

# THE WILDLIFE CONSERVATION ORDER

## Chapter I

### Title and Definitions

#### 1.1 Short title.

Sec. 1.1 This order shall be known and may be cited as "the wildlife conservation order."

History: Eff. Mar 31, 1989; Am. 1, 1994, Eff. Sep 1, 1994; Am. 9, 1995, Eff. Jan 1, 1996.

#### 1.2 Definitions.

Sec. 1.2 (1) Definitions in part 3 of 1994 PA 451, as amended, MCL 324.301; part 401, wildlife conservation, 1994 PA 451, as amended, MCL 324.40101 to 324.40119; and part 435, hunting and fishing licenses, 1994 PA 451, as amended, MCL 324.43501 to 324.43561, and in this order shall have the same meanings in this order. Additional definitions for terms used in this order are as defined in this section.

(2) "Advanced illness" means a medical or surgical condition with significant functional impairment that is not reversible by curative therapies and that is anticipated to progress toward death despite attempts at curative therapies or modulation, the time course of which may or may not be determinable through medical prognostication.

(3) "Antlered deer" means a deer having at least 1 antler that extends 3 inches or more above the skull. For the purposes of determining if an antler extends 3 or more inches above the skull, the measurement shall be taken on the longest antler beginning at the line where the antler and pedicel join, along the back of the antler, following the curve, if any, to the tip of the longest antler point. For the purposes of this section, "pedicel" means the bone of the skull to which the antler is attached.

(4) "Antlerless deer" means a deer without antlers or a deer with antlers where the longest antler extends less than 3 inches above the skull.

(5) "CWD management zone" means an area defined in chapter XII of this order subject to Michigan's surveillance and response plan for chronic wasting disease.

(6) "Core CWD area" means an area defined in chapter XII for the control and surveillance of chronic wasting disease.

(7) "Deer and elk feeding" shall have the same meaning as defined by section 40102 of 1994 PA 451, MCL 324.40102.

(8) "Feed" shall have the same meaning as defined by section 40102 of 1994 PA 451, MCL 324.40102.

(9) "Game" means any animal designated as game under the authority of section 40110 of 1994 PA 451, as amended, MCL 324.40110, and any of the following animals: badger, bear, beaver, bobcat, brant, coot, coyote, crow, deer, duck, elk, fisher, Florida gallinule, fox, geese, hare, Hungarian partridge, marten, mink, moose, muskrat, opossum, otter, pheasant, quail, rabbit, raccoon, ruffed grouse, sharptailed grouse, skunk, snipe, sora rail, squirrel, Virginia rail, weasel, wild turkey, wolf, woodchuck, and woodcock. "Game" does not include privately owned cervidae species located on a cervidae livestock facility registered under 2000 PA 190, MCL 287.951 to 287.969.

(10) "Migratory game bird" means a bird as defined by 50 C.F.R. §20.11 (1988).

(11) "Modified bow" means a bow, other than a crossbow, that has been physically altered so that the bow may be held, aimed, and shot with one arm.

(12) "New world camelids" means animals belonging to the genus llama and vicuna of the family camelidae of the order artiodactyla including, but not limited to, the llama, alpaca, vicuna, and guanaco.

(13) "Physical therapist" means the same as defined in article 15 of the public health code, 1978 PA

368, MCL 333.17801.

(14) "Physician" the same as defined in article 15 of the public health code, 1978 PA 368, MCL 333.17001.

(15) "Raptor" means any bird species of the orders strigiformes, accipitriformes, and falconiformes.

(16) "Residence" shall have the same meaning as defined by section 40103 of 1994 PA 451, MCL 324.40103.

(17) "Limited firearms deer zone" means that area south of a line beginning at a point on the Wisconsin-Michigan boundary directly west of the west end of highway M-46; then east to M-46 and east along M-46 to its junction with freeway US-131; then south along freeway US-131 to M-57; then east along M-57 to its intersection with Montcalm road on the Kent-Montcalm county line; then south along that county line and the Ionia-Kent county line to its intersection with M-44; then east along M-44 to its intersection with M-66; then north along M-66 to its intersection with M-57; then east along M-57 to its intersection with M-52; then north along M-52 to its intersection with M-46; then east along M-46 to its intersection with M-47; then north along M-47 to its junction with US-10; then east along US-10 to its junction with I-75; then north along I-75 and US-23 to its junction with beaver road, Kawkawlin township, Bay county; then east along beaver road to Saginaw bay; then north 50 degrees east to the international boundary with Canada.

(18) "Waterfowl hunting north zone" or "north zone" means all of the Upper Peninsula.

(19) "Waterfowl hunting middle zone" or "middle zone" means that area of the Lower Peninsula located north of a line beginning at the Michigan-Wisconsin boundary line in Lake Michigan, directly due west of the mouth of Stoney creek in section 31, T14N R18W, Oceana county, then proceed easterly and southerly along the centerline of Stoney creek to its intersection with Scenic drive, southerly on Scenic drive to Stoney lake road in section 5, T13N R18W, Oceana county, easterly on Stoney lake road then both west and east Garfield roads (name change only; not an intersection) then crossing highway US-31 to state highway M-20 (north of the town of New Era; also locally named Hayes road) in section 33, T14N R17W, Oceana county, easterly on M-20 through Oceana, Newaygo, Mecosta, Isabella, and Midland counties to highway US-10 business route in the city of Midland, easterly on US-10-BR to highway US-10 at the Bay county line, easterly on US-10 then crossing US-75 to state highway M-25 (west of the town of Bay City), easterly along M-25 into Tuscola county then northeasterly and easterly on M-25 through Tuscola county into Huron county, turning southeasterly on M-25 (near the town of Huron city; also locally named north Shore road) to the centerline of Willow creek in section 4, T18N R14E, Huron county, then northerly along the centerline of Willow creek to the mouth of Willow creek into Lake Huron, then directly due east along a line from the mouth of Willow Creek heading east into Lake Huron to a point due east and on the Michigan/USA-Canadian border.

(20) "Waterfowl hunting south zone" or "south zone" means all of that area of the Lower Peninsula south of the line described in middle zone.

(21) "Zone 1" means all of the Upper Peninsula.

(22) "Zone 2" means all of that part of the Lower Peninsula north of a line beginning at the Michigan-Wisconsin boundary line due west of the Lake Michigan shoreline which is north of Muskegon lake and due west of the western terminus of memorial drive at Scenic drive in Muskegon county, then easterly to said western terminus of memorial drive at Scenic drive, easterly on memorial drive to Ruddiman drive, northeasterly on Ruddiman drive to lake avenue, northeasterly on lake avenue to highway M-120 (also known as Holton road) in North Muskegon, northeasterly and then northerly on highway M-120 to highway M-20, easterly on highway M-20 to highway business route US-10 in the city of Midland, easterly on combined highway M-20 and highway business route US-10 to highway US-10 at the Midland-Bay county line, easterly on highway US-10 to Garfield road in Bay county, northerly on Garfield road to Pinconning road, easterly on Pinconning road to seven mile road, northerly on seven mile road to the Bay-Arenac county line (where seven mile road changes name to Lincoln school road), northerly on Lincoln school road (also known as county road 25) in Arenac county to highway M-61, easterly on highway M-61 to highway US-23, northeasterly then easterly on highway US-23 to the center line of the Au Gres river, southerly along the center line of the Au Gres river to Saginaw bay of Lake Huron, easterly 90° east for 7 miles into Saginaw bay, then northerly 78° east (dividing Arenac county islands from Huron county islands) to the international boundary line between the United States and the dominion of Canada.

(23) "Zone 3" means all that part of the Lower Peninsula south of the line described in zone 2.

(24) "Skull cap" means any part of the skull that includes the pedicel and the antlers originating from the frontal bones, that has been removed from the rest of the skull of the animal.

(25) "Core CWD surveillance area" means an area defined in chapter XII for the surveillance of chronic wasting disease.

(26) "Fixed shotgun shell" means a self-contained shotgun shell consisting of the case, primer, propellant charge, and projective or projectiles.

(27) "Developmental disability" means that term as defined in section 100a of the mental health code, 16 1974 PA 258, MCL 330.1100a.

## Chapter II

### General Hunting and Trapping Regulations

#### 2.1 Taking of animals; prohibited methods, devices, and weapons; exceptions.

Sec. 2.1 Unless otherwise specified in this order, a person shall not do any of the following:

(1) Make use of a pit, pitfall, deadfall, scaffold, raised platform, tree, cage, snare, trap, net, baited hook, or similar device, or a drug, poison, anti-coagulant, stupefying substance, smoke, gas, explosive, weasel, ferret, fitchew, arbalest, spear, or mechanical device, for the purpose of taking an animal or driving an animal out of their hole or home. For the purpose of this order, a mechanical device shall not be construed to mean a firearm, crossbow, slingshot, or bow and arrow. When used in this order, "raised platform" means a horizontal surface constructed or manufactured by a person that increases the field of vision of a person using the horizontal surface beyond the field of vision that would normally be attained by that person standing on the ground.

(2) Use in taking an animal, or have in the persons possession in an area frequented by animals, a semiautomatic shotgun or rifle other than .22 caliber or smaller rimfire, capable of holding more than six shells at one time in the magazine and barrel combined, or use a cartridge containing a tracer bullet, or a cartridge containing an explosive bullet, or a firearm capable of firing more than one shot with a single pull or activation of the trigger.

(3) During the five days immediately preceding November 15, transport or possess in an area frequented by deer a rifle or shotgun with buckshot, slug load, ball load, or cut shell. A person may transport a rifle or shotgun to or from a hunting camp if the rifle or shotgun is unloaded and securely encased or carried in the trunk of a vehicle. This section shall not prohibit a resident who holds a fur harvesters license from carrying a rimfire firearm .22 caliber or smaller while hunting or checking a trap line during the open season for hunting or trapping fur-bearing animals.

(4) Use in hunting, or, subject to section 43510, 1994 PA 451, MCL 324.43510, possess afield in an area inhabited by wild birds and animals within the "limited firearms deer zone" from November 15 to November 30, or use to take a deer during any firearm deer season in the "limited firearms deer zone," a firearm other than:

(a) A shotgun with a smooth or rifled barrel.

(b) A .35 caliber or larger pistol capable of holding no more than nine shells at one time in the barrel and magazine combined and loaded with straight-walled cartridges.

(c) A muzzle-loading rifle or black-powder pistol loaded with black-powder or a commercially manufactured blackpowder substitute.

(d) A .35 caliber or larger rifle loaded with straight-walled cartridges with a minimum case length of 1.16 inches and a maximum case length of 1.80 inches.

(e) A .35 caliber or larger air rifle or pistol charged only from an external high-compression power source such as an external hand pump, air tank, or air compressor.

(5) Injure, destroy, or rob the eggs of birds protected by the laws of this state or this order, or molest, harass, or annoy those birds upon their nests.

(6) Make use of a sink box or battery as these devices are defined by the United States fish and wildlife service.

(7) Set afire or assist in setting afire a marshland or other lands for the purpose of driving out wild birds or wild animals, or take or attempt to take a wild bird or wild animal so driven out of a marshland or other land.

(8) Take any animal at any time other than during the hunting hours and open seasons established in this order, except as may otherwise be provided in chapter VI.

(9) Take in 1 day more than the daily limit, or possess at one time more than the possession limit, or possess on the first day of the open season more than the daily limit, or possess more than the season limit of any animal.

(10) Destroy, disturb, or molest at any time any bear, beaver, muskrat, raccoon, squirrel, mink, badger, or rabbit house, hole, burrow, nest, dam, or den which may be used by such animals.

(11) Make use of a dog in hunting deer, except as noted in section 2.1a of this order.

(12) Affix any device to a bow, which aids in the cocking or holding of a bow string in a drawn position. This subsection shall not prohibit the use of a hand-held device to release the bow string. This subsection shall not apply to a permanently or temporarily disabled person who holds a special permit provided for in section 40101 to 40119 of 1994 PA 451, MCL 324.40101 to 324.40119, or section 5.95 of this order.

(13) Use aircraft to aid in the taking of a wild bird or wild animal.

(14) Take game with a crossbow unless the hunter possesses a valid license to take game and uses only arrows, bolts, and quarrels for taking deer, bear, elk, wolf, and turkey with a broadhead hunting type of point not less than 7/8 of an inch wide with a minimum of 14 inches in length.

(15) Take deer with a crossbow or a modified bow in zone 1 from December 1 to March 31. This subsection shall not apply to a person who holds a special permit provided for in part 401, wildlife conservation, natural resources and environmental protection act, 1994 PA 451, as amended, MCL 324.40101 to 324.40119, or section 5.95 of this order.

(16) Subject to section 40116, 1994 PA 451, MCL 324.40116, take game during the established daylight shooting hours from August 15 through April 30 unless the individual wears a cap, hat, vest, jacket, or rain gear of hunter orange. Hunter orange includes camouflage that is not less than 50 percent hunter orange. The garments that are hunter orange must be the hunter's outermost garment and be visible from all sides of the hunter. This does not apply to an individual engaged in the taking of deer with a bow or crossbow during archery deer season, an individual taking bear with a bow or crossbow, an individual engaged in the taking of turkey or migratory birds other than woodcock, an individual engaged in the sport of falconry, or an individual who is stationary and in the act of hunting bobcat, coyote, or fox.

(17) Possess or use lures or attractants in an area frequented by game that contain or claim to contain cervid urine or other bodily fluids originating from cervids, except for products produced by manufacturers that are actively enrolled and participating in either the official Responsible Hunting Scent Association or Archery Trade Association Deer Protection Program, which has been tested for the presence of chronic wasting disease by a qualified laboratory and certified that no detectable levels of chronic wasting disease are present and is clearly labeled as such.

### **2.1a Tracking by dogs; requirements.**

Sec. 2.1a (1) A dog may be used to locate a wounded deer, elk or bear if the dog is kept on a leash or the tracker can demonstrate control of the dog under (5)(e) and, subject to section 43510, subsections (2) and (3), of part 435, hunting and fishing licensing, natural resources and environmental protection act, 1994 PA 451, as amended, MCL 324.43510, none of the persons in attendance possess a firearm, crossbow or bow and arrow, except as noted in 2.1a (2) and (3). If the tracking is done at night, artificial lights ordinarily carried in the hand, or on the person, may be used. The use of dogs to recover legally taken game does not authorize trespass.

(2) A licensed deer or elk hunter accompanying a dog tracker shall not have a live round in the chamber, a cocked crossbow, or bow with nocked arrow, except at the time and point of kill.

(3) A licensed bear hunter accompanying a dog tracker outside of legal hunting hours shall not have a loaded firearm, a cocked crossbow, or bow with nocked arrow except at the time and point of kill.

(4) Only a licensed hunter may dispatch and tag the wounded deer, elk, or bear.

(5) A dog tracker, when accompanying a licensed hunter, must comply with all the following:

(a) Tracker must register to receive a bi-annual permit from the department's law enforcement division authorizing the individual to track with a dog. Tracker shall submit an application for a permit on a form or through a web-based application system furnished by the department. A permit application shall be considered only if the applicant is at least 18 years of age or older and has provided all documentation required by the department:

(b) Tracker's name, address, telephone number, and accompanying hunter's license information must be provided to the department's report all poaching telephone number prior to initiating each tracking activity.

(c) Tracker has control of the dog off leash when the tracker can demonstrate knowledge of the dog's location and a method to control the dog, which may include voice command.

(d) Tracker must contact the department's report all poaching telephone number within 12 hours of a mortally wounded animal being dispatched or ending each tracking activity.

## **2.2 Open seasons and closed seasons, inclusive dates.**

Sec. 2.2 The open season dates and closed season dates stipulated in this order are inclusive.

History: Eff. Mar 31, 1989; Am. 20, 1989, Eff. Sep 1, 1989.

## **2.3 Permitted acts; trapping; use of rimfire firearm .22 caliber or smaller; American Indians on reservations.**

Sec. 2.3 This order shall not be construed to prohibit any of the following:

(1) The trapping of fur-bearing animals as provided in this order.

(2) Subject to section 2.5 of this order, an individual may use a rimfire firearm .22 caliber or smaller to kill raccoon while hunting with dogs between the hours of 7 p.m. and 6 a.m. during the firearm deer season.

(3) The carrying and using of a rimfire firearm .22 caliber or smaller to kill legally trapped furbearers, as permitted in section 3.600 (1), during the firearm deer season if the firearm is loaded only at the point of kill.

(4) The enjoyment by American Indians living on a reservation of the privileges bestowed upon them by federal law or treaties.

History: Eff. Mar 31, 1989; Am. 2, 2003, Eff. Apr 12, 2003; Am. 11, 2011, Eff. Jun 10, 2011; Am 8, 2016, Eff. June 10, 2016.

## **2.4 Permissible use of artificial lights.**

Sec. 2.4 (1) Artificial lights, similar to the type ordinarily held in the hand or on the person, may be used by a person traveling afoot with a bow and arrow, crossbow, a pneumatic gun, a rimfire firearm .22 caliber or smaller, a centerfire rifle or centerfire pistol .269 caliber or smaller, or shotgun with loads other than buckshot larger than number 3, slug or cut shell. However, subject to MCL 324.43510, (2) and (3), the person shall not possess a loaded firearm, a cocked crossbow, or bow with a nocked arrow, except as provided in section 2.1a of this order unless one or more of the following conditions apply:

(a) The individual is hunting with the aid of dogs and is at the point of kill.

(b) The individual is hunting with the aid of game call or predator call.

(2) Persons not possessing a bow, crossbow, or firearm while traveling afoot may use lights as defined in subsection (1) during dog training or field dog trials to follow dogs chasing raccoon, opossum, or fox.

(3) Artificial lights, similar to the type ordinarily held in the hand or on the person, may be used by a person traveling afoot to take a bear outside of the open bear season under the authority of a bear damage shooting permit as provided in sections 5.46 and 5.47 of this order.

(4) Artificial lights, similar to the type ordinarily held in the hand or on the person, may be used by a person traveling afoot to take a deer outside of the open deer season under the authority of a deer damage shooting permit as provided in sections 5.42 of this order.

Mar 11, 2005; Am. 2, 2009, Eff. Mar 6, 2009, with a sunset provision regarding the use of the crossbow effective Mar 6, 2012; Am. 2, 2010, Eff. Feb 5, 2010; Am. 17, 2010, Eff. Aug 13, 2010; Am. 11, 2011, Eff. Jun 10, 2011; Am. 4, 2016, Eff. April 15, 2016; Am 11, 2016, Eff. Dec. 9, 2016; Am 1, 2020, Eff. Apr. 17, 2020; Am. 2 of 2023; Eff. Mar. 9, 2023; Am. 7 of 2023; Eff. June 8, 2023.

## **2.4a Permissible use of a crossbow and laser sighting device by blind person during lawful hunting hours, conditions for use.**

Sec. 2.4a (1) A blind person, as defined by section 1 of 1978 PA 260 MCL 393.351, may use a laser sighting device in conjunction with a crossbow or a firearm to take an animal during the lawful hunting hours for that animal if all of the following conditions are met while the person is taking an animal:

(a) The person is accompanied and assisted by a sighted person. The sighted person must be at least 18 years of age and be in possession of a hunting license other than an apprentice license issued by this state, another state, a province of Canada, or another country or a certificate of completion of training in hunter safety issued by this state, another state, a province of Canada, or another country, and shall furnish such proof upon the request of a peace officer.

(b) The person possesses proof of blindness in the form of an identification card issued under the authority of section 1 of 1972 PA 222, MCL 28.292, and furnishes the proof of blindness upon the request of a peace officer.

(2) The department may issue a permit to a person who is permanently or temporarily disabled to use a laser sighting device in conjunction with a crossbow, modified bow, or a firearm to take an animal during lawful hunting hours for that animal if the permittee is accompanied by another person at least 18 years of age who is licensed to hunt that game under a license other than an apprentice license.

History: Am. 3, 1997, Eff. Jun 1, 1997; Am. 5, 2003, Eff. May 10, 2003; Am. 10, 2007, Eff. May 11, 2007; Am. 17, 2010, Eff. Aug 13, 2010.

## **2.5 Hunting hours, exceptions; prohibited activities.**

Sec. 2.5 (1) Except for the trapping of animals and as otherwise specified in this section, the hunting hours shall substantially conform to one-half hour before sunrise to one-half hour after sunset and shall be those starting times and ending times published in the Michigan hunting and trapping guide or in the respective state hunting guide for that animal.

(2) In addition to the daylight hunting hours specified in subsection (1) and 3.605, a person traveling afoot at night and in possession of only a bow and arrow, a crossbow, a pneumatic gun, a rimfire firearm .22 caliber or smaller, a centerfire rifle or centerfire pistol .269 caliber or smaller, or shotgun with loads other than buckshot larger than number 3, slug or cut shell, unless otherwise provided by law, may take within their specified open seasons raccoon, opossum, coyote, and fox. However, subject to MCL 324.43510, (2) and (3), a person hunting these species during the nighttime hunting hours shall not possess a loaded firearm, a cocked crossbow, or bow with a nocked arrow unless one or more of the following conditions apply:

(a) The individual is hunting with the aid of dogs and is at the point of kill.

(b) The individual is hunting with the aid of game call or predator call.

(3) A person shall not use a centerfire rifle or centerfire pistol to take an animal during nighttime hunting hours as specified in subsection (2) in any state park or recreation area.

(4) Except for woodcock and crow, the hunting and hawking hours for all waterfowl and migratory birds shall be as listed in the state waterfowl hunting guide. The hunting hours for woodcock shall substantially conform to sunrise to sunset and shall be as published in the Michigan hunting and trapping guide. The hunting hours for crow shall be as specified in subsection (1).

(5) The hunting hours for wild turkey during the spring season shall substantially conform to one-half hour before sunrise to one-half hour before sunset, and shall be those starting times and ending times published in the state hunting guide for wild turkey.

(6) The hunting hours for teal during the early season shall substantially conform to sunrise to sunset, and shall be those starting times and ending times as published in the waterfowl hunting digest.

(7) Subject to MCL 324.43510, (2) and (3), except during the hunting hours specified in this section and as otherwise provided by subsection (2) and sections 5.42, 5.46 and 5.47, a person shall not possess afield a firearm unless it is unloaded in the barrel, or crossbow or a bow and arrow unless all arrows and bolts are placed in a quiver. A person may, to comply with section 4.1(2), kill a down and mortally wounded deer, bear, or elk using an otherwise legal means and may possess a loaded firearm, a cocked crossbow, or bow with nocked arrow only at the time and at the point of kill. Notwithstanding any other provision of this subsection, a person hunting under the authority of a wild turkey license during the spring wild turkey season may load and carry a loaded firearm afield while going to their hunting stand up to one hour prior to the spring wild turkey hunting hours.

## **2.8 Hunt with bow and arrow from scaffold, raised platform, or tree allowed; taking certain species with a firearm from scaffold, raised platform or tree allowed; use of scaffold, platform, ladder, steps or certain other devices in taking an animal on publicly owned lands, exception.**

Sec. 2.8 An individual may hunt with a crossbow or a bow and arrow from a scaffold, raised platform, or tree. An individual taking deer, elk, turkey, bobcat, fox, coyote, raccoon, opossum, or bear with a firearm may use a scaffold, raised platform, or tree pursuant to all other hunting regulations. An individual taking small game that are not migratory game birds may use a scaffold, raised platform, or tree pursuant to all other hunting regulations. In taking an animal, an individual shall not do any of the following on publicly owned lands:

(1) Permanently construct or affix to a tree or other natural feature a scaffold, platform, ladder, steps or any other device to assist in climbing a tree, or use any item that penetrates the cambium of a tree in the construction or affixing of any device to assist in climbing a tree.

(2) Use or occupy a scaffold, raised platform, ladder, or step that has been permanently affixed or attached to any tree or other natural feature.

(3) Nothing in this section shall prohibit a scaffold or platform temporarily affixed to a tree by use of a Tbolt or similar device supplied by the manufacturer at the time the scaffold or platform was purchased.

(4) Use or occupy a scaffold or raised platform that does not have etched, engraved, implanted, burned, printed, or painted on the scaffold or raised platform, the name and address, complete Michigan driver's license number, or DNR sportcard number of the person placing the scaffold or raised platform in legible English easily read from the ground.

(5) Use, occupy, or place a scaffold, raised platform, ladder, steps, or any other device to assist in climbing a tree if the scaffold, raised platform, ladder, steps, or other device is on public lands earlier than September 1 of each year or is not removed by March 1, exception:

(a) The scaffold, raised platform, ladder, steps, or any other device to assist in climbing a tree for elk hunting purposes may be placed on public lands from August 15 through five days after the close of the elk season for which the individual is licensed, or if successful, five days after harvesting an elk.

(b) The scaffold, raised platform, ladder, steps, or any other device to assist in climbing a tree for bear hunting purposes may be placed on public lands from 31 days prior to the open bear hunting season in each bear management unit through five days after the close of the bear season for which the individual is licensed, or if successful, five days after harvesting a bear.

(i) The name and address, Michigan driver's license number, or DNR sportcard number of the licensed bear hunter in the bear management unit where licensed, or, outside of the bear season, the person placing the device to assist in climbing a tree, must be permanently attached, etched, engraved, or painted on the scaffold or raised platform.

## **2.9 “Ground blind” defined; requirements to use, occupy, place, build, construct, or maintain a ground blind on publicly owned lands; use or placement of blind does not convey exclusive hunting right.**

Sec. 2.9 (1) For the purposes of this section, “ground blind” means a structure, enclosure, or any material, natural or manufactured, placed on the ground to elevate or otherwise assist in concealing or disguising the user or occupant for the purpose of taking an animal except for commercially manufactured ladder stands which lean up against and require the support of a tree to maintain their upright position.

(2) A person may use, occupy, place, build, construct, or maintain a ground blind on publicly owned lands only if one of the following applies:

(a) The ground blind is constructed exclusively of dead and natural materials found on the ground in the area where the blind is constructed, except that cloth, netting, plastic or other materials may be used by the occupant of a ground blind if the cloth, netting, plastic or other materials are not fastened to the blind and are carried out by the user at the end of each day's hunt. For the purposes of this section, “fastened” means stapled, nailed, glued, or other means of permanent attachment other than tying.

(b) The ground blind is clearly a portable blind and is removed at the end of each day's hunt. Fasteners, if used to attach or anchor a portable blind, shall be removed at the end of each day's hunt and shall not consist of any item that penetrates the cambium of a tree.

(c) The ground blind is a temporary ground blind constructed of materials other than dead and down materials found on the ground in the area where the blind is constructed and which meets all of the following conditions:

(i) The blind for deer hunting purposes is not located upon publicly owned lands from the day following the last day of the open deer season to September 1 unless allowed by the public agency administering the land on which the blind is located. A ground blind located on publicly owned lands anytime during the period defined in this subsection shall be considered an abandoned ground blind.

(ii) The blind for bear hunting purposes is not located upon publicly owned lands from five days after bear season closes to 31 days prior to the open bear hunting season in each bear management unit; except successful bear hunters must remove their ground blind within 5 days of harvesting a bear. A ground blind located on publicly owned lands anytime during the period defined in this subsection shall be considered an abandoned ground blind.

(iii) The name and address, Michigan driver's license number, or DNR sportcard number of the licensed bear hunter in the bear management unit where licensed, or, outside of the bear season, the person placing the ground blind, is permanently attached, etched, engraved, or painted on the ground blind.

(iv) Fasteners, if used to attach or anchor a temporary ground blind, shall be removed with the blind and shall not consist of any item that penetrates the cambium of a tree.

(v) The blind for elk hunting purposes is not located upon publicly owned lands from five days after elk season closes to August 15; except successful elk hunters must remove their ground blind within 5 days of harvesting an elk. A ground blind located on publicly owned lands anytime during this period defined in this subsection shall be considered an abandoned ground blind.

(vi) The name and address, Michigan driver's license number, or DNR sportcard number of the licensed elk hunter in the elk management unit where licensed, or, outside of the elk season, the person placing the ground blind, is permanently attached, etched, engraved, or painted on the ground blind.

(vii) The name and address, Michigan driver's license number, or DNR sportcard number of the person placing the ground blind shall be permanently attached, etched, engraved, or painted on the ground blind.

(3) This section shall not apply to blinds constructed and used for taking waterfowl as described in section 3.401 or structures constructed by a public agency upon lands administered by that public agency.

(4) The placement or use of a ground blind on publicly owned lands shall in no way convey exclusive hunting rights to the area surrounding that blind.

(5) A ground blind that does not meet the requirements of subsection (2) shall be an illegal ground blind. A person shall not use an illegal ground blind.

(6) Only ground blinds which meet the requirements of subsections (2)(a) or (2)(b) may be used in state game areas, state recreation areas and state parks that are located in zone 3.

## **2.10 Person with a disability defined; disabled person use of temporary blind on public land, conditions for use; exception for a person assisting a disabled person.**

Sec 2.10 For the purposes of this section, a disabled person shall mean a person issued a permit to hunt from a standing vehicle under the authority of section 40114 of 1994 PA 451, MCL 324.40114, a person issued a placard by the department of state which entitles that person to the privileges bestowed by section 675 of 1949 PA 300, MCL 257.675, or a person with a disability as defined by section 81101 1994 PA 451, MCL 324.81101, or a person issued a crossbow permit pursuant to section 5.95 of this order.

(1) Notwithstanding the provisions of section 2.9, a person with a disability may place, use, and occupy a temporary blind constructed of manufactured materials which is left overnight on public land if all of the following conditions are met:

(a) The person has first etched, engraved, implanted, burned, printed, or painted on the blind the name and address, complete Michigan driver's license number, or DNR sportcard number of the person placing the blind on publicly owned lands in legible English. It shall be unlawful for a person to affix a fictitious name or address to a blind, or remove a name or address from a blind until after the blind is removed from publicly owned lands.

(b) The blind is a temporary blind which is manufactured for that purpose and is placed no earlier than 10 days prior to the open hunting season for which it is used and removed at the end of the season for which it is used.

(c) The blind is not affixed or attached to any tree or other natural feature using nails, screws, bolts, lag screws, wire, rope, or any other device or fastener made by a person.

(2) A person who is not a person with a disability may assist a person with a disability in placing or removing a lawful blind on public land.

## **2.11 "Fence" and "passages" defined; certain fence construction shall constitute a taking or maintaining in captivity of deer, elk, bear and moose; temporary permits, permit and issuance requirements, fees; exceptions.**

Sec. 2.11 (1) As used in this order, "fence" means a structure or combination of a structure and natural barrier which is sufficient to prohibit the natural movement of an animal. For the purposes of this order, except as provided by subsections (6) and (7), construction of a fence shall constitute a taking or the maintaining in captivity of wild, free-ranging deer, elk, bear, or moose if the structure is constructed in an area frequented by wild, free-ranging deer, elk, bear, or moose and if 1 or more of the following conditions apply:

(a) The constructed structure is greater than 52 inches in height above the adjacent grade anywhere along its length and the total length of the constructed structure is more than  $\frac{1}{4}$  mile and does not contain passages constructed in such a manner as to ensure the passage of wild, free ranging deer, elk, bear, or moose.

(b) The constructed structure is greater than 52 inches in height above the adjacent grade anywhere along its length and the combination of the constructed structure length and natural barrier length is more than  $\frac{1}{4}$  mile in length and does not contain within the length of the constructed structure passages constructed in such a manner as to ensure the passage of wild, free ranging deer, elk, bear, or moose.

(c) The proposed fence would enclose deer, elk, bear, or moose and the person constructing or causing the construction of the fence did not obtain a permit prior to construction of the fence from the department for the temporary enclosing of animals or did not comply with the conditions of the temporary enclosing permit including the removal or flushing of deer, elk, bear, or moose or the payment of fees as directed by the permit. An application for a permit to temporarily enclose deer, elk, bear, or moose shall not be considered unless the applicant includes a proposed method and timetable for the removing or flushing the deer, elk, bear, or moose and the proposed method and timetable of removing or flushing the deer, elk, bear, or moose is approved by the department. If approved by the department, a permit shall be issued by the wildlife permit specialist.

(2) As used in this order, "passage" means a space, opening, or fence 52 inches or less in height constructed in a manner to ensure the passage of wild, free-ranging deer, elk, bear, or moose. For a passage to be constructed in a manner to ensure the movement of wild, free ranging deer, elk, bear, or moose, all of the following shall apply:

(a) Passages shall be at least 40 feet wide and shall be spaced no more than 660 feet from the next passage.

(b) Fence corners shall have passages extending at least 20 feet in each direction.

(3) A person shall not construct, obstruct, or place passages in a manner to inhibit the movement of wild, free- ranging deer, elk, bear, or moose.

(a) A person violates this section when the person does any of the following:

(i) Constructs passages in a place where the terrain or other natural features would inhibit passage use by wild, free-ranging deer, elk, bear, or moose.

(ii) Physically constructs passages in a manner that inhibits passage use by wild, free-ranging deer, elk, bear, or moose.

(iii) Blocks passages with physical barriers or otherwise constructs or uses physical barriers to impede the movement of wild, free-ranging deer, elk, bear, or moose through passages.

