To: Daniel Eichinger, Director

Information: Natural Resources Commission

Transaction: Proposed January 18, 2022, Oil and Gas Lease Auction

Authority: Part 5 of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended

Auction Method: Online Auction

Acres Offered: Approximately 17,400 acres

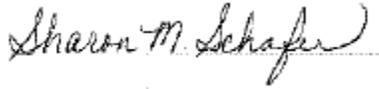

Counties Offered: Clare, Crawford, Grand Traverse, Ingham, Iosco, Isabella, Kalkaska, Lake, Missaukee, Ogemaw, and Presque Isle

Lease Terms: Five-year primary term with two one-year extension options; 1/6 royalty rate; minimum bid of \$10.00 per acre; and \$2.00 per acre annual rental for the primary term.

Special Restrictions: Certain parcels proposed to be offered for lease may contain restrictions limiting surface activities where environmental concerns exist. All oil and gas development activities proposed on state-owned surface require separate surface use agreements.

Notice: Township supervisors, county commissioners, legislators representing the nominated areas, and potentially affected private surface owners have been notified of the proposed auction. Notice of the proposed auction also appeared in the county newspapers representing the areas where the lands are located. This item will appear on the January 4, 2022, DNR Business Calendar and is eligible for approval January 13, 2022.

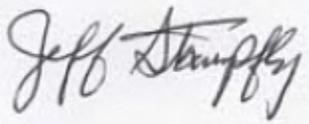

Recommendation: The mineral rights in all the lands being considered should be offered for inclusion in the proposed auction, under the terms and conditions specified.

SUBJECT: State Land Review Recommendations for:
Alcona, Calhoun, Emmet, Houghton, Keweenaw, Mackinac, Macomb,
Mason, Oceana, and St. Clair Counties (Group 3)

In accordance with the 2013 Managed Public Land Strategy, adopted by Public Act 240 of 2013, review of the parcels in Group 3 of the State Land Review has been completed. These recommendations are made for Department of Natural Resources (DNR) managed lands that meet the specified criteria in Alcona, Calhoun, Emmet, Houghton, Keweenaw, Mackinac, Macomb, Mason, Oceana, and St. Clair counties.

The review was conducted by staff from all DNR resource managing divisions in compliance with the procedure adopted by the DNR. Review of all parcels was completed at the local, regional, and statewide levels. Additional programmatic review was conducted by the Department of Environment, Great Lakes and Energy, the Michigan History Center, and pertinent DNR programs such as Real Estate and Minerals Management. Two virtual public meetings were held on September 29 and 30, 2021. Comments received at the meetings during the online public comment period were considered in the recommendations discussed with the Land Exchange Review Committee (LERC).

The Land Acquisition Strategy Team (team), which is coordinating the State Land Review process, reviewed the local and regional recommendations and prepared the parcel recommendations for public review. The team then compiled the public input for review by the LERC.

Following DNR procedure, the LERC reviewed the public input and prepared final parcel recommendations on October 21, 2021. If the final recommendations are approved, DNR staff will obtain all other approvals that may be required prior to conveyance from appropriate state or federal agencies.

State Land Review Parcel Reports

Attached are the State Land Review Parcel Reports and the recommended parcel classifications by county. All parcels designated as "Alternate Conservation Owner," "Exchange," or "Dispose" have been reviewed for possible restrictions due to funding source or deed conditions that may affect conveyance.

In addition to the attached reports, the Group 3 State Land Review Recommendations for the ten identified counties, final parcel classifications, and individual parcel locations can be viewed via an interactive map which can be found on the State Land Review webpage at Michigan.gov/PublicLands, by entering the DNR Parcel Number in the search screen.

Recommendations

1. That the Director approve of the parcel recommendations as presented in the attached reports.
2. That the parcels classified as “Retain” be retained in state ownership and DNR administration, and that the identified land administering divisions be formally designated as the managing division of the parcels.
3. That the parcels classified as “Alternate Conservation Organization” be disposed of by exchange, sale, or transfer to alternate units of government or conservation organizations. If parcels are not acquired by Alternate Conservation Organizations, they will be retained by the DNR.
4. That the parcels classified as “Exchange” be made available and marketed for land exchange opportunities for a period of two years from the date of approval. Parcels that are not involved in a proposed exchange transaction after two years has expired will be disposed of through the disposal process.
5. That the parcels classified as “Dispose” be disposed of by exchange, auction, sale, or transfer. Before being offered to the general public, all parcels will first be offered to local and county government entities. Mineral rights will be reviewed when parcels are prepared for disposition.
6. That, unless specifically required by law dictating where sale proceeds are to be deposited, the proceeds from any sale will be deposited into the Land Exchange Facilitation Fund and used to acquire replacement land.

The Group 3 State Land Review Recommendations for the ten identified counties will be eligible for approval on January 11, 2022. Parcels exceeding 80 acres requiring public notice were published in the Houghton Mining Gazette and St. Ignace News on December 9, 2021, and appear on the DNR’s Notices of Public Land Transactions at www.michigan.gov/publiclandnotices.

