

Out-of-State Testing Sites Available

As of Thursday February 12, 2015, a number of PSI's testing locations outside the state of Michigan became available to Michigan Insurance test takers. This is a wonderful convenience for individuals who may live near the border or may want to test while in a different part of the country.

To view the available test centers, visit PSI's website at www.test-takers.psiexams.com/midifs. Each state listed has at least one Michigan-approved test center. Visit this site for the most up-to-date centers, as additional centers may be added periodically.

Not every PSI testing site meets Michigan's requirements to administer our examinations. The following lists those sites currently approved for use by Michigan.
