This report is being made pursuant to Public Act 65 of 2021 (Act), which created the Post-Acute Auto Injury Provider Relief Fund (Fund). The report must be provided to the Michigan Legislature, made available on a publicly accessible website, and include all of the following:

- Aggregated data reported in the quarterly reports made pursuant to Section 301(8) of the Act.
- An analysis of the impact of MCL 500.3157 and of the distributions from the Fund and any recommendations the Director may wish to offer the Legislature.

### **Analysis of MCL 500.3157, Fund Distributions, and Legislative Recommendations**

Upon enactment of PA 65 of 2021, the Department of Insurance and Financial Services developed an application process and documents to implement the Fund. Each application that DIFS received was processed timely and guidance on submitting an application was given to providers upon request. DIFS staff were assigned to review the submissions to determine whether the application contained all of the elements required by the Legislature. As there have not been distributions to providers from the Fund, analysis of Fund distributions, the impact of MCL 500.3157, and legislative recommendations are not offered.

<sup>1</sup> DIFS' administrative expenses are current as of July 31, 2022. However, due to the timing of disbursements to DIFS for administrative expenses, the "Remaining Fund Balance" may not reflect some administrative expenses incurred but not yet disbursed to DIFS.
