

What Can You Make Out Of...

All of the materials below have been used and/or mined by Michiganders and have played major roles in the state's industrial history. **How many uses can your group come up with for each material? List or draw them in the boxes.** Use museum exhibits and the examples here as a guide:

IRON

Bridges • Nails

COPPER

Bullets • Sculptures

GOLD

Medicine • Rings

SILVER

Solar Panels • Ornaments

LUMBER

Guitars • Countertops

STONE

Stairs • Statues
