EXHIBIT A

Belle Isle Park Advisory Committee Resolution of the Detroit Grand Prix Proposal to Continue Race on Belle Isle

I, the undersigned, being the Chair of the Belle Isle Park Advisory Committee (BIPAC) consent and agree that the following resolution was proposed and approved on Thursday, August 2, 2018 at the special meeting of the BIPAC at the Belle Isle Nature Center, located at 176 Lakeside Dr, Detroit, MI 48207.

I do hereby consent to the adoption of the following as if it was adopted at a regularly called BIPAC meeting. In accordance with the bylaws of the committee, by unanimous consent, the BIPAC decided that in regard to the Detroit Grand Prix's proposal to renew their contract to continue their race on Belle Isle, that the Michigan Department of Natural Resources assume a strong leadership position by incorporating the following considerations into a final operating agreement governing the continuation of the Detroit Grand Prix for three years, with the potential for two additional one-year extensions:

1. Provide for all contributions in writing, including but not limited to capital and programming dollars, fees, maintenance, management of assets such as the James Scott Memorial Fountain, and minimum fundraising expectations for the Grand Prixmiere.
2. Ensure the total value of the agreement exceeds the previous contract period.
3. Implement best practice quality governance mechanisms, with a focus on oversight, monitoring, evaluation, enforcement, accountability, penalties, etc.
4. Value engineer the campus to ensure minimal impacts on the day to day park user by finding sensible solutions that eliminate or minimize negative impacts such as the sequencing of barrier installation, advertising, load in/out timing, overall public access, Memorial Day access, permanent footprint, off site storage, etc.
5. Pursue holistic and comprehensive strategies that result in win-win, high impact outcomes, such as improvements to the Newsboys shelter, permanent wireless infrastructure, capital campaign related strategies, MoGo bike share station installation, completion of daffodil project, Iron Belle Trail assets, Oudolf Garden Detroit considerations, etc.
6. Proceed with a park user focus that values good communication, engagement, access, and other accommodations that minimize negative impacts.
7. Simultaneously initiate a process designed to identify replacement sources of funding.

Therefore, it is resolved that the committee shall support the Michigan Department of Natural Resources' approval of the continuation of the Detroit Grand Prix race being held on Belle Isle should the aforementioned considerations be included in the final version of the Michigan Department of Natural Resources' counter to the Detroit Grand Prix's race proposal.
