A Game Bird Release Permit (PR2200) is normally issued by Michigan licensed game bird breeders directly to their customers. However, this Type II Game Bird Release Permit (PR2200-1) can be issued by the Michigan Department of Natural Resources, Wildlife Division, Permit Specialist, for sales originating from out of the state, or other circumstances if necessary. If approved, the applicant/permittee named below is authorized to possess more than 12 live captive reared pheasants, bobwhite quail, or Hungarian partridge. All birds and/or their eggs must be disposed of within six months from the date of purchase. Birds may be disposed of by personal consumption or may be released within the county indicated. This permit does not authorize the propagation, sale, or other commercialization of game birds. Wild turkeys, or wild turkey hybrids, may not be sold, possessed, or released under the authority of this permit.
