INSTRUCTIONS FOR COMPLETING THIS FORM

Fill out as much information about your request as you can. Accurate and complete information will help us locate the record(s) you want. Records will only be mailed to the address listed on your Michigan Department of State account. Please include a daytime telephone number in case we have questions about your request.

Government agencies that do not have a Michigan Department of State account number need to enclose a cover letter on agency letterhead, along with this request form, requesting that an account number be issued for current and future use. A cover letter will not be necessary if you already have a Michigan Department of State account number documented in Section 2 of this request form.

For driving records, include as much detail in Section 3 as possible. If you just need the name, address, or driving status, request the current record only. If you only want a driving record, do not complete Section 4.

Personal identification card information is also available. Complete Section 3, Driver Information, substituting the identification card number for the driver's license number.

For vehicle information, include as much detail as possible. The owner's name should be the owner of record, not a purchaser who has not yet titled the vehicle. If you just need name, address, or ownership verification, request only a registration record.

Information about proof of insurance at vehicle registration is not retained and is not available.

For watercraft, snowmobile, ORV, or mobile home records, complete Section 4, Registration or Title Information, substituting the watercraft or snowmobile registration number for the license plate number or substituting the mobile home serial number for the vehicle identification number. Include as much information as you can about the watercraft, snowmobile, ORV, or mobile home.

* When requesting records for **all motor vehicles or all assets registered and/or titled through the Michigan Department of State** for individuals and/or companies, precise information is required. Information retrieved is based upon an exact name and address match. The individual's name and address, as provided by the record requestor, **must** match the name and address on the record(s) held by the Michigan Department of State.
