MEMORANDUM TO THE DIRECTOR

Information: Natural Resources Commission

Subject: LOTS Case Number 20230095  
State Land Review Recommendations for:  
Baraga, Benzie, Clare, Clinton, Genesee, Ionia, Manistee, Mecosta, Newaygo,  
Shiawassee, and Wayne Counties (Group 8)

In accordance with the 2013 Managed Public Land Strategy, adopted by Public Act 240 of 2013, review of the parcels in Group 8 of the State Land Review has been completed. These recommendations are made for Department of Natural Resources (DNR) managed lands that meet the specified criteria in Baraga, Benzie, Clare, Clinton, Genesee, Ionia, Manistee, Mecosta, Newaygo, Shiawassee, and Wayne Counties.

The review was conducted by staff from all DNR resource managing divisions in compliance with the procedure adopted by the DNR. Review of all parcels was completed at the local, regional, and statewide levels. Additional programmatic review was conducted by the Department of Environment, Great Lakes and Energy, the Michigan History Center, and pertinent DNR programs such as Real Estate and Minerals Management. Two virtual public meetings were held on June 20 and June 21, 2023. Comments received at the meetings during the online public comment period were considered in the recommendations discussed with the Land Exchange Review Committee (LERC).

The Land Acquisition Strategy Team (team), which is coordinating the State Land Review process, reviewed the local and regional recommendations and prepared the parcel recommendations for public review. The team then compiled the public input for review by the LERC. Following DNR procedure, the LERC reviewed the public input and prepared final parcel recommendations on July 28, 2023.

If the final recommendations are approved, DNR staff will obtain all other approvals that may be required prior to conveyance from appropriate state or federal agencies.

State Land Review Parcel Reports

Attached are the State Land Review Parcel Reports and the recommended parcel classifications by county. All parcels designated as "Alternate Conservation Owner," "Exchange," or "Dispose" have been reviewed for possible restrictions due to funding source or deed conditions that may affect conveyance.

In addition to the attached reports, the Group 8 State Land Review Recommendations for the eleven identified counties, final parcel classifications and individual parcel locations can be viewed via an interactive map which can be found on the State Land Review webpage at [Michigan.gov/PublicLands](https://Michigan.gov/PublicLands), by entering the DNR Parcel Number in the search screen.

### Recommendations

1. That the Director approve of the parcel recommendations as presented in the attached reports.
2. That the parcels classified as “Retain” be retained in state ownership and DNR administration, and that the identified land administering divisions be formally designated as the managing division of the parcels.
3. That the parcels classified as “Alternate Conservation Organization” be disposed of by exchange, sale, or transfer to alternate units of government or conservation organizations. If parcels are not acquired by Alternate Conservation Organizations, they will be retained by the DNR.
4. That the parcels classified as “Exchange” be made available and marketed for land exchange opportunities for a period of two years from the date of approval. Parcels that are not involved in a proposed exchange transaction after two years has expired will be disposed of through the disposal process.
5. That the parcels classified as “Dispose” be disposed of by exchange, auction, sale, or transfer. Before being offered to the general public, all parcels will first be offered to local and county government entities. Mineral rights will be reviewed when parcels are prepared for disposition.
6. That, unless specifically required by law dictating where sale proceeds are to be deposited, the proceeds from any sale will be deposited into the Land Exchange Facilitation Fund and used to acquire replacement land.

The Group 8 State Land Review Recommendations for the eleven identified counties will be eligible for approval on October 10, 2023. Parcels exceeding 80 acres requiring public notice were published in the Clare County Review and Manistee News-Advocate on September 8, 2023, and the L’Anse Sentinel on September 6, 2023, and appear on the DNR’s Notices of Public Land Transactions webpage at [www.michigan.gov/publiclandnotices](http://www.michigan.gov/publiclandnotices).

This parcel is north of the Mason-Arenac county line and will result in an increase of 3.78 acres of DNR-managed lands.

Description: Dickinson County, Iron Mountain, T40N, R30W  
Section 19: The NE 1/4 of the SW 1/4. Being a strip of land 100 feet in width extending over and across said NE 1/4 of the SW 1/4 of Section 19 being the former Menominee River Railroad Company main track as originally located and established.

Seller: Steven and Laura Branz, Iron Mountain, MI

Authority: Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

Notice: This item will appear on the Department of Natural Resources (Department) October 3, 2023, calendar and is eligible for approval on October 10, 2023.

Management Purpose: Acquisition of this parcel will allow it to be managed as part of the statewide multi-use trail network.
