance at December 31, 2023 or 2022.

22. Events Subsequent

Type I - Recognized Subsequent Events

Subsequent events have been considered through February 29, 2024 for the statutory statement issued on February 29, 2024.

On January 12, 2024, the Company received a \$10,000,000 capital contribution from its parent that was retroactively applied to December 31, 2023 per SSAP 72. This capital contribution was recorded on line 28 of the Statutory Statements of Liabilities, Capital and Surplus and line 23 of the Statutory Statements of Assets as of December 31, 2023. The Michigan Department did not disapprove of the capital contribution on January 9, 2024.

Type II - Nonrecognized Subsequent Events

Subsequent events have been considered through February 29, 2024 for the statutory statement issued on February 29, 2024.

The Company had no known reportable nonrecognized subsequent events.

23. Reinsurance

A. Ceded Reinsurance Report

Section 1 – General Interrogatories

- (1) Are any of the reinsurers, listed in Schedule S as non-affiliated, owned in excess of 10% or controlled, either directly or indirectly, by the company or by any representative, officer, trustee, or director of the company?

Yes () No (X)

If yes, give full details. N/A

- (2) Have any policies issued by the company been reinsured with a company chartered in a country other than the United States (excluding U.S. branches of such companies) that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor or an insured or any other person not primarily engaged in the insurance business?

Yes () No (X)

If yes, give full details. N/A

Section 2 – Ceded Reinsurance Report – Part A

- (1) Does the company have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than nonpayment of premium or other similar credit?

Yes () No (X)

- a. If yes, what is the estimated amount of the aggregate reduction in surplus of a unilateral cancellation by the reinsurer as of the date of this statement, for those agreements in which cancellation results in a net obligation of the reporting entity to the reinsurer, and for which such obligation is not presently accrued? Where necessary, the reporting entity may consider the current or anticipated experience of the business reinsured in making this estimate. N/A

- b. What is the total amount of reinsurance credits taken, whether as an asset or as a reduction of liability for these agreements in this statement? N/A

- (2) Does the reporting entity have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts that, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premium collected under the reinsured policies?

Yes () No (X)

NOTES TO FINANCIAL STATEMENTS

If yes, give full details. N/A

Section 3 – Ceded Reinsurance Report – Part B

- (1) What is the estimated amount of the aggregate reduction in surplus, (for agreements other than those under which the insurer may unilaterally cancel for reasons other than for nonpayment of premium or other similar credits that are reflected in Section 2 above) of termination of ALL reinsurance agreements, by either party, as of the date of this statement? Where necessary, the company may consider the current or anticipated experience of the business reinsured in making this estimate. N/A
- (2) Have any new agreements been executed or existing agreements amended, since January 1 of the year of this statement, to include policies or contracts that were in force or which had existing reserves established by the company as of the effective date of the agreement?

Yes () No (X)

If yes, what is the amount of reinsurance credit, whether an asset or a reduction of liability, taken for such new agreements or amendments? N/A

- B. The Company did not have uncollectible reinsurance at December 31, 2023 or 2022.
- C. The Company did not have any commutation of ceded reinsurance at December 31, 2023 or 2022.
- D. The Company's certified reinsurer's rating has not been downgraded or its status subject to revocation at December 31, 2023 or 2022.

E. Reinsurance Credit

(1) Has the Company reinsured any risk with any other entity under a reinsurance contract (or multiple contracts with the same reinsurer or its affiliates) that is subject to Appendix A-791, Life and Health Reinsurance Agreements, and includes a provision that limits the reinsurer's assumption of significant risks identified in Appendix A-791?

Yes No

(2) Has the Company reinsured any risk with any other entity under a reinsurance contract (or multiple contracts with the same reinsurer or its affiliates) that is not subject to Appendix A-791, for which reinsurance accounting was applied and includes a provision that limits the reinsurer's assumption of risk?

Yes No

If yes, indicate the number of reinsurance contracts to which such provisions apply: 1

If yes, indicate whether the reinsurance credit was reduced for the risk-limiting features.