(iv) Uses a natural or artificial visual, aural, olfactory, gustatory, or physical stimulus to affect animal behavior in order to hinder, impede, or prevent the movement of wild, free-ranging deer, elk, bear, or moose through passages.

(v) Erects barriers or uses a natural or artificial visual, aural, olfactory, gustatory, or physical stimulus to affect animal behavior in order to hinder, impede, or deny wild, free-ranging deer, elk, bear, or moose ingress or egress to areas where passages are located.

(vi) Engages in any other act or behavior for the purpose of violating this subsection.

(4) The department may provide a written variance from these requirements for passages if the variance is deemed beneficial to wildlife and consistent with the intent of this order. Passages shall be placed along known travel lanes used by deer, elk, bear, or moose whenever practicable. It is recommended that either a minimum space of 4 inches be provided between the bottom of the fence and the adjacent grade, or that the fencing material contains 6-inch by 6-inch openings at ground level, in order to provide for the movement of other wildlife.

(5) In issuing a permit for the temporary enclosing of animals, the department shall do all of the following:

(a) If a permit is issued for a fence which would enclose wild, free-ranging elk, bear, or moose, the permit shall require the flushing or removal of all elk, bear, and moose.

(b) If a permit is issued for a fence which would enclose deer, the approved flushing plan shall require the flushing or removal of as many deer as practical. Deer not flushed or otherwise removed from an enclosure shall be killed in a manner approved by the department.

(c) Include a statement to advise the applicant that additional local or state regulations may apply to the construction and placement of fences.

(d) Charge a fee of \$45.00 for each permit issued. However, if any deer is killed pursuant to subdivision (b), the permit fee shall be \$45.00 plus \$250.00 for each deer killed.

(6) This section shall not apply to premises licensed under the provisions of part 427, breeders and dealers, of the natural resources and environmental protection act, Act 451 of the Public Acts of 1994, being sections 324.42701 to 324.42714 of the Michigan Compiled Laws, or premises registered as a cervidae livestock facility under the provisions of the privately owned cervidae producers marketing act, Act 190 of the Public Acts of 2000, being sections 287.951 to 287.969 of the Michigan Compiled Laws, or to an exclusion structure which does not kill, harm, capture, trap, or collect animals and which is constructed to:

(a) Deter or prevent damage by wild animals to private property, including but not limited to fences to protect livestock; poultry and other birds, including captive-reared game birds; farm crops; orchards; and gardens.

(b) Protect public safety, including but not limited to airport fencing, military fencing, and fencing to restrict access to dangerous or potentially dangerous areas.

(c) Provide any function and be constructed within the curtilage or within the incorporated limits of a city or village.

(d) Provide any type of industrial or commercial security function and be constructed within a recognized industrial or commercially zoned area.

(7) As provided by law for the taking of animals to prevent or control damage and when deemed advisable for public health or safety reasons, the wildlife division chief may issue a permit to allow the taking of deer, elk, bear, or moose by fence.

## **2.12 Pure Michigan hunt; eligibility requirements, definition, open area, exceptions.**

Sec. 2.12 (1) A Pure Michigan Hunt applicant must meet the age requirement and all other eligibility requirements established in statute to purchase a regular (not apprentice, mentored youth, or inclusive mentored) hunting license to hunt bear, deer, or elk with a firearm.

(2) Notwithstanding any other provisions of this order, and subject to the requirements of applicable statutes, a Pure Michigan Hunt license shall include the opportunity to purchase:

(a) One any-elk license (Michigan resident only).

(b) One bear license (not valid for Drummond island BMU).

(c) One spring turkey license.

(d) One fall turkey license.

(e) One antlerless deer license.

(f) One base license.

(3) Successful applicants shall be determined by a drawing. Pure Michigan Hunt drawing success does not affect or involve any preference points or ineligibility periods related to other hunting licenses or lifetime licenses.

(4) Three Pure Michigan packages shall be awarded each year allowing the successful applicant to purchase the above licenses for the prices established by the department pursuant to law.

(5) The nonrefundable application fee for a Pure Michigan Hunt license is \$5.00.

(6) Pure Michigan Hunt applicants may purchase multiple Pure Michigan Hunt applications.

(7) Licenses purchased by a successful Pure Michigan Hunt applicant shall be valid for the following:

(a) Pure Michigan Hunt unit defined in section 12.999 for each game species.

(b) During any open season for that species, with the appropriate hunting devices authorized by this order.

(c) On any lands open to hunting for those licenses in section 2.12(2) with permission of the private landowner, if applicable.

(d) The party hunt leader with the first selection at any managed waterfowl area during the reserved hunt period, or first selection of another hunt choice at any managed waterfowl area if approved by the local area manager. The party hunt leader with first selection of a hunt choice at any managed waterfowl area must give a minimum of 24 hours' notice to the managed waterfowl area they will be visiting.

(8) A Pure Michigan Hunt applicant must meet all the requirements to participate in any season covered by the Pure Michigan Hunt license.

(9) Successful Pure Michigan Hunt applicants are not prohibited from:

(a) Applying for a limited draw license authorized by any other provision of this order.

(b) Purchasing a license authorized by other provisions of this order.

(c) Utilizing a kill tag authorized by other provisions of this order.

(d) Retention of any preference points or chances accumulated by other provisions of this order.

(10) Nonresidents are not eligible to purchase a Michigan elk hunting license.

(11) Successful Pure Michigan Hunt applicants may transfer authorization to purchase Pure Michigan Hunt licenses to individuals who satisfy eligibility requirements established for Pure Michigan Hunt applicants, and are eligible to purchase licenses for the hunts being transferred.

## **2.13 Hunt with a modified bow.**

Sec. 2.13 A hunter may hunt with a modified bow, as defined in section 1.13, if that person holds a license issued pursuant to part 435 to hunt with a crossbow and complies with all other laws and rules for the taking of game.

## **2.14 Mentored hunting program; definition, eligibility; requirements.**

Sec. 2.14 (1) The mentored hunting program is established in accordance with MCL 324.43517.

(2) As used in this section, "hunting device" means a firearm, crossbow, or bow and arrow that may be lawfully used and possessed during the open season for the game species being hunted.

(3) An individual may be eligible to participate as a mentor in the mentored hunting program only if all of the following apply:

(a) A mentor shall be at least 21 years of age.

(b) A mentor shall possess a valid license to hunt, other than an apprentice license.

(c) A mentor shall demonstrate proof of previous hunting experience in the form of a previous hunting license, other than an apprentice license, or a certificate of completion for hunter safety training issued to that individual by this state, another state, a province of Canada, or another country.

(d) A mentor shall ensure that any hunting device possessed by a mentored individual is sized appropriately to fit the physical abilities of the mentored individual.

(e) The mentor shall maintain no more than arm's length distance from a mentored individual at all times that the mentored individual is in possession of a hunting device.

(4) An individual less than 10 years old may lawfully possess a mentored youth hunting license and may hunt with a mentor only if all of the following apply:

(a) The mentored youth shall demonstrate, at the request of any law enforcement officer, the operation of their hunting device's safety features, as applicable.

(5) A person with a developmental disability may lawfully possess an inclusive mentored license and may hunt with a mentor only if subsection (a) or (b) apply:

(a) The mentored individual is a minor child who has a developmental disability, as defined in Chapter 1, and is unable to obtain certification of completion of training in hunter safety.

(b) The mentored individual is an adult who has a developmental disability, as defined in Chapter 1, and has a guardian appointed under chapter 6 of the mental health code, 1974 PA 258, MCL 330.1600 to 330.1644, and is unable to obtain certification of completion of training in hunter safety.

(6) No more than a total of two hunting devices may be possessed by a mentor and those mentored individuals that they are responsible for while hunting.

(7) A deer kill tag issued under the mentored youth hunting license or inclusive mentored license shall be valid for any deer in any deer management unit.

(8) The one spring season and one fall season turkey kill tag issued under the mentored youth hunting license or inclusive mentored license shall be valid on public or private land in any open turkey hunting unit.

(9) Nonresident individuals shall only take furbearers without a bag limit. Resident individuals may take all species except resident minors must be at least eight years old to obtain the free kill tags for fisher, otter, marten, and bobcat.

(10) Mentored individuals may apply for or purchase antlerless deer licenses under the provisions of 3.102 and 3.104 of this order.

(11) Mentored individuals may apply for or purchase a bear license under the provisions of 3.200a of this order.

(12) Mentored individuals may apply for or purchase an elk license under the provisions of 3.4 of this order.

(13) A mentor who causes or allows a mentored individual to engage in an unlawful act as defined in Part 435 or Part 401 of 1994 PA 451, or an order or interim order issued under these parts shall be punishable as the principal offender. Nothing in this order shall negate or diminish the responsibility of the parent or legal guardian as provided in MCL 324.43517.

## **2.15 Hunting access program; requirements, conditions for use, prohibited activities.**

Sec. 2.15 (1) The hunting access program (HAP) is established in accordance with MCL 324.43556.

(2) A person hunting on designated HAP lands, who is not the landowner or lease holder, shall not do any of the following:

(a) Fail to comply with all rules listed in the landowner's registration folder.

(b) Hunt without first registering at the designated headquarters or service station for the applicable HAP lands prior to each hunt.

(c) Hunt in other than the "hunt type" designation as listed in HAP materials provided by the department.

(d) Hunt during a season not listed in HAP materials and other provisions in this order.

(e) Park in an area without permission from the landowner.

(3) A person hunting on designated HAP lands, who is not the landowner or lease holder, shall not do any of the following activities without landowner permission:

(a) Drive on HAP lands or use any wheeled or tracked vehicle.

(b) Block a drive or lane.

(d) Hunt in or damage standing crops.

(e) Use a blind that is affixed or attached to any tree or other natural feature using nails, screws, bolts, lag screws, wire, rope, or any other device or fastener made by a person.

#### 3.2 Elk hunting method of take, exceptions.

Sec. 3.2 (1) Those firearms, crossbows, and bows legal for the taking of deer in Michigan shall be legal to take elk, except that it shall be unlawful to use a shotgun with buckshot to take elk.

(2) A licensee may hunt elk from a scaffold, raised platform, or tree under the provisions of 2.8 of this order.

#### 3.3 Repealed. Am. 5, 1989, Eff. Sep 1, 1989.

Publisher's note: The repealed section pertained to the October elk hunt, application, and selection procedures.

#### 3.4 Elk hunt, application and selection procedures; requirements; unlawful acts; ineligible persons.

Sec. 3.4 (1) Only Michigan residents may apply for an elk license. Residents under 10 years of age must purchase a mentored youth license before applying for an elk license. A person who is not a resident of Michigan shall not hunt elk in Michigan. A person shall be ineligible to receive an elk license for more than 1 hunt period.

(2) A person issued an antlerless-only elk license valid for taking an antlerless elk subsequent to the 2003 license year shall be ineligible to apply for, obtain, or purchase an elk license for 10 license years subsequent to receiving the license. A person issued an elk license valid for taking a bull elk on or after February 1, 2004, shall subsequently be ineligible to apply for, obtain, or purchase an elk hunting license.

(3) Eligible residents wishing to participate in the hunting of elk must apply for a license through the retail sales system in accordance with instructions provided by the department. If more applications are received than the number of licenses to be issued, a random weighted lottery will be held for the selection of successful applicants. The director shall establish provisions for the transfer of application success to an unsuccessful youth applicant or any individual with an advanced illness.

(4) All elk drawing applicants shall be eligible for a license which is valid for the harvest of a bull elk. Those who are not selected may be considered for an antlerless-only elk license at their option, indicated at the time they make application.

(5) All successful applicants must participate in a training session before the hunt as determined by the department. Upon completion of this training, each successful applicant will be issued their elk license

along with other pertinent information and materials.

### **3.5 Elk licenses, procedures; voiding of selection; transfer of drawing success; unlawful acts.**

Sec. 3.5 (1) It shall be unlawful for an individual to purchase an elk license unless the individual is a Michigan resident and holds a current resident base license, a mentored youth license, or an inclusive mentored license.

(2) It shall be unlawful for an individual who transfers their success in the elk lottery to a minor hunter or a hunter with an advanced illness to assist the minor hunter or hunter with an advanced illness in any manner in taking elk for a fee or other consideration or service of value, either directly or indirectly.

(3) It shall be unlawful for an individual to buy or sell success in the elk license lottery, or an adult to acquire a license after being unsuccessful in the lottery, unless the individual has received from a physician a written statement of advanced illness which shall be produced upon the request of department personnel or a peace officer.

(4) Individuals holding a mentored youth license or an inclusive mentored license may hunt elk subject to the mentored hunting program as described in section 2.14 of this order.

### **3.6 Elk hunting, tagging, sealing, requirements; unlawful acts.**

Sec. 3.6 (1) The department shall issue a kill tag as part of the elk hunting license. An individual shall not kill or attempt to kill an elk unless the individual has a valid elk kill tag issued in the individual's name for the elk management units in which the individual is hunting. An individual shall not tag an elk with a kill tag that is not valid for the unit in which the elk is taken. The licensee must provide the kill tag and elk license to a conservation officer upon request.

(2) The licensee shall complete the elk hunt information sheet, as directed by the department, prior to participating in any elk hunting activity.

(3) (a) A person who kills an elk shall immediately validate the kill tag by notching out the appropriate areas of the kill tag and shall immediately attach the kill tag to the antler, lower jaw, or calcaneal (Achilles) tendon of the elk in a secure and permanent manner.

(b) A person who attempts to kill or kills an elk may be required to clearly mark the kill site and other locations as instructed in the training session. Any elk that are wounded or killed with an improper tag and not recovered must be reported to a department employee as instructed in the training session.

(4) Within 24 hours of killing an elk and before removing any elk from the area open to elk hunting, the carcass shall be presented, by the licensee that killed the elk, to the department for examination, sealing, and registration. The licensee shall validate, register, and report their elk harvest as instructed by the department. An examination will be made for such biological or other information as may be desired. The carcass need not be entire, but all parts must be readily identifiable and presented for sealing.

(5) Within 2 weeks of killing an elk, a licensee shall take the head of the animal to a department management unit or field office for submission to the department.

(6) Except as provided in this subsection for the removal of a kill tag, it shall be unlawful to possess or transport an elk without a validated kill tag attached. The kill tag shall remain attached to the carcass until the animal is sealed and registered by the department. The seal must remain attached until any 1 of the following conditions are met:

(a) The carcass is processed or butchered for consumption by an individual for their personal use.

(b) The carcass is accepted for processing and recorded by a commercial processor. If the antlers or head is returned to the person submitting the animal to the commercial processor, the seal shall accompany the head or antlers.

(c) The carcass is accepted for processing and recorded by a taxidermist.

(7) It shall be unlawful to take an elk over bait. For the purposes of this section, "bait" means a substance composed of grain, fruit, vegetables, or other food placed to lure or entice elk. This does not apply to standing farm crops under normal agricultural practices or other natural growing grains, fruits, or vegetables.

(8) It shall be unlawful for a hunter with an antlerless-only license to take or possess an elk with antlers. It shall be unlawful for an individual to take more than 1 elk per valid kill tag.

(9) It shall be unlawful for an individual to pursue, capture, shoot, kill, chase, follow, harass, or harm an elk while the elk is swimming in a pond, lake, stream, or other body of water.

(10) It shall be unlawful for an individual to hunt an elk with a dog.

(11) It shall be unlawful to take an elk by any method other than by firearm, bow and arrow, or crossbow.

### **3.7 Repealed. Am. 4, 1991, Eff. Sep 1, 1991.**

Publisher's note: The repealed section pertained to October elk license quotas.

### **3.8 Elk license quota, hunters restricted to assigned management unit, exception.**

Sec. 3.8. (1) The license quotas for elk hunt period 1, as specified in Section 3.1(1), shall be elk management unit X, 30 any elk licenses and 70 antlerless elk licenses.

(2) The license quotas for elk hunt period 2, as specified in section, 3.1(1) shall be:

(a) Elk management unit H, 20 any elk licenses and 40 antlerless elk licenses.

(b) Elk management unit I, 30 any elk licenses and 70 antlerless elk licenses.

(3) An elk hunter shall hunt in their assigned season and elk management unit except elk hunters assigned to hunt in elk management units H or I may hunt in elk management unit X.

### **3.9 Taking of elk marked with visible ear tag identification.**

(1) A department employee or designee may kill an elk that bears visible ear tag identification, if the animal is confirmed by a department or federal employee to have been outside of the perimeter of a registered cervidae livestock operation for more than 48 hours.

(2) Any animal taken under this section must be submitted for registration and disease testing in a manner specified by the department.

History: Am. 9, May 11, 2007, Eff. May 11, 2007; Am. 3, 2016.

### **3.100 Take of deer; prohibited firearms, legal weapons, "bait" and "baiting" defined, conditions for baiting established in certain area(s); unlawful acts.**

Sec. 3.100 (1) "Take" means the same as defined in section 40104, 1994 PA 451, MCL 324.40104.

(2) An individual must possess while hunting deer the unused kill tag issued with the deer license, pursuant to section 3.103, and provide it to a conservation officer, a law enforcement officer, or a tribal conservation officer upon request.

(3) Unless otherwise specified in this order, an individual shall not do any of the following:

(a) Take a deer without possessing a valid license with kill tag.

(b) Take a deer other than during the open seasons established in this order.

(c) Take a deer outside of lawful hunting hours.

(d) Take a deer by any method other than by firearm, bow and arrow, or crossbow.

(e) Take a deer with a rimfire firearm .22 caliber or smaller.

(f) Take a deer during any firearm deer season in the "limited firearms deer zone," with a firearm other than a shotgun with a smooth or rifled barrel, a .35 caliber or larger pistol capable of holding no more than nine shells at one time in the barrel and magazine combined and loaded with straight-walled cartridges, a .35 caliber or larger rifle loaded with straight-walled cartridges with a minimum case length of 1.16 inches and a maximum case length of 1.80 inches, a .35 caliber or larger air rifle or pistol charged only from an external high-compression power source, or a muzzleloading rifle or black-powder pistol loaded with black-powder or a commercially manufactured blackpowder substitute.

(g) Take a deer, or have in possession while hunting deer, a semiautomatic shotgun or rifle, capable of holding more than six shells in the magazine and barrel combined, or use a cartridge containing a tracer or explosive bullet, or a firearm capable of firing more than one shot with a single pull or activation of the trigger.

(h) Take a deer using an arrow, bolt, or quarrel with a broadhead hunting type of point less than 7/8 of an inch wide and/or a length less than 14 inches.

(i) Take a deer with a crossbow or a modified bow in zone 1 from December 1 to March 31.

(j) Take a deer while the deer is swimming in a pond, lake, stream, or other body of water.

(k) Make use of a dog in hunting a deer, except as noted in section 2.1a of this order.

(l) Use aircraft to aid in the taking of a deer.

(m) Set afire or assist in setting afire any land for the purpose of driving out a deer, or take or attempt to take a deer so driven out of any land.

(n) Purchase a deer license unless the individual holds a current base license.

(o) Possess or use lures or attractants in an area frequented by game that contain or claim to contain cervid urine or other bodily fluids originating from cervids, except for products produced by manufacturers that are actively enrolled and participating in either the official Responsible Hunting Scent Association or Archery Trade Association Deer Protection Program, which has been tested for the presence of chronic wasting disease by a qualified laboratory and certified that no detectable levels of chronic wasting disease are present and is clearly labeled as such.

(4) For the purposes of this section and sections 3.100a, and 3.205, "bait" means a substance intended for consumption by deer composed of grains, minerals, salt, fruits, vegetables, hay, or any other food materials, whether natural or manufactured. "Bait" does not include scents – whether composed of natural or synthetic materials – made inaccessible for consumption by deer and placed in such a manner to prohibit any physical contact with deer, the establishment and maintenance of plantings for wildlife, foods found scattered solely as the result of normal agricultural planting or harvesting practices, foods available to deer through normal agricultural practices of livestock feeding if the area is occupied by livestock actively consuming the feed on a daily basis, or standing farm crops under normal agricultural practices. For the purposes of this section, "baiting" means to place, deposit, tend, distribute, or scatter bait to aid in the taking of a deer.

(5) Except as otherwise provided in this subsection, it shall be unlawful for a person to make use of bait to aid in the taking of a deer within zone 2 and zone 3, exceptions:

(a) Eligible individuals participating in the liberty hunt described in section 3.101e, may make use of bait to aid in the taking of a deer if the baiting occurs only from five days prior to the second Saturday in September to the last day of the season and the provisions of subsection (6b), (6c), and (6d) are met. All bait shall be removed prior to any additional hunting during this season. This does not apply to hunters participating in the liberty hunt who only meet the eligibility requirements of section 3.101e subsection (2)(a) or (2)(b).

(b) Eligible individuals participating in the independence hunt as described in section 3.101g, may make use of bait to aid in the taking of a deer if the baiting occurs only from five days prior to the first day of the season through the last day of the season and the provisions of subsection (6b), (6c), and (6d) are met. All bait shall be removed prior to any additional hunting during this season.

(6) In remaining portions of Michigan not described in subsection (5), a person may engage in baiting only if all of the following conditions apply:

(a) The baiting occurs only from September 15 to January 1, except that eligible participants participating in the liberty hunt may use bait five days prior to the second Saturday in September.

(b) The bait material may be of any food type.

(c) The bait is scattered directly on the ground by any means, including mechanical spin-cast feeders, provided that the spin-cast feeder does not distribute on the ground more than the maximum volume allowed as described in subdivision (d) of this subsection. "Scattered" means that the bait is dispersed or thrown over a minimum of a 10- foot by 10-foot or equivalent area so that individual pieces of bait are separated and not placed in piles. The purpose of scattering is to mimic natural feeding conditions.

(d) The volume of bait used at any 1 point in time shall not exceed 2 gallons at any 1 hunting site.

(e) Subsection (6) is subject to Section 3.100a (2) of this order.

(7) Except as otherwise provided by subsection 5, it shall be unlawful for a person to make use of bait to aid in the taking of a deer if the bait and baiting does not meet all of the conditions specified in subsection (6) unless specifically authorized.

### **3.100a Deer and elk feeding; prohibitions and conditions; words and phrases.**

Sec 3.100a (1) A person shall not engage in deer and elk feeding, as defined by section 40102 of 1994 PA 451, MCL 324.40102, within zone 2 and zone 3.

(2) Deer and elk feeding prohibited except for recreational viewing and supplemental feeding, conditions for baiting and feeding in certain areas. In remaining portions of Michigan not described in subsection (1), a person shall not engage in deer and elk feeding except for recreational viewing and supplemental feeding conducted as prescribed in this section. In the event CWD is documented within Michigan, outside of the areas described in subsection (1), within 10 miles of Michigan's border with another state or Canadian province, or as determined by the director, the director shall issue an interim order banning the use of bait and banning the feeding of deer and elk, at a minimum, within the relevant CWD management zone.

(3) Recreational feeding and supplemental feeding may be prohibited if a location is deemed by the Department to be a public safety issue.

(4) Recreational viewing in areas not closed to feeding, conditions. In remaining portions of Michigan not described in subsection (1) or identified by provisions of subsection (2), a person may engage in deer and elk feeding for recreational viewing only if all the following conditions are met:

(a) The feed is placed not more than 100 yards from a residence of the person and upon land owned or possessed by that person.

(b) The feed is placed, scattered, or dispersed at least 100 yards from any area accessible to cattle, goats, sheep, new world camelids, bison, swine, horses, or captive cervidae and no more than 100 yards from a residence.

(c) The feed is scattered directly on the ground by any means, including mechanical spin-cast feeders, provided that the spin-cast feeder does not distribute on the ground more than the maximum volume allowed as described in subdivision (d) of this subsection.

(d) The volume of feed placed, scattered, or distributed does not exceed 2 gallons per residence per calendar day and no more than 2 gallons present at any one time.

(e) The feed placed, scattered, or distributed may be of any food type.

(f) The feed shall not be placed or used as bait to take deer.

(g) A person shall not hunt or attempt to hunt over feed placed for deer.

(h) A landowner shall not allow an individual to hunt or attempt to hunt over feed placed for deer.

(5) Deer or elk feeding on property under a person's ownership or lease, prohibited conduct, "person" defined. A person shall not allow deer or elk feeding on property under their ownership or control in violation of this section. For the purposes of this subsection, "person" means an individual, partnership, corporation, association, or other nongovernmental legal entity except if the property is leased it shall mean the individual, partnership, corporation, association, or other non-governmental legal entity with control or authority over the property except it shall not include the owner of lands enrolled under the provisions of Part 511, Commercial Forests, of the Natural Resources and Environmental Protection Act, 1994 PA 451, MCL 324.51101 to 324.51120.

(6) Supplemental feeding of deer, counties listed, conditions. A person may engage in the supplemental feeding of deer in Ontonagon, Houghton, Keweenaw, Baraga, Alger, Luce, Gogebic, Marquette, Schoolcraft, Mackinac, Chippewa, Iron, Dickinson, Delta, and Menominee counties if all the following apply:

(a) The placement of feed shall not begin before January 1 and shall not extend beyond May 15.

(b) All conditions in section 3.100a (7) of this order are met.

(7) The following conditions must be met to engage in the supplemental feeding of deer in areas noted in section 3.100a (6) of this order:

(a) The supplemental deer feeding is conducted in compliance with all the following criteria:

(i) All feed shall be placed one-quarter mile or more from the nearest paved public highway.

(ii) All feed shall be placed at least 1 mile from cattle, goats, sheep, new world camelids, bison, swine, horses, or captive cervidae.

(iii) All feed shall be placed at least 1 mile from wheat fields, potato fields, commercial fruit orchards, commercial plantings of nursery stock or Christmas trees.

### **3.101 Deer hunting open seasons; type of deer that may be taken; carrying of firearms, season limit.**

Sec. 3.101. (1) The open firearm deer season shall be from November 15 to November 30.

(2) The open muzzle-loading and black-powder firearms deer season in zone 1, zone 2, and zone 3 shall be a total of 10 days from the first Friday in December to nine days thereafter.

(3) Subject to section 43510(2) and (3), 1994 PA 451 MCL 324.43510, except as provided in subsection (5), an individual hunting deer with a muzzleloading firearm during the muzzle-loading and black-powder firearms season shall only possess or carry afield, or take a deer with a muzzle-loading rifle, muzzleloading shotgun, or black-powder pistol, loaded with black-powder or a commercially manufactured blackpowder substitute, or a crossbow.

(a) Subject to section 43510(2) and (3), 1994 PA 451 MCL 324.43510, except as provided in subsection (5), an individual hunting deer in the Lower Peninsula north of the limited firearms deer zone during the muzzle-loading and black-powder firearms season shall only possess or carry afield, or take a deer with a weapon that is legal to possess or carry afield during the open firearm deer season.

(b) Subject to section 43510(2) and (3), 1994 PA 451 MCL 324.43510, except as provided in subsection (5), an individual hunting deer in the Lower Peninsula south of the limited firearms deer zone during the muzzle-loading and black-powder firearms season shall only possess or carry afield, or take a deer with a weapon that is legal to possess or carry afield during the open firearm deer season.

(4) The open bow and arrow season shall be from October 1 through November 14 and from December 1 through January 1.

(a) Subject to all other provisions of this order, in the January archery deer management zone, as defined in chapter XII of this order, the open bow and arrow season shall be from October 1 through November 14 and from December 1 through January 31.

(5) Subject to section 43510(2) and (3), 1994 PA 451 MCL 324.43510, during the open bow and arrow season, as described in subsection (4), an individual hunting deer with a bow and arrow or a crossbow shall not possess or carry afield a pistol, revolver, or any other firearm unless:

(a) The individual is properly licensed to hunt deer with a firearm and is hunting in an area open to firearm deer hunting.

(b) The individual is properly licensed to hunt deer with a firearm and is hunting in an area open to the muzzleloading and black-powder firearms deer season in zone 2 and zone 3.

(c) An individual taking a deer under the terms and conditions of a disease control permit authorized under section 5.77 of this order may possess or carry a bow and arrow or crossbow, and a firearm, if applicable.

(6) An early antlerless firearm deer season shall be a two-day hunt starting the Saturday following September 15 upon public and privately owned lands within Alcona, Allegan, Alpena, Antrim, Arenac, Bay, Barry, Benzie, Berrien, Branch, Calhoun, Cass, Cheboygan, Clare, Clinton, Crawford, Eaton, Emmet, Genesee, Gladwin, Grand Traverse, Gratiot, Hillsdale, Huron, Ingham, Ionia, Iosco, Isabella, Jackson, Kalamazoo, Kalkaska, Kent, Lake, Lapeer, Lenawee, Livingston, Macomb, Manistee, Mason, Mecosta, Midland, Missaukee, Monroe, Montcalm, Montmorency, Muskegon, Newaygo, Oakland, Oceana, Ogemaw, Osceola, Oscoda, Otsego, Ottawa, Presque Isle, Roscommon, St. Clair, St. Joseph, Saginaw, Sanilac, Shiawassee, Tuscola, Van Buren, Washtenaw, Wayne, Wexford counties, upon public and privately owned lands within that portion of Charlevoix county within deer management unit 015, and upon public and privately owned lands within that portion of Leelanau county within deer management unit 045. Only an individual possessing a valid antlerless deer license, a mentored youth hunting license, a deer license, or a deer combination license may take a deer during this season. A deer kill tag issued under the mentored youth hunting license, deer license, or deer combination license shall be used to harvest an antlerless deer only.

(7) A late antlerless firearm deer season shall be from the Monday following the conclusion of the muzzle-loading and black-powder firearms deer season through January 1 upon public and privately owned lands within Alcona, Allegan, Antrim, Alpena, Arenac, Barry, Bay, Benzie, Berrien, Branch, Calhoun, Cass, Cheboygan, Clare, Clinton, Crawford, Eaton, Emmet, Genesee, Gladwin, Grand Traverse, Gratiot, Hillsdale, Huron, Ingham, Ionia, Iosco, Isabella, Jackson, Kalamazoo, Kalkaska, Kent, Lake, Lapeer, Lenawee, Livingston, Macomb, Manistee, Mason, Mecosta, Midland, Missaukee, Monroe, Montcalm, Montmorency, Muskegon, Newaygo, Oakland, Oceana, Ogemaw, Osceola, Oscoda, Otsego, Ottawa, Presque Isle, Roscommon, St. Clair, St. Joseph, Saginaw, Sanilac, Shiawassee, Tuscola, Van Buren, Washtenaw, Wayne, Wexford counties, upon public and privately-owned lands within that portion of Charlevoix county within deer management unit 015, and upon public and privately owned lands within that portion of Leelanau county within deer management unit 045. Only an individual possessing a valid antlerless deer license, a mentored youth hunting license, a deer license, or a deer combination license may take a deer during this season. A deer kill tag issued under the mentored youth hunting license, deer license, or deer combination license shall be used to harvest an antlerless deer only.

(8) The deer management assistance firearm hunt period shall be from the first Monday following the third Saturday in December through January 1 upon lands owned by federal, state, county, or local units of government, non-profit organizations, and other urban or suburban properties in zone 3. Only those areas with a wildlife division approved deer population management plan will be considered for issuance of these special deer management assistance permits. Only an individual possessing a valid deer management assistance permit issued for this hunt period may take a deer with a firearm or a crossbow during this season.

(9) The season limit shall be 1 deer per deer license.

(10) Except as provided by subsection (12) and sections 3.101a, 3.101c, 3.101e, 3.101g, 3.101i, and 3.101k, the kind of deer which may be taken during the respective open seasons and zones for each combination of season and deer license, except antlerless deer license, shall be as shown in table 2:

### **3.101e Liberty hunt, season established, limits defined, adult requirements, hunting hours.**

Sec. 3.101e (1) The liberty hunt shall be a 2-day hunt starting the second Saturday in September.

(2) Individuals wishing to participate in the liberty hunt shall be eligible if one of the following applies:

(a) A youth 16 years of age or less may participate in the liberty hunt. Hunters under the age of 10 must be licensed through the mentored youth hunting program and accompanied by a qualified mentor.

(b) A veteran with 100 percent disability as defined by the United States department of veterans affairs may participate in the liberty hunt. Documentation from the United States department of veterans affairs indicating 100 percent disability shall be in the possession of a veteran participating in this hunt.

(c) A resident rated by the United States department of veterans affairs as individually unemployable may participate in the liberty hunt. Documentation from the United States department of veterans affairs indicating this rating shall be in the possession of a veteran participating in this hunt.

(d) An individual is in possession of a permit issued by the department to hunt from a standing vehicle.

(e) An individual is in possession of a permit issued by the department to hunt using a laser sighting device.

(f) An individual is blind as defined by section 1 of 260 PA 1978, MCL 393.351.

(g) An individual is deaf as defined by section 2 of 72 PA 1978, MCL 408.202.

(3) The following rules shall apply to an individual taking deer on the liberty hunt:

(a) A parent or legal guardian shall not allow a youth hunter to go afield to hunt deer unless the youth hunter is accompanied by an adult subject to section 43517 of 1994 PA 451, as amended, MCL 324.43517. Subject to section 43510(2) and (3) of 1994 PA 451, as amended, MCL 324.43510 and section 43517 of 1994 PA 451, as amended, MCL 324.43517, an adult accompanying a youth firearm deer hunter shall not possess or carry a firearm, crossbow, or bow and arrow, except as a qualified mentored youth hunting program mentor or a veteran with 100 percent disability may possess a firearm, crossbow, or bow and arrow if hunting under the authority of section 3.101e(2b).

