

# Michigan's Amphibians

| Common Name                                   | Scientific Name                                      |
|-----------------------------------------------|------------------------------------------------------|
| Order: Salamanders                            | Caudata                                              |
| Family: Mudpuppies and Waterdogs              | Proteidae                                            |
| Mudpuppy (Special Concern)                    | <i>Necturus maculosus maculosus</i>                  |
| Family: Sirens                                | Sirenidae                                            |
| Western lesser siren (Endangered)             | <i>Siren intermedia nettingi</i>                     |
| Family: Mole Salamanders                      | Ambystomatidae                                       |
| Blue-spotted salamander                       | <i>Ambystoma laterale</i>                            |
| Spotted salamander                            | <i>Ambystoma maculatum</i>                           |
| Marbled salamander (Endangered)               | <i>Ambystoma opacum</i>                              |
| Small-mouthed salamander (Endangered)         | <i>Ambystoma texanum</i>                             |
| Eastern tiger salamander                      | <i>Ambystoma tigrinum tigrinum</i>                   |
| Family: Newts                                 | Salamandridae                                        |
| Red-spotted newt                              | <i>Notophthalmus viridescens viridescens</i>         |
| Central newt                                  | <i>Notophthalmus viridescens louisianensis</i>       |
| Family: Lungless Salamanders                  | Plethodontidae                                       |
| Red-backed salamander                         | <i>Plethodon cinereus</i>                            |
| Four-toed salamander                          | <i>Hemidactylium scutatum</i>                        |
| Northern two lined salamander (status unknow) | <i>Eurycea bislineata</i>                            |
| Northern dusky salamander (status unknown)    | <i>Desmognathus fuscus</i>                           |
| Order: Frogs and Toads                        | Anura                                                |
| Family: True Toads                            | Bufonidae                                            |
| Eastern American toad                         | <i>Bufo americanus americanus</i>                    |
| Fowler's toad (Special Concern)               | <i>Bufo woodhousii fowleri</i>                       |
| Family: True Tree Frogs                       | Hylidae                                              |
| Blanchard's cricket frog (Threatened)         | <i>Acris crepitans blanchardi</i>                    |
| Western chorus frog                           | <i>Pseudacris triseriata triseriata</i>              |
| Boreal chorus frog (Special Concern)          | <i>Pseudacris maculata [=P. triseriata maculata]</i> |
| Northern spring peeper                        | <i>Pseudacris crucifer crucifer</i>                  |
| Eastern gray treefrog                         | <i>Hyla versicolor</i>                               |
| Cope's gray treefrog                          | <i>Hyla chrysoscelis</i>                             |
| Family: True Frogs                            | Ranidae                                              |
| Green frog                                    | <i>Rana clamitans</i>                                |
| Bullfrog                                      | <i>Rana catesbeiana</i>                              |
| Northern leopard frog                         | <i>Rana pipiens</i>                                  |
| Pickerel frog (Special Concern)               | <i>Rana palustris</i>                                |
| Mink frog (Special Concern)                   | <i>Rana septentrionalis</i>                          |
| Wood frog                                     | <i>Rana sylvatica</i>                                |

Note: When applicable, the list includes established exotic species.