Yes No N/A

(3) Does the Company have any reinsurance contracts (other than reinsurance contracts with a federal or state facility) that contain one or more of the following features which may result in delays in payment in form or in fact:

- Provisions which permit the reporting of losses, or settlements are made, less frequently than quarterly or payments due from the reinsurer are not made in cash within ninety (90) days of the settlement date (unless there is no activity during the period).
- Payment schedule, accumulating retentions from multiple years or any features inherently designed to delay timing of the reimbursement to the ceding entity.

Yes No

(4) Has the Company reflected reinsurance accounting credit for any contracts that are not subject to Appendix A-791 and not yearly renewable term reinsurance, which meet the risk transfer requirements of SSAP No. 61R?

Yes No

(5) Has the Company ceded any risk, which is not subject to Appendix A-791 and not yearly renewable term reinsurance, under any reinsurance contract (or multiple contracts with the same reinsurer or its affiliates) during the period covered by the financial statements, and either:

(a) Accounted for that contract as reinsurance under statutory accounting principles (SAP) and as a deposit under generally accepted accounting principles (GAAP); or

Yes No N/A

(b) Accounted for that contract as reinsurance under GAAP and as a deposit under SAP?

Yes No N/A

NOTES TO FINANCIAL STATEMENTS

(6) If the answer to item (5)(a) or item (5)(b) is yes, include relevant information regarding GAAP to SAP differences from the accounting policy footnote to the audited statutory-basis financial statements to explain why the contract(s) is treated differently for GAAP and SAP below: Not Applicable.

24. Retrospectively Rated Contracts and Contracts Subject to Redetermination

- A. Through annual contracts with CMS, the Company's Medicare Advantage revenues ultimately received for each member are based on that member's health status and demographic characteristics, as determined via the CMS risk adjustment process, under which the Company regularly submits risk adjustment data to CMS. Under the risk adjustment process, the Company records a receivable for future revenues that it expects to receive from CMS in the following year, after the final reconciliation of risk adjustment data for the current contract year is complete. These amounts are recognized in the current year as premiums under contracts subject to redetermination. In addition, the Company's Medicare Advantage contracts are subject to retrospective rating provisions under which the Company and CMS share in amounts above and below agreed-upon target medical benefit ratios.

Premium revenue subject to the minimum MLR rebate requirements of the ACA is recorded net of the estimated minimum MLR rebates for the current calendar year. The Company estimates the minimum MLR rebates by projecting MLRs for certain markets, as defined by the ACA, for each state in which the Company operates. The claims and premiums used in estimating such rebates are modified for certain adjustments allowed by the ACA and include a statistical credibility adjustment for those states with a number of members that is not statistically credible.

- B. Accrued retrospective premiums are recorded as an adjustment to earned premiums and are estimated based on calculations that compare the Company's expected financial results for the contract against the appropriate medical benefit ratio target.

C. Contracts Subject to Retrospective Rating Features

The Company had net premiums written of \$491,106,207 that were subject to retrospective rating features for the year ending December 31, 2023 representing 100% of total net premiums written.

NOTES TO FINANCIAL STATEMENTS

E. Risk Sharing Provisions of the Affordable Care Act ("ACA")

(1) Did the reporting entity write accident and health insurance premium which is subject to the ACA risk sharing provisions (YES/NO)? Yes [] No [X]

(2) through (5): Not applicable.

25. Change in Incurred Claims and Claims Adjustment Expense

The following table shows the components of the change in claims unpaid, unpaid claims adjustment expense and aggregate health claim reserves for the years ended December 31, 2023 and 2022.