(b) The hunting hours shall be one-half hour before sunrise to one-half hour after sunset, local time.

(c) Except as otherwise specifically provided in this section, all regulations of state law and this order regarding the taking, possession, transportation, and storage of deer during a firearm deer season shall apply to an individual participating in the liberty hunt.

(4) During the liberty hunt, an individual may take antlerless or antlered deer, except an individual shall not take more than one antlered deer, provided they possess a deer license, deer combination license, an antlerless deer license valid for the unit in which they are hunting, or a deer license issued under the mentored youth license. Notwithstanding any other provisions of this order, licenses are valid for either an antlered or an antlerless deer during the liberty hunt, except that an antlerless deer license is valid only for an antlerless deer.

### **3.101g Independence hunt, season established, eligibility requirements, limits defined.**

Sec. 3.101g (1) The independence hunt shall be a total of 4 days starting the Thursday prior to the third Saturday in October and for 3 days thereafter upon privately owned land, or public land requiring an access permit and open to the independence hunt by lottery.

(2) An individual wishing to participate in the independence hunt shall be eligible if one of the following applies:

(a) An individual is in possession of a permit issued by the department to hunt from a standing vehicle.

(b) A veteran with 100 percent disability as defined by the United States department of veterans affairs. Documentation from the United States department of veterans affairs indicating 100 percent disability shall be in the possession of a veteran participating in this hunt.

(c) A resident rated by the United States department of veterans affairs as individually unemployable. Documentation from the United States department of veterans affairs indicating this rating shall be in the possession of a veteran participating in this hunt.

(d) An individual is blind, as defined by section 1 of 1978 PA 260, MCL 393.351.

(e) An individual is in possession of a permit issued by the department to hunt using a laser sighting device.

(f) An individual is deaf as defined by section 2 of 72 PA 1978, MCL 408.202.

(3) An eligible individual wishing to participate in the independence hunt on public land must apply for a permit through a lottery system in accordance with instructions provided by the land manager.

(4) Except as otherwise specifically provided in this section, all regulations of state law and this order regarding the taking, possession, transportation, and storage of deer during a firearm deer season shall apply to an individual participating in this hunt.

(5) During the independence hunt, a qualifying hunter may take one deer provided they possess a deer license, deer combination license, or an antlerless deer license valid for the unit in which they are hunting. Notwithstanding any other provisions of this order, during the independence hunt, a deer license or deer combination license is valid for either an antlered or an antlerless deer.

### **3.101k Deer hunting in deer management unit 122 antler restriction.**

Sec. 3.101k (1) Notwithstanding any other provisions of this order, except sections 3.101e and 3.101g, in deer management unit 122 an individual possessing a deer license shall not take an antlered deer unless the deer has at least 1 antler with 3 or more antler points each 1 or more inches in length.

History: Am. 6 of 2024, Eff. July 11, 2024.

### **3.102 Antlerless deer license; validity; authority; types; restrictions; units.**

Sec. 3.102. (1) Antlerless deer licenses are valid on public and private lands in all open deer management units when those units have a season open to the taking of deer, unless otherwise specified. Antlerless deer licenses do not grant permission to hunt on private property without the permission of the landowner.

(2) It shall be unlawful for an individual to purchase an antlerless deer license unless the individual holds a current base license or mentored youth license.

(3) Antlerless deer licenses shall only be valid for taking an antlerless deer.

(4) The deer management units, as defined in chapter XII, listed in section 3.105a are open to the taking of antlerless deer by a valid antlerless deer license.

(5) The director, in consultation with and concurrence of the natural resources commission, may require an application to obtain an antlerless deer license or may issue antlerless deer licenses through the retail sales system on a first-come, first-served basis for use in designated deer management units.

(6) The director in consultation with and concurrence of the natural resources commission may issue antlerless deer licenses through the retail sales system on a first-come, first-served basis for use in designated deer management units when the director determines that antlerless deer licenses remain unsold after the drawing, provided for in section 3.104, has been held or where such issuance is in the best interest of deer management. An application for the current year is not required to purchase an antlerless deer license that remains after the drawing, provided for in section 3.104, has been held.

(7) Requirements; restrictions for mentored hunters:

(a) Individuals holding a mentored youth license or an inclusive mentored license must be accompanied by a qualified mentor. Mentored individuals may hunt antlerless deer subject to the mentored youth hunting program as described in section 2.14 of this order. A deer kill tag issued under the mentored youth hunting license or inclusive mentored license shall be valid for any deer in any open deer management unit, except during antlerless-only seasons when only an antlerless deer may be taken. When used to harvest an antlered deer, antler point restrictions do not apply.

(b) A hunter 16 years of age or younger on or before the 4th Saturday in September may purchase 1 antlerless deer license, over the counter, on a first-come, first-served basis, during the application period for antlerless licenses for any deer management unit with antlerless licenses available, if applicable.

(8) An individual may purchase up to a season limit of 10 antlerless deer licenses statewide until the quota has been met.

### **3.103 Issuance of deer kill tags; reporting deer harvest; validation of deer kill tag; unlawful acts.**

Sec. 3.103 (1) The director shall issue a kill tag as part of each deer hunting license. An individual shall not tag a deer with a kill tag that is not valid for the area in which the deer is taken. A person who kills a deer shall immediately validate the kill tag by one of the following:

(a) Paper kill tag validation: An individual shall notch out the required information as instructed on the kill tag and shall securely attach the kill tag to the antler, lower jaw, or gambrel of the deer in a permanent manner. It shall be unlawful to possess or transport a deer unless the kill tag is securely attached to the antler, lower jaw, or gambrel of the deer and the required information is notched on the kill tag.

(b) Electronic kill tag validation: An individual shall electronically select the required information as instructed on the department's mobile application. It shall be unlawful to possess or transport a deer unless the required information is electronically selected as instructed on the department's mobile application. The required information entered electronically shall be produced upon the request of a peace officer.

(i) When the deer is no longer personally attended by the individual who harvested it, a tag made of durable material with the applicable deer license number legibly written in permanent ink shall be securely attached to the antler, lower jaw, or gambrel of the deer in a permanent manner. This requirement does not apply if the deer is physically stored at the individual's primary residence or transferred by the individual directly to a processor or taxidermist.

(3) A person shall report their deer harvest as instructed by the department within 72 hours after retrieval of a deer or before transfer of possession of a deer, whichever comes first. All persons reporting their deer harvest must retain the associated harvest confirmation number. A person who kills a deer may designate another person to report their deer harvest. "Transfer of possession" means 1 of the following:

(a) The deer carcass is transferred to another individual. ~~for consumption.~~

(b) The entire deer carcass, or head, has been accepted by a processor or taxidermist.

(c) The entire deer carcass, or head, has been submitted to the department.

(4) The kill tag described in 1(a) shall remain attached to the carcass until any 1 of the following conditions are met:

(a) The carcass is processed and butchered for consumption by an individual for their personal use.

(b) The head is transferred to or transported by someone other than a processor or taxidermist. If the head is not attached to the carcass, the kill tag shall remain with the head.

(c) The carcass, including the head, has been accepted for processing and recorded by a commercial processor or taxidermist. The kill tag shall remain with the head.

(d) The carcass, not including the head, has been accepted for processing and recorded by a commercial processor or taxidermist. The kill tag shall remain with the head.

(5) The durable tag described in 1(b)(i) shall remain attached to the carcass. Exceptions:

(a) The durable tag may be removed from the carcass when the carcass is processed and butchered for consumption by an individual for their personal use.

(b) The durable tag may be removed from the carcass if the head is not attached to the carcass in which case the durable tag shall remain with the head.

(c) The durable tag may be removed from the carcass if the carcass, including the head, has been accepted for processing and recorded by a commercial processor or taxidermist.

### **3.104 Antlerless deer hunting license application procedures; qualifications; unlawful acts.**

Sec. 3.104 (1) A person desiring to acquire an antlerless deer hunting license that is available by application must make application for a license through the retail sales system in accordance with instructions provided by the department. The fee for each antlerless deer license shall be established by the director. If the number of applications for a license in any unit exceeds the quota of licenses to be issued, a random drawing will determine the successful applicants.

(2) A person shall not make more than 1 application for an antlerless deer hunting license per license year.

(3) Applications must be submitted in accordance with instructions no later than August 15 of the year in which application was made to be eligible for the drawing.

### **3.108 North Manitou island deer management unit, deer hunting regulations.**

Sec. 3.108 (1) A special permit is required to hunt deer during the designated special open firearms season within the North Manitou island deer management unit. The special permit shall be applied for by contacting the park superintendent, Sleeping Bear Dunes National Lakeshore. To establish hunting eligibility, a current State of Michigan deer hunting license must be purchased. Proof of hunting license purchase is required. In issuing these permits, the park superintendent shall serve as the agent of the department to implement the open firearms deer hunt on North Manitou island as designated in section 3.110 of this order.

(2) A current deer license for the appropriate season shall be required to hunt deer during the designated open archery, firearm and muzzleloader deer hunting seasons on North Manitou island as designated in section 3.110 of this order. No special permit is required during the open archery, firearm and muzzleloader deer hunting seasons.

(3) An individual shall not sell, lend, or allow another person to use their North Manitou island special permit, nor shall an individual use or attempt to use another person's North Manitou Island special permit.

(4) The park superintendent or his agents shall affix a validation tag to each legally taken deer during the special open firearms season for the North Manitou island deer management unit.

(5) The use of bait is prohibited on North Manitou island.

### **3.124 Mideast Deer Management Unit 351, and Midwest Deer Management Unit 352, deer hunting regulations, deer hunting access permits.**

3.124 (1) An application may be required to obtain an antlerless deer hunting access permit. Antlerless deer hunting access permits may be issued to persons chosen in a random drawing from applicants. Permits shall not be transferrable to other hunters. The department may limit the number of antlerless deer hunting access permits that are available for the drawing for each deer management unit.

(2) The following regulations apply if the mideast deer management unit 351 and/or midwest deer management unit 352 are open to antlerless licenses in table 4, section 3.105a:

(a) A person hunting deer in the mideast deer management unit 351, or midwest deer management unit 352, shall comply with all existing laws and rules regarding the taking of deer.

(b) A person shall not hunt deer in the mideast deer management unit 351 or midwest deer management unit 352 without a deer hunting access permit.

(c) A person hunting deer in the mideast deer management unit 351 or midwest deer management unit 352 shall comply with all rules and regulations printed on their deer hunting access permit.

(d) Applications must be submitted in accordance with instructions no later than August 15 of that year in which application was made to be eligible for the drawing.

(e) A person shall not make more than 1 application for a deer hunting access permit per license year.

(f) Any leftover hunting access permits may be issued to hunters after the drawing on a first-come, first served basis until quotas are met.

(g) The department may allow a hunter 16 years of age or younger on or before the 4th Saturday in September to purchase 1 antlerless deer hunting access permit for the mideast deer management unit 351 or the midwest deer management unit 352 over the counter during the application period for antlerless deer hunting access permits for the mideast deer management unit 351 or the midwest deer management unit 352.

### **3.201 Bear hunting; kill tag requirements; method of take; season limit.**

Sec. 3.201 (1) The department shall issue a kill tag as part of the bear hunting license. An individual shall not kill or attempt to kill a bear unless the individual has a valid bear kill tag issued in the individual's name for the bear management unit in which the individual is hunting. An individual shall not tag a bear with a kill tag that is not valid for the unit in which the bear is taken. The licensee must provide the kill tag and bear license to a conservation officer upon request.

(2) It shall be unlawful to possess a bear that does not have a validated kill tag as required in this section or a bear that is not sealed unless the provisions of section 3.207 have been met. A licensee who kills a bear shall immediately validate the kill tag by one of the following:

(a) Paper kill tag validation: An individual shall notch out the required information as instructed on the kill tag and shall securely attach the kill tag from the upper jaw to the eye socket or through the lower jaw of the bear in a permanent manner. The paper kill tag shall remain attached to the bear until the animal is registered and sealed by the department.

(b) Electronic kill tag validation: An individual shall electronically select the required information as instructed on the department's mobile application. It shall be unlawful to possess or transport a bear unless the required information is electronically selected as instructed on the department's mobile application. The required information entered electronically shall be produced upon the request of a peace officer.

(i) When the bear is no longer personally attended by the individual who harvested it, a tag made of durable material with the applicable bear license number legibly written in permanent ink shall be securely attached from the upper jaw to the eye socket or through the lower jaw of the bear in a permanent manner. This requirement does not apply if the bear is physically stored at the individual's primary residence. The durable tag shall remain attached to the bear until the animal is registered and sealed by the department.

(3) A firearm, crossbow, and bow and arrow are legal for the taking of bear, pursuant to all regulations of state law and this order, except:

(a) An individual taking bear with a bow and arrow shall only use arrows with a broadhead hunting type of point not less than 7/8 of an inch wide with a minimum of 14 inches in length.

(b) An individual shall not take bear with a rimfire firearm .22 caliber or smaller.

(4) Hunting with dogs shall be legal for the taking of bear when meeting the provisions of all regulations of state law and chapters VI and XIV of this order.

(5) The season limit shall be 1 bear per bear kill tag.

### **3.204 Repealed, Am. 14, 1999, Eff. Oct 1, 1999.**

### **3.205 Bear; unlawful acts.**

Sec. 3.205 (1) It shall be unlawful for an individual to purchase a bear license unless the individual holds a current base license, mentored youth license, or inclusive mentored license.

(2) It shall be unlawful for any nonresident to assist in any manner another person in taking bear for a fee or other consideration or service of value, either directly or indirectly.

(3) It shall be unlawful for an individual that transfers their success in the bear lottery to a minor hunter or adult hunter with an advanced illness to assist the minor hunter or adult hunter with an advanced illness in any manner in taking bear for a fee or other consideration or service of value, either directly or indirectly.

(4) It shall be unlawful for an individual to buy or sell success in the bear license lottery, or an adult to acquire a license after being unsuccessful in the lottery, unless the individual has received from a physician a written statement of advanced illness which shall be produced upon the request of a peace officer.

(5) It shall be unlawful to take a cub bear. "Cub bear" means a bear less than 42 inches in length from the tip of nose to the base of tail. It shall be unlawful to divide any bear in a manner that does not keep one part of the bear intact to allow it to be measured in a straight line from the tip of the nose to the base of the tail. It shall be unlawful to take a female bear accompanied by a cub bear.

(6) It shall be unlawful to disturb, harm, or molest a bear in its den at any time.

(7) It shall be unlawful for any individual to pursue, capture, shoot, kill, chase, follow, harass, or harm a bear while the bear is swimming in a pond, lake, stream, or other body of water.

(8) It shall be unlawful for an individual to use a snare, cable restraint, conibear, or any other kind of trap for the taking of bear. This subsection shall not apply to authorized employees of the department performing official job responsibilities or individuals officially authorized by the department or this order.

(9) It shall be unlawful to take a bear by any method while hunting other than by firearm, bow and arrow, crossbow, with the aid of dogs, or with the aid of baiting as described in this order and the regulations of state law.

(10) It shall be unlawful for an individual to take more than 1 bear per valid kill tag in a bear hunting season.

(11) It shall be unlawful for an individual to knowingly fail to salvage edible meat from a harvested bear. "Edible meat" means the hind quarters, front quarters, loins, and tenderloins of a bear. This does not include bears taken without a license in defense of human life or while in the act of destroying or attacking private property, livestock, or pets. Meat that is unfit for human consumption at the time that a hunter takes possession of the bear may be discarded. Meat that is unfit for human consumption includes, but is not limited to, meat that was damaged by the method of taking, decayed, rotted or scavenged, or obviously infected or diseased.

(12) Bear baiting, unlawful acts, definitions.

(a) It shall be unlawful to establish or tend a bait station that attracts bear prior to 31 days before the bear hunting season in any bear management unit. It also shall be unlawful to tend or establish a bait station for the purposes of attracting bear after the close of bear season in any management unit. For the purposes of this section, "bait station" means a site where food or lure is placed that may attract bear.

(b) It shall be unlawful to hunt over bait that attracts bear that was established prior to 31 days before the bear hunting season in any bear management unit.

(c) It shall be unlawful to hunt over bait that is not placed on the ground on public or commercial forest lands as defined in Part 511, Commercial Forests, of the Natural Resources and Environmental Protection Act, 1994 PA 451, MCL 324.51101 to 324.51120.

(d) It shall be unlawful to hunt over bait that contains plastic, manufactured wood products, paper, glass, rubber, concrete, or metal on public or commercial forest lands.

(e) It shall be unlawful to hunt over bait that has, within 100 yards of the bait site, any containers used to transport bait to the baiting site.

(f) It shall be unlawful to establish, tend, or hunt over a bait containing chocolate or any cocoa derivative.

(g) In an area where it is unlawful to feed deer or elk or bait deer, it shall be unlawful to hunt over bait that contains any food materials other than meats, meat products, fish, fish products, or bakery products, unless placed in such a way that makes the bait inaccessible to deer or elk and does not exceed two gallons. To be considered inaccessible to deer or elk, bait shall be:

(i) Placed in a bear baiting container on private land in accordance with subsection 3.205(11)(n).

(ii) Placed in a hole in the ground, hollow stump, or other location and covered with logs, rocks, or other lawful materials in a way that deer or elk cannot gain access to the bait.

(h) In an area where the baiting of deer, or feeding of deer or elk, is lawful, a person may hunt over, place, establish or tend a bait station using food materials that lure, entice or attract deer or elk only if the person uses these food materials in compliance with the season, volume, bait type, placement, scattering and other requirements which apply to the baiting or feeding of deer, or places these food materials in such a way that makes them inaccessible to deer or elk. In an area in which it is lawful to bait for deer, a person may use up to 2 gallons of food materials that lure, entice or attract deer or elk at any 1 point in time per bait station prior to the legal deer baiting season if the food materials are placed on the ground in such a way that makes them inaccessible to deer or elk. To be considered inaccessible to deer or elk, bait must be:

(i) Placed in a bear baiting container on private land in accordance with subsection 3.205(11)(n).

(ii) Placed in a hole in the ground, hollow stump, or other location and covered with logs, rocks, or other lawful materials debris in a way that deer or elk cannot gain access to the bait.

(i) It shall be unlawful to use metal containers, tires, plastic, manufactured wood products, glass, fabric, cloth, concrete, or paper at a bait station on public or commercial forest lands as defined in Part 511, Commercial Forests, of the Natural Resources and Environmental Protection Act, 1994 PA 451, MCL 324.51101 to 324.51120.

(j) It shall be unlawful to place bait other than on the ground at bait stations on public or commercial forest lands as defined in Part 511, Commercial Forests, of the Natural Resources and Environmental Protection Act, 1994 PA 451, MCL 324.51101 to 324.51120.

(k) Any containers used to transport bait to the bait station must be removed and disposed of properly.

(l) It shall be unlawful for any licensed bear hunter or their designee to establish or tend more than 3 bait stations per hunter.

(m) It shall be unlawful for any individual to establish or tend more than a total of 12 bait stations.

(n) It shall be unlawful to establish, tend, or hunt over bait contained in a container that has a hole or manufactured opening diameter greater than one inch and less than 22 inches.

### **3.207 Bear registration, sealing; examination; possession; exceptions.**

Sec. 3.207 (1) Within 72 hours of harvest, the undivided bear head and hide, or the entire animal, shall be presented by the licensee that killed the bear to the department for examination, sealing, and registration. The licensee shall provide the identification used to acquire the license and shall provide harvest information, kill location, and biological samples as required by the department.

(2) During an examination of a bear, the department or department designee shall take possession of at least one tooth.

(3) During the registration of a bear, the department shall attach the confirming seal in such a manner that it cannot be removed without cutting or ripping the bear pelt or damaging the seal. Once sealed by the department, the seal shall remain attached to the bear until any 1 of the following conditions are met:

(a) The carcass is processed or butchered for consumption by an individual for their personal use.

(b) The carcass is accepted for processing and recorded by a commercial processor. If the head or hide is returned to the person submitting the animal to the commercial processor, the seal shall accompany the head or hide.

(c) The carcass is accepted for processing and recorded by a taxidermist.

### **3.300a Wild turkey population, harvest quotas.**

Sec 3.300a. (1) The spring wild turkey hunt seasons and quotas for general licenses valid on all land within the listed unit shall be as shown in table 6:

**TABLE 6**  
**Spring Wild Turkey General License Seasons and Quotas**

---

Hunt Number	Open Units	Hunt Seasons	License Quotas
201	NN	Begins on the second to last Saturday in April and continues for 14 days.	18,000
302	ZZ	Begins on the second to last Saturday in April and continues for 14 days.	8,000
303	ZZ	Begins 14 days after the second to last Saturday in April and continues through May 31.	8,000

(2) Hunt number 301 (Unit ZZ) begins the second to last Saturday in April and continues through May 31. Licenses for hunt number 301 are valid on private land only and are not valid on county, state or federal lands, except that they may be used to hunt Fort Custer military lands with permission.

(3) An individual may purchase a license for hunt number 301 when leftover licenses are made available for purchase through May 31; no application is required.

(4) Hunt number 234 begins 14 days after the second to last Saturday in April and continues through May 31. Licenses for hunt number 234 are valid on private and public land in spring turkey management units, except public lands in southern Lower Peninsula wild turkey management unit (unit ZZ). Individuals who possess a valid license for hunt number 234 may hunt Fort Custer military land with permission.

(5) An individual may purchase a license for hunt number 234 when leftover licenses are made available for purchase through May 31; no application is required.

(6) If any limited-quota licenses remain after the drawing, an unsuccessful applicant may purchase one leftover license on a first-come, first-served basis for a one-week period. Any limited-quota licenses that remain after this one-week period will be made available to all hunters on a first-come, first-served basis.

(7) The wildlife division chief may recommend to the director the need for any appropriate significant changes in quotas based on experience with population densities, hunter satisfaction levels, hunter application rates, or survey results. The director, in consultation with the chairman or vice-chairman of the natural resources commission, may make changes in quotas in a turkey management unit to address this new information.

(8) It is unlawful to purchase more than one Michigan spring turkey hunting license.

### **3.300b Wild Turkey population, fall harvest quotas.**

Sec. 3.300b (1) The quotas for a general license valid on all private and public lands within turkey management unit M for the fall wild turkey hunt seasons defined in section 3.303 is 2,200. An individual may purchase a license for turkey management unit M over the counter with no application required on a first-come, first-served basis when the licenses are made available by the department through the end of the season.

(2) There is an unlimited quota for a general license valid on all private and public lands within turkey management unit I for the fall wild turkey hunt season defined in section 3.303. An individual may purchase a license for turkey management unit I over the counter with no application required when the licenses are made available by the department through the end of the season.

(3) It is unlawful to purchase more than one Michigan fall turkey hunting license.

(4) The wildlife division chief may recommend to the director the need for any appropriate changes in quotas based on experience with population densities, hunter satisfaction levels, or hunter survey results. The director, in consultation with the natural resources commission, may make changes in quotas in a turkey management unit to address this new information.

### **3.301 Wild turkey hunting, unlawful acts; exceptions.**

Sec. 3.301 (1) An individual hunting wild turkey shall not use or possess afield an electronic device to simulate, replicate or imitate wild turkey calls or sounds, or an electronic, mechanical or live decoy. It shall be unlawful to use a dog to hunt wild turkey during the spring wild turkey season. It shall be unlawful to take a wild turkey while the wild turkey is in a tree. It shall be unlawful to make use of bait to aid in the taking of a wild turkey. For the purposes of this regulation, "bait" means a substance composed of grain, fruit, vegetables, or other food placed to lure or entice wild turkeys. This does not apply to standing farm crops under normal agricultural practices, or other natural growing grains, fruits, or vegetables. For the purposes of this section, "mechanical decoy" means any device that by design or construction uses motion as a visual stimulus to attract a wild turkey except a wind sock or similar decoy body anchored at a fixed point into the ground and whose only motion is derived exclusively by power of the natural wind.

(2) An individual, unless hunting under the mentored hunting program or participating as a youth 10-16 years of age using a spring turkey youth license, may only take a wild turkey during the spring wild turkey season if the turkey has a beard and is taken within the unit and hunt period specified on the spring wild turkey license issued to that individual. Individuals holding a mentored youth license or an inclusive mentored license may hunt wild turkey subject to the mentored hunting program as described in section 2.14 of this order. An individual hunting under the Mentored Youth License, Inclusive Mentored License, or Spring Turkey Youth License shall only take a turkey if the turkey has a beard during the spring wild turkey season. An individual shall not take or possess more than one bearded turkey during the spring wild turkey season.

(a) A spring turkey youth license is valid for taking a wild turkey during any open season for taking wild turkey in the spring on private and public lands within any open turkey management unit described in chapter XII.

(3) An individual, unless hunting under the mentored hunting program, may only take a wild turkey during the fall wild turkey season if the turkey is taken within the unit and hunt period specified on the fall wild turkey license issued to that individual. Individuals holding a mentored youth license or an inclusive mentored license may hunt wild turkey subject to the mentored hunting program as described in section 2.14 of this order. An individual shall not take or possess more than one turkey during the fall wild turkey season for each kill tag issued to that individual.

(4) It shall be unlawful for an individual 10 years of age and older, unless hunting under the mentored hunting program, to purchase either a spring wild turkey license or a fall wild turkey license unless the individual holds a current base license. Individuals holding a mentored youth license or an inclusive mentored license may apply for or purchase fall turkey licenses under the provisions of 3.300b of this order.

### **3.302 Wild turkey; lawful possession; validation of kill tag; unlawful acts.**

Sec. 3.302 (1) The department shall issue a kill tag as part of the turkey hunting license. An individual shall not tag a turkey with a kill tag that is not valid for the unit in which the turkey is taken. Immediately upon killing a turkey, a person shall validate their kill tag by one of the following:

(a) Paper kill tag validation: An individual shall notch out the required information as instructed on the kill tag and shall securely attach the kill tag around a leg of the turkey in a permanent manner. It shall be unlawful to possess or transport a turkey unless the kill tag is securely attached to a leg of the turkey and the required information is notched on the kill tag.

(b) Electronic kill tag validation: An individual shall electronically select the required information as instructed on the department's mobile application. It shall be unlawful to possess or transport a turkey unless the required information is electronically selected as instructed on the department's mobile application. The required information entered electronically shall be produced upon the request of a peace officer.

(i) When the turkey is no longer personally attended by the individual who harvested it, a tag made of durable material with the applicable turkey license number legibly written in permanent ink shall be securely attached around the leg of the turkey in a permanent manner. This requirement does not apply if

the turkey is physically stored at the individual's primary residence or transferred by the individual directly to a processor or taxidermist.

(2) The kill tag or durable tag described in (1)(a) or 1(b)(i) shall remain attached to the carcass until any 1 of the following conditions are met:

(a) The carcass is processed and butchered for consumption by an individual for their personal use.

(b) The carcass is accepted for processing and recorded by a commercial processor.

(c) The carcass is accepted for processing and recorded by a taxidermist.

(3) The holder of a private land wild turkey license shall only take a turkey on privately owned land within the management unit and during the hunting period specified on the private land wild turkey license. (a) A private land wild turkey license is not valid on county, state, or federal lands except with permission on enclosed controlled-access military lands.

### **3.308 Wild turkey licenses, applications, availability; partner application provided; application deadline; unlawful act.**

Sec. 3.308 (1) Applications for turkey licenses will be available one month prior to the application deadline. Only an individual who will be 17 years of age or older during a spring wild turkey hunt period for taking wild turkey and not licensed under the mentored hunting program or participating under a spring turkey youth license, may make application for that hunt period. Individuals holding a mentored youth license or an inclusive mentored license may hunt wild turkey subject to the mentored hunting program as described in section 2.14 of this order.

(2) The nonrefundable application fee for a wild turkey license is \$5.00.

(3) An option to apply with one partner will be provided.

(4) Applications must be made on or before February 1 of the calendar year for which the applicant desires a spring wild turkey license.

(5) It shall be unlawful for any individual to apply more than once per calendar year for a Michigan spring wild turkey hunting license.

### **3.310 Taking wild turkey; firearms, bow and arrow, crossbows, ammunition; unlawful acts.**

Sec. 3.310 Subject to section 43510, subsections (2) and (3), of part 435, as amended, hunting and fishing licensing, natural resources and environmental protection act, 1994 PA 451, as amended, MCL 324.43510, a person shall not use or carry afield a firearm other than a firearm designed and manufactured to fire a fixed shotgun shell or a muzzleloading shotgun while taking wild turkey. A bow and arrow or a crossbow may be used to take wild turkey. A person shall not use or carry afield any ammunition except shotgun shells loaded with no. 4 or smaller shot or no. 4 or smaller loose shot for use in muzzleloading shotguns while taking wild turkey.

### **3.400 Director authority to amend orders regarding migratory game birds.**

Sec. 3.400 As needed, the director shall amend orders regarding the taking of migratory game birds to keep this order consistent with federal regulations.

History: Am. 6, 1997, Eff. Sep 1, 1997.

### **3.401 Waterfowl hunting blinds; erection and removal, name and address; assessment of costs; hunting rights.**

Sec. 3.401 (1) No person shall erect on, anchor, or attach to the bottomlands of the Great Lakes, Lake St. Clair, and the bays thereof or the connecting waters between the lakes, or any public inland lake or river, or in any lake which is not wholly owned by himself, his lessor or licensor, a blind or any other structure used or to be used in the hunting of migratory waterfowl, unless there shall first be affixed permanently to the exterior thereof the name and address of such person in legible letters of water insoluble material not less than 3 inches in height. No person shall affix a fictitious name or address or both to a blind or structure or remove or cause to be removed a name and address prior until the blind or structure is removed from the water. No person shall erect on, anchor, or attach to the bottomlands described in this subsection a blind or any other structure to be used in the hunting of migratory waterfowl prior to August 15 of each year.

(2) Any person who shall erect, anchor, or attach such blind or structure to the bottomlands described in this section shall remove the entire blind including submerged supporting members each year no later than 16 days after the end of the calendar year. If not removed within that time, the director may cause its removal or destruction and assess the costs of removal and storage, or destruction, against the person whose name is affixed to the blind or other structure, in addition to any other penalty provided by law. Any structure used or to be used in the hunting of migratory waterfowl found erected upon, attached, or anchored to bottomlands described in this section from January 17 to August 14 of each year shall be considered abandoned.

(3) Nothing contained in this section shall be construed to deprive a riparian owner or their lessee or permittee on inland waters of their exclusive right to hunt over the riparian's subaqueous lands, nor shall the posting of the name and address of the person erecting a blind or other structure attached to the bottomlands of the Great Lakes and Lake St. Clair, used or to be used in the hunting of waterfowl, be deemed to constitute the exclusive privilege of hunting therefrom, or to reserve or preempt a shooting location for such person, nor shall such blind be locked to bar use when unoccupied. An unoccupied blind attached to the bottomlands of the Great Lakes or Lake St. Clair may be used for hunting by the first person to occupy the same.

(4) It shall be unlawful to use, occupy, or hunt from a blind or structure which does not meet the requirements established in this section. This section shall not apply to a vessel registered as required by the provisions of part 801, marine safety, of the natural resources and environmental protection act, Act No. 451 of the Public Acts of 1994, being sections 324.80101 to 324.80199 of the Michigan Compiled Laws.

(5) On those publicly-owned lands and waters of the Kalamazoo river watershed, including the watersheds of Pine creek and Swan creek, Allegan county, blinds or other structures for waterfowl hunting shall not be permitted, except in accordance with rules for the Ottawa marsh, described in

subsection 13.11(a).

History: Eff. Mar 31, 1989; Am. 14, 1996, Eff. Sep 1, 1996; Am. 11, 1998, Eff. Aug 1, 1998; Am. 13, 2001, Eff. Sep 1, 2001.

### **3.402 Taking of migratory birds; federal migratory bird and conservation stamp, requirement, validation; decoys; unlawful acts; exceptions.**

Sec. 3.402 In the taking of migratory birds, it shall be unlawful for any individual:

(1) To purchase a waterfowl license unless the individual holds a current base license, a seven-day limited nonresident small game license, or a three-day limited nonresident small game license.

(2) No individual who has attained the age of 16 years shall take any migratory waterfowl unless, at the time of taking, the individual carries on the person of the individual a valid federal migratory bird hunting and conservation stamp, as an electronic stamp (as defined 16 U.S.C §718o) or validated by the signature of the individual written in ink across the face of the actual stamp (as defined 16 U.S.C §718o) prior to the time of taking by the individual of waterfowl.

(3) To allow another person to use the individual's federal migratory bird hunting and conservation stamp or to borrow such stamp of another for the purpose of hunting, taking, or transporting migratory waterfowl.

(4) Except from 3 a.m. to 9 p.m. daily, to anchor, attach, or leave decoys attached:

(a) To the bottomlands of the Great Lakes and connecting waters, and lakes wholly enclosed by publicly-owned lands.

