

PRIVATE LANDS FIELD DOG TRIAL APPLICATION AND PERMIT

Issued under the authority of Public Act of 1994, part 401, and the Wildlife Conservation Order, Chapter XV. Making a false statement on this application, or failure to comply with the provisions of this Act, is a violation of state law and may result in the revocation of this permit and criminal penalties.

This application and permit is required prior to conducting a field dog trial on private land in Michigan. This form becomes a valid permit only after being approved and signed by the Director's authorized representative. Applicants must complete and submit this application **at least 30 days prior** to a requested event. Trials are valid only for dates approved by this permit. For trials that will take place in more than one specific location (typically coon dog night trials) this permit is valid only if the permittee contacts the Law Enforcement Supervisor for the District in which the trial will be conducted, no later than five days prior to each event, providing him/her with the specific location of the field trial headquarters for that event, and list up to three field trail 24 hour contact telephone numbers. Additional instructions and requirements regarding this permit are listed on the back of this application.

REQUIREMENTS AND INSTRUCTIONS FOR PRIVATE LANDS FIELD DOG TRIAL APPLICATION AND PERMIT

A "field dog trial" is defined as a trial or meet, advertised as such and open to entry by persons whose dogs qualify, in which not less than four participants, with dogs, are permitted to dog train in competition or contest. This definition does not apply to an individual cast of a field dog trial in which fewer than four participants with dogs constitute a cast. Dogs in a field dog trial must be awarded points, trophies, or other actual honors for their performance and demonstration of hunting skills. A person or a group of persons training their dogs, but not competing for prizes, points, trophies, or other actual honors are not participants in a field dog trial and shall not train dogs under the authority of a permit authorizing a field dog trial.

- 1) This permit neither grants nor implies the granting of authority to enter upon private property without prior permission of the property owner. **It is the responsibility of the applicant to secure permission from all landowners for the use of the property on which the event is to be held.**
- 2) Field dog trials on public property require a separate permit. For more information contact the Michigan DNR, Wildlife Division, Permit Specialist at 517-284-6210.
- 3) Nonresidents may not train dogs on bear, bobcat, fox, coyote, raccoon, or opossum except upon authorized private dog training areas. However, nonresidents may participate in authorized field dog trials.
- 4) For any field trial held between April 16 and July 8, a list of all trial participants must be kept at the trial headquarters, and shall be made available for inspection at any time during the duration of the trial to any peace officer.
- 5) In fox and raccoon field trials, live fox or raccoon that are legally possessed under a DNR Permit to Hold Wildlife in Captivity may be used provided that such animals are not released, dragged on a leash, submerged in water, or allowed to come in contact with dogs.
- 6) Unless specifically authorized by this permit, it shall be unlawful for a person to possess a firearm other than a shotgun, pistol, or revolver or ammunition other than blank cartridges while engaged in a field dog trial.

- 7) If the shooting of birds defined as game in Michigan is authorized by this permit, such birds shall be legally obtained from persons authorized to possess and sell birds defined as game in Michigan. If such birds are to be imported into Michigan, a Veterinarian's Certificate of Health must accompany shipment across state lines. Birds may be shot by no more than four previously designated gunners. Birds lawfully taken may be sold or given, provided a receipt is issued by the field trial sponsor to each recipient. The receipt must be retained with the birds until disposal of the carcasses.
- 8) All requested information must be provided on this application. Blank applications will be sent back unapproved. **This application/permit must be received by the DNR Permit Specialist at least 30 days prior to the event. Failure to do so, will result in the denial of your permit. This permit may only be issued for one type of trial.** Please attach a separate sheet if additional space is needed for counties and dates.
- 9) For trials that will take place in more than one specific location (typically coon dog night trials) this permit is valid only if the permit contacts the Law Enforcement Office for the District in which the trial will be conducted, no later than five days prior to EACH event, providing him/her with the specific location of the field trial headquarters, number of participants, and 24 hour field trial contact number or numbers. If the trial will be conducted in more than one district, each of the offices must be contacted. Below is a list of all District Offices and telephone numbers.