Transaction: Recreational Trail Easements Acquisition
Western Upper Peninsula District – Baraga and Marquette Counties
Land Transaction Case #20210249

Purchase: A 30-foot-wide x 102.605-mile recreational trail easement (459 parcels) -
\$1,785,190.00

Funding Source: Michigan Permanent Snowmobile Easement Fund

PA 240 of 2018: PILT Estimate: Not Applicable
These parcels are north of the Mason-Arenac county line and will result in no net change of DNR-counted acres.

Description: Baraga and Marquette Counties
A 30-foot-wide x 102.605-mile recreational trail easement encompassing 459 individual parcels over the vendor's land spanning Baraga and Marquette counties, as more accurately described in the case file due to the volume of parcels involved in this transaction.

Seller: Lyme Great Lakes, Hanover, New Hampshire

Authority: Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

Notice: This item will appear on the Department of Natural Resources (Department) January 4, 2022, calendar and is eligible for approval on January 11, 2022.

Management Purpose: These easements will be managed as snowmobile and multi-use trails.

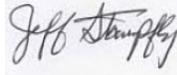

Comments: The offered recreational trail easements are located in Baraga and Marquette counties in the western Upper Peninsula. This acquisition encompasses 459 parcels and 102.605 miles of permanent trail easement. The offered easements will permanently secure trail access and connect trails on public lands in perpetuity.

This acquisition will contribute to achieving Department and division goals and strategies by providing additional public recreation opportunities and securing trails for future generations.

- Recommendations:
1. That the acquisition be approved, with payment to be made from Michigan Permanent Snowmobile Easement Fund appropriations from fiscal year 2022.
 2. That the easements continue to be held in public trust and used as recreational trails.
 3. That the easements and recreational trails be administered by the Parks and Recreation Division.

Transaction: Sale of Surplus DNR-Managed Land
Roscommon Management Unit – Roscommon County
Land Transaction Case #20210216

Sale: 7 acres

Sale Price: Properties will be sold to adjoining property owners at a value determined by the Department of Natural Resources (Department) and/or price will be determined at auction.

Description: Roscommon County, Higgins Township, T23N, R02W
Section 18: All that part of the SW 1/4 of the SE 1/4 and the SE 1/4 of the SW 1/4 lying south of the centerline of Russell Lake Road, to be further described by individual surveys.

PA 240 of 2018: This parcel is north of the Mason-Arenac county line and will result in a decrease of 7 acres of DNR-managed lands.

Applicants: Adjoining property owners or DNR surplus via auction.

Authority: Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

Notice: This item will appear on the Department's January 4, 2022, calendar and is eligible for approval on January 11, 2022.

Acquired: By tax reversion in 1923 and 1927.

Minerals: A mineral review will be requested prior to any sale.

Comments: The parcel was nominated for disposal by local staff. There are several parcels of state-owned land between private property and Russell Lake Road. It is recommended that the adjacent landowners survey the respective parcels adjacent to their private ownership and the Department sell to the adjacent landowners to provide legal access to those landowners and increase management efficiencies of the state forest.

The proposed land disposal was recommended for approval as surplus by the Land Exchange Review Committee on October 21, 2021.

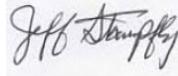

Proceeds will be deposited into the Land Exchange Facilitation Fund (LEFF). The LEFF allows the Department to sell rights in land and deposit the proceeds in a fund which can then be used to acquire replacement property.

Recommendations:

1. That the land be surveyed and offered for sale to each adjoining property owner for legal access to their private lands for a value determined by the Department.
2. If the sale of land to any of the adjoining property owners is unsuccessful, that the land be sold at auction.
3. That the proceeds of the sale be deposited in the LEFF.
4. That the state retain aboriginal antiquities.

PA 240 of 2018: This parcel is north of the Mason-Arenac county line and will result in
a decrease of 0.42-acre of DNR-managed lands.

Applicant: Timothy Marzec, Zolfo Springs, Florida

Authority: Natural Resources and Environmental Protection Act, 1994 PA 451,
as amended.

Notice: This item will appear on the Department of Natural Resources
(Department) January 4, 2022, calendar and is eligible for approval
on January 11, 2022.

Acquired: By tax reversion in 1939.

Minerals: Mineral rights will be conveyed.

Comments: The desired parcel contains a long-standing structural trespass. The
sale of the desired state-owned land will resolve the trespass and
provide appropriate setbacks.

The proposed land disposal was recommended for approval as
surplus by the Land Exchange Review Committee on October 21,
2021.

Proceeds will be deposited into the Land Exchange Facilitation Fund (LEFF). The LEFF allows the Department to sell rights in land and deposit the proceeds in a fund which can then be used to acquire replacement property.

- Recommendations:
