This is a 2 ½ -hour guided snowshoe hike that covers two miles in the beautiful deep snow of the Porcupine Mountains. We will ride the chairlift to the top of the ski hill, snowshoe to the East Vista view then make our own trail back down the mountain. Meet at the Snowshoe Barn located on the open slope of the ski hill.

Participant expectations:

- Hiking through 15 - 30 inches of snow over multiple miles,
- Exposure to possible cold, windy, or sunny conditions for several hours,
- Marching motion to keep feet on top of the deep snow for long distances,
- Snowshoeing over obstacles like fallen logs and steep terrain.

Dress in layers and be sure to pack for cold, windy, or sunny conditions.  
Snacks and water are recommended.
