

GRETCHEN WHITMER
GOVERNOR

STATE OF MICHIGAN
DEPARTMENT OF NATURAL RESOURCES
LANSING

M. SCOTT BOWEN
DIRECTOR

January 16, 2024

MEMORANDUM TO THE DIRECTOR

Information: Natural Resources Commission

Subject: LOTS Case Number 20230189
State Land Review Recommendations for 67 Counties (Group 9)

In accordance with the 2013 Managed Public Land Strategy, adopted by Public Act 240 of 2018, review of the parcels in Group 9 of the State Land Review has been completed. Group 9 includes parcels that were previously not reviewed due to the need for additional research of location and ownership records and are located in 67 different counties across the state. These recommendations are made for Department of Natural Resources (DNR) managed lands that meet the specified criteria in 67 counties.

The review was conducted by staff from all DNR resource managing divisions in compliance with the procedure adopted by the DNR. Review of all parcels was completed at the local, regional, and statewide levels. Additional programmatic review was conducted by the Department of Environment, Great Lakes, and Energy, the Michigan History Center, and pertinent DNR programs such as Real Estate and Minerals Management. Two virtual public meetings were held on October 24 and October 25, 2023. Comments received at the meetings during the online public comment period were considered in the recommendations discussed with the Land Exchange Review Committee (LERC).

The Land Acquisition Strategy Team (team), which is coordinating the State Land Review process, reviewed the local and regional recommendations and prepared the parcel recommendations for public review. The team then compiled the public input for review by the LERC. Following DNR procedure, the LERC reviewed the public input and prepared final parcel recommendations on November 29, 2023.

If the final recommendations are approved, DNR staff will obtain all other approvals that may be required prior to conveyance from appropriate state or federal agencies.

State Land Review Parcel Reports

Attached are the State Land Review Parcel Reports and the recommended parcel classifications by county. All parcels designated as "Alternate Conservation Owner," "Exchange," or "Dispose" have been reviewed for possible restrictions due to funding source or deed conditions that may affect conveyance.

In addition to the attached reports, the Group 9 State Land Review Recommendations, final parcel classifications, and individual parcel locations can be viewed via an interactive map which can be found on the State Land Review webpage at Michigan.gov/PublicLands, by entering the DNR Parcel Number in the search screen.

Recommendations

1. That the Director approve of the parcel recommendations as presented in the attached reports.
2. That the parcels classified as “Retain” be retained in state ownership and DNR administration, and that the identified land administering divisions be formally designated as the managing division of the parcels.
3. That the parcels classified as “Alternate Conservation Organization” be disposed of by exchange, sale, or transfer to alternate units of government or conservation organizations. If parcels are not acquired by Alternate Conservation Organizations, they will be retained by the DNR.
4. That the parcels classified as “Exchange” be made available and marketed for land exchange opportunities for a period of two years from the date of approval. Parcels that are not involved in a proposed exchange transaction after two years has expired will be disposed of through the disposal process.
5. That the parcels classified as “Dispose” be disposed of by exchange, auction, sale, or transfer. Before being offered to the general public, all parcels will first be offered to local and county government entities. Mineral rights will be reviewed when parcels are prepared for disposition.
6. That unless specifically required by law dictating where sale proceeds are to be deposited, the proceeds from any sale will be deposited into the Land Exchange Facilitation Fund and used to acquire replacement land.

The Group 9 State Land Review Recommendations for the 67 counties will be eligible for approval on February 6, 2024. Parcels exceeding 80 acres requiring public notice were published in the Midland Daily on January 7, 2024, and appear on the DNR's Notices of Public Land Transactions webpage at www.michigan.gov/publiclandnotices.

January 16, 2024

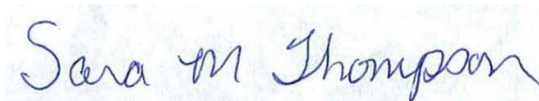

Randall M. Claramunt, Chief
Fisheries Division

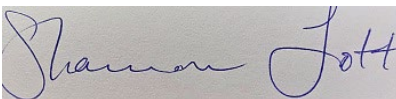

Jeffery J. Stampfly, Chief
Forest Resources Division

Ronald A. Olson, Chief
Parks and Recreation Division

Sara Thompson, Chief
Wildlife Division

Shannon Lott
Natural Resources Deputy

Kristin Phillips
Chief Administrative Officer

I approve the staff recommendations.

M. Scott Bowen
Director