(b) To a blind or watercraft within waters of the Great Lakes and connecting waters, and lakes wholly enclosed by publicly-owned lands.

(5) To take any migratory game bird, including woodcock:

(a) With any firearm other than a 10 gauge or smaller shotgun capable of holding no more than three shells. Shotguns capable of holding more than 3 shells shall be plugged with a one-piece filler, incapable of removal without disassembling the gun, so that the total capacity of the shotgun does not exceed three shells.

(b) With the use of any single projectile shotshell, or more than 1 firearm for each person.

(c) From or by means of any motorboat, power boat, or other craft having a motor attached, or any sailboat, or any floating craft or device of any kind propelled or towed by power or sail, unless the motor has been completely shut off and/or the sails furled and its progress therefrom has ceased. A craft under power may be used to retrieve dead or crippled birds; however, crippled birds may not be shot from such craft while under power or until forward progress has ceased.

(d) By driving, rallying, or chasing birds with any motorized conveyance or any sailboat to put them in the range of hunters.

(e) By the use or aid of live decoys. All live, tame, or captive ducks and geese shall be removed for a period of 10 consecutive days prior to hunting and confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such tame birds from the sight of migratory waterfowl.

(f) By the use or aid of recorded or electronically amplified bird calls or sounds, or recorded or electronically amplified imitations of bird calls or sounds.

(g) By the aid of baiting, or on or over any baited area, where a person knows or reasonably should know that the area is or has been baited. Hunters should be aware that a baited area is considered to be baited for 10 days after the removal of the bait. However, nothing in this paragraph prohibits the taking of any migratory game bird on or over the following lands or areas that are not otherwise baited areas:

(i) Standing crops or flooded standing crops (including aquatics); standing, flooded, or manipulated natural vegetation; flooded harvested croplands; or lands or areas where seeds or grains have been

scattered solely as the result of a normal agricultural planting, harvesting, post-harvest manipulation or normal soil stabilization practice.

(ii) From a blind or other place of concealment camouflaged with natural vegetation.

(iii) From a blind or other place of concealment camouflaged with vegetation from agricultural crops, as long as such camouflaging does not result in the exposing, depositing, distributing or scattering of grain or other feed.

(iv) Standing or flooded standing agricultural crops where grain is inadvertently scattered solely as a result of a hunter entering or exiting a hunting area, placing decoys, or retrieving downed birds.

(h) Subdivision (h) shall not prohibit the taking of any migratory game bird, except waterfowl and coots, on or over lands or areas that are not otherwise baited areas, and where grain or other feed has been distributed or scattered solely as the result of manipulation of an agricultural crop or other feed on the land where grown, or solely as the result of a normal agricultural operation.

(i) By use of a raised platform when hunting with a firearm, except upon the submerged bottomlands of a lake, river, pond, stream, or other body of water for the hunting of migratory waterfowl when erected and used in compliance with section 3.401 of this order.

(j) For the purposes of this section, the following terms mean:

(i) "Normal agricultural planting, harvesting, or post-harvest manipulation" shall have the same meaning as defined in 50 C.F.R. 20.11.

(ii) "Normal agricultural operation" shall have the same meaning as defined in 50 C.F.R. 20.11.

(iii) "Normal soil stabilization practice" shall have the same meaning as defined in 50 C.F.R. 20.11.

(iv) "Baited area" shall have the same meaning as defined in 50 C.F.R. 20.11.

(v) "Baiting" shall have the same meaning as defined in 50 C.F.R. 20.11.

(vi) "Manipulation" shall have the same meaning as defined in 50 C.F.R. 20.11.

(vii) "Natural vegetation" shall have the same meaning as defined in 50 C.F.R. 20.11.

### **3.415a Youth waterfowl hunting weekend, season established, limits defined, adult requirements, hunting hours; exceptions.**

Sec. 3.415a The youth waterfowl hunting weekend shall be 2 consecutive days starting the third Saturday in September and within the guidelines approved by the United States fish and wildlife service. Except for persons taking Canada goose during the September segment of the Canada goose season in each zone, the following rules shall apply to a person taking ducks, mergansers, Canada goose, coot, or common gallinule on the youth waterfowl hunting weekend:

(1) Youth 16 years of age and under may take duck, merganser, Canada goose, coot, or common gallinule provided the youth is licensed to take waterfowl as required by part 435, hunting and fishing licensing, of the natural resources and environmental protection act, 1994 PA 451. The daily and possession limit for each species shall be as provided in section 3.416.

(2) A parent or legal guardian shall not allow a youth hunter 10 through 16 years of age to go afield to hunt duck, merganser, Canada goose, coot, or common gallinule unless the youth hunter is accompanied by an adult at least 18 years of age or older subject to section 43517 of 1994 PA 451, as amended, MCL 324.43517, regardless of property ownership. An individual 16 years of age or younger and holding a mentored youth hunting license or inclusive mentored license must be accompanied by an adult at least 21 years of age or older and meet the requirements of the mentored hunting program. An adult accompanying a youth waterfowl hunter may take other game for which the season is open while the youth is exercising the privileges of the youth waterfowl hunting weekend.

(3) The hunting hours shall be one-half hour before sunrise to sunset, local time.

(4) Except as otherwise specifically provided in this section, all regulations of state law and this order regarding the taking, possession, transportation, and storage of waterfowl, shall apply on youth waterfowl hunting weekend.

### **3.600 Fur-bearing animals; use of firearms; traps and catching devices; use of bait; unlawful acts.**

Sec. 3.600 It shall be unlawful for any person: (1) To use a firearm, crossbow, or bow and arrow to take marten, muskrat, beaver, otter, mink, fisher, or badger, except as permitted by authority of a nuisance control permit issued by the department. Rimfire firearms .22 caliber or smaller may be used to kill coyote, fox, raccoon, bobcat, and badger in traps except if the trapper is an individual that cannot lawfully hunt with a firearm, crossbow, or bow and arrow.

(2) Except as provided by subsection (3), to use or have in possession in areas frequented by animals, a catching device of any kind for the taking of animals unless the name and address in legible English or the complete Michigan driver's license number or DNR sportcard number of the user or individual possessing the device is permanently etched in the catching device, or there shall be securely fastened to each catching device a metallic plate or tag bearing the name and address in legible English or the complete Michigan driver license number of the user or individual possessing the catching device.

(3) To use, carry afield, or have in possession 1 or more snares or 1 or more cable restraints unless they have attached a metallic tag or plate securely fastened which bears the name and address in legible English or the complete Michigan driver's license number or DNR sportcard number of the user or individual possessing the catching device.

(4) To use or have in possession 1 or more snares or 1 or more cable restraints securely attached to a pole unless the uppermost end of the pole has a metallic plate or tag securely fastened which bears the name and address in legible English or the complete Michigan driver license number or DNR sportcard number of the user or individual possessing the catching device.

(5) To use a multiple catch or colony trap except for the taking of muskrat and provided that the trap is completely submerged below the water. Colony traps must be constructed of steel and shall be no larger than 8 inches in height, 8 inches in width, and 36 inches in depth. Mink incidentally taken in a multiple catch trap or a colony trap legally set for muskrat may be lawfully possessed. This order shall not be construed to prohibit use of colony or multiple catch traps used by nuisance control operators for species other than muskrat.

(6) To stake, put out, or set a catching device of any kind for the taking of a fur-bearing animal at any time preceding the day on which the open season for the taking of such fur-bearing animal begins.

(7) To use a foothold trap with a jaw spread exceeding a number 2 foothold trap for the taking of mink or muskrat except as may be provided by this order for the incidental take of muskrat during the beaver and otter season. It shall also be unlawful to use any kind of a trap other than a foothold or body gripping or conibear type trap to take furbearing animals except as permitted under the provisions of subsection (4).

(8) To use any portion of any protected animal or protected bird as bait for the purpose of trapping any animal in this state. This subsection shall not be construed to prohibit an individual from using the carcasses and parts thereof of game animals or game birds, lawfully taken and possessed during their open season, as bait, except as stated in Section 5.31 of this order.

(9) To set a trap or snare on a beaver dam or lodge unless it meets at least one of the following provisions:

(a) The trap is totally submerged below the water.

(b) The trap is a duffer-type, egg-type, or similarly designed foothold trap which by construction will selectively capture raccoon. This trap may be set above the water.

(c) The trap is a body gripping or conibear type trap 5 inches or less in width as measured inside the jaw hinges. This trap may be set above the water.

(d) The trap is a body gripping or conibear type trap less than 8 inches above the ground at the highest point, and set in a way that does not use bait, lure, or attractant to entice an animal, and the trap is between 5 inches and 6 and one half inches as measured inside the jaw hinges. This trap may be set above the water.

(10) To set a body gripping or conibear type trap larger than 5 and one half inches in width as measured inside the jaw hinges unless the trap is at least half submerged in water or on dry land or over frozen submerged bottomlands, and the trap is placed as follows:

(a) On private land, except lands open to hunting by the general public under the provisions of Part 511, commercial forests, of the natural resources and environmental protection act, 1994 PA 451, MCL 324.51101 to 324.51120, and less than 7 and one half inches as measured inside the jaw hinges.

(b) On public or private lands 4 feet or more above dry ground or the frozen surface of ice, as applicable.

(c) On public lands and lands open to hunting by the general public under the provisions of Part 511, commercial forests, of the natural resources and environmental protection act, 1994 PA 451, MCL 324.51101 to 324.51120, and is:

(i) Less than 8 inches above the ground at the highest point, and in a way that does not use bait, lure, or attractant to entice an animal and the trap is between 5 and one half and 6 and one half inches as measured inside the jaw hinges.

(ii) In a box or similar container that is placed vertically on a tree or other structure so that the trap trigger is at least 4 inches from the container opening and the opening of the container is no more than 6 inches from the ground.

(iii) In a box or similar container with a maximum fixed opening of 6 inches measured from the inside bottom of the container opening to the lower edge of the top of the container opening with 8 inch slots to allow trap placement so that no part of the trap trigger is closer than 6 inches to the opening edge of the container and the trap is between 5 and one half inches and 7 and one half inches as measured inside the jaw hinges.

(11) To set a trap within 50 feet of any water in zone 1 before October 25, or within 50 feet of any water in zone 2 before November 1, or within 50 feet of any water in zone 3 before November 10, except for the following catching devices:

(a) A duffer-type, egg-type, or similarly designed foothold trap which by construction will selectively capture raccoon.

(b) A body gripping or conibear trap placed 4 feet or more above the ground.

(12) To set a catching device designed to hold an animal alive unless:

(a) Any catch is released or removed upon checking the catching device. Restraining type traps set in a manner to hold an animal alive shall be checked at least once daily in zones 2 and 3 and within a 48 hour period in zone 1, except as noted in Section 5.52 (8) or in (ii) below.

(b) Using a live-restraining cage trap, other than a trap designed to catch more than 1 animal at 1 time, for the taking of furbearing animals, in season, by a licensed trapper, or person permitted by the Department.

(i) A person using a live-restraining cage trap, other than a trap designed to catch more than 1 animal at 1 time, shall release or kill an animal captured in a live-restraining cage trap immediately upon finding that animal in a trap.

(ii) A person using a live-restraining cage trap, other than a trap designed to catch more than 1 animal at 1 time, shall tend the trap daily statewide.

(13) To use, carry afield, or set a trap with teeth or serrations.

(14) A person shall not set or maintain any foothold trap within 20 feet of bait located in such a manner that it is visible from 4 feet or more above the bait. This shall not be construed to prohibit the use of completely submerged foothold traps located within 20 feet of any bait.

(a) As used in this subsection, "bait" is any animal or animal parts, including dead fish, except that pieces of less than 36 square inches and comprised of dried hide, fur, feathers or bones and entirely free of meat may be used as a visible attractant.

(15) Possess or use lures or attractants in an area frequented by furbearers that contain or claim to contain cervid urine or other bodily fluids originating from cervids, except for products produced by manufacturers that are actively enrolled and participating in either the official Responsible Hunting Scent Association or Archery Trade Association Deer Protection Program, which has been tested for the presence of chronic wasting disease by a qualified laboratory and certified that no detectable levels of chronic wasting disease are present and is clearly labeled as such.

**3.607 Beaver and otter trapping, resident and nonresident open seasons; season limits; requirements.**

Sec. 3.607 (1) The open seasons and season limits for taking beaver and otter by trap for each of the respective management units are as shown in table 12:

**TABLE 12**  
**Beaver and Otter Trapping Seasons and Limits**

<b>Resident Beaver Seasons</b>	<b>Season Limits</b>
Unit A - October 25 to April 30 Unit B - November 1 to the Friday before the last Saturday in April	No limit on beaver
Unit C - November 10 to the Friday before the last Saturday in April	
<b>Resident Otter Seasons</b>	<b>Season Limits</b>
Unit A - October 25 to March 31 Unit B - November 1 to March 31 Unit C - November 10 to March 31	4 otter per resident fur harvester of which no more than 3 shall be taken in Unit B and no more than 2 shall be taken in Unit C
<b>Nonresident Beaver Seasons</b>	<b>Season Limits</b>
Unit A - November 15 to April 30 Unit B - November 24 to the Friday before the last Saturday in April Unit C - December 15 to the Friday before the last Saturday in April	No limit on beaver

(2) In addition to the requirements of section 3.600, an individual taking beaver and otter shall meet all of the following requirements:

(a) Through the last day of the open otter season, a resident issued a fur harvester's license may obtain a free otter kill tag. A resident who intends to trap otter shall request and be issued up to 4 free otter kill tags. A resident shall not sell, loan, or permit in any manner, another individual to use the otter kill tag or use or attempt to use another individual's otter kill tag. Free otter kill tags may be obtained only by a resident who is at least 8 years old, subject to section 2.14. An individual shall not possess an otter or otter hide that does not have a validated kill tag as provided in this section unless a department seal is

attached as provided by subsection (c). An individual who kills an otter shall immediately validate the kill tag by one of the following:

(i) Paper kill tag validation: An individual shall notch out the required information as instructed on the kill tag and shall securely attach the kill tag to the hide of the otter from the upper jaw to the eye socket or through the lower jaw in a permanent manner. The paper kill tag shall remain attached to the otter or otter hide until the animal is registered and sealed by the department.

(ii) Electronic kill tag validation: An individual shall electronically select the required information as instructed on the department's mobile application. It shall be unlawful to possess or transport an otter unless the required information is electronically selected as instructed on the department's mobile application. The required information entered electronically shall be produced upon the request of a peace officer.

(1) When the otter is no longer personally attended by the individual who harvested it, a tag made of durable material with the applicable otter license number legibly written in permanent ink shall be securely attached to the hide of the otter from the upper jaw to the eye socket or through the lower jaw in a permanent manner. This requirement does not apply if the otter is physically stored at the individual's primary residence. The durable tag shall remain attached to the otter until the animal is registered and sealed by the department.

(b) An individual shall not tag an otter with a kill tag that is not valid for the unit in which the otter is taken.

(c) An individual that kills an otter shall present the pelt and skull of the otter to the department to be registered and sealed no later than 10 days following the close of the season in which it was taken but no later than 3 business days following April 30. The pelt and skull shall be presented for sealing in person by the resident fur harvester that killed the animal and shall not be presented for sealing or registration by another individual. The individual presenting the otter pelt and skull shall display their fur harvester license; including identification used to acquire the license, and shall provide harvest information as requested by the department employee. The department employee shall retain the skull and attach an official seal to the pelt of each otter presented for examination and shall lock the seal upon the hide in such a manner that it cannot be removed without cutting or ripping the otter pelt or damaging the seal. An official seal attached by the department, shall not be removed from the otter pelt until the otter pelt is processed or tanned. Subsequent to 3 business days following April 30, it shall be unlawful to possess an otter pelt without an official department seal attached unless the pelt has been processed or tanned or the otter season is open.

(d) Notwithstanding the other provisions of this order, up to 10 muskrat, taken in beaver or otter sets, may be considered part of the season limit.

(e) Notwithstanding the other provisions of this order, a snare may be used for taking beaver in water or under ice. Snares shall be made of 1/16 inch or larger cable. Snares not under ice must have a loop which is at least half submerged and be set in a fashion to hold the beaver completely submerged. Snares shall be removed from the water and made inoperative within 24 hours after the close of the period in which snares may be used to take beaver.

(f) Notwithstanding the other provisions of this order, otter incidentally taken while trapping for beaver through April 30 may be lawfully possessed if included within the season bag limit and a valid otter kill tag is used.

### **3.608 Bobcat open seasons, season limit, closed areas, restrictions; kill tags and tagging requirements; registration requirements; unlawful acts.**

Sec. 3.608 (1) The open season for taking bobcat by trapping in bobcat management units A and B shall be November 1 to November 14 and December 1 to January 18. The open season for taking bobcat by hunting in bobcat management units A and B shall be from January 1 to March 1.

(2) The open season for taking bobcat by trapping in bobcat management units C and D shall be from December 10 to December 29, using foothold traps or live-restraining cage traps only. The open season for taking bobcat by hunting in management unit C shall be from January 1 to March 1. The open season for taking bobcat by hunting in management unit D shall be from January 1 to February 1.

(3) The open season for taking bobcat by trapping in bobcat management unit G shall be from December 10 to December 29, using foothold traps or live-restraining cage traps only. The open season for taking bobcat by hunting in management unit G shall be from January 1 to January 20.

(4) The open season for taking bobcat by trapping in bobcat management unit H shall be from December 10 to December 20, using foothold traps or live-restraining cage traps only. The open season for taking bobcat by hunting in management unit H shall be from January 1 to January 11.

(5) The season limit shall be 2 bobcats per licensed resident fur harvester except an individual shall take not more than 1 bobcat from bobcat management unit B, and not more than 1 bobcat in bobcat management units C, and D, G, and H combined.

(6) Through the day before the open bobcat season, a resident issued a fur harvester's license who intends to hunt or trap bobcat shall request and be issued up to 2 free bobcat kill tags. A resident shall not sell, loan, or permit in any manner another individual to use the bobcat kill tag or use or attempt to use another individual's bobcat kill tag. Free bobcat kill tags may be obtained only by a resident who is at least 8 years old, subject to section 2.14. An individual shall not possess a bobcat or bobcat hide that does not have a validated kill tag as provided in this section unless a department seal is attached as provided by subsection (8). An individual who kills a bobcat shall immediately validate the kill tag by one of the following:

(a) Paper kill tag validation: An individual shall notch out the required information as instructed on the kill tag and shall securely attach the kill tag to the hide of the bobcat from the upper jaw to the eye socket or through the lower jaw of the bobcat in a permanent manner. The paper kill tag shall remain attached to the bobcat until the animal is registered and sealed by the department.

(b) Electronic kill tag validation: An individual shall electronically select the required information as instructed on the department's mobile application. It shall be unlawful to possess or transport a bobcat unless the required information is electronically selected as instructed on the department's mobile application. The required information entered electronically shall be produced upon the request of a peace officer.

(i) When the bobcat is no longer personally attended by the person who harvested it, a tag made of durable material with the applicable bobcat license number legibly written in permanent ink shall be securely attached to the hide of the bobcat from the upper jaw to the eye socket or through the lower jaw of the bobcat in a permanent manner. This requirement does not apply if the bobcat is physically stored at the individual's primary residence. The durable tag shall remain attached to the bobcat until the animal is registered and sealed by the department.

(7) An individual shall not tag a bobcat with a kill tag that is not valid for the unit in which the bobcat is taken.

(8) An individual that kills a bobcat shall present the pelt and skull of the bobcat to the department to be registered and sealed no later than 10 days following the close of the season in which it was taken. The pelt and skull shall be presented for sealing in person by the resident fur harvester that killed the animal and shall not be presented for sealing or registration by another individual. The individual presenting the bobcat pelt and skull shall display their fur harvester license, including identification used to acquire the license, and shall provide harvest information as requested by the department. The department shall retain at least one tooth or the skull, at the discretion of the department, and attach an official seal to the pelt of each bobcat presented for examination. The seal shall be locked upon the hide in such a manner that it cannot be removed without cutting or ripping the bobcat pelt or damaging the seal. An official seal attached by the department shall not be removed from the bobcat pelt until the bobcat pelt is processed or tanned. Subsequent to 10 days following March 1, it shall be unlawful to possess a bobcat pelt without an official department seal attached unless the pelt has been processed or tanned or the bobcat season is open.

### **3.609 Fox hunting and trapping and coyote hunting and trapping, seasons; use of snares, conditions; prohibited acts; exceptions.**

Sec. 3.609 (1) The open seasons for taking fox by trapping or hunting and coyote by trapping or hunting shall be October 15 to March 1.

(2) Notwithstanding other provisions of this order, a person may use a snare from January 1 to March 1 to take fox and coyote if, in addition to the other requirements of section 3.600, all of the following conditions are met:

(a) Snares shall not be placed on publicly owned land or commercial forest lands as defined by section 51101, Part 511, Commercial Forests, of the Natural Resources and Environmental Protection Act, Act No. 451 of the Public Acts of 1994, being Section 324.51101 of the Michigan Compiled Laws.

(b) Snares shall be made of 1/16 inch or larger cable, with a maximum length of 60 inches, not including a cable anchor extension. Up to a 36-inch cable anchor extension may be used.

(c) The snare loop shall not exceed 15 inches in diameter.

(d) The top of the snare loop shall not be set more than 24 inches above the ground, or when the ground is snow covered, shall not be set more than 24 inches above the compacted snow in the person's footprint which has been placed beneath the snare with the full body weight of the person.

(e) All snares shall have a relaxing lock, defined as a snare lock that will allow the snare loop to loosen slightly to reduce the possibility of strangulation.

(f) All snares shall have a stop to prevent the loop of a snare from closing to a diameter less than 4 1/4 inches.

(g) All snares shall be equipped with a break-away lock system with a breaking point not greater than 285 pounds. Breakaway devices must be attached to the relaxing lock.

(h) Snares shall not have any type of drag attached and shall be affixed to a stake or other object of sufficient strength to hold a fox or coyote at the point of capture. A snare shall not be attached to a fence or set in a manner that would allow an animal captured in the snare to become entangled with a fence. Snares may be anchored to woody vegetation provided that it is clear of branches or stubs up to a height of 5 feet above the ground or compacted snow. Stubs and branches must be cut flush with the outer bark of the main stem. Snares may not be set in a manner that would allow a snared animal to be suspended with two or more feet off the ground.

(i) Snares shall be equipped with two swivels, one of which will be at the anchor point.

(j) Snares shall not utilize any type of spring pole, counterbalanced weight, spring, or other device to assist in closing the snare.

(k) Except as provided in section 3.607 for the taking of beaver, section 3.610 for the taking of nuisance coyote and sections 5.51 and 5.52 for the taking of other nuisance animals, snares shall not be placed, used or carried afield, whether operable or inoperable, after the close of the fox and coyote trapping season.

(l) A resident possessing a base license may hunt coyote without securing a fur harvester's license.

(m) Coyotes shall not be taken in state park and recreation areas from April 1 to September 14.

### **3.620 Fisher, open seasons, closed areas; registration requirements; unlawful acts.**

Sec. 3.620 (1) The open season for taking fisher by trapping shall be from the first Friday in December through 9 days after in all of Zone 1 except Drummond Island.

(2) The fisher and marten season limit shall be a combined bag limit of 2 animals per licensed resident.

(3) Through the last day of the open fisher season, a resident issued a fur harvester’s license may obtain a free fisher kill tag. A resident who intends to trap fisher shall request and be issued 1 kill tag valid for either a fisher or a marten. A resident shall not sell, loan, or permit in any manner, another individual to use the fisher kill tag or use or attempt to use another individual’s fisher kill tag. Free fisher kill tags may be obtained only by a resident who is at least 8 years old, subject to section 2.14. An individual shall not possess a fisher or fisher hide that does not have a validated kill tag as provided in this section unless a department seal is attached as provided by subsection (5). An individual who kills a fisher shall immediately validate the kill tag by one of the following:

(a) Paper kill tag validation: An individual shall notch out the required information as instructed on the kill tag and shall securely attach the kill tag to the hide of the fisher from the upper jaw to the eye socket or through the lower jaw in a permanent manner. The paper kill tag shall remain attached to the fisher until the animal is registered and sealed by the department.

(b) Electronic kill tag validation: An individual shall electronically select the required information as instructed on the department's mobile application. It shall be unlawful to possess or transport a fisher unless the required information is electronically selected as instructed on the department's mobile application. The required information entered electronically shall be produced upon the request of a peace officer.

(i) When the fisher is no longer personally attended by the person who harvested it, a tag made of durable material with the applicable fisher license number legibly written in permanent ink shall be securely attached to the hide of the fisher from the upper jaw to the eye socket or through the lower jaw in a permanent manner. This requirement does not apply if the fisher is physically stored at the individual's primary residence. The durable tag shall remain attached to the fisher until the animal is registered and sealed by the department.

(4) An individual shall not tag a fisher with a kill tag that is not valid for the unit in which the fisher is taken.

(5) An individual that kills a fisher shall present the pelt and skull of the fisher to the department to be registered and sealed no later than 3 business days following the last day of the season. The pelt and skull shall be presented for sealing in person by the resident fur harvester that killed the animal and shall not be presented for sealing or registration by another individual. The individual presenting the fisher pelt and skull shall display their resident fur harvester license, including identification used to acquire the license, and shall provide harvest information as requested by the department. The department shall retain the skull and attach an official seal to the pelt of each fisher presented for examination and shall lock the seal upon the hide in such a manner that it cannot be removed without cutting or ripping the fisher pelt or damaging the seal. An official seal attached by the department, shall not be removed from the fisher pelt until the fisher pelt is processed or tanned. Subsequent to 3 business days following the close of the season, it shall be unlawful to possess a fisher pelt without an official department seal attached unless the pelt has been processed or tanned or the fisher season is open.

Sec. 3.630 (1) The open season for taking marten by trapping shall be from the first Friday in December through 9 days after in all of zone 1 except Drummond Island.

(2) The fisher and marten season limit shall be a combined bag limit of 2 animals per licensed resident.

(3) Through the last day of the open marten season, a resident issued a fur harvester's license may obtain a free marten kill tag. A resident who intends to trap marten shall request and be issued 1 free marten or fisher kill tag and 1 marten only kill tag. A resident shall not sell, loan, or permit in any manner, another individual to use the marten kill tag or use or attempt to use another individual's marten kill tag. A free marten kill tag may be obtained only by a resident who is at least 8 years old, subject to section 2.14. An individual shall not possess a marten or marten hide that does not have a validated kill tag as provided in this section unless a department seal is attached as provided by subsection (5). An individual who kills a marten shall immediately validate the kill tag by one of the following:

(a) Paper kill tag validation: An individual shall notch out the required information as instructed on the kill tag and shall securely attach the kill tag to the hide of the marten from the upper jaw to the eye socket or through the lower jaw in a permanent manner. The paper kill tag shall remain attached to the marten until the animal is registered and sealed by the department.

(b) Electronic kill tag validation: An individual shall electronically select the required information as instructed on the department's mobile application. It shall be unlawful to possess or transport a marten unless the required information is electronically selected as instructed on the department's mobile application. The required information entered electronically shall be produced upon the request of a peace officer.

(i) When the marten is no longer personally attended by the person who harvested it, a tag made of durable material with the applicable marten license number legibly written in permanent ink shall be securely attached to the hide of the marten from the upper jaw to the eye socket or through the lower jaw in a permanent manner. This requirement does not apply if the marten is physically stored at the individual's primary residence. The durable tag shall remain attached to the marten until the animal is registered and sealed by the department.

(5) An individual that kills a marten shall present the pelt and skull of the marten to the department to be registered and sealed no later than 3 business days following the last day of the season. The pelt and skull shall be presented for sealing in person by the resident fur harvester that killed the animal and shall not be presented for sealing or registration by another individual. The individual presenting the marten pelt and skull shall display their resident fur harvester's license; including identification used to acquire the license, and shall provide harvest information as requested by the department. The department shall retain the skull, and, attach an official seal to the pelt of each marten presented for examination, and lock the seal upon the hide in such a manner that it cannot be removed without cutting or ripping the marten pelt or damaging the seal. An official seal attached by the department, shall not be removed from the marten pelt until the marten pelt is processed or tanned. Subsequent to 3 business days following the last day of the season, it shall be unlawful to possess a marten pelt without an official department seal attached unless the pelt has been processed or tanned or the marten season is open.

(6) An individual shall not tag a marten with a kill tag that is not valid for the area in which the marten is taken.

### **3.700 Wolf hunt; establishment of open season; season closed; method of take; season limit.**

Sec. 3.700 (1) The natural resources commission hereby authorizes the establishment of the first open season for wolf.

(2) Unless otherwise specified in this order, an individual with a license to take wolf shall not do any of the following:

(a) Take a wolf other than during the open season from November 15 to December 31. The department may close the open season prior to December 31, by wolf management unit, if the department harvest objectives have been reached. It is the responsibility of the licensee to confirm, either at [www.michigan.gov/dnr](http://www.michigan.gov/dnr) or by calling the designated department telephone line, to ensure a wolf management unit remains open to hunting on the day of the licensee's hunt.

(b) Take a wolf by any method other than by firearm, bow and arrow, or crossbow.

(3) 1,200 licenses shall be available over the counter August 3 to October 31 of the year in which the wolf season occurs.

(4) Only an individual who holds a current, non-apprentice base license and is not licensed under the mentored youth program may purchase a wolf license.

History: Am. 6, 2013, Eff. May 10, 2013; Am. 14, 2013, Eff. Jul 12, 2013; Am. 2, 2014, Eff. Mar. 1, 2014.

### **3.702 Wolf hunting; kill tag requirements; reporting requirements; baiting; legal weapons; exceptions; hunt with a dog; unlawful acts.**

Sec. 3.702 (1) The department shall issue a kill tag as part of the wolf hunting license. The licensee must possess while hunting the unused kill tag issued with the wolf license and provide to a conservation officer upon request.

(2) A licensee who kills a wolf shall immediately validate the kill tag by notching out the appropriate information on the tag and attach the kill tag to the hide of the wolf from the upper jaw to the eye socket or through the lower jaw of the wolf in a secure and permanent manner. The kill tag shall remain attached to the wolf until the animal is registered and sealed by the department. A person shall not possess an untagged wolf or wolf hide unless a department seal is attached as provided by section 3.703, notwithstanding any other provisions of this order, and subject to the requirements of applicable statutes.

(3) On the same day of killing a wolf, a licensee shall report the kill by calling a department designated telephone number.

(4) It shall be unlawful to use any portion of any protected animal, protected bird, or domestic animal as bait for the purpose of taking a wolf. This subsection shall not be construed to prohibit a person from using the carcasses and parts thereof of game animals or game birds, lawfully taken and possessed during their open season, as bait, except as stated in section 5.31 of this order.

(5) A firearm, crossbow, and bow and arrow legal for the taking of deer in Michigan shall be legal for the taking of wolf, except as otherwise prohibited in this order.

(6) A licensee less than 14 years of age may hunt wolf with a firearm only on private land and a parent or guardian, or another individual authorized by a parent or guardian who is at least 18 years old, must accompany the minor child.

(7) It shall be unlawful for any individual to use a snare, cable restraint, conibear, or any other kind of trap for the taking of wolf.

(8) It shall be unlawful for an individual to hunt a wolf with a dog.

(9) It shall be unlawful for an individual to take more than 1 wolf in a wolf hunting season.

(10) A wolf with a radio collar may be taken by hunting in any open wolf management unit with a valid wolf license, subject to all other wolf hunting provisions of this order. A recovered radio collar shall be returned to the department.

History: Am. 6, 2013, Eff. May 10, 2013; Am. 14, 2013, Eff. Jul 12, 2013.

### **3.703 Wolf registration, pelt sealing; examination; possession; exceptions.**

Sec. 3.703 (1) Within 72 hours of harvest, the pelt with proof of sex and skull of any male wolf shall be presented by the licensee that killed the wolf, to the department for examination, sealing, and registration. The licensee shall provide the identification used to acquire the license and shall provide

harvest information and kill location as requested by the department.

(2) Within 72 hours of harvest, the carcass and skull of any female wolf shall be presented, by the licensee that killed the wolf, to the department for examination, sealing, and registration. The licensee shall provide the identification used to acquire the license and shall provide harvest information as requested by the department. After the pelt is sealed, the department reserves the right to collect additional wolf parts, such as a reproductive tract, for research or management purposes. Any additional wolf parts shall be collected during the initial registration or the hunter shall bring the skinned female carcass back within five business days of initial registration to allow for additional wolf parts' collection as needed.

(3) During an examination of a wolf, the department or department designee may take possession of the following wolf parts:

(a) At least one tooth.

(b) The female carcass (excluding head).

(4) During the registration of a wolf, the department shall attach the confirming seal in such a manner that it cannot be removed without cutting or ripping the wolf pelt or damaging the seal.

(5) An official seal attached by the department shall not be removed from the wolf pelt until the wolf pelt is processed or tanned. Subsequent to three days following the close of wolf season, it shall be unlawful to possess a wolf pelt without an official department seal attached unless the pelt has been processed or tanned, notwithstanding any other provisions of this order, and subject to the requirements of applicable statutes.

