

# K-12 classroom programs Winter 2025

## Porcupine Mountains Visitor Center

To register for a classroom program, email park interpreter Katie Urban at [UrbanK@Michigan.gov](mailto:UrbanK@Michigan.gov) or call 906-885-5275.

---

### **Precious Water**

How much water do we really have on planet earth? In this program, third through 12th grade students will get to build a model of all the Earth's water to discover how much of it we can use and brainstorm how we can all help protect it.

### **Poop and Prints**

This 45-minute program is all about our animals in the Porcupine Mountains. Your third through eighth grade students will use their skills to match the tracks, scat and animals together in this fun and exploratory program.

### **What To Do If You're Lost in the Woods**

What do you do if you're lost in the woods? This short, 30-minute program for kindergarten through 12th grade students is packed full of fun. Together we will learn the three rules to stay safe while exploring. We will even play a fun game of hide and seek to learn the best way to be found.

Help us make the most of our trip! When picking a date for us to visit, work with other teachers in your school to see if they are interested in a program on the same day.

### **Michigan.gov/PorkiesVC**

All programs are free unless otherwise noted; however, a Recreation Passport is required for entry to the park.
