

# Guide to Birds at Oden State Fish Hatchery

## Osprey

This raptor dines solely on fish. They fly with a marked kink to their wings. Listen for chirping calls overhead.

## Bald eagle

Seen near bodies of water looking for fish. Often steals fish from other creatures' catches.

## Great blue heron

Often seen wading in rivers and ponds looking for fish, frogs and rodents along the bank.

## Wood duck

Found in shallow water, swimming near edges. Colorful males and well-camouflaged females nest in tree cavities.

## Cedar waxwing

Found in groups eating berries or catching insects over rivers.

## Eastern phoebe

These songbirds nest under human-created shelters. Makes a raspy "phoebe" call.

## Green heron

Often hidden near water's edge. Dark, stocky bird hunched on yellow legs. Makes a harsh "sheow" sound.

## Black-and-white warbler

Small songbird with a thin, squeaky song. Creeps along tree trunks and branches.

## Northern flicker

Most woodpeckers are observed clinging to tree bark, but flickers forage for insects on the ground. Look for a white patch at the base of their tail as they fly.

## Common merganser

Located on rivers and lakes. Females have rusty, cinnamon heads. Males have white bodies with dark green heads and red bills.