(6) It shall be unlawful to possess or transport a wolf or parts of a wolf without a kill tag and confirming seal, notwithstanding any other provisions of this order, and subject to the requirements of applicable statutes.

## Chapter IV

### Possession, Importation and Sale

#### 4.1 Possession of animals; duty to retrieve game animals; exceptions.

Sec. 4.1 A person may possess any animal or parts of any animal, from this state, or from outside of this state, whether living or dead, only as provided by this section:

- (1) Game lawfully taken, acquired, and transported may be possessed by any person.
- (2) Live game taken from the wild shall not be possessed. Wounded game, reduced to possession, shall be immediately killed and included in the daily limit. A person shall not kill or wound any game animal without making a reasonable attempt to retrieve the animal and include it in their daily limit.
- (3) Dead game lawfully taken in another state, territory, or country, and lawfully imported into this state, may be possessed by any person.
- (4) Game lawfully taken may be possessed afield, or in or upon a motorized vehicle, if the identification of species and sex is readily identifiable as provided by section 40109 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.40109. Waterfowl may be transported or possessed only in accordance with sections 3.403 to 3.406 of this order. For the purposes of identification under section 40109, the species and sex of a butchered or processed deer, bear, or elk shall be considered readily identifiable if the carcass or parts thereof are accompanied by the head of the animal with the validated tag or seal as required for the species by this order.
- (5) Animals, dead or alive, and parts thereof may be possessed by educational institutions, public agencies, and public zoological gardens. A qualified person may obtain a permit from the department to possess a live animal for expressed purpose of ultimately returning the sick or injured animal to the wild.
- (6) Except as otherwise provided in this subsection, live game or protected species, and any other animals which closely resemble game or protected species, and can reasonably be confused with game or protected species as determined by the department, which have been lawfully acquired from within this state, or lawfully imported, may be possessed if the person first applies for and has been issued 1 or more of the following licenses or permits specifically authorizing the species to be possessed by that person:
  - (a) A shooting preserve license.
  - (b) A permit to hold game in captivity.
  - (c) A federally recognized falconry permit.
  - (d) A federal raptor propagation permit, except that the possession of a threatened or endangered species must be in compliance with part 365, endangered species protection, of the natural resources and environmental protection act, 1994 PA 451. A person shall not possess any species under the authority of a federal raptor propagation permit unless that species may be legally used for falconry in this state.
  - (e) A federal special purpose education permit or state scientific collector's permit.
- (7) Nothing in this section shall be construed to prohibit the possession of a hawk, owl, or eagle, or parts thereof, by an American Indian for ceremonial or religious purposes or for the preservation of tribal customs and heritage. For the purposes of this section, proof of American Indian lineage shall be a Bureau of Indian Affairs countersigned identification card or a tribal identification card issued by a tribe recognized by the United States government.
- (8) A licensed taxidermist may possess lawfully acquired dead game and protected animals only under the following conditions:
  - (a) Game and protected animals must be tagged with a taxidermist specimen identification tag supplied by the department and the information requested on the tag must be completely and legibly recorded. Harvest reporting information shall be recorded as instructed by the department.

(b) A copy of the taxidermist specimen identification tag shall be maintained by the taxidermist on the premises for inspection by a conservation officer or a law enforcement officer for 1 year following disposal of any specimen.

(c) Receipt of any cervid carcass or parts thereof, other than deboned meat, quarters or other parts of a cervid that do not have any part of the spinal column or head attached, antlers, antlers attached to a skull or skull cap cleaned of all brain and muscle tissue, hides, and upper canine teeth originating from another state or province must be reported to the department, within the business hours of the next 72 hours of receipt unless at least one of the following conditions is met:

(i) The carcass or parts thereof is affixed with a department-issued CWD survey tag.

(ii) The hunter presents a portion of the department-issued CWD survey tag for that animal.

(9) A person shall not possess the carcass or parts thereof, of a cervid originating from another state or province except for the following:

(a) Deboned meat, quarters or other parts of a cervid that do not have any part of the spinal column or head attached, antlers, antlers attached to a skull cap cleaned of all brain and muscle tissue, hides, and upper canine teeth.

(b) A finished taxidermist mount.

(c) Tissues imported for use by a diagnostic or research laboratory.

(10) A person may possess antlers that have been shed by a cervid. "Shed" means to cast off as part of a natural process.

(11) An individual is exempt from obtaining a permit or license under this section for captive sourced:

(a) Pheasants (*phasianus colchicus*) if there are 12 or fewer in number.

(b) Quail if there are 12 or fewer in number.

(c) Hungarian partridge if there are 12 or fewer in number.

## **4.2 Importation.**

Sec. 4.2 A person may import any animal, whether living or dead, or parts of any animal, into this state only as provided in this section:

(1) Dead bear or wild turkey, and parts thereof, lawfully taken or purchased in another state, territory, or country, and lawfully exported from that state, territory, or country, may be imported into this state if the bear or turkey is clearly and permanently tagged as to the state, territory, or country of origin. A person causing a dead animal or parts thereof to be imported shall maintain documentation of the lawful taking, purchase, and/or importation of the animal until the animal is consumed, or if prepared as a trophy, the documentation must remain with the trophy.

(2) Except as otherwise provided in this subsection, live game or protected animals, lawfully taken or acquired in another state, territory, or country, and lawfully exported from that state, territory, or country, may be imported into this state if the person causing the game or protected animal to be imported complies with sections 5.2 and 5.5 of this order and has first applied for and been issued one or more of the following licenses or permits specifically authorizing possession of the species being imported:

(a) A shooting preserve license.

(b) A permit to hold game in captivity.

(c) A federally recognized falconry permit.

(d) A federal raptor propagation permit, except that the importation of a threatened or endangered species must be in compliance with part 365, endangered species protection, of the natural resources and environmental protection act, 1994 PA 451. A person shall not import any species under the authority of a federal raptor propagation permit unless that species may be legally used for falconry in this state.

(e) A federal special purpose possession education permit or state scientific collector's permit.

(3) A person shall not import the carcass or parts thereof, of a cervid into this state except as described in section 4.1 (9) of this order. The carcass or parts thereof must be clearly and permanently tagged as to the state, territory, or country of origin. Documentation must be maintained of the lawful taking, purchase, and/or importation of the animal until the animal is consumed, or if prepared as a trophy, the documentation must remain with the trophy.

(4) A person who is notified by mail or other means that a carcass or parts thereof, imported into Michigan tested positive for CWD, shall report such finding within 72 hours to the Michigan department of natural resources, wildlife disease laboratory, and shall provide such information as may be requested by the laboratory.

(5) Nothing in this subsection shall be construed to prohibit an American Indian from importing a hawk, owl, or eagle for ceremonial or religious purposes or for the preservation of tribal customs and heritage. For the purposes of this section, proof of American Indian lineage shall be a Bureau of Indian Affairs countersigned identification card or a tribal identification card issued by a tribe recognized by the United States government.

#### **4.3 Buying and selling.**

Sec. 4.3 A person may buy, offer to buy, sell, offer to sell, or exchange for anything of value animals or parts of animals only as provided in this section:

(1) The fur, hide, pelt, plumage, or skin of game, lawfully taken during the open season or raised under the authority of a permit to hold wildlife in captivity, may be sold or offered for sale by the person licensed to take the game or the person permitted to hold wildlife in captivity.

(2) The carcass and parts thereof, of fur-bearing animals lawfully taken during their open season or lawfully imported from another state, territory, or country, may be bought or sold.

(3) The antlers of deer, elk, and moose lawfully taken by a hunter or shed by the animal may be bought or sold. The skull of black bear lawfully taken may be bought or sold. The teeth, claws, flesh, bones, or internal organs of game, other than those species listed in subsection (2), shall not be bought or sold.

(4) A person engaged in the business of buying or selling animals, or parts thereof, other than tanned skins, hides, or manufactured products, may be required to obtain a fur dealer's license as required by part 425, furs, hides, and pelts, of the natural resources and environmental protection act, Act No. 451 of the Public Acts of 1994, being sections 324.42501 to 324.42507 of the Michigan Compiled Laws. A taxidermist, licensed by the department, is not required to obtain a fur dealer's license to purchase animals, or parts thereof, which may be legally bought or sold under subsections (1) to (3), part 427, breeders and dealers, of the natural resources and environmental protection act, Act No. 451 of the Public Acts of 1994, being sections 324.42701 to 324.42714 of the Michigan Compiled Laws, or part 417, private shooting preserves, of the natural resources and environmental protection act, Act No. 451 of the Public Acts of 1994, being sections 324.41701 to 324.41712 of the Michigan Compiled Laws.

(5) A dealer in meats, restaurateur, private club manager, shooting preserve licensee, or the sponsor of a field dog trial may sell for food the carcasses of game listed in subsection (2), game lawfully purchased from a captive wildlife permittee, and/or game lawfully imported from another state, territory, or country provided that the seller maintains on the premises documents, receipts, bills of lading, invoices, or customs declarations which identify the number, origin, poundage, species, and cost of the game being sold. Such records must be maintained on the premises and made available to any conservation officer during normal business hours for at least 30 days following the sale of the game.

(6) A person with a permit to hold wildlife in captivity may buy and sell any animals listed on their permit in accordance with the provisions of part 427, breeders and dealers, of the natural resources and environmental protection act, Act No. 451 of the Public Acts of 1994, being sections 324.42701 to 324.42714 of the Michigan Compiled Laws, and orders issued under the authority of that part.

(7) A licensed taxidermist may sell a permanently preserved specimen other than a migratory bird if the animal was lawfully obtained and, upon transfer, is lawfully possessed by the buyer. Documentation of lawful purchase or lawful importation must be maintained by the taxidermist and transferred to the buyer upon sale. A licensed taxidermist may sell a mounted, properly marked, captive bred, migratory bird if it was lawfully obtained and is sold in compliance with federal regulations.

(8) Dead game, or parts thereof, imported from another state, territory, or country and offered for sale must be labeled or stamped as a product of that state, territory, or country and the name of the producer clearly identified in legible English on the exterior of any packaging.

(9) The state will allow the buying and selling of raptors as provided by 50 C.F.R. 21.85. No person shall purchase, sell or barter any raptor eggs, any raptors taken from the wild, any raptor semen collected from the wild, or any raptors hatched from eggs taken from the wild.

#### **4.4 Commercial processing and storage; records required; maintenance and inspection; exceptions.**

Sec. 4.4 (1) The owner, operator, or agent of any commercial processing operation, refrigeration plant, or frozen food locker plant, shall obtain a free permit from the department and maintain records of all wild animals accepted for processing or storage for 90 days following receipt of the animal. Such records shall include the name and address of the owner of the animal, the date accepted, the number of the license or permit authorizing possession, and harvest reporting information as instructed by the department. These records shall be maintained on the premises and be available for inspection by a conservation officer or a law enforcement officer at any reasonable time.

(2) A commercial processing operation that receives a carcass or parts thereof, other than deboned meat, quarters or other parts of a cervid that do not have any part of the spinal column or head attached, antlers, antlers attached to a skull or skull cap cleaned of all brain and muscle tissue, hides, and upper canine teeth, from a cervid which originated from another state or a province shall report such acquisition to the Michigan department of natural resources, wildlife disease laboratory, within 72 hours.

#### **4.5 Wild animal killed by motor vehicle; possession; permit; issuance, disposal.**

Sec. 4.5 An individual may possess a wild animal killed by collision with a motor vehicle, or so injured that it must be euthanized as allowed under law, only as provided for by the following: (1) For purposes of this section "nongame" means all wild birds and wild mammals not defined as game by Part 401, wildlife conservation, 1994 PA 451, MCL 324.40103(1).

(2) Nongame mammals killed by collision with a motor vehicle, except for mammals protected by section 9.3 of this order and by Part 365 endangered species protection, 1994 PA 451, MCL 324.36503, may be possessed by an individual at any time without a permit. Mammals protected by the endangered species protection act may be possessed only in compliance with Part 365.

(3) Nongame birds killed by collision with a motor vehicle, except for house (English) sparrows, European starlings, feral pigeons, or endangered or threatened species, may be possessed pursuant to section 5.21 of this order. House (English) sparrows, European starlings, or feral pigeons may be possessed by an individual at any time without a permit. Protected birds may be possessed only in compliance with Part 365, endangered species protection, 1994 PA 451.

(4) An individual may possess game as defined MCL 324.40103, other than badger, bobcat, brant, coot, crow, cub bear, duck, elk, fisher, Florida gallinule, geese, marten, moose, otter, snipe, sora rail, spotted fawn deer, Virginia rail, wild turkey, wolf, and woodcock under the following conditions:

(a) For the purposes of this section, the driver of the motor vehicle has first priority to take possession of a wild animal killed by a collision with a motor vehicle.

(b) A spotted fawn, cub bear, migratory game bird, and all game animals listed in subsection (4), except deer killed by a motor vehicle collision may only be possessed pursuant to section 5.21 of this order.

(c) A deer may only be possessed under the following:

(i) The individual obtains a permit from the department or by a police officer investigating the motor vehicle collision;

(ii) The individual notifies the department or a local law enforcement agency of his or her intent to maintain possession of the deer under subsection (4); or,

(iii) If the individual is the driver of the motor vehicle involved in the collision and as a result of that collision is calling 9-1-1 to report the collision, the individual must state his or her intent to maintain possession of the deer under subsection (4) pursuant to 2014 PA 255, MCL 324.40115; and,

(iv) The individual shall not possess the carcass or parts thereof, of the animal outside of the county where the animal was killed by collision with a motor vehicle except for deboned meat, quarters or other parts of a cervid that do not have any part of the spinal column or head attached, antlers, antlers attached to a skull or skull cap cleaned of all brain and muscle tissue, hides, upper canine teeth, or a finished taxidermist mount as part of the department's efforts to respond to and manage CWD in the state.

(d) An individual in possession of beaver, coyote, fox, mink, muskrat, opossum, raccoon, skunk, weasel, or small game under subsection (4) shall prepare and maintain a written record as described by 2014 PA 255, MCL 324.40115 until the individual obtains a permit from the department or until the game and its parts are consumed, composted, or no longer possessed by any individual.

(e) Notwithstanding the provisions of subsection (4)(b) and (c), an individual in possession of a deer killed by collision with a motor vehicle under subsection (4), or so injured that it must be euthanized, shall do one of the following:

(i) Obtain a permit from the department or by a police or peace officer investigating the motor vehicle collision;

(ii) Notify the department or a local law enforcement agency of his or her intent to maintain possession of the deer under subsection (4); or,

(iii) If the individual is the driver of the motor vehicle involved in the collision and as a result of that collision is calling 9-1-1 to report the collision, the individual must state his or her intent to maintain possession of the deer under subsection (4) pursuant to 2014 PA 255, MCL 324.40115.

(5) Notwithstanding the provisions of subsection (4)(b), an individual in possession of a bear killed by collision with a motor vehicle under subsection (4), or so injured that it must be euthanized, shall obtain a permit from the department or a peace officer for that bear.

(6) The permit issued for the salvage of a bear may be issued by a police or peace officer investigating the motor vehicle collision upon a form prescribed by the director and all of the following apply:

(a) A person possessing a bear killed by collision with a motor vehicle shall immediately produce the bear permit upon the demand of a conservation officer or peace officer.

(b) Immediately following the issuance of a bear permit, a person possessing bear killed by collision with a motor vehicle carcass shall securely attach the permit to the carcass. The permit shall remain attached until the carcass is processed or butchered for consumption. If the carcass is used as bait, the permittee may remove the permit while the carcass is in use, but shall produce the permit upon the request of a peace officer.

(c) A permit authorized under this subsection may be issued by a department conservation officer to dispose of the carcass of a deer, pursuant to subsection (4)(b) and (c), or bear which was otherwise accidentally or unlawfully taken, or unlawfully possessed.

(7) A wild animal killed by collision with a motor vehicle from outside the state of Michigan may be kept only by an individual meeting the provisions of section 4.1 and 4.2 of this order.

### Special Permit Regulations

#### **5.1 Repealed. Am. 14, 1990, Eff. Aug 1, 1990.**

Publisher's note: The repealed section pertained to the definition of an importation permit.

#### **5.2 Importation requirements.**

Sec. 5.2 (1) A person shall not import live game or protected animals into the state of Michigan without first obtaining an official interstate health certificate or official interstate certificate of veterinary inspection prepared and signed by an accredited veterinarian in the state of origin, except that a veterinarian's certificate of health for raptors lawfully taken from the wild in another state for falconry purposes may be obtained up to 10 days after importation. The certificate shall include all of the following:

(a) Complete names and addresses of the recipient and supplier, if applicable, and the destination address if different from the recipient's address.

(b) A description of the wild game or protected animals by species or breed, sex, and age.

(c) The date of veterinary inspection of the animals either individually or as a flock or herd.

(d) The intended use of the wild game or protected animal.

(e) The accredited veterinarian shall certify that the animals are free of contagious, infectious, and toxicological diseases.

(2) A person shall not import a live deer, moose, or elk into this state unless the requirements of section 30a of the animal industry act, Act No. 466 of the Public Acts of 1988, being section 287.731 of the Michigan Compiled Laws, are met.

(3) A person shall not import a pheasant, quail, grouse, or partridge into this state unless the pheasant, quail, grouse or partridge is certified free of pullorum by an accredited veterinarian in the state or country where the animals will be obtained.

(4) Except as otherwise provided by subsection (1), the veterinarian's certificate of health shall accompany the animals while in transit to their new home and be available for inspection by a conservation officer while in transit and for a minimum of 1 year at the location where the animals are being held.

(5) If a game or protected animal is imported without the required tests, the director may require the required tests be performed or the animals returned to the place of origin within 10 days at the owner's expense.

(6) A person shall not import live game or protected animals from a foreign country until that person has secured the necessary federal permit, or permits, from the United States fish and wildlife service.

(7) As provided by section 31 of the animal industry act, Act No. 466 of the Public Acts of 1988, being section 287.731 of the Michigan Compiled Laws, the importation of an animal not regulated by the department or the fish and wildlife service of the United States department of interior must be in compliance with the importation requirements of the Michigan department of agriculture.

### **5.20 Scientific collector's permit, definitions.**

Sec. 5.20 For the purpose of sections 5.21 to 5.23 of this order, "permit" means a scientific collector's permit.

History: Eff. Mar 31, 1989; Am. 1, 1996, Eff. Jan 11, 1996.

### **5.21 Scientific collector's permit, requirements.**

Sec. 5.21 (1) A person shall not collect, possess, transport, or dispose of an animal, or parts thereof, for scientific or educational purposes, without first securing a permit from the wildlife permit specialist.

(2) An application for a permit shall be made on a form supplied by the department and shall be subject to department approval.

(3) A permit shall expire on the third March 31 after the date of issue unless the permit specifies a period of shorter duration.

(4) Department employees, in the course of performing official job responsibilities, shall be exempt from the requirement of obtaining a permit.

(a) Animals considered to be a disease risk may be collected by department employees performing official job responsibilities.

(5) A permit to collect a migratory bird or its eggs is valid only if the permittee has also obtained and has in their possession a similar permit issued by the United States fish and wildlife service.

(6) A permit shall be issued only to a qualified person who will use the specimens obtained for bona fide scientific or educational purposes. An applicant for a permit must be affiliated with one of the following institutions:

(a) A public or private school, such as a college, university, high school, junior high school, middle school, or elementary school. The school must be recognized as a legitimate educational institution by the Michigan department of education. The primary listed applicant, or the advisor named on the application, must hold at least a bachelor's degree in the biological sciences or an educational field.

(b) A public agency, such as a federal, state, city, or county unit of government associated with a wildlife or scientific area of study or research.

(c) A non-profit educational organization, which has obtained an exemption from federal income tax under the provisions of section 501 (c) (3) of the internal revenue code. The educational organization must be associated with a wildlife or scientific area of study or research. The primary listed applicant, or the advisor named on the application, must hold at least a bachelor's degree in the biological sciences or an educational field. The applicant must provide written documentation to the department certifying that 501 (c) (3) status has been achieved.

(d) A scientific research organization, working in cooperation with a college or university, whose primary

listed applicant holds a post graduate degree in a science-related field.

(e) A scientific research organization licensed by the United States department of agriculture.

(f) A business entity researching post construction impact on wildlife.

(7) Applicants for a permit must submit a letter from an appropriate representative of the institution listed on the application. The letter shall include the applicant's and institutions permit qualifications, the need for the permit, and a description of the type of collection activity required. If the applicant requires more than the salvage of specimens found dead, the letter shall also include the species and number of specimens to be collected and the method of take. If live animals are to be held, the letter shall include the species and number of animals, the source of the animals, and the need for holding live animals.

(8) In addition to the requirements described in section 5.21 (7), applicants who are not directly affiliated with the institution listed on the application must include with their application a letter from an appropriate employee of the institution. The employee must be named as the applicant's advisor on the application. The institution must qualify for a permit. The letter must certify that:

(a) The institution requires the applicant to hold specimens for the institution off the premises of the institution.

(b) The institution has a need for the applicant to perform this activity.

(c) The applicant is qualified to perform this activity for the institution.

(d) The institution accepts responsibility for the safe keeping and welfare of all specimens held by the applicant.

(e) If applicable, the institution accepts responsibility for the educational content of programs presented by the applicant, utilizing specimens held by the applicant.

(9) Permits issued prior to January 1, 1993, which do not meet current issuance requirements, shall be renewed, provided the permittee and institution continues to be deemed qualified by the department.

(10) Institutions possessing animals under the authority of section 4.1 (5) of this order shall be exempt from the requirement of obtaining a permit. Persons possessing, transporting, or otherwise handling such animals off the premises of such institutions shall require a permit.

(11) A permit shall not be issued for the collection or handling of state- or federally-listed threatened or endangered species.

(12) Animals, or parts thereof, held under the authority of this permit shall not be sold.

(13) No private maintenance or disposition of any animal, or parts thereof, collected under the authority of this permit is allowed. This does not apply to the temporary holding of animals being prepared for permanent deposit into a collection.

## **5.22 Scientific collector's permit, reports.**

Sec. 5.22 (1) Prior to a permit being renewed, each permittee shall submit a completed renewal application form supplied by the department.

(2) Prior to a permit being renewed, each permittee shall submit a completed renewal report form supplied by the department. The renewal report shall provide an accurate summary of activities conducted under the previous permit.

History: Eff. Mar 31, 1989; Am. 1, 1996, Eff. Jan 11, 1996.

## **5.23 Repealed. Am. 14, 1990, Eff. Aug 1, 1990.**

Publisher's note: The repealed section pertained to the revocation of scientific collector's permits.

### **5.30 Taxidermy permit, unlawful act.**

Sec. 5.30 It shall be unlawful for any person to solicit for any taxidermy business or conduct a taxidermy business by preparing, possessing, or mounting any skins or dead bodies of any birds or animals, or any part thereof, for a fee, without first obtaining a taxidermy permit.

History: Eff. Mar 31, 1989; Am. 14, 1990, Eff. Aug 1, 1990.

### **5.31 Taxidermy permit, rules.**

Sec. 5.31 (1) A taxidermy permit shall be valid for 3 years or through the third June 30 after issue, whichever comes first.

(2) A person issued a taxidermy permit shall keep a record, in addition to the specimen tag, of all animals and animal parts which are received or disposed. All records and plumage and skins in permittee's possession shall be available for inspection by the director, a designee of the director, or conservation officer. Records, other than the specimen tag, shall be retained on the premises for six years and include the following:

- (a) Name of specimen.
- (b) Name and address of the person from whom received.
- (c) Name and address of the person owning the specimen.
- (d) County, state, province, and country where taken.
- (e) Tag or seal number of game or protected animal.
- (f) Date animal and animal parts received and date disposed.
- (g) Name to whom product is delivered.

(3) A person issued a taxidermy permit shall only possess game, protected animals, or animal parts for the purpose of taxidermy at the location described in their taxidermy permit.

(4) For deer, elk, or moose, a person acting under the authority of a taxidermy permit shall:

(a) If live cervids are kept on the premises of the taxidermy business:

(i) Not allow any live animal to come into contact with any taxidermy materials and any waste generated from taxidermy, through the use of exclusionary structures such as gates and doors.

(ii) Employ personal protective clothing, such as but not limited to coveralls, boots and gloves, by visitors and workers in the area.

(iii) Employ trash receptacles within the work site for disposable protective clothing.

(iv) Employ cleaning facilities to ensure that materials taken from work site, including non-disposable personal protective equipment, are free of dirt, debris, and waste materials.

(v) Dispose of all animal waste products in a manner that ensures disposal to a type II landfill.

(vi) Not provide animal parts from deer, elk, or moose for use as bait for the purpose of attracting animals for hunting, trapping, or other recreational pursuits.

(vii) Not provide animal parts from deer, elk, or moose for use as a food for other animals.

(b) If no live cervids are kept on the premises of the taxidermy business:

(i) Dispose of all animal waste products in a manner that ensures disposal to a type II landfill.

(ii) Not provide animal parts from deer, elk, or moose for use as bait for the purpose of attracting animals for hunting, trapping, or other recreational pursuits.

(iii) Not provide animal parts from deer, elk, or moose for use as food for other animals, other than deboned meat.

History: Eff. Mar 31, 1989; Am. 14, 1990, Eff. Aug 1, 1990; Am. 1, 2009, Eff. Apr 3, 2009.

### **5.32 Repealed. Am. 14, 1990, Eff. Aug 1, 1990.**

Publisher's note: The repealed section pertained to the suspension of taxidermy permits.

### **5.40 Deer damage shooting permit, definitions.**

Sec. 5.40 For the purposes of sections 5.41 to 5.43 of this order, the terms in this section shall have the meaning ascribed to them in this section.

(1) "Permit" means a deer damage shooting permit.

(2) "Permittee" means a person who has applied for and been issued a deer damage shooting permit by the department.

(3) "Authorized designee" means a person who has been designated, in writing, by a permittee to implement the provisions of a deer damage shooting permit. The department reserves the right to deny a person, including the permittee, the authority to personally implement the provisions of a permit if such authority would conflict with a court order, administrative rule, or law.

History: Eff. Mar 31, 1989; Am. 6, 1990, Eff. Jun 18, 1990.

### **5.41 Deer damage shooting permit; standards, conditions, records; unlawful acts.**

Sec. 5.41 (1) Deer damage shooting permits may be issued statewide to owners of specific lands or their authorized designee with significant agricultural or horticultural crop damage documented by the department.

(2) A deer damage shooting permit shall not be valid:

(a) Except during the time period authorized by the permit.

(b) During an open season for deer.

(3) The permittee shall keep records as may be required by the director and present them for inspection at the request of a conservation officer or wildlife biologist.

(4) The permittee or authorized designee shall make a reasonable effort to retrieve all deer killed under the authority of a permit.

(5) A person killing a deer shall immediately validate the deer damage permit tag as instructed on the tag and attach the tag to the gambrel or jaw of the deer.

(6) A permittee or authorized designee shall report their deer harvest as instructed by the department within 72 hours after retrieval of a deer or before transfer of possession of a deer, whichever comes first. All persons reporting their deer harvest must retain the associated harvest confirmation number, if applicable. A person who kills a deer may designate another person to report their deer harvest. "Transfer of possession" means 1 of the following:

(a) The entire deer carcass is transferred to another individual for consumption.

(b) The entire deer carcass, or head, has been accepted by a processor or taxidermist.

(c) The entire deer carcass, or head, has been submitted to the department.

### **5.42 Deer damage shooting permit, prohibited acts; failure to comply.**

Sec. 5.42 (1) It shall be unlawful for a permittee or an authorized designee to:

- (a) Kill more than the number of deer authorized by the permit.
- (b) Possess a deer killed under the authority of a permit without having a validated deer damage permit tag attached to the deer.
- (c) Take or attempt to take a deer within the permit boundaries unless in possession of a valid unused deer damage permit tag. The tag shall be presented upon demand to a representative of the director.
- (d) Use a firearm other than a centerfire rifle or shotgun with slugload, or as determined by a department representative.
- (e) Subject to section 43510, subsections (2) and (3), of Part 435, as amended, hunting and fishing licensing, MCL 324.43510, possess an uncased or loaded firearm in the vehicles authorized by the permit unless approved by the wildlife regional supervisor and district law enforcement supervisor. (f) Kill a deer with antlers extending three inches or more above the skull unless approved by the wildlife regional supervisor.
- (g) Take or attempt to take a deer using an artificial light or from one-half hour after sunset to one-half hour before sunrise unless approved by the wildlife regional supervisor and district law enforcement supervisor.
- (h) Take or attempt to take a deer in any area except that location described on the permit.

(2) It shall be unlawful for any person to buy or sell any deer killed under the authority of a deer damage control permit.

(3) It shall be unlawful for any person other than the permittee or an authorized designee to take or attempt to take deer under the authority of a valid permit.

(4) For failure to comply with this section or other requirements of the deer damage control program, the department shall deny a permittee to be eligible to participate in the next calendar year.

#### **5.43 Deer damage shooting permit, reservation of rights.**

Sec. 5.43 Final disposition of animals killed under permit will be determined by the wildlife regional supervisor or representative. In all cases, efforts should be made to assure the carcass will be used for human consumption to the fullest extent possible.

History: Eff. Mar 31, 1989; Am. 6, 1990, Eff. Jun 18, 1990; Am. 5, 1996, Eff. Sep 1, 1996; Am. 10, 2002, Eff. Jul 15, 2002; Am. 4, 2017, Eff. June 9, 2017.

#### **5.44 Repealed. Am 18, 2013, Eff. Oct 10, 2013.**

Publisher's note: The repealed section pertained to Deer damage shooting permit; revocation, suspension.

#### **5.45 Bear damage shooting permit, definitions.**

Sec. 5.45 For the purposes of sections 5.46 and 5.47 of this order, the terms in this section shall have the meaning ascribed to them in this section.

- (1) "Permit" means a bear damage shooting permit.
- (2) "Permittee" means a person who has applied for and been issued a bear damage shooting permit by the department.
- (3) "Authorized designee" means a person who has been designated, in writing, by a permittee to implement the provisions of a bear damage shooting permit. The department reserves the right to deny a person, including the permittee, the authority to personally implement the provisions of a permit if such authority would conflict with a court order, administrative rule, or law.

History: Am. 4, 2015, Eff. May 8, 2015.

#### **5.46 Bear damage shooting permit; standards, conditions, records; unlawful acts.**

Sec. 5.46 (1) Bear damage shooting permits may be issued statewide to owners to specific lands with damage to emerging, standing, or harvested crops or to feed properly stored in accordance with normal agricultural practices documented by the department.

(2) A bear damage shooting permit shall not be valid:

(a) Except during the time period authorized by the permit.

(b) During an open season for bear.

(3) The permittee shall keep records as may be required by the department and present them for inspection at the request of a peace officer or wildlife biologist.

(4) An individual shall not accept, carry afield, use or attempt to use a bear damage shooting permit unless in possession of a current base license and bear license. A permittee shall not sell, lend, barter, or trade a bear damage shooting permit. The licensee must provide the kill tag and bear license for the Bear Management Unit to a peace officer upon request.

(5) The permittee or authorized designee shall meet the provisions of section 3.205 of this order when exercising a permit issued under this section. In addition, unless otherwise provided in this section, an individual issued a bear damage shooting permit shall comply with lawful hunting hours and all regulatory requirements for the lawful taking of bear, except as follows:

(a) It shall be unlawful to take a bear over bait under the authority of a bear damage shooting permit.

(b) It shall be unlawful to take a bear with the use of dogs under the authority of a bear damage shooting permit unless authorized by the wildlife regional supervisor and district law enforcement officer.

(c) It shall be unlawful to take a bear outside of the lawful hunting hours for bear under the authority of a bear damage shooting permit unless authorized by the wildlife regional supervisor and district law enforcement officer.

(d) It shall be unlawful to take a bear using an artificial light outside of lawful hunting hours unless approved by the wildlife regional supervisor and district law enforcement officer.

(6) The permittee or authorized designee killing the bear shall immediately validate the kill tag by notching out the appropriate information on the tag and attach the kill tag to the lower jaw of the bear in a secure and permanent manner. The kill tag shall remain attached to the bear until the animal is registered and sealed by the department.

(7) Within 72 hours of killing a bear and before removing any bear from the Bear Management Unit open to bear hunting, a permittee or authorized designee shall call the official checking station to arrange an appointment to register the bear. The permittee or authorized designee shall take the animal to the official checking station where a confirming seal or seals shall be attached by the department and all provisions of section 3.207 of this order are met.

History: Am. 4, 2015, Eff. May 8, 2015; Am. 2 of 2023; Mar. 9, 2023.

#### **5.47 Bear damage shooting permit, prohibited acts; failure to comply.**

Sec. 5.47 (1) It shall be unlawful for a permittee under a bear damage shooting permit to allow more than one authorized shooter to implement the provisions of the permit.

(2) It shall be unlawful for a permittee or an authorized designee to:

(a) Take more than one bear under a bear hunting license issued during that calendar year.

(b) Kill more than one bear authorized by the permit.

