

# Application scoring criteria

The scoring criteria the Michigan Department of Natural Resources Grants Management staff uses for the Michigan Spark Grants program were developed with input from the advisory group to ensure the program's stated objectives are met. In the event that multiple proposed projects receive the same total score, the DNR will use past per-capita grant assistance amount to prioritize the proposed projects.

Scoring categories	Points per section
Public benefit and anticipated outcomes	24
Access to project site	17
Financial and social considerations	19
Clarity of scope and ability to execute	14
Access to new opportunities for people of all abilities	15
New construction, renovation and future maintenance	11
<b>Total</b>	<b>100</b>

## Applicant information

The applicant information page hosts a series of standardized questions regarding the applicant's organization and site control. Many of the fields will automatically populate when the application is initiated. Please verify the information is correct and click SAVE to save the changes.
