

TO: All State of Michigan Local Law Enforcement Agencies

FROM: Genevieve Hayes, State Point of Contact (SPOC) 1122 Program
Department of Technology, Management and Budget
Procurement

SUBJECT: State of Michigan 1122 Program

State and local law enforcement agencies whose missions are to support counter-drug, emergency response, and homeland security activities may purchase equipment through specific federal sources. The 1122 program affords state and local governments the opportunity to take advantage of discounts available to the federal government commensurate with large volume purchases.

The Governor has designated a State Point of Contact (SPOC) to administer the program. The SPOC facilitates the purchase of the equipment and supplies for eligible agencies.

To be considered eligible, interested agencies must complete and return the applicable 1122 Procurement Form found on this website (<http://www.michigan.gov/localgov/0,4602,7-194-26848-16653--,00.html>). Once received, the SPOC will determine agency eligibility for access to equipment under the program. The SPOC will notify the requesting agency in writing when the request is approved.

Please review the 1122 Q's and A's document found on this website (above URL) to learn more about the program *prior* to submitting a Procurement Form. Please contact me, hayesg2@michigan.gov or 1122Program@michigan.gov or call 517-335-4730 if you need further information.