(c) Use bait to take a bear under the permit.

(d) Take a bear without a valid bear license for the Bear Management Unit for which the bear damage

shooting permit is given.

(e) Possess a bear killed under the authority of a permit without having a validated bear hunting license for that bear management unit and calendar year attached to the bear.

(3) It shall be unlawful for an individual to buy, offer to buy, sell, offer to sell, or exchange for anything of value any bear killed under the authority of a bear damage shooting permit unless meeting the provisions of section 4.3 of this order.

(4) It shall be unlawful for any person other than the permittee or an authorized designee to take or attempt to take a bear under the authority of a valid permit.

(5) For failure to comply with this section or other requirement of the bear damage shooting program, the department shall deny a permittee or authorized designee to be eligible to participate in the next calendar year.

History: Am. 4, 2015, Eff. May 8, 2015.

### **5.50 Damage and nuisance animal control permit definitions.**

Sec. 5.50 For the purposes of sections 5.51 to 5.55 of this order, the terms in this section shall have the meaning ascribed to them in this section.

(1) "Permit" means any type of permit issued under the authority of sections 5.50 to 5.55 of this order for the control of damage or nuisance caused by wildlife.

(2) "Permittee" means a person who has applied for and been issued a permit.

(3) "Pesticide" shall have the same meaning as that ascribed by the natural resources and environmental protection act, Act No. 451 of the Public Acts of 1994, as amended, Part 83 pesticide control, being sections 324.8301 to 324.8336 of the Michigan Compiled Laws.

(4) "Restricted use pesticide" shall have the same meaning as that ascribed by the natural resources and environmental protection act, Act No. 451 of the Public Acts of 1994, as amended, Part 83 pesticide control, being sections 324.8301 to 324.8336 of the Michigan Compiled Laws.

History: Eff. Mar 31, 1989; Am. 21, 1990, Eff. Dec 15, 1990; Am. 3, 2008, Eff. Apr 11, 2008.

### **5.51 Damage and nuisance animal control permit, issuance, release requirements, reporting; exceptions.**

Sec. 5.51 (1) Except as provided by subsections (4) and (8), a damage and nuisance animal control permit shall be required by anyone to prevent or control, by shooting, trapping or otherwise, the depredations of animals at a time or in a manner not otherwise permitted by law or order.

(2) A department conservation officer or wildlife biologist shall make an investigation upon complaint of any person allegedly suffering damage caused by wild birds or wild mammals and may issue a damage and nuisance animal control permit, unless the following conditions apply:

(a) The permit is issued under sections 5.51b, 5.51d, 5.52, 5.52b, 5.52d, and 5.53 of this order.

(b) A public safety issue exists as determined by a department wildlife management regional supervisor or district law enforcement supervisor or their designee and requires immediate permit issuance.

(3) At the time of such investigation, the complainant shall furnish the department investigator with a written statement, on forms provided for this purpose by the department, indicating the location, extent, kind, and approximate value of the property allegedly damaged, destroyed, or in danger of being damaged or destroyed, the kind and number of animals believed to be doing the damage and such other information as may be required.

(4) If results of the department's investigation warrants control of the animal(s) involved, the department investigator may, except for horticultural or agricultural damage caused by deer, issue a permit to authorize control of the animal(s) by shooting, trapping, or other means as specified on the permit.

(a) A permit to control horticultural or agricultural damage caused by deer may be issued by the

department's investigator per section 5.41 of this order.

(b) A permit to control deer or other wildlife at an airport may be issued by a department wildlife management regional supervisor or district law enforcement supervisor or their designee without an investigation to address a public safety issue.

(5) A permit shall be issued only to bona fide landowners or lessees, or their designated agents, and shall not be transferable.

(6) Except for animals protected by part 365, endangered species protection, 1994 PA 451, nonlethal means of harassment to deter or prevent damage to private property, such as noise makers or scare devices; exclusion devices, such as fences or screening; and other recognized and recommended means of preventing damage which do not kill, harm, capture, trap, or collect animals shall not require a permit.

(7) All animals taken under the authority of a permit shall be reported to the department in the manner specified on the permit.

(8) All animals taken under the authority of a permit shall be properly cared for and disposed of as directed by the permit or this order.

(9) A live raccoon captured under a damage and nuisance animal control permit shall be possessed and released only as follows:

(a) A raccoon, if released, shall be released only in the same county where captured and, if held in captivity, shall be isolated in a manner to prevent physical contact with any animal not originating from the same county. Each cage shall be tagged by the permittee with the county of origin and date of capture.

(b) A cage and area used to hold raccoon(s) for release shall be constructed of materials that can be effectively disinfected.

(c) If a raccoon has come into physical contact with a raccoon originating from another or unknown county of origin, both raccoons shall be isolated from physical contact with other raccoons and humanely euthanized within 24 hours of exposure.

### **5.51a Damage and nuisance animal control permit, Canada goose site permit issuance; definitions.**

(1) For the purposes of sections 5.51a and 5.51b of this order, the terms in this section shall have the meaning ascribed to them in this section.

(a) "Permit" means a site permit for Canada geese issued under the authority of the department's federal special Canada goose permit.

(b) "Permittee" means a person who has applied for and been issued a site permit by the department.  
History: Am. 1, 2010, Eff. Jan 7, 2010.

### **5.51b Damage and nuisance animal control permit; Canada goose, eggs, nests, site permit, requirement, issuance, reporting.**

(1) To transport, capture, hold, and euthanize Canada geese, destroy Canada goose eggs and nests under the authority granted to the state of Michigan by the federal special Canada goose permit a permittee must:

(a) Successfully complete a department sponsored training to handle and/or destroy Canada goose eggs and nests.

(b) Provide the department with one of the following:

(i) A petition requesting transport, capture, hold, egg/nest destruction, and euthanasia of geese. This must be signed by a minimum of 70 percent of the riparian lake front landowners on the involved water body.

(ii) A signed resolution for transport, capture, hold, egg/nest destruction, and euthanasia of geese from a governmental agency representative of the riparian lake front landowners.

(iii) Proof of sole ownership of the site.

(c) Ensure all program related requirements are met.

(d) Make application for and be issued a Canada goose site permit on a form provided by the department at the fees noted in section 5.110 (3).

(e) Submit an annual report as required by section 5.54 of this order.

(2) An annual Canada goose site permit shall be valid for the period from March 11 through August 31 per federal regulation 50 CFR 21.120. Failure of the permittee to comply with the permit provisions will make the permittee ineligible to receive a Canada goose control permit for a period of one year.

(3) The department shall not be liable for any damage suffered by a complainant as a result of the performance of the permittee operating under the authority of a permit.

(4) Permits shall be issued only to bona fide landowners or lessees, and shall not be transferable.

### **5.52 Nuisance animal control businesses, public nuisance animal control agencies and non-profit nuisance animal control organizations, permit issuance; requirements.**

Sec. 5.52 The department's wildlife permit specialist may issue a permit to a reputable nuisance animal control business, public nuisance animal control agency, or non-profit nuisance animal control organization for the purpose of taking certain animals causing damage to personal or real property. A person issued a permit under this section is subject to all of the following requirements:

(1) Permits shall expire on the third March 31 after the date of issue, except as noted in section 5.52b and 5.52d of this order.

(2) Permittees may, upon verifying the complaint of any person suffering damage or nuisance, effect control measures at any time of year within cities, villages, or townships closed to hunting or prohibiting the discharge of firearms. In other areas of the state, permittees may, upon verifying the complaint of any person suffering damage or nuisance, effect control measures from April 1 to September 30. Notwithstanding the other provision of this subsection, permittees may, upon verifying a complaint of damage or nuisance, effect control measures at any time of year within the curtilage of the complainant. For the purposes of this subsection, "curtilage" means the dwelling house, associated buildings, and associated yard used for domestic purposes. Control measures in areas and at times not otherwise provided by this subsection shall only be initiated on those complaints referred to the permittee by a wildlife biologist or conservation officer.

(3) Permittees shall be authorized to undertake control measures on the premises of the complainant for the control of bats that are not threatened or endangered and the control of coyote, fox, weasels, mink, raccoon, skunk, opossum, woodchuck, badger, muskrat, squirrels, ground squirrels, rabbits, English sparrows, feral pigeons, starlings, and crows. Permittees shall also be authorized to undertake control measures on the premises of the complainant on beaver on private lands in zone 3 during the closed season; however, beaver shall not be live trapped and relocated or translocated without authorization of the wildlife management unit supervisor. Control of damage by other wildlife shall be undertaken only as authorized by a wildlife biologist or conservation officer. Control of damage caused by protected migratory birds shall require a federal permit, except as noted in section 5.52b and 5.52d of this order.

(4) To effect control measures, permittees may use foothold traps, body gripping or conibear type traps, live traps, firearms if possessed and used in compliance with all applicable state, local, and federal firearm laws and colony or multiple-catch traps for species other than muskrat. Colony traps may be used for muskrat if used in compliance with subsection 3.600(5). To affect control measures, permittees may also use snares the entire year if one or more of the following conditions are met:

(a) Permitted species is within the curtilage of the complainant.

(b) Permitted species is trapped upon the premises of the complainant in completely submerged underwater sets.

(c) For the control of fox and coyote outside the curtilage upon the premises of the complainant in the Lower Peninsula if the snare meets the requirements of subsection 3.609(2), subdivisions (b) through (j).

(5) Permittees may sell live nuisance feral pigeons live trapped during legitimate nuisance control operations.

(6) A dead animal taken by means other than pesticides during the open season for that animal may be disposed in any manner provided by section 4.3 of this order if the person disposing of the animal is licensed to take the animal under part 435, hunting and fishing licensing, of the natural resources and environmental protection act, 1994 PA 451.

(7) Non-profit nuisance animal control organizations shall comply with all rules and regulations for permittees. The permit shall be issued in the name of an official of the organization. The person to whom the non-profit nuisance animal control permit is issued shall not authorize any employee or volunteer of the organization to undertake control measures without providing the employee or volunteer a copy of the permit countersigned by that person. An employee or volunteer undertaking nuisance animal control measures shall produce a copy of the countersigned permit upon demand of a police or peace officer.

(8) All live traps, foot-hold traps, and other catching devices designed and used in a manner to trap or capture animals alive shall be checked daily except as provided in subsection (8)(a). All traps and catching devices used under the authority of a permit issued under this section shall be marked as provided by section 3.600, subsections (2) and (3), except that the trap or catching device shall be marked "permit no." followed by the permittee's permit number, and the business name, and business phone number of the permittee.

(a) Electronic trap monitors may be used under all the following conditions provided that the trap is physically checked in-person by the permittee at least once every 72 hours:

(i) The electronic trap monitor remains in continuous operation while in use and shall be able to provide trap status at least once every 24 hours.

(ii) The electronic trap monitor shall be checked electronically at least once every 24 hours.

(iii) The electronic trap monitor has notification alarms that report real-time trap information including trap door closed activity and trap door open activity within one hour after detection via email or text-based messaging systems.

(iv) The electronic trap monitor has notification alarms that report system health issues via email or text-based messaging.

(v) The electronic trap monitor has on-demand control unit testing capabilities for determining trap status, signal strength, and battery condition via remote system check-in.

(vi) If the electronic trap monitor notification alarm reports a trap closure, the permittee is required to physically visit the trap within 24 hours of the time the trap was reported closed.

(vii) If the electronic trap monitor reports a system health issue, the permittee is required to physically check the trap within 24 hours of the last time a notification alarm was received.

(viii) Electronic trap monitoring devices shall be marked with the permittee's permit number, and the business name, and business phone number of the permittee.

(ix) Permittees shall maintain records as provided by section 5.54 of this order. This also includes alert notifications and trap status check via the centralized application database. All records shall be available for inspection at any reasonable time by a state or law enforcement agency, or its employees, or a tribal conservation officer.

(x) An individual who displays records using an electronic device is not presumed to have consented to a search of the electronic device. This state, a law enforcement agency, a tribal conservation officer, an employee of this state or a law enforcement agency is not liable for damage to or loss of an electronic device that occurs as a result of viewing records.

(xi) This state, a law enforcement agency, a tribal conservation officer, an employee of this state or a law enforcement agency is not liable for damage to an electronic trap monitor or an electronic device

used to inspect records that occurs as a result of inspecting the electronic trap monitor or electronic device.

(9) Captured animals shall not be released from or upon a public roadway or right of way. Captured animals shall not be released upon the lands of another person, whether private or public lands, without the consent of the landowner or land manager.

(10) All animals, which the permittee is authorized to take, shall be taken and disposed of in a manner to ensure humane handling or killing. Captured animals shall not be held longer than 24 hours unless requested by a department representative, or by a physician or public health official for public health reasons. Captured animals shall not be euthanized except by methods recommended and approved by the department.

(11) Any control measures undertaken by the permittee shall be considered a contractual agreement between the permittee and the complainant. The cost of control effected under the authority of a permit is the responsibility of the permittee.

(12) The department shall not be liable for any damage suffered by a complainant as a result of the performance of the permittee operating under the authority of a permit.

### **5.53 Use of pesticides.**

Sec. 5.53 Nuisance animal control operators may be issued a permit to use pesticides and may use pesticides to control the depredations of wild animals only in accordance with the following:

(1) As provided by Part 83, pesticide control, Act No. 451 of the Public Acts of 1994, as amended, permits authorizing the use of pesticides shall not be issued unless the applicant provides proof that either the applicant is currently licensed as a commercial pesticide applicator business in category 7a (general pest control) or category 7d (vertebrate pest control) or is in possession of a valid commercial pesticide applicator certification in category 7a (general pest control) or category 7d (vertebrate pest control) as provided by the natural resources and environmental protection act, Act No. 451 of the Public Acts of 1994, as amended, Part 83 pesticide control, being sections 324.8301 to 324.8336 of the Michigan Compiled Laws.

(2) Only pesticides registered with the United States environmental protection agency and the Michigan department of agriculture may be used, and then only in a manner and for the purposes for which registered and labeled.

(3) Pesticides may be used inside of buildings to control the depredations of those species designated in subsection 5.52(3).

(4) Pesticides other than restricted-use pesticides may be used outside of buildings and other structures to control the depredations of those species designated in subsection 5.52(3).

(5) Placement of restricted-use pesticides outside of buildings to control the depredations of those species designated in subsection 5.52(3) shall not be made except under a control permit issued for each project.

(a) Information which should be supplied with the request for a project control permit are: location, nature, and extent of damage, species committing the damage, and proposed control techniques. If a project control permit is issued, such permit shall specify: the person, the time, the toxicant and method which may be used, the method of disposing of dead animals, other conditions as may be appropriate, and that a report of the operation be submitted to the department on department provided forms at the conclusion of the permit.

(b) The placement of all bait-type pesticides outside of buildings shall be preceded by pre-baiting, and such pesticides shall not be left unattended. Prior to placement of contact-type pesticides outside of buildings, such period of surveillance shall be made as to ensure that minimal or no harm to protected species will occur, with periodic daily surveillance maintained during exposure. Contact poisons used in conjunction with bird perches for bird control shall not be used in grain elevators, feed mills, or other places where food or feed products may become contaminated from drippings.

(c) Failure of the permittee or an authorized designee to comply with the permit provisions will make the permittee ineligible to receive project control permits for a period of one year.

History: Eff. Mar 31, 1989; Am. 21, 1990, Eff. Dec 15, 1990; Am. 3, 2008, Eff. Apr 11, 2008.

### **5.54 Damage and nuisance animal control permit; record keeping requirements.**

Sec. 5.54 A person issued a damage and nuisance animal control permit shall keep records of all nuisance animal control operations, documenting the complainant's name, address, date of service, service technician, species of nuisance animal, number of each species taken, number of nests and eggs destroyed, county in which captured, disposition of all animals taken, and county of release. These records and any animals in the permittees possession shall be available for inspection by a conservation officer or other representative of the department at any reasonable time. Prior to the expiration of a permit, the permittee shall submit an accurate summary of permitted activities upon forms furnished by the department. Prior to a permit being renewed, the permittee shall also submit a completed renewal application.

## **5.55 Repealed. Am 18, 2013, Eff. Oct 10, 2013.**

Publisher's note: The repealed section pertained to Damage and nuisance animal control permit; revocation, suspension, denial.

## **5.56 Definition of damage, taking certain species causing damage to private property, lawful methods of take, individual taking considered permittee, removal of beaver and beaver dams by road, drain, and railroad authorities, agency of authority considered permittee, requirements.**

Section 5.56 (1) For the purposes of this section, "damage" means physical harm to forest products; roads; dams; buildings; orchards; apiaries; livestock; and horticultural or agricultural crops. Beaver or muskrat are only considered to be doing damage if their activities result in flooding or culvert blockages that cause damage as defined in this section.

(2) A property owner or their designee may take the following species all year on property owned by the individual if the wild animal is doing damage or physically present where it could imminently cause damage:

(a) Beaver, cottontail rabbit, coyote, fox squirrel, gray squirrel, ground squirrel, muskrat, opossum, raccoon, red squirrel, skunk, weasel, and woodchuck.

(3) An individual taking a species under the authority of this section shall be considered a permittee as defined by section 5.50 of this order. A written permit under section 5.50 and 5.51 is not required.

(4) An individual taking a species under the authority of this section is exempt from season date restrictions but must abide by all legal hunting and trapping methods and trap check requirements for those species as provided by this order or otherwise permitted by law, exception:

(a) Cottontail rabbits, fox squirrels, gray squirrels, and woodchucks may be taken by trapping only by the following methods:

(i) Live-restraining cage traps, other than a trap designed to catch more than 1 animal at 1 time, may be used in accordance with section 3.600(12)(b).

(ii) Body-gripping or conibear type traps no greater than 6- and one-half inches as measured inside the jaw hinges, may be used provided they are located inside of a building and:

(A) In a hole in the ground that is covered and inaccessible from the surface; or

(B) In a box or similar container with a maximum opening diameter of three inches.

(iii) Foothold traps may be used provided they are completely enclosed in a box or similar container with an opening diameter of no greater than 3 inches.

(5) Removal of beaver or beaver dams causing damage by road, drain, and railroad authorities.

(a) Public road authorities, county drain commissions or drainage boards, and railroad authorities may remove beavers, beaver dams, and other beaver caused obstructions which directly threaten public roads, public drains or railroad tracks year-round within the designated right of ways for those public roads, public drains, or railroad tracks.

(b) The taking of beaver under the authority of this subsection shall be conducted by an individual with a valid fur harvester license or a licensed animal damage and nuisance control company utilizing otherwise legal beaver trapping methods.

(c) An agency of authority removing beaver, beaver dams, and other beaver caused obstructions under the authority of this section shall be considered a permittee as defined by section 5.50 of this order. A written permit under section 5.50 and 5.51 is not required.

(6) Nothing in this order shall preclude the Department of Environment, Great Lakes, and Energy's authority to implement rules and regulations established by Michigan statute.

(7) All animals taken under this section shall be properly possessed or disposed of at the discretion of the permittee.

History: Am. 6, 2023; Eff. May 11, 2023.

### **5.60 Ferrets, protection of property.**

Sec. 5.60 Under the provisions of section 1 of Act No. 277 of the Public Acts of 1927, as amended, being section 317.151 of the Michigan Compiled Laws, nurserymen and fruit growers may own and use ferrets in the protection of their property against rabbits.

History: Eff. Mar 31, 1989.

### **5.70 Rehabilitation permit, definitions.**

Sec. 5.70 For the purposes of sections 5.71 to 5.75 of this order, the terms in these sections shall have the meaning ascribed to them in this section.

(1) "Bottle babies" means baby wild animals, not including migratory birds, that are being rehabilitated and depend on bottles for food, nutrition, and/or nourishment.

(2) "Continuing education" means classes approved by the department that are required for a wildlife rehabilitation permit renewal every five years.

(3) "Co-mingle" means possessing, housing, transporting, keeping, or otherwise allowing a wild animal to come into direct contact or indirect contact with any other wild animal, domestic animal or bird, livestock, or exotic animal or bird.

(4) "Direct contact" means physical contact between wild animals and domestic animals, including livestock, or physical contact between wild animals and any animals held under the authority of a permit issued by the department to hold game in captivity or a permit issued by the department for scientific collectors.

(5) "Domestic animal" means a species of animal that lives under the husbandry of humans. This includes livestock. This also includes those species of animals used for human food or fiber or those species of animals used for service to humans.

(6) "Donation to" means to give away a wild animal that cannot be released back into the wild to an approved facility as described in 5.74 (1).

(7) "Exotic animal or bird" means a species of animal or bird that is not native to the state of Michigan or the United States.

(8) "Federal permit" means a special purpose permit issued under 50 CFR Part 13 and 50 CFR 21.95 by the United States fish and wildlife service for rehabilitation of migratory birds and federally listed endangered or threatened species.

(9) "Habituated" means being accustomed to the presence or activities of humans, animals, or birds in a way that is inconsistent with the behavior expected of a wild animal of the same species in the wild. Examples include, but are not limited to, wild animals that do not exhibit a flight response or are dependent on humans to provide food for their survival.

(10) "Humane" means the housing, nutrition, hydration, medical care, pain relief, sanitary conditions, stress relief, enrichment, treatment, or individual care that address the needs of the animal in rehabilitation, including euthanasia when release is not possible.

(11) "Imprinted" means to come to recognize another animal, person, or thing as a parent or other trusted being, contrary to the way a wild animal of the same species in the wild would view the other animal, person, or thing.

(12) "Indirect contact" means any sensory (sight, sound, smell, taste, and/or touch) exposure that is more than what the wild animal would experience in its natural environment.

(13) "Migratory birds" are those birds that the United States fish and wildlife service identifies on a list it prepares pursuant to the Migratory Bird Treaty Act that is published in the Federal Register. Migratory birds are also subject to regulation by the department, including under this chapter.

(14) "Overwinter" means possession of a wild animal past December 31<sup>st</sup> of the year acquired.

(15) "Permit" means the written authorization to conduct wildlife rehabilitation issued by the department under this chapter at an identified facility or facilities.

(16) "Permittee" means an individual who has been issued a permit by the department under this chapter to conduct wildlife rehabilitation at the facility or facilities indicated on the permit.

(17) "Person" shall have the same meaning as defined by section 301 of 1994 PA 451, MCL 324.301.

(18) "Protected animal" means that definition as described in MCL 324.40103(7) as an animal or kind of animal that is designated by the department as an animal that shall not be taken. These include, but are not limited to bats, moose, wolverines, and all birds not defined as game, except house sparrows, feral pigeons, and starlings.

(19) "Members of the public" means any person, except a permittee, subpermittee, licensed veterinarian providing medical care to wild animals at a wildlife rehabilitation facility, employees or representatives of the department or any other governmental agency.

(20) "Public display" means visible to members of the public.

(21) "Rehabilitate" means the care and treatment of injured, sick, oiled, or orphaned wild animals including, but not limited to, capturing, transporting, treating, feeding, housing, and conditioning animals so they can be released back to the wild.

(22) "Rehabilitation" means providing care for injured, sick, or orphaned wild animals as permitted by the department.

(23) "Release" and "release into the wild" means to free a wild animal from confinement to an area where the wild animal is capable of survival. This does not allow for the immediate recapturing of the wild animal, transferring the wild animal to another permittee, or taking the wild animal back into rehabilitation.

(24) "Sanitary" means having adequate food, water, and facilities that are routinely cleaned and disinfected.

(25) "Soft release" means gradually reducing the support provided to a rehabilitated wild animal, such as shelter, food, or water for the specific purpose of improving its chance of survival in the wild. "Soft release" does not include any support or other activity that would violate this order or result in the wild animal becoming habituated.

(26) "Small wild mammals" are defined as follows:

(a) All Michigan mammals classified in the Procyonidae family, which includes northern raccoon (*Procyon lotor*);

(b) All Michigan mammals classified in the Didelphidae family, which includes Virginia opossum (*Didelphis virginiana*);

(c) All Michigan mammals classified in the Leporidae family, which includes eastern cottontail rabbit (*Sylvilagus floridanus*) and snowshoe hare (*Lepus americanus*); and

(d) All Michigan mammals classified in the Sciuridae family, which includes eastern chipmunk (*Tamias striatus*), eastern fox squirrel (*Sciurus niger*), eastern gray squirrel (*Sciurus carolinensis*), least chipmunk (*Tamias minimus*), northern flying squirrel (*Glaucomys sabrinus*), red squirrel (*Tamiasciurus hudsonicus*), southern flying squirrel (*Glaucomys volans*), thirteen-lined ground squirrel (*Spermophilus tridecemlineatus*), and woodchuck (*Marmota monax*).

(27) "Subpermit" means the written authorization issued by the department under this chapter to conduct wildlife rehabilitation under the supervision of a permitted wildlife rehabilitator at an identified facility or facilities.

(28) "Subpermittee" means an adult 18 years of age or older who has been issued a subpermit by the department under this chapter to assist with wildlife rehabilitation under a named permittee's supervision at the facility or facilities listed in the subpermit. Any individual at the facility assisting in the rehabilitation of wild animals must be a permittee or subpermittee.

(29) "Threatened or endangered species" means any wild animal listed as a threatened or endangered species under state or federal law.

(30) "Transport" means the act of a permittee or subpermittee relocating wild animals to the premises of a licensed rehabilitator.

(31) "Wild" means living or growing in the natural environment; not domesticated or not habituated.

(32) "Wild animals" means all wild bird and wild mammal species native to Michigan.

### **5.71 Rehabilitation permit, general wildlife rehabilitation provisions.**

Sec. 5.71 (1) A person shall not possess a live wild animal for the purpose of wildlife rehabilitation without first securing a permit or subpermit from the department, except as provided in subsection 5.71(a).

(a) A licensed veterinarian is not subject to the permitting requirements of section 5.71(1) when the licensed veterinarian is treating a sick, injured, or orphaned wild animal at the veterinarian's facility for not more than 48 hours before releasing it to the wild, transferring it to a permittee, or administering humane euthanasia.

(2) A permittee or subpermittee shall not possess a wild bat, bear, elk, moose, mute swan or skunk. A subpermittee shall not possess a wild deer except when transporting wild fawns.

(3) Only one permittee shall be affiliated with a facility or facilities approved by the department indicated on a wildlife rehabilitation permit. Additional persons affiliated with the facility or facilities need to be subpermittees approved by the department, unless the following exception applies:

(a) The department may approve another person to temporarily care for wild animals at a facility or facilities provided that the permittee provides a written request to the department with the address of the facility, the reason for temporary care, the name of the person caring for the facility or facilities, and the approximate number of days the facility will be in temporary care.

(4) A person may be approved by the department as a subpermittee for the rehabilitation of bottle babies and wild animals except for those species listed in subsection (2), and the transport of wild animals except for those species listed in subsection (2). Subpermittees may transport wild fawns.

(a) An inspection is required for facilities listed on a subpermit for the rehabilitation of wild animals not considered bottle babies. An inspection is not required for subpermittees only transporting wild animals.

(b) If a subpermittee is assisting with wildlife rehabilitation activities at a facility that is not approved by the department, the subpermittee shall own the property where wildlife rehabilitation activities will occur or have a fully executed agreement in which the property owner gives written authorization to the subpermittee to conduct wildlife rehabilitation activities in a designated area of the property for a defined amount of time.

(5) A permittee or subpermittee shall not capture, receive, possess, transport, or transfer wild animals for any purpose other than wildlife rehabilitation. A permittee or subpermittee shall not transfer live or dead wild animals except to other permittees with appropriate facilities or as allowed by sections 5.74 (1) to 5.74 (4).

(6) A permittee or subpermittee shall not sell or barter live or dead wild animals in any manner.

(7) A permittee or subpermittee shall not transfer live wild animals for capture or release without first securing approval from the landowner where capture or release will occur.

(8) Permittees or subpermittees shall not rehabilitate wild animals in a manner contrary to local, state, or federal statutes, regulations, rules, ordinances, or orders, including other provisions of this order not in chapter V.

(9) The permittee or subpermittee shall provide a copy of their permit or subpermit to the department's agents or other law enforcement agents upon request.

(10) The permittee or subpermittee shall obtain a federal permit prior to obtaining or possessing migratory birds unless otherwise provided by the United States fish and wildlife service. When the limitations of a federal permit are more restrictive than the state permit, the federal limitations shall prevail. It is the responsibility of the permittee or subpermittee to know which bird species are considered migratory.

(11) A person may capture and transport a sick, injured, or orphaned wild animal to a permitted wildlife rehabilitator, licensed veterinarian, or department employee, but only after contacting the facility, licensed veterinarian, or department employee to confirm the wild animal will be accepted. Prior to transport, no care may be provided to a wild animal, except as directed by a permitted wildlife rehabilitator, veterinarian, or department employee.

(a) A person has 24 hours Monday through Friday and 48 hours Saturday through Sunday to capture and transport the sick, injured, or orphaned wild animal to a wildlife rehabilitator, licensed veterinarian, or department employee.

(b) This subsection does not apply to the capture and transport of threatened or endangered species and wild bats, bears, cougars, elk, lynx, moose, mute swans, skunks, and wolves, including their offspring. An individual shall not capture and transport a deer unless it's a fawn.

(c) Any persons consistently and repeatedly transporting wild animals directly to another facility must have a permit or subpermit.

## **5.72 Rehabilitation permit, application, issuance, amendment, renewal.**

Sec. 5.72 (1) An application for a permit shall be submitted on a form or through a web-based application system furnished by the department. A permit application shall be considered only if the applicant is at least 18 years of age or older and has provided documentation of all of the following:

(a) Training and experience in the care and handling of such animals, except if the applicant is a licensed veterinarian, shall be documented by 1 of the following:

(i) letter or affidavit, signed by a licensed veterinarian, indicating that the applicant has demonstrated, through at least 30 hours of paid or volunteer experience, adequate skills in handling injured and orphan animals.

(ii) A letter or affidavit, signed by a current permitted wildlife rehabilitator in Michigan, indicating that the applicant has demonstrated, through at least 30 hours of working as an approved subpermittee by the department and has adequate skills in handling injured and orphan animals.

(b) Adequate facilities as determined by the department based upon the national wildlife rehabilitators association and international wildlife rehabilitation council's current "standards for wildlife rehabilitation." All facilities where animals are kept for longer than 48 hours shall be listed on the permit application and shall be subject to inspection prior to permit issuance and at any reasonable time thereafter by an agent of the department.

(c) A permit shall not be renewed, except if the rehabilitator is a licensed veterinarian, unless the application is accompanied by a certificate of completion for a continuing education class in the rehabilitation of wild animals for a class and at a frequency that has been approved by the department.

(d) In addition to the training and experience requirements of subsection (a), a person applying for a permit that is not a renewal, including applying for a new permit after a sanction other than a revocation under 5.250 or five years after the date a permit was revoked as described in 5.72b, shall furnish with their permit application proof of having completed a wildlife rehabilitation basic skills class that has been approved by the department.

(e) If the rehabilitation facility or facilities are on more than one parcel of land, all parcels shall be listed as part of the application process and inspected by the department.

(2) An applicant shall own the property where wildlife rehabilitation activities will occur or must submit a fully executed agreement in which the property owner gives written authorization to the applicant to conduct wildlife rehabilitation activities in a designated area of the property for a defined amount of time.

(3) An applicant shall certify that they have read and understand the statutes, rules, regulations, orders, and ordinances that apply to the wild animals being rehabilitated at the facility or facilities listed on the application and that they agree to comply with all provisions of those legal obligations.

(4) An applicant shall certify that rehabilitation activities and the facility or facilities are in compliance with statutes, rules, regulations, orders, and ordinances.

(5) Following an inspection to a new application or amendment to a current permit or subpermit, the department may deny the application or amendment if it doesn't meet the regulations described in this order.

### **5.72a Rehabilitation permit, facility standards and inspections.**

Sec. 5.72a (1) Following the standards set forth in the national wildlife rehabilitators association and international wildlife rehabilitation council's "standards for wildlife rehabilitation", all enclosures shall be structurally sound, of sufficient strength for species involved, and maintained in good repair to prevent escape or injury to the wild animals being rehabilitated. The department may approve alternative structures on a case-by-case basis provided they exceed current facility standards set forth in the national wildlife rehabilitators association and international wildlife rehabilitation council's "standards for wildlife rehabilitation." An appropriate enclosure for any wild animals that can fly shall include four walls, a bottom, and a top that does not permit the wild animal to fly outside of the enclosure. All enclosures shall be adequate to prevent the ingress or egress of animals, wild and domestic.

(2) All premises and facilities covered by a permit shall be open to inspection by an agent of the department or by an agent of the United States fish and wildlife service at any reasonable time. An inspection may include the determination that a wild animal shall be released, be taken into possession by the department or United States fish and wildlife service, transferred to another facility, or humanely euthanized as authorized by the department or United States fish and wildlife service.

History: Eff. Jan. 12, 2023.

