## EXPLORE YOUR G UW GUIDE

1. What is the purpose of Growing Up WILD as found on the copyright page?

Growing Up WILD is an early childhood education program that builds on children's sense of wonder about nature and invites them to explore wildlife and the world around them.

2. The activities in the table of contents are arranged in a general progression from...?

Simplest concepts to more complex concepts.

3. What is a poult?

A baby turkey (found in the Glossary)

4. What do the purple headings in the table of contents describe?

The titles of informative sections in the guides.

5. In the section Connecting Children to Nature, list one of the six answers to the following statement, "Children who have opportunities to play and learn in nature are more likely to...?"

Page 4

6. What is one of the six things you should keep in mind according to the Responsible Collecting section?

Page 7

7. Briefly describe the copy me page resource for the activity Looking at Leaves.

An Observation Sheet asking for the students to use their senses...except taste.

8. Locate an activity that uses a study plot.

Field Study Fun

9. Describe the Mighty Math Section in Lunch for a Bear.

A venn diagram comparing and contrasting what a human would eat vs. what a bear would eat.

10. What is the purpose behind the Helping Hands portion of each activity?

To provide simple, practical ways to help children learn to respect wildlife and its habitat.
