

# Shoreline Flooding and Ice Shove Reporting Form

The Buffalo Reef Task Force is working to better understand past shoreline flooding and ice shove incidents along Grand Traverse Bay to best avoid these problems in the future.

Please use this form to report past shoreline and ice shove events, using a separate form for each occurrence. Mark the location on the map below and, if available, please send a photograph or two with this completed form. You may email the form and attached pictures to [SCasey@limno.com](mailto:SCasey@limno.com) or mail them to:

Steve Casey  
512 South Big Creek  
Marquette, MI 49855