### **5.72c Rehabilitation permit, records, and reporting.**

Sec. 5.72c (1) The permittee shall maintain an up-to-date record of all wild animals in their possession, except that federally protected and migratory birds may be recorded upon a form furnished by the United States fish and wildlife service. The record for each wild animal, including those held overwinter, shall list the species, the condition of the wild animal, the name and address of the donor or other source, and the method and date of disposition. In addition, the record for threatened or endangered species, those species of special concern described in section 5.74a, and wild animals held overwinter shall include the county of origin and the county of release. If the permittee or subpermittee has multiple facilities, each facility that keeps animals for 48 hours or longer shall maintain and keep up-to-date records on the premises. The permittee shall submit all state and federal permittee and subpermittee records on a form furnished by the department or on a form furnished by the United States fish and wildlife service for the calendar year to the department's wildlife rehabilitation permit specialist by January 31 of each year or

within 15 days after termination of the permit. A copy of the records required by this section shall be maintained by the permittee for 2 years following the required date of submission.

History: Eff. Jan. 12, 2023.

### **5.73 Rehabilitation permit, expiration, and disposition of animals and the parts of animals following a violation.**

Sec. 5.73 (1) A permit shall be valid for 5 years, and shall expire on March 31 of the fifth year following issuance, unless revoked, annulled, withdrawn, recalled, or canceled prior to that date.

(2) The department may revoke, or otherwise address a violation as described in section 5.250, a permittee's license if the permittee or a subpermittee of that permittee fails to comply with the conditions, limitations, and any other provisions in this order.

(3) If the department revokes or otherwise addresses a violation as described in section 5.250, the department may direct the permittee or subpermittee to dispose of any animal and the parts of any animal in his or her possession in a manner approved by the department.

History: Eff. Mar 31, 1989; Am. 11, 2003, Eff. Jun 8, 2003; Am. 14, 2014, Eff. Oct 10, 2014; Am. 1, 2023; Eff. Jan. 12, 2023.

### **5.74 Rehabilitation permit, conditions, limitations, care and treatment of wild animals.**

Sec. 5.74 In addition to the conditions and limitations already described in Chapter V, the following conditions and limitations shall apply to the possession of wild animals under the authority of a rehabilitation permit:

(1) Except for threatened or endangered species and animals of special concern, all wild animals which cannot be rehabilitated sufficiently to be released into the wild shall be disposed by one of the following ways:

(a) Donation to a public zoological park approved or accredited by the association of zoos and aquariums or a public sanctuary approved or accredited by the American sanctuary association.

(b) Donation to a research or educational institution that meets acceptance criteria for the issuance of a Michigan scientific collector's permit as provided by section 5.21 of this order.

(c) Humane and discreet euthanasia by methods recommended and approved by the American veterinary medical association. Refusal by a permittee or subpermittee to carry out or have another person carryout humane and discreet euthanasia of a non-releasable wild animal is inhumane treatment and is prohibited by this order. The carcasses of protected animals and game animals shall be turned over to the local conservation officer or disposed of as directed by the department, except as described in subsection (4).

(d) A permittee may possess a permanently injured, non-releasable migratory bird for the purpose of fostering orphaned young or juveniles undergoing rehabilitation. The permittee must have both the wildlife rehabilitation permit and scientific collector's permit and be in compliance with the United States fish and wildlife service requirements before possessing the permanently injured, non-releasable migratory bird.

(e) A permittee may possess a permanently injured raptor unable to survive in the wild for the purpose of fostering orphaned young or juveniles undergoing rehabilitation. The permittee must have both the wildlife rehabilitation permit and falconry permit and be in compliance with the United States fish and wildlife service requirements before possessing the permanently injured, non-releasable migratory bird.

(2) All wild animals on the federal endangered or threatened species list shall be turned over to an agent of the United States fish and wildlife service.

(3) All wild animals not included on the federal threatened or endangered species list but included on the state endangered or threatened species list that shall come into possession by a permittee shall be reported during the same business day, or subsequent first business day if acquired on a holiday or weekend, to the department. Such wild animals shall be handled and disposed of only as provided by the department and shall only be possessed for rehabilitation purposes under the authority of an endangered species permit as provided by Part 365 of the natural resources environmental protection act, 1994 PA 451.

(4) All wild animals exhibiting an illness, disease, or other abnormal behavior that shall come into possession of a permittee or subpermittee, and all wild animals that die of illness or disease while in the possession of the permittee or subpermittee, shall be reported during the same business day, or subsequent first business day if the wild animal shall die or be acquired on a holiday or weekend, to the department wildlife disease laboratory as instructed by the department. Such wild animals shall be possessed, handled, and disposed of only as provided by the department. When necessary, the permittee or subpermittee shall initiate all disease-related protocols at their facility as instructed by the department's wildlife disease laboratory experts.

(5) As soon as a wild animal is capable of fending for itself and shows no signs of being habituated, it shall be released into the wild as directed by the permit and this order. Wild animals shall not be released upon the lands of another except with written permission of that property owner or the public land administrator.

(a) Soft release methods using supplemental food is prohibited except for migratory birds on the premise of the facility as described in the national wildlife rehabilitators association and international wildlife rehabilitation council's "standards for wildlife rehabilitation."

(b) Wild animals shall be released to a location that provides adequate habitat where they will not create a nuisance.

(6) Wild animals of special concern shall be possessed, transported, and disposed of only as provided in this order.

(7) It is the permittee's or subpermittee's obligation to ensure that the facility or facilities is operated and maintained in a manner that does not pose a threat to human or animal safety by following the standards set forth in the national wildlife rehabilitators association and international wildlife rehabilitation council's "standards for wildlife rehabilitation."

(8) All wild animals shall be kept under humane and sanitary conditions as defined in section 5.70 of this chapter at all times based upon the national wildlife rehabilitators association and international wildlife rehabilitation council's "standards for wildlife rehabilitation" except as otherwise approved by the department under section 5.72a.

(9) All wild animals shall be cared and treated for as provided by the standards set forth in the national wildlife rehabilitators association and international wildlife rehabilitation council's "standards for wildlife rehabilitation."

(10) All wild animals being rehabilitated are subject to the following:

(a) Shall be kept separated from high-traffic human living quarters and activities.

(b) Shall be kept in appropriate enclosures at all times and have direct or indirect contact with the permittee or subpermittee only to the extent necessary to provide adequate care and treatment.

(c) Shall not be cared for by anyone other than an approved permittee or subpermittee.

(d) Shall not be housed so as to be visible to, or otherwise allowed to be viewed, by members of the public, unless otherwise authorized by the department.

(e) Shall not have direct or indirect contact with members of the public.

(f) Shall not co-mingle with, have direct or indirect contact with, or be able to see domestic animals, including livestock, or animals held under the authority of a permit issued by the department to hold wildlife in captivity or issued to scientific collectors.

(g) Shall not be tamed, kept as pets, held with domestic animals, or habituated.

(h) Shall be of compatible species, as described in the national wildlife rehabilitators association and international wildlife rehabilitation council's "standards for wildlife rehabilitation", when housed together,

and not pose a threat to health or well-being of other wild animals in the same enclosure. Prey and predator species shall be separated by visual and/or olfactory barriers.

### **5.74a Wild animals of special concern, possession, transportation, and disposal.**

Sec. 5.74a Wild animals of special concern are as follows:

(1) Deer of special concern, all wild free-ranging deer. Live wild deer shall not be possessed without a permit from the department, subject to the following:

(a) All wild deer, positively confirmed to be from Alcona, Alpena, Iosco, Montmorency, Oscoda, Otsego, Presque Isle, and Montcalm counties shall not be possessed unless:

(i) euthanized and sent or taken at the earliest possible time to the wildlife disease laboratory by direct arrangement with the wildlife disease laboratory or by arrangement with a local conservation officer.

(ii) obtained by a permittee located inside Alcona, Alpena, Iosco, Montmorency, Oscoda, Otsego, Presque Isle, and Montcalm counties who humanely euthanizes the deer within 24 hours of receipt.

(b) All wild deer, except fawns, positively confirmed to be from inside a county with a confirmed case of CWD, except for Montcalm county, shall not be possessed unless:

(i) euthanized and sent or taken at the earliest possible time to the wildlife disease laboratory by direct arrangement with the wildlife disease laboratory or by arrangement with a local conservation officer.

(ii) obtained by a permittee located in a county with a confirmed case of CWD who humanely euthanizes the deer within 24 hours of receipt.

(c) A licensed permittee located within a county with a confirmed case of CWD, except for Montcalm county, shall only possess a wild fawn from inside that same county if the capture point of the wild fawn is within a 10-mile radius of the licensed permittee's facility. The licensed permittee shall release that same fawn within a 10-mile radius of their facility.

(d) All wild deer, except fawns, positively confirmed to be from outside of a county with a confirmed case of CWD shall not be possessed unless:

(i) euthanized and sent or taken at the earliest possible time to the wildlife disease laboratory by direct arrangement with the wildlife disease laboratory or by arrangement with a local conservation officer.

(ii) obtained by a permittee located outside of a county with a confirmed case of CWD who humanely euthanizes the deer within 24 hours of receipt.

(e) All wild fawns positively confirmed to be from outside of a county with a confirmed case of CWD shall:

(i) not be moved to a county with a confirmed case of CWD.

(ii) be released only in the county of origin. Each cage shall be tagged by the permittee with the county of origin and date of capture for each deer.

(f) If the capture point of a wild deer cannot be positively confirmed to be from a particular county, the deer shall be isolated in a manner to prevent direct, physical contact with other deer and humanely euthanized within 24 hours of receipt. If a deer has come into direct, physical contact with a deer originating from another or unknown county of origin, both deer shall be isolated in a manner to prevent physical contact with other deer and humanely euthanized within 24 hours of receipt.

(g) The permittee shall permanently mark all deer in possession with a clearly visible unique identification mark prior to release as required by the department.

(h) All wild deer, except fawns, cannot be possessed for wildlife rehabilitation.

(i) All wild fawns shall be released by October 1 of the year it was taken into possession for wildlife rehabilitation unless recommended, in a written request, by a Michigan licensed veterinarian and authorized by the department. The written request must be submitted to the department no later than 15 days prior to October 1.

(j) All wild fawns shall not be taken into possession for wildlife rehabilitation October 1 through March 1.

(2) Skunks and bats of special concern, all wild skunks and bats. Live skunks and bats shall not be possessed.

(3) Raccoons of special concern, all wild raccoons. Live raccoons may be possessed and released only as follows:

(a) Raccoons shall be released only in the same county where captured and shall be isolated in a manner to prevent direct, physical contact with wild animals not originating from the same county. Each cage shall be tagged by the permittee with the county of origin and date of capture.

(b) Cages and areas used to hold raccoons for release shall be constructed of materials that can be effectively disinfected.

(c) If the capture point of a raccoon cannot be positively confirmed to be from a particular county, the raccoon shall be isolated from direct, physical contact with other raccoons and humanely euthanized within 24 hours of receipt. If a raccoon has come into direct, physical contact with a raccoon originating from another or unknown county of origin, both raccoons shall be isolated from direct, physical contact with other raccoons and humanely euthanized within 24 hours of exposure.

(4) Elk of special concern, all wild free-ranging elk. Live wild elk shall not be possessed.

(5) Moose of special concern, all wild free-ranging moose. Live wild moose shall not be possessed.

(6) Mute swans of special concern, all wild mute swans. Live wild mute swans shall not be possessed.

(7) Subject to the provisions of this order, in the event a wild deer is humanely euthanized or dies as the result of disease symptoms consistent with chronic wasting disease, the carcass shall be sent or taken at the earliest possible time to the wildlife disease laboratory by direct arrangement with the wildlife disease laboratory or by arrangement with a local conservation officer or a department employee.

### **5.75 Rehabilitation permit, kinds of wild animals held under permit.**

Sec. 5.75 Permittees or subpermittees shall not possess wild animals other than those indicated on their approved permit or subpermit.

History: Eff. Mar 31, 1989; Am. 11, 2003, Eff. Jun 8, 2003; Am. 1, 2023; Eff. Jan. 12, 2023.

### **5.76 Disease control permit (DCP), definitions.**

Sec. 5.76 For the purposes of sections 5.77 to 5.79 of this order, the terms in this section shall have the meaning described to them in this section. (1) "Permit" means a disease control permit (DCP).

(2) "Permittee" means a person who has been issued a DCP by the department.

(3) "Authorized designee" means a person who has been designated by a permittee to implement the provisions of a DCP. The authorized designee must be eligible under Michigan law to purchase a hunting license. The department reserves the right to deny a person, including the permittee, the authority to personally implement the provisions of a permit if such authority would conflict with a court order, administrative rule, or law.

(4) "Tag" means a DCP kill tag provided by the department.

(5) "Disease" means:

(a) Bovine tuberculosis.

(b) Chronic wasting disease.

(c) Other disease in deer as determined by the director.

History: Am. 6, 1998, Eff. May 15, 1998; Am. 5, 2003, Eff. May 10, 2003; Am. 16, 2007, Eff. Nov 9, 2007; Am. 7, 2016, Eff. May 13, 2016; Am. 4, 2017, Eff. June 9, 2017.

### **5.77 Disease control permit (DCP); standards, conditions, records; unlawful acts.**

Sec. 5.77 (1) A DCP may be issued to any owner of property in a county with a confirmed case of bovine tuberculosis, chronic wasting disease, or lands within a geographic area as determined by the department of a confirmed case of a disease, as defined in section 5.76 of this order.

(2) Property inspections may be conducted under the direction and at the discretion of the authorized department representative.

(3) A DCP shall not be valid except during the time period for which it is authorized, as printed on the tag.

(4) The permittee shall keep records as may be required by the director and present them for inspection at the request of a conservation officer or other department representative.

(5) The permittee or authorized designee shall make a reasonable effort to retrieve all deer shot under the authority of a DCP.

(6) The permittee or authorized designee shall have a valid unused tag on their person when taking or attempting to take deer.

(7) A person killing a deer shall immediately attach the tag to the deer.

(8) All deer killed under a DCP shall be disposed of as instructed. If required, deer heads shall be submitted to the department by the permittee.

(9) The DCP shall be valid within the ownership boundaries of the permittee or as stated on the permit.

(10) A DCP shall be valid for taking deer of either sex as instructed.

(11) For failure to comply with this section or other requirements of the DCP, the department shall deny a permittee to be eligible to participate in the next calendar year.

(12) A permittee or authorized designee shall report their deer harvest as instructed by the department within 72 hours after retrieval of a deer or before transfer of possession of a deer, whichever comes first. All persons reporting their deer harvest must retain the associated harvest confirmation number, if applicable. A person who kills a deer may designate another person to report their deer harvest. "Transfer of possession" means 1 of the following:

(a) The entire deer carcass is transferred to another individual for consumption.

(b) The entire deer carcass, or head, has been accepted by a processor or taxidermist.

(c) The entire deer carcass, or head, has been submitted to the department.

### **5.78 Disease control permit (DCP), prohibited acts.**

Sec. 5.78 (1) It shall be unlawful for a permittee or an authorized designee to:

(a) Kill more than the number of deer authorized by the DCP.

(b) Possess a deer killed under the authority of a DCP without having a valid tag attached to the deer.

(c) Take or attempt to take a deer within the permit boundaries unless in possession of a valid tag. The

tag shall be presented upon demand to a department representative of the director.

(d) Use a firearm other than a centerfire rifle or shotgun with slugload, or as determined by the department representative.

(e) Possess an uncased or loaded firearm in a vehicle.

(f) Take or attempt to take a deer using an artificial light or from 1/2 hour after sunset to 1/2 hour before sunrise unless approved by the wildlife regional and district law enforcement supervisors.

(g) Take or attempt to take a deer in any area except that location authorized by the department.

(h) Take or attempt to take a deer not authorized by the DCP.

(2) It shall be unlawful for any person other than the permittee or an authorized designee to take or attempt to take deer under the authority of a valid DCP.

### **5.79 Repealed. Am 18, 2013, Eff. Oct 10, 2013.**

Publisher's note: The repealed section pertained to Disease control permit; revocation, suspension.

### **5.80 Deer management assistance (DMA) hunting permits; definitions, criteria for issuance, validity of permits, application procedures, restrictions and requirements; exception; unlawful acts.**

Sec. 5.80 (1) The terms in this section shall have the meaning described to them in this section.

(a) Permit means a deer management assistance (DMA) permit.

(b) Permittee means an individual who has applied for and been authorized to purchase deer management assistance permits by the department.

(c) Authorized designee means one individual who has been designated by the landowner and approved by the department, to act on behalf of the landowner to apply for and implement the provisions of deer management assistance permits. The department reserves the right to deny an individual, including the permittee, the authority to personally implement the provisions of a permit if such authority would conflict with a court order, administrative rule, or law.

(2) Except as otherwise provided in this section, permits may be issued statewide to owners of land, or their authorized designee, located in areas where current antlerless or antlered harvest methods are insufficient to achieve department deer management objectives or where one or more of the following conditions exist:

(a) The department has documented that the property owner has significant agricultural or horticultural crop damage caused by deer.

(b) The department has documented that a serious disease outbreak is a threat to the deer herd, livestock, or human health.

(c) The department has documented a significant safety hazard caused by deer. (d) Current antlerless regulations are insufficient to achieve landowner deer management objectives.

(3) DMA permits are valid only during an open season for the taking of deer as established by this order and only upon the land for which issued and adjacent private property with permission of the landowner.

(4) Except as otherwise provided in this section, DMA permits are valid only for the taking of an antlerless deer. An individual hunting under the authority of a DMA permit shall carry the unused permit and shall exhibit the unused permit upon the request of a law enforcement officer.

(5) An individual owning land within a qualifying area as determined by the department, or their authorized designee, may apply for a DMA permit with the wildlife supervisor on a form provided by the department.

This application shall include an estimate of desired antlerless or antlered harvest and the numbers of hunters needed to meet the desired harvest objective. A DMA permit shall be signed by both the permittee and wildlife supervisor. The number of DMA permits will be determined by the wildlife supervisor. A minimum of 5 DMA permits shall be issued per permittee.

(6) The permittee shall not purchase more DMA permits than approved by the department.

(7) DMA permits may be subsequently issued to hunters by the permittee or authorized designee. An individual shall not accept, carry afield, use or attempt to use a DMA permit unless in possession of a current base license and deer license. A permittee or authorized designee shall not sell, lend, barter, or trade a DMA permit. Permittees or authorized designees shall inform hunters about rules pertaining to the use of DMA permits.

(8) A hunter issued a DMA permit by a permittee or authorized designee shall not sell, lend, barter, trade, or allow another individual to use the DMA permit. Unused permits may be reissued to hunters only by the permittee or authorized designee.

(9) The provisions of section 3.103 shall apply to a permit and kill tag issued under this section. In addition, unless otherwise provided in this section, an individual issued a DMA permit shall comply with lawful hunting hours and all regulatory requirements for the taking of deer for the season in which they are hunting.

(a) A firearm shall not be used with a DMA permit during archery season except with permission. This exception may be authorized on a case-by-case basis by the wildlife supervisor and district law enforcement supervisor consistent with the exception criteria published in the DMA permit decision tree.

(i) A permittee shall observe a quiet period during the last three full weekends being Friday, Saturday, and Sunday prior to November 10, including the provisions of section 2.1(3) and shall not use firearms during this time.

(b) DMA permits may be valid for the taking of deer with antlers extending three inches or more above the skull with permission when active and acute horticultural damage is being caused by an antlered deer. The total number of DMA permits issued for the taking of antlered deer statewide shall be one DMA permit per permittee, except that the total number of DMA permits issued for the taking of antlered deer in the deer management units listed in section 3.101i shall be a minimum of one DMA permit per permittee but shall not exceed three DMA permits per permittee. This exception may be authorized on a case-by-case basis by the wildlife supervisor and district law enforcement supervisor if the department determines that taking only antlerless deer will not be sufficient to reduce active and acute horticultural damage.

(i) After attaching the kill tag, a permittee or permittee's agent shall transport any antlered deer head and antlers in an open manner to the nearest department office and surrender the head and antlers to the department within 72 hours of harvest.

(10) A permittee or authorized designee shall report their deer harvest as instructed by the department within 72 hours after retrieval of a deer or before transfer of possession of a deer, whichever comes first. All persons reporting their deer harvest must retain the associated harvest confirmation number, if applicable. A person who kills a deer may designate another person to report their deer harvest. "Transfer of possession" means 1 of the following:

(a) The entire deer carcass is transferred to another individual for consumption.

(b) The entire deer carcass, or head, has been accepted by a processor or taxidermist.

(c) The entire deer carcass, or head, has been submitted to the department.

(11) A permittee's first failure to comply with the terms and conditions of the permit will make the permittee ineligible to receive a DMA permit for 1 year. Any subsequent failure to comply with the terms and conditions of a permit will make the permittee ineligible to receive a DMA permit for up to 3 years as determined by the department.

(12) Deer taken under the authority of a DMA permit shall not be included in the season limit as defined in section 3.101(8) of this order. The daily limit and season limit shall be 1 deer per DMA permit.

### **5.81 Managed deer hunting (MDH) permits; criteria for issuance, validity of permits, restrictions and requirements; unlawful acts.**

Sec. 5.81 (1) The sale of managed deer hunting (MDH) permits may be authorized by the wildlife division chief for public lands requiring an access permit and open to deer hunting by lottery. Individuals wishing to participate in a managed deer hunt must apply for a MDH permit through a lottery system in accordance with instructions provided by the land manager. A successful applicant in the lottery may purchase a MDH permit.

(2) MDH permits are valid only during the dates specified and upon those public lands specified on the permit. MDH permits are valid only for the taking of an antlerless deer.

(3) It shall be unlawful for an individual issued a MDH permit to take or attempt to take an antlered deer during the open season upon these public lands specified on the permit. An individual hunting under the authority of a MDH permit shall carry the unused permit and shall exhibit the unused permit upon the request of a law enforcement officer.

(4) A MDH permit shall be authorized only to an individual who holds a current base license ~~or~~, a mentored youth license, or an inclusive mentored license. An individual shall not acquire, carry afield, use or attempt to use a MDH permit unless they hold a current base license. Managers shall inform hunters about rules pertaining to the use of MDH permits.

(5) An individual authorized to purchase a MDH permit shall not sell, lend, or allow another individual to use or attempt to use the individual's MDH permit.

(6) The provisions of section 3.103 shall apply to a permit and kill tag authorized under this section. In addition, unless otherwise provided in this section, an individual authorized to purchase a MDH permit shall comply with all rules and regulations for the taking of deer for the season in which they are hunting.

(7) Deer taken under the authority of a MDH permit shall not be included in the season limit as defined in section 3.101(8) of this order. The daily limit and season limit shall be 1 deer per MDH permit.

### **5.81 to 5.84 and 5.86 to 5.89 Repealed. Am. 22, 1989, Eff. Jan 1, 1990.**

Publisher's note: The repealed sections pertained to possession permits.

### **5.95 Permit to take game with a crossbow.**

Sec. 5.95 (1) The department may issue a permit to an individual who is certified as being permanently or temporarily disabled by a licensed physician or physical/occupational therapist as provided in this section. That permit shall be issued without cost to the applicant and shall authorize that individual to take deer with a crossbow or modified bow per section 2.1 (16) of this order during the open season for that game if that individual possesses a current base license and deer license and complies with all other laws and rules for the taking of game.

(2) An applicant for a permit under this section shall submit to the department a signed certification from a licensed physician or physical/occupational therapist indicating the disability determined to be present in the permit applicant. The licensed physician or physical/occupational therapist may certify that the applicant is permanently or temporarily disabled as required by this section if the licensed physician or physical/occupational therapist finds that the permit applicant has a disability that renders them unable to use conventional archery equipment. In support of such a determination, the licensed physician or physical/occupational therapist shall utilize the following standards and criteria:

(a) A functional draw test to simulate the drawback posture and/or position with a weight equivalent to 35 pounds of resistance for a 4-second duration.

(b) Manual muscle testing: Shoulder flexion, shoulder extension, shoulder abduction (horizontal plane) elbow flexion and elbow extension are graded equal to or less than 3 of 5 using a standard manual muscle grading scale or an equivalent test.

(c) Impaired range of motion: Goniometric measurements using the "American medical association guide to evaluation and permanent impairment rating," or other guidelines accepted by the American medical association or an equivalent test. If shoulder flexion is equal to or less than 90 degrees or shoulder extension is equal to or less than 10 degrees or shoulder abduction is equal to or less than 70 degrees or elbow flexion is equal to or less than 90 degrees or elbow extension is equal to or less than negative 20 degrees, the permit may be granted.

(d) Amputations involving body extremities required for stable function to use conventional archery equipment do not require objective test findings. However, the applicant is required to present a physician's certification to be qualified for a permit.

(e) Any spinal cord injury resulting in permanent or temporary disability to the lower extremities, leaving the applicant permanently or temporarily non-ambulatory or other disability resulting in a permanent or temporary wheelchair (mobility device) restriction, as diagnosed by a physician, do not require objective test findings.

(f) Coordination assessment. Coordination is the ability to execute smooth, accurate, controlled movement. Incoordination or coordination deficit describes abnormal motor function characterized by awkward, extraneous, uneven, or inaccurate movements, caused by central nervous disorders, including, but not limited to, Parkinson's disease, cerebral palsy, hemiplegia, hemiparesis, and closed head trauma, or by progressive neuromuscular diseases, such as muscular dystrophy, multiple sclerosis, and amyotrophic lateral sclerosis. Purpose: to assess the ability of muscles or groups of muscles to work together to perform a task.

(3) Any other permanent or temporary disability that renders the applicant unable to use conventional archery equipment as diagnosed by a licensed physician shall be sufficient grounds for granting the permit. The licensed physician must note in general terms how the disability prevents the applicant from using conventional archery equipment other than a crossbow or modified bow.

(4) An individual shall not seek diagnosis from a licensed physician or physical/occupational therapist for purposes of meeting the requirements of this section on more than 2 occasions within a 6-month period.

(5) Crossbow and modified bow permits for permanent disabilities issued pursuant to this section are valid unless revoked pursuant to the administrative procedures act, 1969 PA 306, MCL 24.201 to 24.328.

(6) Arrows, bolts, and quarrels used for taking deer, bear, elk, and turkey with a crossbow or modified bow under a permit issued under this section or as provided in section 2.1 are required to have a broadhead hunting type of point not less than 7/8 of an inch wide and must be a minimum of 14 inches in length.

### **5.96 Permit to take game from a standing vehicle; authority; eligibility; application; diagnosis limit; revocation.**

Sec. 5.96 (1) A permit to take game from a standing vehicle may be issued by the department by authority from MCL 324.40114.

(2) The department may issue a permit to take game from a standing vehicle to a person who is certified as being permanently disabled and unable to walk by a licensed physician or licensed physical/occupational therapist as provided in this section. The permit shall be issued without cost to the applicant and shall authorize that individual to take game during the open season for that game, including deer of either sex, from or upon any stationary motor vehicle or stationary motor-driven land conveyance if that individual holds the valid license issued pursuant to part 435 and complies with all other laws and rules for the taking of game.

(3) Application for a permit under this section shall be submitted on a form provided by the department. The application must be completed and signed by a licensed physician or licensed physical/occupational

therapist as defined in this order, including but not limited to, documentation of the applicant's permanent disability, disease, or injury rendering the applicant unable to walk. The licensed physician or licensed physical/occupational therapist may certify that the applicant is permanently disabled as required by this section if the licensed physician or physical/occupational therapist finds that the permit applicant has a permanent disability that renders them unable to walk. In support of such a determination, the licensed physician or licensed physical/occupational therapist shall utilize the following standards and criteria:

(a) Amputation involving a lower body extremity required for stable function to walk does not require objective test findings. However, the applicant is required to provide a physician's certification to be qualified for a permit.

(b) Any spinal cord injury resulting in permanent disability to the lower extremities leaving the applicant permanently non-ambulatory, or other disability resulting in a permanent wheelchair (mobility device) restriction, as diagnosed by a physician, do not require objective test findings.

(c) Coordination assessment. Coordination is the ability to execute smooth, accurate, controlled movement. Incoordination or coordination deficit describes abnormal motor function characterized by awkward, extraneous, uneven, or inaccurate movements, caused by central nervous disorders, including, but not limited to, Parkinson's disease, cerebral palsy, hemiplegia, hemiparesis, and closed head trauma, or by progressive neuromuscular diseases, such as muscular dystrophy, multiple sclerosis, and amyotrophic lateral sclerosis. Purpose: to assess the ability of muscles or groups of muscles to work together to walk in a hunting situation.

(4) Any other permanent disability that renders the applicant unable to walk as diagnosed by a licensed physician shall be sufficient grounds for granting the permit. The licensed physician must note in general terms how the disability prevents the applicant from walking.

(5) A person shall not seek diagnosis for purposes of meeting the requirements of this section on more than 2 occasions within a 6-month period.

(6) A permit to hunt from a standing vehicle for a permanent disability issued pursuant to this section is valid unless revoked pursuant to the administrative procedures act, 1969 PA 306, MCL 24.201 to 24.328.

### **5.120 Responsibility, liability, costs, damage; state held harmless.**

Sec. 5.120 For any permit issued under this chapter, the permittee shall assume all responsibility, costs, damages, or expenses arising out of the death or injury of any person or damage to property caused or occasioned by any activity authorized by a permit, and shall protect and defend the state of Michigan and any of its authorized agents, against all claims or demands whatsoever, and shall hold the state of Michigan harmless from any loss or damage resulting therefrom.

History: Eff. Mar 31, 1989.

### **5.220 Disease control replacement permit, definitions.**

Sec. 5.220 For the purposes of section 5.221 of this order, the terms in this section shall have the meaning described to them in this section.

(1) "Permit" means a disease control replacement permit.

(2) "Permittee" means a person issued a disease control replacement permit by the department.

(3) "Tag" means the replacement kill tag provided by the department.

History: Am. 12, 2005, Eff. Jul 8, 2005.

### **5.221 Disease control replacement permit; standards, conditions, records; unlawful acts.**

Sec. 5.221 (1) A disease control replacement permit may be issued to a person who voluntarily surrenders the carcass of a legally harvested deer or elk if the deer or elk has one or more of the following conditions:

(a) Visible lesions department field staff suspect to be bovine tuberculosis (TB).

(b) A positive acid fast test for bovine TB.

(c) A positive Elisa test for CWD.

(d) With visible physical conditions, department field staff suspect to be consistent with CWD for a deer taken within a CWD management zone, defined in chapter XII of this order.

(2) A person may retain the antlers or antlers attached to a skull cap cleaned of all brain and muscle tissue from a surrendered animal.

(3) Department personnel shall record on the permit with indelible ink, the species, and management unit where the permit is valid.

(4) The permit shall be issued with a kill tag. A person killing an elk shall comply with the requirements of subsections 3.6(2) to 3.6(5). A person killing a deer shall comply with the requirements of section 3.103.

(5) The permittee shall have the permit on their person when taking or attempting to take game. The permit shall be presented upon the demand of a law enforcement officer.

(6) A disease control replacement permit shall not be valid:

(a) Except during the established hunting seasons for the species listed on the permit.

(b) To take a deer with antlers extending 3 inches or more above the skull.

(c) To take an elk with antlers.

(d) Except in the management unit designated on the tag.

(e) If the recorded information on the tag is altered.

(7) It shall be unlawful for any person to buy or sell any animal killed under the authority of a permit.

(8) It shall be unlawful for any person other than the permittee to take or attempt to take game under the authority of a permit.

(9) A deer or elk taken under the authority of a permit shall not count towards the bag or season limit.

### **8.15 Gladwin field dog trial area, hunting and trapping restrictions.**

Sec. 8.15 On the Gladwin field dog trial area, as described in section 15.2, no person shall take an animal except as specified in writing by the wildlife management supervisor or their representative, except:

(1) Deer may be taken during their open seasons on or after November 15 of each year and a valid deer license shall constitute written authorization to take deer.

(2) Beaver and otter may be trapped from November 15 to March 15 and a valid furharvester license shall constitute written authorization to take beaver and otter.

(3) On days designated by the management unit supervisor or their representative, managed deer hunting permits as authorized in section 5.81, may be issued to persons during the deer hunting season. Managed deer hunting permits shall serve as an access permit to the Gladwin field trial area for the purpose of antlerless deer hunting. Notwithstanding any other provision of this order, holders of managed deer hunting permits may take antlered deer on the Gladwin field trial area.

## Chapter IX

### Protected and Unprotected Animals

#### 9.1 Permitted acts; certain species.

Sec. 9.1 (1) English sparrows, feral pigeons, and starlings may be taken by hunting statewide, year around. English sparrows and starlings may be taken without a permit when doing or about to do damage to property or committing or about to commit depredations. Opossum and weasels may be taken by hunting and trapping statewide.-

(2) Mute swans and their eggs and nests may be taken by department personnel, and persons authorized by the department to control mute swans under one or more of the following situations:

(a) To stabilize or reduce mute swan population levels or to prevent new populations of feral mute swans from being established in this state.

(b) To prevent mute swans interference with the establishment, reestablishment, or reproductive success of native wildlife and with the establishment or reestablishment of native vegetation.

(c) To prevent mute swans interference with the establishment, reestablishment, or reproductive success of endangered or threatened species.

(d) To protect public health, safety, or welfare.

(3) Mute swans taken as provided in this section shall not be released back into the wild in this state.