	2023	2022
Balance, January 1	\$ 56,106,120	\$ 17,094,792
Health care receivable	(6,021,228)	(1,477,384)
Balance, January 1, net of health care receivable	50,084,892	15,617,408
Incurred related to:		
Current year	482,963,528	357,611,268
Prior years	(19,792,038)	(7,318,326)
Total incurred	463,171,490	350,292,942
Paid related to:		
Current year	420,608,782	306,731,683
Prior years	33,013,189	9,093,775
Total paid	453,621,971	315,825,458
Balance, December 31, net of health care receivable	59,634,411	50,084,892
Health care receivable	9,731,466	6,021,228
Balance, December 31	<u>\$ 69,365,877</u>	<u>\$ 56,106,120</u>

A. Reserves for incurred claims and claim adjustment expenses attributable to insured events of prior years decreased by \$19,792,038 in 2023 and \$7,318,326 in 2022. Changes in prior periods' estimates represents the effect of favorable development of prior period health care cost estimates on current year net income, at each financial statement date. The favorable development of these reserves is primarily a result of the actual claim submission times for health care claims being shorter than the Company had anticipated, as well as lower than expected health care cost trends in determining claims unpaid at prior financial statement date for both 2023 and 2022. Original estimates are increased or decreased, as additional information becomes known regarding individual claims. Included in this decrease, the Company experienced \$19,792,038 of favorable prior year claim development on retrospectively rated policies. However, the business to which it relates is subject to premium adjustments.

NOTES TO FINANCIAL STATEMENTS

26. Intercompany Pooling Arrangements

The Company did not have any intercompany pooling arrangements at December 31, 2023 or 2022.

27. Structured Settlements

The Company did not have any structured settlements at December 31, 2023 or 2022.

28. Health Care Receivables

A. Pharmaceutical Rebate Receivables

The Company receives pharmaceutical rebates through an agreement with AHM. AHM has contractual agreements with CVS Caremark for rebates, which cover the Company's membership as well as the membership of other affiliates. The Company receives those rebates from AHM that relate to the Company's membership. The Company estimates pharmaceutical rebate receivables based upon the historical payment trends, actual utilization and other variables. Actual rebates collected are applied to the collection periods below, using a first in first out methodology. At December 31, 2023 and 2022, the Company had pharmaceutical rebate receivables of \$5,590,827 and \$4,027,814, respectively (refer to the Company's accounting practices related to pharmaceutical rebate receivables in Note 1).

The following table discloses the quarterly revenue and subsequent cash collections relating to the pharmaceutical rebates discussed in Note 10:

Quarter	Estimated Pharmacy Rebates as Reported on Financial Statements	Pharmacy Rebates as Billed or Otherwise Confirmed	Actual Rebates Received Within 90 Days of Billing	Actual Rebates Received Within 91 to 180 Days of Billing	Actual Rebates Received More Than 180 Days After Billing

¹ Represents a portion of the estimated rebates for the quarter ending December 31, 2023, which were paid by AHM to the Company prior to December 31, 2023 and invoicing in 2024.

B. Risk sharing receivables

The Company did not have any admitted risk sharing receivables at December 31, 2023 or 2022.

Other receivables

Pharmacy Direct and Indirect Remuneration (“DIR”) Generic

The Company receives retrospective generic performance network rebates (“PNR”) on its Medicare business through an agreement with AHM. AHM has contractual agreements with network pharmacies for PNR. The PNR is performance based upon whether the participating pharmacies have met certain pre-established rates specified in the contract. The PNR is calculated by multiplying the applicable claims with a variable network rate based on the actual performance. The PNR receivables fit the category of other health care receivables per SSAP No. 84 - *Health Care and Government Insured Plan Receivables*.

Pharmacy DIR Brand

The Company receives retrospective brand PNR on its Medicare business through an agreement with AHM. As mentioned above, AHM has contractual agreements with network pharmacies for PNR. The program collects varying percentages of brand ingredient cost from pharmacies, depending how well they perform on adherence measures, including stars-related measures. The PNR agreement for 2020 has three performance measurement periods ending April 30, August 31 and December 31, respectively. The PNR receivables fit the category of other health care receivables per SSAP No. 84 - *Health Care and Government Insured Plan Receivables*.

29. Participating Policies

The Company did not have any participating policies at December 31, 2023 or 2022.

NOTES TO FINANCIAL STATEMENTS