(4) A bat may be taken whenever there is any reason to believe the bat was involved in a bat-human or bat-domestic animal exposure to rabies or other health hazard. Bats taken under this subsection shall not be held in captivity except for temporary holding of the animal at the request or recommendation of a physician or public health official for public health reasons. Bats held in captivity for public health reasons shall be humanely euthanized. Except for threatened or endangered species, or as otherwise provided by this order, bats may be taken:

(a) When creating a damage or nuisance problem on privately-owned property.

(b) Incidental to normal forest management activities occurring on public or private lands.

(c) Incidental to closure of an abandoned mine as a result of public safety concerns.

(d) Incidental to demolition of buildings or other structures.

(e) To test for a wildlife disease, as authorized by the department in writing.

(f) To humanely euthanize a bat that is not listed as threatened or endangered and is showing symptoms of a terminal disease, such as white-nose syndrome.

(5) Double-crested cormorants and their eggs may be taken only as follows:

(a) Double-crested cormorants may be harassed without a permit by nonlethal means to deter or prevent damage to private property or to public fishery resources using such devices as noise makers or scare devices and other recognized and recommended means of preventing damage which do not kill, harm, capture, trap, or collect animals.

(b) Double-crested cormorants may be taken and their eggs destroyed or oiled by department employees and designated agents of department employees at times and by manners identified through a state breeding colony or local breeding population control action which has been submitted to the United States fish and wildlife service.

(6) Individuals of a cervidae species not native to Michigan, including, but not limited to sika deer, fallow deer, mule deer, and hybrids thereof, but excluding red deer, elk, and hybrids thereof, found in the state

outside of the perimeter fence of a registered cervidae livestock operation for more than 48 hours that do not bear visible identification may be taken by hunting statewide, year around, except within state park and recreation areas from April 1 to September 14, if the animal is submitted for registration and disease testing in a manner specified by the department by the person killing the animal.

(7) Red deer, elk and hybrids thereof found in zone 3 outside of the perimeter fence of a registered Cervidae livestock operation for more than 48 hours that do not bear visible identification may be taken by hunting year around, except within state park and recreation areas from April 1 to September 14, if the animal is submitted for registration and disease testing in a manner specified by the department by the person killing the animal.

(8) In addition to the provisions of subsections (6) and (7), the wildlife permit specialist may issue a permit authorizing a department employee or federal employee to kill a cervidae species not native to Michigan, including elk, red deer and hybrids thereof, in a specified part of the state during a specified time period, whether or not visibly marked, if all of the following conditions are met:

(a) The animal is documented by a department employee or federal employee to have been outside of the perimeter fence of a registered cervidae livestock operation for more than 48 hours.

(b) No report of release has been filed with the department matching the species of animal and visible identification, if any, on the animal for the locality in which the animal was found.

(c) The department is unable to determine ownership of the animal by the visible identification, if any, displayed on the animal.

(d) The animal is submitted for registration and disease testing in a manner specified by the department.

(9) An individual may take a sick or emaciated deer by an otherwise lawful hunting method if given written or verbal permission from a department representative. The individual shall notify the department within 24 hours after the animal is taken. Any animal taken under this section must be submitted for registration and disease testing in a manner specified by the department.

## Chapter X

### Falconry

#### 10.1 Meaning of words and phrases.

Sec. 10.1 For purposes of this chapter, the words and phrases defined in section 10.2 shall have the meanings ascribed to them in that section.

History: Eff. Mar 31, 1989; Am. 7, 1991, Eff. Jul 1, 1991.

#### 10.2 Definitions.

Sec 10.2 (1) "Eyasses" means young birds not yet capable of flight.

(2) "Falconer" means an individual possessing a valid falconry permit.

(3) "Falconry" means the sport of taking game and unprotected species by means of a trained raptor.

(4) "Falconry hacking" means the temporary release of a raptor held for falconry to the wild to survive on its own.

(5) "Falconry permit" means a document which authorizes the holder to practice falconry.

(6) "Federally protected raptor" means any raptor species in 50 CFR 10.13.

(7) "Federal regulations" means the United States fish and wildlife service regulations and standards.

(8) "Hybrid raptor" means offspring of birds listed as two or more distinct species in 50 CFR 10.13.

(9) "Imping" means the repair of a broken feather on a raptor by attaching a molted feather or feather from another bird to the stub of the damaged feather.

(10) "Imprinted raptor" means a raptor that is hand-raised in isolation from the sight of other raptors from 2 weeks of age until it has fledged.

(11) "Marker" means the federal identification device bearing a serial number or ISO-compliant (134.2 kHz) microchip which must be attached to a raptor used in the sport of falconry.

(12) "Mew" means the building or room in which raptors are held and sheltered.

(13) "Service" means the United States fish and wildlife service of the department of the interior.

(14) "Passage" means a flighted raptor less than 1 year of age.

(15) "Weathering area" means an outdoor facility in which raptors are held and sheltered.

(16) "Wild raptor" means a raptor captured from the wild.

History: Eff. Mar 31, 1989; Am. 7, 1991, Eff. Jul 1, 1991; Am. 1, 1997, Eff. May 1, 1997; Am. 4, 1999, Eff. Apr 9, 1999; Am. 15, 2010, Eff. Aug. 12, 2010; Am. 1, 2015, Eff. Feb 13, 2015.

#### 10.3 Falconry permit; application; examination; unlawful acts.

Sec 10.3 (1) An applicant shall be required to answer correctly at least 80 percent of the questions on a supervised examination approved by the service and administered by the department. The examination shall relate to basic biology, care and handling of raptors, pertinent literature, laws and regulations, or other appropriate subject matter. Upon passing the falconry examination, the applicant is eligible to become an apprentice falconer.

(2) A Michigan resident may possess, transport, and use raptors for falconry purposes provided the individual obtains a falconry permit from the wildlife division permit specialist. Applications shall be made on forms provided by the wildlife division permit specialist. Applications made by falconers under the age of 18 must be cosigned by a parent or legal guardian who is legally responsible for the activities of the falconer.

(3) A nonresident may possess, transport, and use raptors for falconry purposes provided the individual possesses a federally recognized falconry permit. A nonresident may obtain a falconry permit from the wildlife division permit specialist upon successful completion of a department supervised examination or documentation of prior falconry experience, and inspection of the applicant's falconry facilities. Applications made by falconers under the age of 18 must be cosigned by a parent or legal guardian who is legally responsible for the activities of the falconer.

(a) If an individual holding a valid falconry permit from another jurisdiction within the United States moves to Michigan bringing raptors possessed under that permit, the individual shall within 45 days:

- (i) notify the department of the address change;
- (ii) apply for a Michigan falconry permit under this chapter; and
- (iii) maintain a valid falconry permit.

(b) An individual applying for a permit under section 10.3(3)(a) may retain possession of raptors while applying for a permit.

(4) There shall be 3 classes of falconry permits. They shall be known as apprentice falconer, general falconer, and master falconer permits. The qualifications for each class of permits are:

(a) Apprentice falconer permit:

- (i) An apprentice falconer shall be at least 14 years old.
- (ii) An apprentice falconer, regardless of age, must have a sponsor, who is a general or master falconer with at least 2 years' experience at the general falconer level.
- (iii) An apprentice must provide a current sponsorship agreement to the wildlife division permit specialist.
- (iv) A sponsor shall not have more than 3 apprentices at any one time.
- (v) An apprentice falconer shall not possess more than 1 federally protected raptor and shall not obtain more than 2 federally protected raptors for replacement during any 12-month period beginning January 1 of each year.
- (vi) An apprentice falconer shall possess only an American kestrel (*Falco sparverius*) or a red-tailed hawk (*Buteo jamaicensis*) which must be taken from the wild in a state where lawful. An apprentice falconer shall not possess an imprinted raptor.
- (vii) An apprentice falconer shall not import or possess eyasses.
- (viii) If sponsorship is terminated, the apprentice falconer permit shall be valid only if the apprentice falconer acquires a new sponsor within 30 days from the date sponsorship is terminated, and provides notification to the wildlife division permit specialist, along with the new sponsorship agreement once a new sponsor is secured. All falconry activities authorized under the apprentice falconer permit are suspended until a new sponsorship agreement is submitted to the wildlife division permit specialist. An apprentice falconer may retain possession of raptors while securing a new sponsorship. Any raptors that are in possession beyond 30 days and a sponsorship agreement has not been submitted to the wildlife division permit specialist, the raptors must be lawfully released or lawfully transferred.

(b) General falconer permit:

(i) A general falconer shall be at least 16 years old.

(ii) A general falconer shall have at least 24 months of falconry experience as an apprentice, or the equivalent of 24 months of falconry experience as an apprentice if obtained prior to the year 1977, or the equivalent of 24 months of falconry experience as an apprentice if obtained in a foreign country.

(iii) An apprentice falconer, upon meeting the qualifications for a general falconer permit, must make a written request to the wildlife division permit specialist for a change in classification. This request must include a document from a general or master falconer stating that the applicant has practiced falconry with wild raptors as an apprentice falconer or equivalent for at least 24 months, including maintaining, training, flying, and hunting the raptor(s).

(iv) A general falconer shall not possess more than 3 federally protected raptors and shall not obtain more than 2 federally protected raptors taken from the wild for replacement during any 12-month period beginning January 1 of each year.

(v) A general falconer may not transport or possess a golden eagle (*Aquila chrysaetos*), bald eagle (*Haliaeetus leucocephalus*), white-tailed eagle (*Haliaeetus albicilla*), or steller's sea eagle (*Haliaeetus pelagicus*).

(c) Master falconer permit:

(i) A master falconer shall have at least 5 years of falconry experience as a general falconer, or the equivalent of 5 years of falconry experience as a general falconer if obtained prior to the year 1977, or the equivalent of 5 years of falconry experience as a general falconer if obtained in a foreign country.

(ii) A general falconer, upon meeting the qualifications for a master falconer permit, must make a written request to the wildlife division permit specialist for a change in classification.

(iii) A master falconer shall not possess more than 10 federally protected raptors, of which no more than 5 may be wild federally protected raptors, and shall not obtain more than 2 federally protected raptors taken from the wild for replacement during any 12-month period beginning January 1 of each year. A master falconer may not possess more than 3 golden eagles taken from the wild.

(iv) A master falconer must make a written application on a form provided by the wildlife division permit specialist prior to possessing a golden eagle, white-tailed eagle, or steller's sea eagle.

(5) As provided by part 435, hunting and fishing licensing, natural resources and environmental protection act, 1994 PA 451, MCL 324.43501 to 324.43561 an individual taking an animal with the use of a raptor is required to have a license for that species.

(6) A general or master falconer shall not transport or possess, any species not defined as a raptor, or any species listed as threatened or endangered by the department or service, for falconry purposes, except as provided by appropriate federal falconry regulations and by part 365, endangered species protection, of the natural resources and environmental protection act, 1994 PA 451, MCL 324.36501 to 324.36507.

(7) A falconry permit may be valid for 3 years, or from issue date through the third June 30 after issue. Falconers may request renewal of permit upon expiration without a facility inspection or test, except that renewal of a permit which has lapsed for 3 or more years requires inspection of the falconer's facilities and renewal of a permit which has lapsed for 5 or more years requires that the falconer take and pass the basic falconry exam as specified in section 10.3(1) of this order.

#### **10.4 Sources of raptors; retrapping; reporting requirements.**

Sec. 10.4 (1) A falconer may acquire a raptor only from the following sources:

(a) Lawful importation as provided by section 4.2 of this order.

(b) Lawful purchase or barter as provided by section 4.3 of this order.

- (c) A gift or donation of a lawfully possessed raptor.
- (d) Lawful capture as provided in section 10.10 of this chapter.
- (e) Lawful taking of threatened or endangered species by permit issued by the department endangered species specialist.
- (b) Lawful taking under a damage and nuisance animal control permit issued by the department.
- (2) A raptor marked as specified in section 10.7 may be retrapped at any time.
- (3) Any change in a permittee's live bird inventory shall be reported to the wildlife division permit specialist within 5 days of the change. Dead raptors must be reported by submitting the completed copy of the current bird acquisition and disposition report. Live raptors may only be removed from a permittee's inventory in the following ways:

- (a) Wild indigenous raptors may be transferred to a properly permitted falconer or raptor propagator, subject to sections 4.2 and 4.3 of this order, or released to the wild by submitting a completed copy of the current bird acquisition and disposition report to the department.

- (b) Captive-bred and permanently injured raptors unable to survive in the wild may be transferred to a properly permitted falconer, raptor propagator, wildlife educator, or zoological park approved or accredited by the American zoo and aquarium association. The licensed falconer shall submit a completed copy of the current bird acquisition and disposition report to the department.

## **10.5 Facilities, inspections, equipment, maintenance, and care.**

Sec 10.5 (1) Before a falconry permit is issued, an applicant's raptor housing facilities and falconry equipment shall be inspected and approved by a department conservation officer or wildlife permit specialist as meeting the following standards:

- (a) The raptor housing facility shall provide protection from the environment, predators, and undue disturbance. The facility may be classified as either indoor or outdoor and shall meet the following as applicable:

- (i) An indoor facility (mews) shall be large enough to allow easy access for caring for the raptors housed in the facility. If more than 1 raptor is kept in the mew, the raptors shall be tethered or separated by partitions, and the area for each shall be large enough to allow the raptor to fully extend its wings. Untethered raptors may be housed together if compatible with each other. If the raptors are untethered, all walls, including those that are not solid, must prevent ingress and egress. There shall be at least 1 window, which shall have vertical bars installed which are spaced narrower than the width of the smallest raptor housed with a secure door that can be easily closed. The floor of the mew shall permit effective cleaning and shall be well drained. At least one perch for each raptor shall be provided. Raptors may be kept in a falconer's place of residence without modification to windows or other openings of the structure. Raptors kept in a falconer's place of residence must be tethered when they are not being moved into or out of the location in which they are kept.

- (ii) Outdoor facilities shall be fenced and covered with netting or wire, or roofed to protect the raptors from disturbance and attack by predators. The enclosed area shall be large enough to ensure the raptor(s) cannot strike the fence when flying from the perch. Protection from excessive sun, wind, and inclement weather shall be provided for each raptor. At least one covered perch for each raptor shall be provided.

- (iii) Raptors of a falconer may be temporarily held outside in the open only while under the watch of the falconer or the falconer's designee.

- (b) The following equipment shall be in the possession of an applicant before a falconry permit shall be issued:

(i) Jesses—At least 1 pair of Aylmeri jesses or similar type constructed of pliable, high-quality leather or suitable synthetic material to be used when any raptor is flown free. Traditional, one-piece jesses may be used on raptors when not being flown.

(ii) Leashes and swivels—At least 1 flexible, weather resistant leash and 1 strong swivel of acceptable falconry design.

(iii) Bath container—At least 1 container, 2 to 6 inches deep and wider than the length of the raptor, for drinking and bathing for each raptor unless weather conditions, the perch type used, or some other factor makes access to a water pan unsafe for the raptor.

(iv) Outdoor perches—At least 1 weathering area perch of an acceptable design for each raptor.

(v) Weighing device—A reliable scale or balance suitable for weighing a raptor, graduated to increments of not more than 1/2 ounce (15 grams).

(c) All facilities and equipment shall be kept at or above the preceding standards at all times.

(d) Raptors held in captivity shall be handled in a sanitary and humane manner and kept free from parasites, sickness, or disease.

(2) Inspections may be made without advance notice at any reasonable time of day. Inspections must be conducted in the presence of the falconry permit applicant.

(3) Permittees who move to a new residence or change location of their facilities within the state of Michigan prior to the permit expiration must notify the wildlife division permit specialist in writing within 5 business days of moving to a new residence or changing location of their facilities and request inspection of the facilities. The wildlife division permit specialist will determine the type of inspection, consistent with the standards in section 10.5 of this order.

## **10.6 Transport, possession, temporary care and holding.**

Sec 10.6 (1) A raptor may be transported or held in a temporary facility which shall be provided with an adequate perch and protected from predators, domestic animals, extreme temperatures, wind, and excessive disturbance for a period not to exceed 120 days. The temporary facility must be suitable for the total number of raptors held, as required in sections 10.5 and 10.6 of this order.

(2) An individual otherwise authorized to possess raptors may care for the raptor of a falconer for up to 120 consecutive calendar days if the raptor is accompanied at all times by a completed copy of the current bird acquisition and disposition report, designating the falconer as the possessor of record, and accompanied by a signed and dated statement from the falconer authorizing the temporary possession. The temporary facility must be suitable for the total number of raptors held, as required in sections 10.5 and 10.6 of this order. The falconer shall inform the wildlife division permit specialist in writing of this action within 3 days of the transfer and shall provide the following information:

(i) The location where the raptor is being held.

(ii) The reason for the transfer.

(iii) The name of the individual caring for the raptor.

(iv) Approximately how many days the raptor will be in the temporary care of the individual named above.

(3) An individual not authorized to possess raptors may care for the raptor of a falconer at the falconer's facility for up to 45 consecutive calendar days. An individual not authorized to possess raptors may not fly the raptors for any reason. The raptors may not leave the facility. The temporary facility must be suitable for the total number of raptors held, as required in sections 10.5 and 10.6. A falconer shall inform the

department's wildlife permit specialist in writing of this action within 3 days of the initiation of this care and shall provide the following information:

- (i) The location where the raptor is being held.
- (ii) The reason for the temporary care.
- (iii) The name of the individual caring for the raptor.
- (iv) The approximate number of days the raptor will be in the temporary care of the individual named above.

(4) Any location at which a raptor is held for more than 120 days must be inspected and approved as required in section 10.5 of this order.

(5) A falconer may transport or export a raptor under their ownership to another state without obtaining a veterinarian's certificate of health, provided the importation requirements of that state are met, pursuant to section 31 of the animal industry act, 1988 PA 466, MCL 287.731(4).

### **10.7 Marking.**

Sec. 10.7 (1) Each raptor, regardless of origin or species, must be identified by an appropriate federal marker provided by the service or wildlife division permit specialist. Marking must be accomplished within 5 days after a falconer acquires a raptor. The wildlife division permit specialist will provide markers for raptors taken from the wild. The service will provide markers for captive-bred raptors. Loss or removal of any markers must be reported to the wildlife division permit specialist within 5 working days of the loss and must be replaced with an appropriate federal marker.

(2) Alteration, counterfeiting, or defacing of a marker is prohibited except that a falconer may remove the rear tab on markers and may smooth any imperfect surface provided the integrity of the marker and numbering are not affected.

History: Eff. Mar 31, 1989; Am. 7, 1991, Eff. Jul 1, 1991; Am 1, 1997, Eff. May 1, 1997.

### **10.8 Other conditions or restrictions.**

Sec 10.8 (1) A falconer shall obtain written authorization from the wildlife division permit specialist before any species not indigenous to Michigan is intentionally released for return to the wild. The federal marker from any indigenous or nonindigenous raptor to be intentionally released for return to the wild shall be removed and surrendered to the wildlife division permit specialist. A standard federal bird band shall be attached to such raptors by a state- or service-authorized bird bander whenever possible.

(2) Feathers that are molted or those feathers from raptors held in captivity that die, may be retained and exchanged by falconers only for imping purposes.

(3) A general or master falconer may utilize raptors held under a falconry permit or a federal raptor propagation permit for educational purposes without any additional permits. Educational purposes include exhibitions of the practice of falconry and school or public displays where the biology of birds of prey is presented. Raptors used for this purpose shall at all times be under the control of the falconer.

(a) An apprentice falconer may utilize raptors held under a falconry permit or a federal raptor propagation permit for educational purposes without any additional permits if the apprentice falconer is under the direct supervision of a general or master falconer. Educational purposes include exhibitions of the practice of falconry and school or public displays where the biology of birds of prey is presented. Raptors used for this purpose shall at all times be under the control of the falconer.

(4) Any prey killed by a falconry bird without the intent of the falconer, including game animals taken outside of the legal season, may be consumed by the falconry bird, but shall not be possessed by the falconer.

(5) Any state or federally listed threatened or endangered species killed by a falconry bird must be reported by the falconer to the wildlife division endangered species coordinator and the carcass disposed of in a manner specified by the wildlife division endangered species coordinator.

(6) General and master falconers may release raptors in their possession for the purpose of falconry hacking.

(a) A falconry hacked raptor shall be included in the possession limit of the falconer who released the bird.

(b) Any hybrid raptor released for falconry hacking shall have two attached functioning radio transmitters during hacking.

(c) Raptors shall be falconry hacked at locations only where the hacked raptor is unlikely to harm a state or federally listed threatened or endangered species, as determined by the department's endangered species coordinator.

(7) A hybrid raptor shall have at least two attached radio transmitters while being flown free.

### **10.9 Repealed. Am. 7, 1991, Eff. Jul 1, 1991.**

Publisher's note: The repealed section pertained to other permit conditions or restrictions.

### **10.10 Raptor Capture**

Sec. 10.10 (1) Except as provided in section 10.4 of this order, a licensed falconer shall not capture any raptor from the wild in the state of Michigan without first applying for and receiving either a general raptor capture permit or a limited raptor capture permit from the wildlife division permit specialist. Permits will be issued subject to all of the following requirements and conditions:

(a) The total number of raptors captured by all falconers, both resident and nonresident, in any one calendar year shall not exceed 83 and shall be limited to the following numbers and species:

(i) No more than 80 raptors in any combination of American kestrel (*Falco sparverius*), Cooper's hawk (*Accipiter cooperi*); red-tailed hawk (*Buteo jamaicensis*); sharp-shinned hawk (*Accipiter striatus*), rough-legged hawk (*Buteo lagopus*); and merlin (*Falco columbarius*). No more than ten American kestrels, ten rough-legged hawks, and 10 merlins may be captured.

(ii) No more than 2 great horned owls (*Bubo virginianus*).

(iii) No more than 1 snowy owl (*Nyctea scandiaca*).

(b) The total number of all raptors captured by nonresident falconers in any one calendar year shall not exceed 10, which may include no more than 1 great horned owl. Non-residents shall not capture snowy owls.

(c) Raptors shall not be captured except for use in falconry.

(d) An individual who is not a licensed falconer shall not apply for a permit to capture a wild raptor.

(e) There shall be 2 separate seasons open to capturing raptors statewide. A spring season will run from January 1 through July 19. A fall season will run from September 12 through December 31. Snowy owls and merlins may only be captured in the Upper Peninsula.

(f) Catching devices used to capture a passage raptor must have the name and address in legible English or the complete Michigan driver license number of the user or individual possessing the device permanently etched in the catching device, or there shall be securely fastened to each catching device a metallic plate or tag bearing the name and address in legible English or the complete Michigan driver license number of the user or individual possessing the catching device.

(g) Only American kestrels (*Falco sparverius*) and great horned owls (*Bubo virginianus*) may be captured when over 1 year old.

(h) Capturing raptors on state park and recreation areas shall take place only in areas where trapping is allowed as described in Chapter VII of this order.

(i) Only licensed falconers may have direct contact with a raptor nest, except that if the licensed falconer is present at the capture site, another person may capture the raptor for the licensed falconer provided that the other person gives it to the licensed falconer at the capture site. The licensed falconer is considered the person who removes the raptor from the wild and is responsible for all reporting requirements.

(j) Licensed falconers must be in compliance with section 73102 of 1994 PA 451, MCL 324.73102, when taking a raptor from the wild in the state of Michigan.

(k) An eyas may be captured only if at least 2 healthy young raptors are left in the nest.

(l) A licensed falconer shall make written application for a general raptor capture permit and the following provisions apply:

(i) A licensed falconer may not possess more than one raptor capture permit to take a bird from the following list of species during any of the raptor seasons:

(1) American kestrel.

(2) Cooper's hawk.

(3) Red-tailed hawk.

(4) Sharp-shinned hawk.

(5) Rough-legged hawk.

(ii) General raptor capture permits for the calendar year shall not be issued between December 24 and December 31.

(iii) A licensed falconer is responsible to maintain current contact information with the wildlife division permit specialist.

(iv) A falconer who has legally captured a raptor may obtain another general raptor capture permit after submitting the used capture permit to the wildlife division permit specialist with the date of capture, species taken, and permittee's signature.

(v) Unused general raptor capture permits may be revoked by the department after the total capture of raptors has reached 80 statewide and any catching device used under the authority of the permit shall be made inoperable and removed from the field within 24 hours of notification by the department.

(m) A licensed falconer shall make written application for a limited raptor capture permit and the following provisions apply:

(i) Limited raptor capture permits will be available for 2 great horned owls and 1 snowy owl.

(ii) Permit applications must be submitted to the wildlife division permit specialist prior to December 1. A drawing will be used to identify successful applicants for the great horned owl and snowy owl capture permits. Successful applicants will be contacted by the wildlife division permit specialist.

(n) A licensed falconer shall report the capture of a raptor to the wildlife division permit specialist within 24 hours after the raptor is taken. A licensed falconer shall submit their used permit to the wildlife division permit specialist within 5 business days after the raptor is captured.

(o) A licensed falconer shall report the nest location from which an eyas is taken by county, township, range, and section, to the wildlife division permit specialist within 5 business days after the raptor is captured.

## Chapter XI

### Public Exhibition of Animals

#### 11.1 Exhibit defined.

Sec. 11.1 (1) For the purposes of this chapter, "exhibit" means to possess and show a captive animal of a species for which a permit to hold wildlife in captivity is required, near a commercial establishment or at any place which is open for public viewing.

(2) Television shows, sportsperson shows, and similar transient events of temporary exhibit shall be considered theatrical events exempt from the provisions of this chapter. The department shall not furnish animals for television shows, circuses, menageries, or other theatrical events.

History: Eff. Jul 18, 1990; Am. 20, 1990, Eff. Jan 1, 1991; Am. 2, 1993, Eff. Sep 1, 1993.

#### 11.2 Exhibiting animals.

Sec. 11.2 A person may exhibit an animal only as provided in this section:

(1) The person shall possess a valid exhibition license, issued by the United States department of agriculture, if one is required for the animal being exhibited, by the Animal Welfare Act, 7 U.S.C. 2131 et seq.

(2) The person shall possess a valid permit, issued by the director, to hold wildlife in captivity, and shall comply with all rules and regulations specified in the captive wild animal commission order, and Act 191 of the Public Acts of 1929, being sections 317.71 to 317.85 of the Michigan Compiled Laws.

(3) The person shall place and maintain a barrier fence between all captive wild mammals and the viewing public. Such barrier fence shall be a minimum of 4 feet high and shall be placed at least 4 feet outside of the perimeter of the pen enclosing the mammal.

(4) The person shall not allow the public to feed food or nonfood materials, other than food supplied by that person or an agent of that person, to captive wildlife.

History: Eff. Jul 18, 1990; Am. 20, 1990, Eff. Jan 1, 1991.

#### 11.3 to 11.39 Repealed. Am. 20, 1990, Eff. Jan 1, 1991.

#### 13.3 Fish Point wildlife area; Nayanquing Point wildlife area; Pointe Mouillee state game area; Shiawassee river state game area; St. Clair flats wildlife area (Harsens island unit); additional rules.

Sec. 13.3 On those portions of the Fish point wildlife area, Nayanquing point wildlife area, Pointe Mouillee state game area, Shiawassee river state game area, and St. Clair flats wildlife area (Harsens island unit) posted "state game area hunting by permit only," a permit is required to take any animal and the following rules shall apply:

- (1) A person shall not take an animal without a permit for that species, location, and time period.
- (2) Hunting shall be by reservation only on those days and units designated and published by the area manager. The area manager shall determine the number of reserved hunting permits to be issued.

Applicants may not apply for more permits than authorized per hunter. The hunting reservation is not transferable from the original applicant to any other person.

(3) To hunt together as a party, all members of a group must register together prior to the drawing, except that up to 3 absentee hunters not present for the drawing may join a party, however the total maximum party size cannot exceed 4 hunters. Each hunter's registration information must be completed in entirety on the party registration card before the time of the drawing. Party members must hunt together in their assigned permit area.

(4) During a day designated and published by the area manager as "youth day(s)," hunting parties made up of at least 1 youth, 16 years old or younger, shall be given first priority for hunting permits. No more than 2 adults shall be permitted to hunt in the party with a maximum party size of 4.

(a) A parent or legal guardian shall not allow a youth hunter 10 through 16 years of age to go afield to hunt waterfowl unless the youth hunter is accompanied by a licensed adult at least 18 years of age subject to section 43517 of 1994 PA 451, as amended, MCL 324.43517 and in accordance with section 3.402 of this order.

(b) An individual 16 years of age or younger and holding a mentored youth license or an inclusive mentored license must be accompanied by a qualified mentor as described in section 2.14 of this order.

(5) It is unlawful to use or possess any shot, whether loose or loaded in shotshells, of a material other than those specified in section 3.411, subsections (1) to (3) except single projectile loads.

### **13.18 Sharonville state game area; Pierce road unit definition, rules.**

Sec. 13.18 The following rules are established on those portions of the Sharonville state game area, Jackson county, posted "designated Pierce road unit – permit required for access and hunting on dates posted" being portions south of Sharon valley road in section 36, T03S R02E and sections 1 to 2 of T04S R04S:

(1) The management unit supervisor or their representative may designate special hunt opportunity days for the Pierce road unit during any deer hunting season.

(2) During designated special hunt opportunity days as posted by the department, all access to the Pierce road unit is prohibited without a permit. This subsection shall not apply to authorized employees and designated agents of the department performing official job responsibilities.

(3) An individual wishing to participate in restricted hunting days shall be eligible to apply for a permit if one of the following applies:

(a) The individual possesses a department issued permit to hunt from a standing vehicle.

(b) The individual is a veteran with 100 percent disability as defined by the United States department of veterans affairs. Documentation from the United States department of veterans affairs indicating 100 percent disability shall be in the possession of a veteran participating in restricted hunting days.

(c) The individual is a resident rated by the United States department of veterans affairs as individually unemployable. Documentation from the United States department of veterans affairs indicating an individually unemployable rating shall be in the possession of a veteran participating in restricted hunting days.

(d) The individual is blind as defined by section 1 of 1978 PA 260, MCL 393.351.

(e) The individual possesses a department issued permit to hunt using a laser sighting device.

(4) Permits for special hunt opportunity days may be issued to qualifying individuals chosen in random drawings. Permits shall not be transferred or altered.

(5) During the special hunt opportunities, a qualifying permitted hunter may designate up to three accompanying operators. "Operator" means an individual who accompanies the permitted hunter during the special hunt opportunity days. The operator(s) shall be capable of providing immediate aid to the permitted hunter and shall maintain uninterrupted, unaided visual contact with the permitted hunter. At least one operator in the hunting party shall be 18 years of age or older and shall possess a valid license to hunt deer, other than an apprentice, or a certificate of completion of training in hunter safety.

(6) A qualifying permitted hunter participating in special hunt opportunity days shall possess a deer license, deer combination license, or an antlerless deer license valid for deer management unit 038. A qualifying permitted hunter may take one deer during the period for which the permit is valid. Notwithstanding any other provisions of this order, during the restricted hunting days, a deer license or deer combination license is valid for either an antlered or an antlerless deer.

(7) Except as otherwise specifically provided in this section, all regulations of state law and this order regarding the taking, possession, transportation, and storage of deer during a deer season shall apply to an individual participating in special hunt opportunity days.

#### 15.3 Field dog trial, director's authority.

Sec. 15.3 (1) A person shall not conduct a field dog trial on public land without first obtaining written authorization from the director upon an application form approved by the director.

(2) A person shall not conduct a field dog trial on private land from April 16 through July 8 without first obtaining written authorization from the director upon an application form approved by the director.

(3) It shall be unlawful for a person to make a false statement upon the application form authorized in this section.

(4) In fox and raccoon field dog trials, live fox or raccoon that are legally possessed may be used provided that such animals are not dragged, led on a leash, submerged in water, or allowed to come in contact with dogs.

(5) A person shall not shoot live birds in a field dog trial unless specifically authorized in writing by the director and shall comply with the following:

(a) It shall be unlawful to allow more than 4 persons to take live birds in a field dog trial, or to allow a person to take a bird if that person is not authorized to do so by the land administrator, or to use a kind of bird, number of birds, or source of birds other than those authorized by the director. Birds may be temporarily confined in a small portable cage for training purposes. Birds lawfully taken may be sold providing a receipt is issued by the sponsor of the field dog trial to the buyer. The receipt must be retained by the buyer until disposal of the bird carcasses.

History: Am. 2, 1990, Eff. Feb 19, 1990; Am. 3, 2011, Eff. Mar 11, 2011.

#### **15.4 Field dog trial, unlawful acts.**

Sec. 15.4 (1) It shall be unlawful to conduct a field dog trial from April 16 through July 8 without maintaining a list of all trial participants at trial headquarters. The list shall be kept throughout the duration of the trial and shall be available for inspection at any time by any peace officer.

(2) Subject to section 43510, subsections (2) and (3), of Part 435, as amended, hunting and fishing licensing, MCL 324.43510, it shall be unlawful for a person to possess a firearm other than a shotgun, pistol, or revolver or ammunition other than blank cartridges while engaged in field dog trials, unless otherwise specifically authorized in writing by the director.
